Communication of Plan Information

Describe how the district will communicate the contents of its Comprehensive Evidence-Based Reading Plan to all stakeholders, including school administrators, reading leadership teams, literacy coaches, classroom instructors, support staff, and parents.

Wakulla County Schools will focus on the reading plan during district wide professional development, such as the annual District Collaboration Teams Meetings that occur in June. All ELA/Reading teachers from K-12 attend a week long training in June to focused on standards base instruction, reading strategies, and assessments all featured in our current district reading plan, along with pacing guide, progress monitoring, and resources for the upcoming school year. During our Administration/ Strategic Planning workshop week, all school level admins, guidance counselors, instructional coaches, and district admins come together to focus on the district reading plan, implementation, assessments, district goals and follow up that will take place in the upcoming school year. Wakulla County Schools will present our district reading plan at stakeholder events, such as district advisory council meetings, district webpage, and parent informational meeting.

Florida's Revised Formula For Success - Part B

K-12 reading instruction will align with Florida's Revised Formula for Success, 6 + 4 + T1 + T2 + T3, which includes the following:

- **Six components of reading:** oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension;
- **Four types of classroom assessments:** screening, progress monitoring/formative assessment, diagnosis, and summative assessment;
- **Core instruction (Tier 1):** is standards-aligned; includes accommodations for students with a disability, students with an Individual Educational Plan (IEP), and students who are English language learners; provides print-rich explicit and systematic, scaffolded, and differentiated instruction; builds background and content knowledge; incorporates writing in response to reading; and incorporates the principles of Universal Design for Learning as defined in 34 C.F.R. 200.2(b)(2)(ii);
- **Immediate intervention (Tier 2):** is standards-aligned; includes accommodations for students with a disability, students with an IEP, and students who are English language learners; provides explicit, systematic, small group teacher-led instruction matched to student need, targeting gaps in learning to reduce barriers to students' ability to meet Tier 1 expectations; provides multiple opportunities to practice the targeted skill(s) and receive feedback; and occurs in addition to core instruction; and
- **Immediate intensive intervention (Tier 3):** is provided to students identified as having a substantial deficiency in reading; is standards-aligned; includes accommodations for students with a disability, students with an IEP, and students who are English language learners; provides explicit, systematic, individualized instruction based on student need, one-on-one or very small group instruction with more guided practice, immediate corrective feedback, and frequent progress monitoring; and occurs in addition to core instruction and Tier 2 interventions. In accordance with Section 1008.25(4)(c), F.S., students identified with a substantial reading deficiency must be covered by a federally required student plan, such as an IEP or an individualized progress monitoring plan and receive intensive interventions from teachers who are certified or endorsed in reading.

Describe how the district will align K-12 reading instruction with Florida's Revised Formula for Success.

Assessment/Curriculum Decision Trees - Part C

Districts are required to develop Assessment/Curriculum Decision Trees to demonstrate how data will be used to determine specific reading instructional needs and interventions for all students in grades K-2. Use the Assessment/Curriculum Decision Tree template to address ALL students. The template can be used for grade bands or for individual grades.

The Decision Trees must contain the following information:

- Name of screening, diagnostic, progress monitoring, local assessment, statewide assessment, or teacher observations used within the district. Pursuant to Section 1002.69, F.S., the Florida Kindergarten Readiness Screener (FLKRS) must be used as a component of identification for kindergarten students, and according to section (12) of the plan rule, the assessment tool used to identify students in grades K-3 with a substantial deficiency. Florida Standards Assessment-English Language Arts (FSA-ELA) must be one of the components used for grades 3-12 pursuant to Section 1008.25(4)(a), F.S.;
- Target audience (grade level);
- Performance criteria used for decision-making for each instrument;
- Assessment/curriculum connection, including evidence-based curriculum materials and practices used in instruction and intervention, that address the six (6) components of reading: oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension;
- The methods for providing reading instruction and intervention to students who may continue to receive instruction through distance or blended learning;
- An explanation of how instruction will be modified for students who have been identified as having a substantial deficiency in reading who are in need of intensive intervention; and
- Specific criteria for when a student is identified to receive intensive reading interventions by a teacher who is certified or endorsed in reading, what intensive reading interventions will be used, and how they are provided. Districts must identify the multisensory intervention provided to students in grades K-3 who have a substantial deficiency in reading.
