Parental Involvement Mission Statement (Optional)

Response:

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: The Sumter County School District Title I Parent Advisory Council (Title I PAC) composed of district and school staff and parent representatives from Title I Schools.

Private school representation is also solicited for participation on the PAC. Major responsibilities of the PAC include providing input into the development, implementation, and evaluation of the LEA Title I Parent Involvement Policy, the Title I Part A program the LEA Plan and how the Title I funds reserved for parental involvement will be allocated and used. In addition to the Title I PAC, input on these plans and programs is received through school-level Title I Committees and School Advisory Councils. Each Title I School has a designated Title I contact teacher who coordinates Title I parent activities at the school and serves as the liaison between the school and the district for Title I programs and activities.

The District Title I PAC will be composed of the following: District Title I Coordinator, school-based Title I contact teachers and at least 3 to 5 parent representatives from each Title I school. If additional parents want to attend, they are welcome. Selection of parents will be done by the principal and school staff with emphasis toward securing representation from various demographic groups, grade spans and special programs, including ESE, ESOL, and Migrant. Solicitation of parent representatives will be done through personal communications, School Advisory Council meetings, school newsletters, and school websites. Parents will be able to access information about how to serve on the Title I PAC on the school and district websites.

Opportunities for parental input into the development, implementation and evaluation of Title I plans and Title I programs, including the Title I LEA PIP and the LEA Plan, and use of funds, will include: surveys, meetings (PAC and school-level), response to newsletters and website requests, and School Advisory Council meetings. In addition, the Title I PAC and School Advisory Councils will review the effectiveness of parental activities implemented at Title I schools and the district, as well as professional development as related to parent involvement. Agendas and minutes will serve as documentation of input and discussion at Title I PAC and School Advisory Council meetings.

The Title I PAC serves as the primary forum for developing, revising, and evaluating the LEA PIP. At the fall (November) PAC meeting, participants will receive copies of the LEA PIP that was revised in the spring. The PIP will be reviewed to ensure understanding of areas of responsibility, timelines, activities, barriers to success, and as an opportunity to refocus on components, strategies, and descriptions that were chosen at the spring PAC meeting.

At the spring (March) Title I PAC meeting, participants will have the responsibility of reviewing and revising the LEA PIP for the next school year. District staff will distribute copies of the current year plan and copies of the DOE template to be used for the new

plan. Participants will be divided into small groups, by school, for the purpose of discussing each component of the template and brainstorming ideas, strategies, timelines and activities to be included in each component. District staff will facilitate the discussion, allowing opportunity for input by each small group. Recommendations of small groups will be made to the large group of participants with decisions made by the large group. District staff will then take all ideas and suggestions and, with the approval of the PAC, develop a written version of the plan, based upon all input gathered during the working group sessions. After the written plan is completed and approved, district staff will enter all information into the DOE template.

The PAC will also have the responsibility of providing input for the LEA Plan, utilizing the same approach as for the LEA PIP. Discussions in small groups of each required component will enable all participants to review the current plan and provide opportunity for inclusion of data, strategies, and activities. Small group findings will be taken to the large group for decisions as to inclusion. This process will also enable participants to gain knowledge in requirements of the LEA Plan and understand how it is coordinated with the Title I project, LEA PIP, District Assistance and Intervention Plan, and the school improvement process and School Improvement Plans at each Title I school.

Parents are invited and encouraged to become active members of the School Advisory Council and provide input in the development, implementation, and evaluation of all plans and programs related to school improvement. Input involving the use of the one percent of Title I funds reserved for parent involvement will be made by the SAC which includes parent and community representation. Parent, staff and student surveys will be distributed and the results analyzed to evaluate school needs. Data collected throughout the year will be shared with each School Advisory Council. Meeting dates, times, and locations are posted on the school websites and newspapers, as well as in school newsletters.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The LEA will provide the following coordination, technical assistance, and other support necessary to assist Title I schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance:

a. Technical assistance will be provided at the beginning of the school year to principals and Title I school contacts to support schools in the reviewing of student academic data and the development, implementation, and reviews of school Title I Parent Involvement Plans.

b. The principal will meet monthly with the school Title I contact to discuss and review parent activities to ensure that activities provide meaningful opportunities for parents to gain skills and/or knowledge to become more involved in their child's education. Title I schools are required to maintain agendas and sign-in rosters of parent activities.

c. Parent involvement activities will be discussed at School Advisory Council meetings. Opportunity for input and feedback on activities, as well as participation numbers, will be provided. Title I contacts will emphasize the importance of parent involvement and the need to reduce the barriers for success.

d. The LEA Title I coordinator and school principals will provide opportunities for the Title I school staff and parents to work together to plan effective parent involvement activities and to eliminate barriers to participation.

e. Title I Parent Advisory Council meetings, coordinated by district staff, will serve as the main forum for sharing information about effective parent activities and to review, implement, and evaluate school and LEA Parent Involvement Plans.

f. District Title I staff will review each school's Title I Parent Involvement Plan to ensure compliance with state and federal requirements. District review of school PIPs will be scheduled according to when the plans are due to DOE. Due to the importance of the school PIP coordinating with the SIP which are due to DOE in October, the school PIPs will be due to the district office in early September. In addition, the district Title I coordinator and district staff will be providing ongoing assistance to the schools to ensure all requirements of the plan are followed and completed, along with required input of parents.

g. The district Title I coordinator will assist school Title I liaisons in reviewing parental activities requested by parents to determine relevance and feasibility of these activities. In addition, the Title school principals and Title I contacts will review these requests to determine relevance and feasibility of requests and help to provide reasonable support for requested activities.

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), Voluntary Pre-Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The LEA will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parent involvement policy in improving the quality of Title I schools. The evaluation will include the identification of barriers that prevent the greater participation of parents in parent involvement activities, with special attention to parents who are economically disadvantaged, disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background.

District Title I staff will meet at least twice (fall and spring) annually with the District Title I Parent Advisory Council to review the effectiveness of the parent involvement policy and parent activities. The LEA will utilize findings from the following data sources to design strategies for more effective parent involvement: FCAT data, Climate surveys, Title I parent surveys, and attendance roster numbers of school-based and district parent activities. Surveys are done in March or April and results reviewed in May to determine program and parent plan effectiveness. The District Title I PAC, which has representation from staff and parents at all Title I schools and the participating private school, will serve as the primary forum for reviewing data, determining effectiveness of the parent policy, discussing barriers to effectiveness participation and elimination of these barriers, and in revising the LEA parent policy. In addition, the district and school website will invite participation on the PAC and input as to the effectiveness of the parent policy and parent involvement activities. Information received will be used to revise the LEA PIP and parent involvement activities.

Past history in the district indicates that the primary language barriers are with Hispanic families. Spanish translations and translators will be available for all school parent activities. If other languages are needed, school contacts will send materials to the district office for contracted services. The Title I and Title III departments work closely together in the areas of providing translations.

Spanish translations will be available at parent meetings, including Title I annual meetings and school open house activities. In addition, translators are available at each Title I school during the day to accommodate parents needs for meetings and conferences. Parent workshops and activities at the resource center will also be available in Spanish and English. The Home-School Liaison is bi-lingual and is able to assist parents. In fact, English classes will again be held at the resource center to provide assistance to Hispanic parents in learning conversational English.
