Provide evidence that the LEA PIP was developed with the input of parents and based on the evaluation of the previous year PIP.

Parental Involvement Mission Statement

Response: The mission of the Title I Parent Involvement program is to promote high academic student achievement through technical assistance support and cutting edge parent involvement practices.

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: The Hernando County School Title I program is committed to fostering parental involvement as required in Title I Part A [Section 1118(a)(2)]; [Sections 1112 (c)(H), 1112(d)(1)]; and [Sections 1116(a)(1)(D), 1116(b)(3)(A)]. In order to accomplish this goal, many activities will be supported at the Title I served schools with the involvement of parents in the development of the LEA plan and the process of school review and improvement. A Title I district-wide Family Engagement Team (FET) has been established to assist with this process. The FET is composed of parents and educators representing the eleven Title I schools in the district. School level educators nominate parents to represent their school; and the school Principal selects the parents to become members of FET. Members of the FET are responsible for following the tasks:

- Develop, implement and evaluate various components of programs in our Title I Schools. Provide parent in-put in the development of plans related to Title I Part A: Section 1112, 1118 under No Child Left Behind. Inform the community of the purpose and intent of the law.
- Act as a liaison between the FET and Title I schools, and encourage other parents at their school to become actively involved in leadership committees; such as, School Advisory Council (SAC), Parent-Teacher Student Association (PTSA), Parent-Teacher Organization (PTO), and other school committees and activities.

The Title I Coordinator of Family Engagement organizes and provides leadership for the FET meetings and promotes district family engagement initiatives and best practices such as the Hernando County Parent Academy. The Title I Facilitators, located at each of the Title I schools, oversee parent engagement practices and activities at their sites. FET members attend three meetings at the district office (scheduled for the months of October, January, and April).

Effective parental engagement practices are coordinated and evaluated by each school's Title I Committee. The Title I Committee is a group represented by parents, educators and interested citizens, who help in the **development, implementation and evaluation** of the Title I program at the school level. All data collected from surveys, event response forms, and input given by parents at the FET meetings is shared with the schools' Title I committees to maintain open and clear lines of communication, make appropriate decisions about the 95% allocated to the schools and to carry out parent engagement activities.

The Supervisor of Title I ensures that a minimum of 1% of the Title I, Part A funds are allocated towards parental involvement services with 95% going to Title I, Part A schools. Schools use their 95% to support a Family Resource Center and build capacity for strong parent involvement at the school and district level.

This year we are starting a new initiative called the Hernando County Parent Academy, Title I Schools. The goal of the Parent Academy is to engage parents in becoming full partners in their child's education by offering them training, information and assistance. The Parent Academy trainings will be centered around three topics: Home-School Connection to Increase Student Achievement, Parents as Advocates in the New Millennium, and Parent's Personal Growth. The Parent Academy will promote opening the lines of communication between home and school by connecting parents to the resources and information needed to support their child's education.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e) (14)].

Response: The Director of Federal Programs and Academic Services, the Supervisor of the Title I program and the Title I Coordinator of Family Engagement provide leadership, coordination, technical assistance and all other necessary support to the eleven Title I served schools in the district through the following strategies:

- Facilitate through the Family Engagement Team (FET) the development of the district's Parental Involvement Plan; and distribute a summary of such plan to all participating parents under Title I Part A.
- Facilitate at the school level an annual evaluation and review of the district's and school's Parental Involvement Plans in collaboration with the FET and each school's Title I Committee.
- Reserve a minimum of 1% of the Title I, Part A allocation for parental engagement events with 95% going to Title I Part A, schools and facilitate the discussions for their expenditures.
- Conduct monthly meetings with Title I Facilitators to ensure compliance with all the requirements of Section 1118.
- Develop a timeline and a checklist of tasks to assist schools with the development, implementation, and review of district and school parent involvement plans.

Schools' parental involvement plans will be submitted annually to the district office by the month of May and reviewed to by the district Title I Coordinator of Family Engagement to ensure compliance. Feedback and approval will be given back to the schools by the end of June. All schools' plans are expected to be ready for distribution by September 1st of every academic year.

The district Title I leadership (Director of Federal Programs and Academic Services, Supervisor of Title I, Coordinator of Special Programs, Coordinator of Evaluation, Data Analysis and Research, Coordinator of Family Engagement and Title I Facilitators) will continue to assist, monitor and build each Title I, Part A school's capacity for strong parent engagement and ensure compliance by performing the following tasks:

- Ensure that parents are provided with flexible meeting times by school personnel. Title I schools will analyze their Event Response Forms in order to make informed decisions about their parental engagement practices.
- Provide technical assistance in the development and utilization of the School-Parent Compact for Student Achievement (Coordinator of Family Engagement developed guidelines and trains school staff in the appropriate use of the School- Parent Compact for Student Achievement)
- Provide assistance to Title I schools in order for them to convene annual school meetings to inform parents of their school's participation in the Title I program, school's accountability and student achievement data (national, state and local educational goals), development of the parent involvement plan and their right to be involved. The Coordinator of Family Engagement developed technical assistance papers with information and handouts to assist schools with their Title I Annual meeting.
- Provide assistance to parents through the Hernando County Parent Academy Title I Schools on topics such as, improving children's academic achievement, advocacy and effective navigation of school and community resources.
- Provide information to the extent possible, in a language and format easy for parents to comprehend. (Coordinator of Family Engagement coordinates with the ESOL Department to assist schools with translations) in addition to contracting with a translator to translate the schools' and district Parental

Involvement Plans and Summaries, School-Parent Compacts for Student Achievement and academic event flyers.

- Encourage parents to visit and take advantage of the educational materials found at the Family Resource Center in their child's school and assist them in supporting their child's academic achievement.
- Encourage parents to participate in district sponsored parent involvement activities such as: FET and the Hernando County Parent Academy Title I Schools.
- Coordinate parent involvement activities with other programs, such as the Adult Education Program, Suncoast Technical Education Center, Title III, ESOL, Homeless Education/Student and Families in Transition (SAFI), Exceptional Student Education & Student Services Department, and The Hernando Youth Initiative with Communities in Schools.
- Evaluate the effectiveness of parental engagement activities and practices through surveys, consultation, and parental input. The Coordinator of Family Engagement and the Coordinator of Evaluation, Data Analysis and Research developed a framework on the different ways to collect and discuss with parents the effectiveness of parental engagement practices at the school and district level).
- The Title I Leadership will approve reasonable and necessary expenses associated with parental engagement activities, such as child care assistance, transportation, extra duty compensation, consultant fees and other related expenses.
- Provide reasonable support to promote effective parental engagement practices and services at the request of participating parents in Title I served schools. Parents are afforded the opportunity to provide input through multiple venues such as: FET meetings, Title I Committees, School Advisory Council meetings, Event Response Forms, Parent Input Form, informal visits to the Family Resource Centers and surveys.

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), Voluntary Pre-Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The Title I team (FET Parents, Title I Committees, Director of Federal Programs and Academic Services, Supervisor of Title I Programs, Coordinator of Family Engagement, Coordinator of Evaluation, Data Analysis and Research, Parent Academy Liaisons, Title I Facilitators and parents) will conduct several types of assessments to evaluate all the Title I parental engagement sponsored events, activities and trainings using the following strategies:

- Use of the Event Response form, from which the following data is obtained (parent's demographic and student school information such as (race/ethnicity, number of children in public school, participation in free or reduce lunch program, ESOL, ESE and afterschool programs). This form is given to parents to complete after each parental engagement event and/or activity.
- Use of the Parent Survey, given to parents and teachers during the months of January through mid March. The survey gathers information regarding parent and teacher satisfaction at the school level in the following areas: (parent support, parent-teacher communication, student and school assessment information). The results are shared with members of the Title I Committee at the school level during the evaluation process that starts during mid March through the month of May.
- Use of formal and informal comments during parent visits to the Title I Family Resource Centers and other school areas will also be shared with the committees.

All of the data collected from the above instruments are summarized by the district Coordinator of Evaluation, Data Analysis and Research and the Coordinator of Family Engagement. The data is reported to parents via a Data Analysis Report and minutes from the previous meetings; it is distributed during the FET and Title I committee meetings for discussion and in-put. These discussions are on-going since the Title I committee meetings are scheduled monthly with educators and parents. The District FET meetings are held three times a year. This process will ensure the annual evaluation and review of the content and effectiveness of the Title I Parental Engagement Program. This process will also include an assessment of what barriers to parental participation we still need to overcome. Based on the review and evaluation reports the Title I team with the in-put of parents will revise the Hernando County Schools Parental Involvement Plan.
