Mission Statement

Parental Involvement Mission Statement (Optional)

Response: Parent and family involvement is a centerpiece of the Florida Virtual School - Full Time (FLVS-FT) school model and is integral to student academic achievement. FLVS-FT promotes the belief that parents/guardians are the first teachers in a student's life. In order for students to be successful, parents/guardians serve as Learning Coaches, this role demonstrates that a parent-school-teacher partnership is the central focus to advance student learning and achievement. This partnership can have a powerful impact

This plan was adopted by the LEA on 10/15/2015 and will be in effect for the period of one year through 06/16/2016. Each school will distribute for the LEA this policy to all parents of participating Title I, Part A children on or before 11/30/2015.

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: Parents are involved in the development of the LEA plan through the development of the Title I, Part A program. Parents participate in the LEA/District and school-level Parent Involvement Plan and School Improvement Plan. Participation is facilitated through virtual meetings, distribution of the plans, and documenting discussion of the PIP through minutes of the meetings and surveys. Late spring, parents are provided a copy of the prior year Parent Involvement (PIP) and Title 1 activities. A discussion is held in which parents are encouraged to provide input. Parents review the 1% reservation and are provided an opportunity to discuss and provide input. After consultation with parents 100% of the reservation is allocated directly to schools for parent involvement.

Additional meetings regarding the plans are held throughout the school year. The School Advisory Committees, serve as the District Parent Advisory Committee, and will review and discuss the plans at the beginning of the school year, mid-year, and at the end-of-year to develop, review, and evaluate the Title I Plan, Parental Involvement Plans for the both the district and the school. During these meetings, discussion of the use of the Title I Parental Involvement allocation occurs and the planned activities are reviewed. Parents are involved in the final review of the LEA Plan (Title I Plan) and District and School PIPs during the fall. Parents will review the LEA Plan at the Fall Annual Meeting and PIPs are distributed to all parents and provided an additional opportunity to give input and comment.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: Florida Virtual School (LEA) will provide technical assistance and other support to assist the Title 1 schools in planning and implementing an effective parent involvement plan. At the start of the school year, a technical assistance meeting is held for school-level administrators and school parent liaisons on the requirements and importance of parental involvement. During this training, the PIP requirements are discussed, including the notification letters, reservation of funds, school-parent compact, compliance documentation and outreach activities that will be implemented during the school year. Additional technical assistance will be provided through contracted technical assistance provider to school-level administrators and parent liaisons throughout the

school year by attending technical assistance meetings and workshops. Meetings will address best practices for communicating with parents, development of parent notifications and surveys. Assistance is provided to schools to help them write their school level PIP, compact, and PI summary. A timeline is provided to schools to ensure that all PI activities are completed in a timely fashion.

The LEA will utilize the FDOE rubric to review school-level PIPs. School PIPs will be reviewed in October by the Title I Administrator to ensure all the requirements have been completed and to ensure that all plans to involve parents have been aligned with the Title I application and LEA PIP. The evaluation results from the previous year will be utilized to ensure improvements have been made to the plans.

The LEA has contracted with a technical assistance provider to meet with the LEA and school-level parent involvement liaisons to provide ongoing training and support for the implementation of planned parental involvement activities. Activities will be planned for the year and will be evaluated by the school team and Title I administrator to ensure the activities are effectively involving parents in the students' academic careers. The Title I administrator will meet with the school team throughout the school year to monitor compliance and documentation. In addition, title I school administrators and parent involvement liaisons will receive professional development to further their Title I program understanding and the parental involvement requirements.

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), Voluntary Pre-Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

count	Program	Coordination
1	ELL/Literacy Team (Do not receive Title III funds)	While FLVS-FT does not receive Title III funds, each school's parent involvement liaison will work with the enrollment office and ELL/Literacy team, to identify speakers of other languages and encourage participation of ELL families at Title I meetings. Translation needs will be identified so notifications and translation services can be provided if deemed necessary and appropriate. Schools can provide information on services available to ELL students and parents through the Title I/Parent Involvement school newsletter.
2	Title II, Part A	Title II funds are coordinated to provide professional development activities for Title I school teachers and administrators. Professional development will be coordinated to support the Title I initiatives and the school improvement plans.
3	IDEA	Supplemental instructional support provided by Title 1 will be coordinated in the development of a students IEP.

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: FLVS (LEA) will conduct an annual evaluation of the content and effectiveness of the Parent Involvement Plan. Inviting all parents and utilizing the school SACs as the District Advisory Council for review and input as well as survey tools to provide the parents every opportunity to be involved. The evaluation will identify the barriers to participation by parents in parental involvement activities and be conducted in the spring of each year. The assessment will evaluate the effectiveness of school/home communication, the efficiency of school information distributed, parent/school culture and climate. A summary of parent survey data will be provide data for use in the assessment. The outcomes/results of the evaluation will be used to develop next school year PIP.

Building Capacity

If the LEA plans to implement LEA-wide activities, describe the actions the LEA will take to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement [Sections 1118(a)(2)(C), 1118(e)(1-14)].

Communication and Accessibility

Describe how the LEA will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include how the LEA plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: FLVS-FT can ensure that parents receive and read specific information by a FLVS-FT administrator or teacher using the FLVS-FT learning management system. Information that is provided to parents can be "Read Required" and is marked "Read Receipt" once the communication is read. When using this method a parent cannot proceed to any other activity until the communication has been read. This is how FLVS-FT ensures that strategic information is received and read by parents.

As a virtual school, FLVS-FT makes effective use of all available technologies (Webmail, web conference sessions, message boards, telephone) to distribute information to parents, who are typically online each week. Information can also be provided in hard-copy mail; however, hard-copy mail is seldom utilized as that is not our main method for communication.

Upon enrollment, a family is identified as having a need for translation services. When a need is identified, the district and schools use bilingual staff members who can assist non-English speaking families. FLVS-FT is able to use technology and the working partnership between parents/Learning Coaches and the school staff to facilitate the full participation of parents who might otherwise face barriers to involvement. All required communications and notifications if deemed necessary and appropriate will be translated into the family's native language. With notice, translators can be provided during meetings to ensure full participation of all parents.

Parents with disabilities who might otherwise find it difficult to participate in their child's brick-and-mortar classroom can readily interact in the virtual school. The use of technology such as Blackboard Collaborate and web conferencing sessions are examples of technologies that are used to facilitate communication and eliminate physical or geographical barriers. These types of needs are typically identified during teacher-Learning Coach or teacher-student conferences, but may also be identified on the annual parent satisfaction survey, during the annual parent meeting, or through feedback submitted through the learning management system.

Discretionary Activities

The LEA parental involvement policy may include additional discretionary activities that the LEA, in consultation with the parents, chooses to undertake to build parents' capacity for involvement in the school and school system to support their children's academic achievement [Section 1118(e)]. Check

here if the LEA does not plan to implement the discretionary parental involvement activities. Check all activities the LEA plans to implement:
