Mission Statement

Parental Involvement Mission Statement (Optional)

Response: The mission of the District Parent Involvement Program is to use family, school, community and faith-based partnerships to improve student performance as we prepare them for college and careers. We pledge to expand opportunities for families to be engaged in their children's academic lives and will continue to support the goals of the school district. It is our mission to use family, school, community and faith-based partnerships to strengthen schools and improve student achievement:

* To increase opportunities for families to be more engaged in their children's learning at school, at home and in the community; and

* To support and give input to the development of the District's Strategic Plan.

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: Jefferson County School District will maintain a Title I District Parent Involvement Committee that will meet at least six times this year to monitor, evaluate, and revise the district parent involvement plan and all associated activities. All committee meetings are open to the public, and all parents are encouraged to participate. This PI Committee also reviews the district Title I plan (LEA plan, per Sections 1112(c)(H), 1112(d)(1)), current Title I RFA and budget, and is involved in making revisions to the LEA plan. The District PI Plan is available to every family in the district. The District PI surveys parents annually concerning parent involvement, and uses the survey data and comments to review and revise the PI Plan.

Jefferson County School District and the Title I District Parent Involvement Committee will assist each school in the maintenance of a School Advisory Council (SAC) whose membership includes a majority (>50%) of parents. Each SAC is responsible for developing and implementing the School Improvement Plan, as required by the Florida Differentiated Accountability Model, and the included School Parent Involvement Plan. The SAC, as part of the annual evaluation process, reviews Parent Surveys and student achievement data, using said data to drive revisions for the current plan. Through this process, and as part of the SIP, SAC members determine revisions to the School-Parent Compact and determine how the funds reserved for parental involvement will be spent. District Title I personnel, including the Title I Director (Federal Programs Specialist), and District Parent Involvement Coordinator, will provide technical assistance and resources to the schools for the development of the School Improvement Plans and activities.

The composition of the School Advisory Councils varies from year to year. As required by law, members are either elected by peer groups or appointed. The District Parent Involvement Committee's composition also varies. We request at least one parent from each school site, along a member from the schools' SAC and PTA. This totals approximately ten (10) persons. We also seek the membership of at least one business and or community partner and representation of the local faith-based organization.

The meetings are facilitated by the District Parent Involvement Coordinator. For the 2016-2017 school year, all meetings will be hosted in a facility within the community and will convene immediately preceding the monthly parent involvement activity.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: Jefferson County School District will maintain a Title I - funded district wide Parent Involvement Coordinator who will work closely with district personnel, school personnel, and parents to coordinate all parent involvement activities. Housed at each of the schools, the PI Coordinator will meet with each school's administrators to develop a calendar of workshops for parents, based on the School PI Plan, and will disseminate the calendar to all parents along with the School PI Plan. Ongoing announcements, updates, and reminders will be sent by the PI Coordinator to all parents via school newsletters, local newspaper, and ConnectED phone calls.

District personnel and the PI Coordinator will disseminate, collect, and tabulate data from the Parent Surveys for the schools using both online and printed surveys. These data, along with collected comments, will be used by the school SACs to revise the school-level PIP. Schools are required to use the FDOE-issued template for their PI Plans. Prior to submission of the School PIPs to the FDOE, the Title I Director (Federal Programs Specialist) and the District PI Committee will review each school's PIP to ensure compliance, using the checklist provided by the FDOE.

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPY), Voluntary Pre-Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

count	Program	Coordination
1	Jefferson County Coalition (Healthy Start/Department of Health) and JC Whole Child	Title I Director (Federal Programs Specialist) and District Parent Involvement Coordinator attend meetings, networking and coordinating activities with local agencies.
2	Voluntary Pre-Kindergarten	District personnel, District PI Coordinator, and elementary school principal provides transition programs and workshops for VPK parents
3	Title I Parts C and D, Title III, Title VI	District will coordinate with FDOE and PAEC program specialists to identify barriers to greater participation by parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, are migrant, are homeless, have children identified as delinquent, are of any racial or ethnic minority background, or are working parents with time and scheduling constraints. Develop strategies to reduce, overcome, and/or eliminate identified barriers.

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The District Parent Involvement Committee, District Personnel and the PI Coordinator will revise, disseminate, and collect Title I Parent Surveys on an annual basis, using online and printed surveys. Survey data will be analyzed May - June in an effort to ensure that data informs the development or revisions of the Parent Involvement Plan. Survey data and comments are compiled and reviewed by the District PI Committee (majority of membership is parents) and is reported to parents, school personnel and SACs. Participation data is reviewed and analyzed. All of this data is then used to evaluate the content and effectiveness of the PI Plan and associated activities and to identify barriers to participation prior to making revisions to the Plan. Once the needs and barriers are identified, PI activities to meet the needs and overcome the identified barriers are written into the revised plan.

Building Capacity

If the LEA plans to implement LEA-wide activities, describe the actions the LEA will take to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement [Sections 1118(a)(2)(C), 1118(e)(1-14)].

Communication and Accessibility

Describe how the LEA will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include

how the LEA plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: The District Parent Involvement Committee has identified the need for effective management of information and marketing as the need with the highest priority for the 2016-2017 plan. The District will ensure monitor schools provision of information to parents that is in a language they understand by requesting copies of all school -to-home communication are maintained at the school level. Periodically, samples will be requested from the schools to ensure that translations, to the extent practicable, are being done. Actions that the committee will undertake in order to support the school-based activities include:

- District Personnel will coordinate with FLDOE and Panhandle Area Education Consortium (PAEC) program specialists to identify barriers to greater participation by parents of children with limited English proficiency, disabilities, migratory children, and working parents with time and schedule constraints. Strategies to reduce, overcome, and/or eliminate identified barriers will be developed by the District PI Committee to be recommended for implementation in the School-level plans. School and parent programs, meetings, reports, and other activities information will be shared in a format that is easily understandable for parents, using clear organization and language at an appropriate level. The District will secure the services of a translator who will attend school meetings to assist parents of LEP students. Printed materials will be disseminated in native language to the extent practical, with translator services available when printed translations are not available.
- Parent information, including translated materials, will be disseminated in a variety of venues including District Website, JC Coalition meetings, school front offices, Jefferson Department of Health, business marquees, ConnectED telephone alert system, and local churches. Additionally, parent involvement activities will be "advertised" in the local newspaper via letters to the editor and in local church bulletins. Members of the District PI Committee will volunteer to distribute PI information at school sports events.
- The school district website will be promoted by including the website address on school mail outs (such as the required the annual School Report card), in church bulletins, letters to the editor of local papers, and on school newsletters.
- Title I parent activities, Annual Meetings, plan dissemination/explanation, and other Title program information will be disseminated to parents.
