School Board Approval

This plan was approved by the Taylor County School Board on 9/7/2023.

SIP Authority

Section 1001.42(18), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended, or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22 by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S.C. s. 6311(b)(2)(C)(v)(II); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, and as calculated under s. 1008.34(3)(b), who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate. Rule 6A-1.098813, Florida Administrative Code (F.A.C.), requires district school boards to approve a SIP for each Department of Juvenile Justice (DJJ) school in the district rated as Unsatisfactory.

Below are the criteria for identification of traditional public and public charter schools pursuant to the Every Student Succeeds Act (ESSA) State plan:

Additional Target Support and Improvement (ATSI)

A school not identified for CSI or TSI, but has one or more subgroups with a Federal Index below 41%.

Targeted Support and Improvement (TSI)

A school not identified as CSI that has at least one consistently underperforming subgroup with a Federal Index below 32% for three consecutive years.

Comprehensive Support and Improvement (CSI)

A school can be identified as CSI in any of the following four ways:

- 1. Have an overall Federal Index below 41%;
- 2. Have a graduation rate at or below 67%;
- 3. Have a school grade of D or F; or
- 4. Have a Federal Index below 41% in the same subgroup(s) for 6 consecutive years.

ESEA sections 1111(d) requires that each school identified for ATSI, TSI or CSI develop a support and improvement plan created in partnership with stakeholders (including principals and other school leaders, teachers and parent), is informed by all indicators in the State's accountability system, includes evidence-based interventions, is based on a school-level needs assessment, and identifies resource inequities to be

addressed through implementation of the plan. The support and improvement plans for schools identified as TSI, ATSI and non-Title I CSI must be approved and monitored by the school district. The support and improvement plans for schools identified as Title I, CSI must be approved by the school district and Department. The Department must monitor and periodically review implementation of each CSI plan after approval.

The Department's SIP template in the Florida Continuous Improvement Management System (CIMS), https://www.floridacims.org, meets all state and rule requirements for traditional public schools and incorporates all ESSA components for a support and improvement plan required for traditional public and public charter schools identified as CSI, TSI and ATSI, and eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Districts may allow schools that do not fit the aforementioned conditions to develop a SIP using the template in CIMS.

The responses to the corresponding sections in the Department's SIP template may address the requirements for: 1) Title I schools operating a schoolwide program (SWD), pursuant to ESSA, as amended, Section 1114(b); and 2) charter schools that receive a school grade of D or F or three consecutive grades below C, pursuant to Rule 6A-1.099827, F.A.C. The chart below lists the applicable requirements.

SIP Sections	Title I Schoolwide Program	Charter Schools
I-A: School Mission/Vision		6A-1.099827(4)(a)(1)
I-B-C: School Leadership, Stakeholder Involvement & SIP Monitoring	ESSA 1114(b)(2-3)	
I-E: Early Warning System	ESSA 1114(b)(7)(A)(iii)(III)	6A-1.099827(4)(a)(2)
II-A-C: Data Review		6A-1.099827(4)(a)(2)
II-F: Progress Monitoring	ESSA 1114(b)(3)	
III-A: Data Analysis/Reflection	ESSA 1114(b)(6)	6A-1.099827(4)(a)(4)
III-B: Area(s) of Focus	ESSA 1114(b)(7)(A)(i-iii)	
III-C: Other SI Priorities		6A-1.099827(4)(a)(5-9)
VI: Title I Requirements	ESSA 1114(b)(2, 4-5), (7)(A)(iii)(I-V)-(B) ESSA 1116(b-g)	

Note: Charter schools that are also Title I must comply with the requirements in both columns.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

I. School Information

School Mission and Vision

Provide the school's mission statement.

The mission of Taylor County High School is to enable all students to become successful in a global society by preparing them for college/career through rigorous academic programs and a collaborative partnership with the community.

Provide the school's vision statement.

All Taylor County High School students will achieve college and career success while becoming productive citizens, willing to invest in the common good of all.

School Leadership Team, Stakeholder Involvement and SIP Monitoring

School Leadership Team

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities as it relates to SIP implementation for each member of the school leadership team.:

Name	Position Title	Job Duties and Responsibilities
McCoy, Heather	Principal	
Brannen, Kelli	Assistant Principal	
Whiddon , Monica	Assistant Principal	
Kalinowski, Lea	Instructional Coach	
Jandula, Sharon	School Counselor	
Lashley, Tom	Instructional Coach	

Stakeholder Involvement and SIP Development

Describe the process for involving stakeholders (including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders) and how their input was used in the SIP development process. (ESSA 1114(b)(2))

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

The school's leadership team along with the department chairs review the SIP during its development. Once written, the School Advisory Council again reviews the goals and suggests changes appropriate to the mission and vision of the school.

SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the State's academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan, as necessary, to ensure continuous improvement. (ESSA 1114(b)(3))

The SIP is reviewed and revised quarterly as we receive data from progress monitoring assessments and classroom tests.

Demographic Data

Only ESSA identification and school grade history updated 3/11/2024

2023-24 Status (per MSID File)	Active

II. Needs Assessment/Data Review

ESSA School, District and State Comparison (pre-populated)

Please note that the district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each "blank" cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

On April 9, 2021, FDOE Emergency Order No. 2021-EO-02 made 2020-21 school grades optional. They have been removed from this publication.

Accountability Component	2023		2022			2021			
Accountability Component	School	District	State	School	District	State	School	District	State
ELA Achievement*	40	40	50	41	41	51	43		
ELA Learning Gains				45			35		

Accountability Component	2023		2022		2021				
Accountability Component	School	District	State	School	District	State	School	District	State
ELA Lowest 25th Percentile				23			26		
Math Achievement*	28	28	38	35	23	38	29		
Math Learning Gains				33			22		
Math Lowest 25th Percentile				33			17		
Science Achievement*	61	61	64	59	34	40	58		
Social Studies Achievement*	59	59	66	56	33	48	54		
Middle School Acceleration					34	44			
Graduation Rate	89	89	89	91	60	61	95		
College and Career Acceleration	42	42	65	59	57	67	66		
ELP Progress			45						

^{*} In cases where a school does not test 95% of students in a subject, the achievement component will be different in the Federal Percent of Points Index (FPPI) than in school grades calculation.

See Florida School Grades, School Improvement Ratings and DJJ Accountability Ratings.

ESSA School-Level Data Review (pre-populated)

2021-22 ESSA Federal Index						
ESSA Category (CSI, TSI or ATSI)	ATSI

Grade Level Data Review– State Assessments (pre-populated)

The data are raw data and include ALL students who tested at the school. This is not school grade data. The percentages shown here represent ALL students who received a score of 3 or higher on the statewide assessments.

An asterisk (*) in any cell indicates the data has been suppressed due to fewer than 10 students tested, or all tested students scoring the same.

III. Planning for Improvement

Data Analysis/Reflection

Answer the following reflection prompts after examining any/all relevant school data sources.

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

Math learning gains and lowest 25% learning gains showed the lowest performance. The math department had new curriculum and standards that they were learning while ensuring that students we prepared to take their EOCs in Algebra and Geometry.

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

ELA achievement and lowest 25% showed the greatest decline from the previous year. Changes in personnel including one teacher leaving during the school year contributed to this decline.

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

Both Algebra achievement and ELA achievement showed large gaps when compared with the state average. Our ELA achievement was impacted by the resignation of one teacher and inconsistencies in classroom expectations.

Which data component showed the most improvement? What new actions did your school take in this area?

ELA learning gains

Math learning gains for lowest 25%

Addition of a Math/Science coach and an Assistant Principal of Curriculum to work with these teachers to better meet our student's needs

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Attendance

Low grades in Math classrooms

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Math achievement
Math learning gains
Math learning gains for the lowest 25%
ELA achievement
ELA learning gains for the lowest 25%

Area of Focus

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

#1. Positive Culture and Environment specifically relating to Other

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

By adjusting our disciplinary practices to include more restorative practices rather than punitive actions, our goal is to minimize the amount of time students miss classes to help them achieve more and earn credits for graduation.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Our targeted subgroups will have a 10% reduction in out of school suspension as reflected in our student information system. We will specifically target defiance and disrespectful behavior and implement steps to correct this before it becomes time out of school.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

Weekly review of disciplinary data by our dean and assistant principal of discipline Increased parental contact and involvement

Consistency between groups Change in grading percentages to more appropriately address the importance of testing

Person responsible for monitoring outcome:

Monica Whiddon (monica.whiddon@taylor.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Restorative practices

Daily gut checks

Weekly lessons in resiliency standards

Monthly data chats with students identified by the EWS

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

Using these strategies allows us to have better relationships with our students and know when there is an issue before it arises.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#2. ESSA Subgroup specifically relating to Black/African-American

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

ELA and Math achievement for this group are both below the 41% threshold. These areas need to improve to help keep our students focused on graduation.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Student proficiency in ELA and Math will increase by 5% for each of the next two years.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

District progress monitoring

FAST testing

EOC results

Other standardized test measures

Classroom grades

Person responsible for monitoring outcome:

Heather McCoy (heather.mccoy@taylor.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Math tutoring

STEM/Math grant to help make math more relevant for our students

Small group instruction in weak elements

An increase in classroom seat time to receive relevant instruction

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

With a reduction in OSS/ISS for our targeted subgroups and an increase in the amount of small group interventions they receive for poor behavior choices, student proficiency will increase.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#3. ESSA Subgroup specifically relating to Multi-Racial

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

ELA and Math achievement for this group are both below the 41% threshold. These areas need to improve to help keep our students focused on graduation.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Student proficiency in ELA and Math will increase by 5% for each of the next two years.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

District progress monitoring

FAST testing

EOC results

Other standardized test measures

Classroom grades

Person responsible for monitoring outcome:

Heather McCoy (heather.mccoy@taylor.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

Math tutoring

STEM/Math grant to help make math more relevant for our students

Small group instruction in weak elements

An increase in classroom seat time to receive relevant instruction

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

With a reduction in OSS/ISS for our targeted subgroups and an increase in the amount of small group interventions they receive for poor behavior choices, student proficiency will increase.

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

#4. Instructional Practice specifically relating to Benchmark-aligned Instruction

Area of Focus Description and Rationale:

Include a rationale that explains how it was identified as a crucial need from the data reviewed. One Area of Focus must be positive culture and environment. If identified for ATSI or TSI, each identified low-performing subgroup must be addressed.

Benchmark instruction needs to be strengthened to better meet our students and their needs. Our instructional coaches will be doing PLCs this year on explicit instruction and differentiation.

Measurable Outcome:

State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

Proficiency for both ELA and Math will increase by at least 5% over the next two school years.

Monitoring:

Describe how this Area of Focus will be monitored for the desired outcome.

District progress monitoring

FAST testing

EOC results

Other standardized test measures

Classroom grades

Person responsible for monitoring outcome:

Kelli Brannen (kelli.brannen@taylor.k12.fl.us)

Evidence-based Intervention:

Describe the evidence-based intervention being implemented for this Area of Focus (Schools identified for ATSI, TSI or CSI must include one or more evidence-based interventions.)

SBLT will meet with small groups of students to tutor and catch them up on essential skills.

Rationale for Evidence-based Intervention:

Explain the rationale for selecting this specific strategy.

An additional person(s) monitoring the overall well-being of the students in the classroom to set them up for success

Tier of Evidence-based Intervention

(Schools that use UniSIG funds for an evidence-based intervention must meet the top three levels of evidence as defined by ESSA section 8101(21)(A).)

Tier 1 - Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

CSI, TSI and ATSI Resource Review

Describe the process to review school improvement funding allocations and ensure resources are allocated based on needs. This section must be completed if the school is identified as ATSI, TSI or CSI in addition to completing an Area(s) of Focus identifying interventions and activities within the SIP (ESSA 1111(d)(1)(B)(4) and (d)(2)(C).

Our school added a math/science instructional coach and an Assistant Principal of Curriculum to help both departments sure up their teaching to meet the needs of our students. We also added a Foundational Math course to our master schedule with the purpose of better supporting our students in math and closing their achievement gaps.
