Monitoring and Periodic Resource Allocation Review

Periodic Resource Allocation Review

- **The Department must periodically complete a resource allocation review to support school improvement in districts with a significant number of schools identified for support. (ESSA s. 111(d)(3)(A)(ii)(I)-(II))**
- **Intent of the review is to provide high-level data for district consideration as part of the continuous improvement process.**
- **The responsibility of the Department is to facilitate district conversations around data on resources and student outcomes, uncover opportunities and barriers to more strategic spending that positively impact students' experiences in school, and create transparency, flexibility and accountability among school and district leaders to distribute adequate funding based on student needs.**

Periodic Resource Allocation Review Process

STEP 1

- **The Department identifies districts serving a significant number of schools identified for ATSI, TSI and CSI. A significant number is determined by the following methodology:**
 - **At least 10% of active schools identified as CSI or TSI on the 2023-24 Preliminary ESSA Support List;**
 - **At least 10% of active schools identified as ATSI on the 2023-24 Preliminary ESSA Support List; and**
 - **At least 2 total active schools in the district on the 2023-24 Preliminary ESSA Support List.**

Periodic Resource Allocation Review Process

STEP 2

- **The Department will gather state-level resource allocation and utilization data and provide to district team for analysis.**
- **Data points may include, but not be limited to:**

Student enrollment and demographics

ESSA identification, FPPI, low-performing subgroups

Graduation Rates

Per Pupil Expenditures

Access to Quality Teachers: educator experience, out-of-field, educator effectiveness and temporary certificates

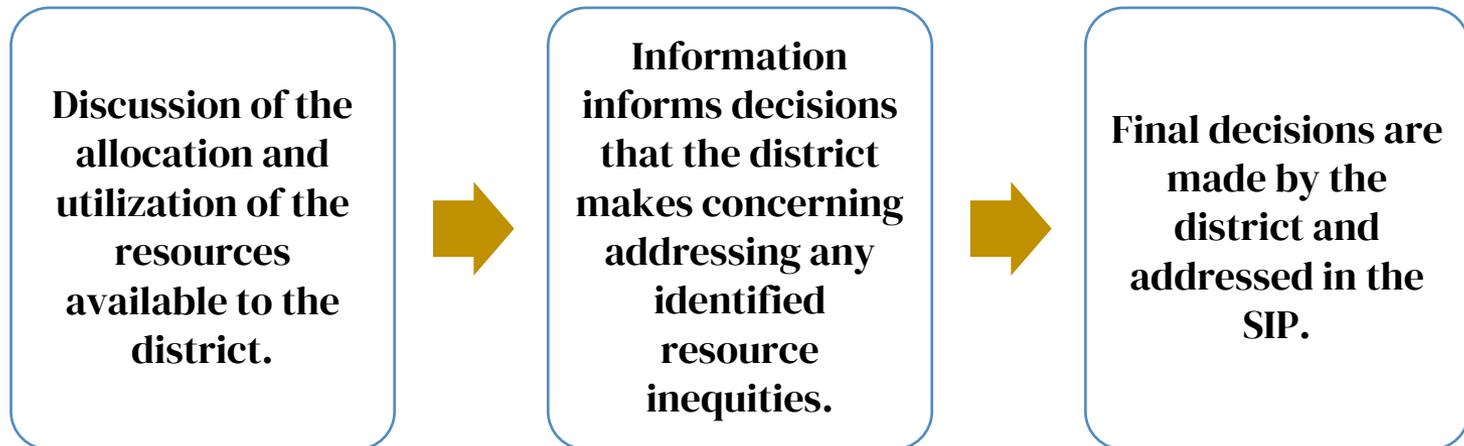

VAM ratings, student-to-teacher ratio, staff certifications, vacancies

Financial data: district and school-level budgets, applicable state categorical funds or grants received by the district, consolidated application for federal funds and other federal grants received by the district (IDEA)

Periodic Resource Allocation Review Process

STEP 3

- A collaborative meeting will be scheduled with the district to analyze the data.
- Key participants will include district leaders identified by the Superintendent (e.g., Chief Financial Officer, State and Federal Programs Officer, Curriculum Director, School Improvement Coordinator) and the regional school improvement team.
