OVERVIEW

The Duval County Public School District Local Educational Agency (LEA) can only receive Title I, Part A funds if it conducts outreach to all parents and family members and implements programs, activities, and procedures for the involvement of parents and families consistent with Section 1116 of the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA) of 1965. The programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

School level plans are required to be developed with the input of parents and families to improve student achievement and performance. The planning process can also include meaningful consultation with employers, business leaders, and philanthropic organizations. This template will assist schools with the best practices aligned to federal, state, and local expectations for compliance.

Below is an approach that can be used for Parent and Family Engagement.

"Treat children like they make a difference and they will."

I further certify that all expenditures will be obligated on or after the effective date and prior to the termination date of the project. Disbursements will be reported only as appropriate to this project, and will not be used for matching funds on this or any special project, where prohibited.

NEEDS ASSESSMENT

The Needs Assessment is the foundation of the Parent and Family Engagement plan. When meeting with parents and stakeholders, data from the needs assessment process provides previous year and trend data that can be used to make decisions about plan implementation for the upcoming year. That way decisions are not arbitrary but data-driven and purposeful.

Previous Year Financial and Programmatic Outcomes

Fiscal Overview from the Previous Fiscal Year

(this section is not required for new Title I Schools)

Total Parent and Family Allocation from the Previous Year	Total Funds Expended	Total Funds Remaining
\$	\$	\$
If funds remained at the end of the year, explain why funds weren't fully expended and how parents will be engaged to plan for funds to be fully expended during the current plan year		

Programmatic Overview from the Previous Fiscal Year

(this section is not required for new Title I Schools)

Summative Overview of the Parent Resource Room		
Total Visits to the Parent Resource Room (Must be documented on the Resource Room Sign in Sheet)	Total Resources Checked Out from the Parent Resource Room	What plans do you have to fully use the Title I Parent Resource Room? (include inventory that was not returned or any other information pertaining to parent involvement resource room)
2	2	In our weekly digital communication, we will highlight some of the resources that we have available each month. Within the newsletter, we will also remind parents how they can check out materials.
Summary of Parent Engagement Events from the Previous Year		
Name of Activity	Number of Participants (this number should equal the number of participants listed on sign in sheets in Digital Compliance)	Results of Evidence of Effectiveness (How do you know the parents learned what the activity was intended to provide? Responses such as sign-in sheets or survey results are not sufficient.)
Annual Meeting (Beginning of Year)	120	Parents asked questions regarding previous year's data, which showed that they were understanding the information being presented to them.

Developmental Meeting (End of Year)	9	Parents provided specific comments about what they learned from an event they attended.
Meet & Greet	120	Parents were able to find their child's classroom and engaged with their teacher, which was the purpose of the event.

Schools may add additional lines as it is aligned to the Parent and Family Engagement Plan from the previous fiscal year - activities must match activities included on the Parent and Family Engagement Plan from the previous school year. If an activity wasn't held, a 0 should be included for the "Number of Participants" column with an explanation why the event wasn't held in the "Results" column.

Summary of the evaluation information and parent feedback collected from the Developmental Meeting held to support the development of this Parent and Family Engagement Plan.
Overall, parents felt that all the Parent Involvement activities were engaging and well planned. Parents feel that between 5:30 and 6:00 is a good time of day to meet and host events. Parents mentioned that some of the events and meetings could be recorded live so that working parents could have the opportunity to view the event later. Parents felt that all activities were thoroughly communicated, many parents felt that Facebook is a great way to communicate and that they really appreciate the text message reminders about school events. All feedback from parents was positive.

Barriers

Using previous year financial and programmatic outcomes; district and school climate data; parent perception data; data from SAC meetings; parent attendance data; observational data; parent survey data; data from the Title I Developmental meeting; parent interviews and focus groups; teacher and administrator feedback; other forms of needs assessment data; and carry out a needs assessment process. Then, describe the barriers that hindered the participation and involvement of parents and family members during previous school years.

1. Barrier 1-Work Schedule
2. Barrier 2- COVID-19
3. Barrier 3-optional SMS text messaging
4. Barrier 4
5. Barrier 5

- (1) Prioritize the **TOP THREE the barriers** (it may be possible to combine some)
- (2) Describe the steps that will be taken during the upcoming school year to overcome the parent and family engagement barriers (required - include how the school will overcome barriers for students with family members who have limited English proficiency, parents and family members with disabilities, and parents and family members who are migrants in accordance to ESSA Section 1116 (f)).

	Barrier	Steps or strategies that will be implemented to eliminate or reduce the barrier
1)	Work Schedules	Most Lake Lucina parental involvement events take place during the evening, In the 2020-2021, we will also have some events that take place during the day. This will allow for parents that work nights or days to participate in at least 1 of our Parental Involvement Activities.
2)	COVID-19	Due to COVID-19, we were not able to hold out Night of the Arts event which usually takes place in March, also due to COVID-19, we were unable to allow parents to gather for the end of the year developmental meeting. This year, we will host parental involvement events in waves. For example, instead of STEM night taking place on 1 night, it will take place over the course of 3-5 days with parents needing to RSVP so that we can limit the numbers.
3)	Optional SMS text messaging	Many of our communication is electronic and done via text messaging. When parents enroll their child at Lake Lucina, they have the option to receive text messaging from us. This year, if we notice that someone has opted not to receive text messaging, then the principal or assistant principal will come meet with that parent and inquire about why they do not want to engage in that form of communication.

Overarching Outcomes/Goals for the Current School Year

Considering your barriers and the strategies that are intended to reduce or eliminate them, what are the overarching outcomes/goals for the current school year for parent and family engagement?

Lake Lucina seeks to engage families not only in the academics of their child, but also to highlight their talents. Lake Lucina's school choice theme is the Arts. We plan to engage our students outside of academics in Art Club. All the events we plan for the 2020-2021 school year will include student performances to increase stakeholder interest in attending. We partnered with River City Baptist Church to start an All Pro Dad chapter at our school. We will encourage not only male guardians to attend, but also females. In addition, Lake Lucina will offer Joy Club each Thursday morning to start the day with positive messages of encouragement and affirmations that will include parents. For all our AM and PM events, we plan to have aggressive advertising that will include paper, phone, email, and social media using application software to create engaging flyers and messages.

COMMUNICATION AND ACCESSIBILITY

Communication is an extension of Needs Assessment as trend data has shown that parents comment that communication processes should be improved so they are fully engaged.

Accessibility

Describe how the school will provide full opportunities for all parents and families (keeping in mind the diverse makeup of 21st Century families) to participate in all parent and family engagement activities. This includes strategies for parents who have specific needs such as parents with special transportation needs, parents who work multiple jobs, court appointed parents, parents who are disabled, parents who speak English as a second language, migrant parents, parents with multiple children in multiple schools, guardians, guardians with multiple students in a home, etc. Specifically, how will barriers be removed to ensure parents/guardians/family units are a part of their child's education?

Lake Lucina will strive to become as knowledgeable as possible on each individual student and family. Time will be set aside for faculty to review student communication records in order to know languages spoken, medical needs, court documents, guardianship, etc... All AM and PM events will be open to all children of the family to attend. Portions of events will be "live steamed" on our facebook page for parents and/or guardians who couldn't attend to engage and "like" on social media. Big performances, such as the Holiday Performance will be recorded and uploaded to YouTube. The school will continue to encourage all stakeholders to get volunteer cleared in order to assist during the day in a variety of ways, such as a chaperone on school educational field trips. In the 2020-20221 school year, we will implement a new parent communication initiative for teachers that are looking to increase their parental engagement with their parents. This will consist of parents receiving a call from their child's teacher monthly to share current information with the parent. This will ensure that parents hear from teachers often, not just when issues arise.

Describe how the school will share information related to school and parent and family programs, meetings, school reports, and other activities in an understandable, uniform format and in languages that the parents and families can understand?

This information will be given in meetings such as: IEP meetings, MRT meetings, AIT meetings, ELL meetings, and parent conferences. This information will also be available on our school website, through flyers, automated phone calls, and/or parent organizational meetings such as SAC. The language used, information shared, and any communications will be easy for parents to understand, including translations when needed. The digital newsletter has the option to translate to hundreds of languages. In addition to that, we do as much communication digitally because many parents have the ability to translate information that comes through their smartphone much easier than they can with a paper format.

What are the different languages spoken by students, parents and families at your school?

The 2 languages spoken at Lake Lucina are Spanish and English, 11% of the student population speaks Spanish, and the remaining speak English.

COMMUNICATION

(1) Describe how the school will timely communicate information about Title I, Part A programs and activities during the year. (2) How will communication take place for parents with the different languages mentioned in the question above if applicable? (3) Include the tools and resources that will be used for communication.

(1) Information will be provided in a timely manner through paper flyers, facebook, school marquis, emails, school website, and/or automated phone system.

(2) Flyers with an RSVP section will be sent two weeks before events are held to ensure adequate notification, with flyers and/or phone calls sent the day before an event.

How will the school describe and explain (1) the curriculum at the school (2) the forms of assessment used to measure student progress (3) the achievement levels students are expected to obtain? (4) in all applicable languages?

1. Individual Conferences

2. Events, such as STEAM Night, that will include activities on Math and Science that are aligned to the standards and curriculum.

3. Monthly SAC meetings that are open to all stakeholders that provide progress monitoring data from i-ready, Achieve 3000, Eureka, Reading Mastery, Corrective Reading, LLI, Ready MAFS & LAFS, and Science. SAC also communicates the achievement levels for each grade level.

4. Mid-Year Stakeholder Meeting open to all stakeholders that reviews the school progress towards SIP goals on academics and social/emotional targets

(1) What decision-making opportunities are available for parents at the school site? (2) How will the school communicate opportunities for parents to participate in decision making?

(1) Parents are invited to monthly SAC meetings for decision making and feedback. Parents are also invited to the Title 1 Develop meeting held yearly to discuss the previous year's PFEP and provide input on the next year's PFEP, which is also communicated through flyers and the school marquis.

(2) Flyers are sent out at least two weeks in advance of monthly meetings, as well as emails to those who have attended a meeting previously.

How will the school submit parents' and families' comments to the district Title I office if there are parent concerns about the implementation of the Title I school-wide plan that is not satisfactory to them? [ESEA Section 1116]

Lake Lucina will contact the LEA through email and/or by phone to discuss next steps addressing any concerns had by parents.

(1) How will the school publish and communicate THIS required Title I, Part A Parent and Family Engagement Plan to Parents and families (**technology cannot be the only option**). (2) How will this plan be communicated in all of the languages that apply to your school?

The PFEP will be uploaded to the school website, available in the front office, and in the Title 1 Parental Involvement room. The PFEP will also be published in our weekly Newsletter in August 2020.

FLEXIBLE PARENT AND FAMILY MEETINGS

Schools receiving Title I, Part A funds are required to convene an Annual Meeting. This meeting should be held at a convenient time for parents. Parents of participating children in the school shall be invited and provided with adequate notice and encouraged to attend the Annual Meeting. This meeting will inform parents of their school's participation under ESEA Section 1116 and explain the requirements of the Title I, Part A grant and what is available to parents and the right of parents to be involved. [ESEA Section 1116 (c) (1)]

INVOLVEMENT OF PARENTS and FAMILIES

Explain how the school involves parents and families in an organized, ongoing and timely manner in the planning, reviewing, and improvement of Title I programs including involvement in decision making of how Title I, Part A Schoolwide funds are used [ESEA Section 1116(c)(3)].

Lake Lucina Elementary will inform parents monthly about the improvements of Title I through the school website, automated phone system, and SMORE digital newsletter. School administration will meet with parent representatives to plan, review, and improve the Title I program. Parents will be equally chosen on a voluntary basis to represent both primary and intermediate grades on our SAC. These committees will discuss the development of the school's parent and family engagement plan. Our school parent and family engagement plan will be available in hard copy in the front office, parent resource room, and on our school website. Materials and resources, such as childcare, will be made available to ensure parent participation upon request.

How will the school provide, with Title I funds, transportation, childcare, or home visits such services that relate to parent engagement to ensure barriers are removed so parents can participate in engagement events? [ESEA Section 1116 (c)(2)]

- Transportation - Not currently a barrier
- Childcare - Not currently a barrier
- Home Visits - Not currently a barrier
- Additional Services to remove barriers to encourage event attendance - Work schedules are a continued barrier for our parents. To accommodate our parents, Lake Lucina will provide more flexibility in events and/or parent workshop times

How will the school ensure parents without access to technology will receive notification of parent events, communication, information about parent events, school updates, and student progress updates?

Lake Lucina will continue to provide parents with information regarding Title via paper copies, facebook, Parents flyers, school marquis, and/or automated phone calls

REQUIRED DEVELOPMENTAL MEETING

The Developmental Meeting is held at the end of the year. It can be looked at as an End of Year evaluation of your Title I, Part A Parent and Family Engagement process. Additionally, it is an opportunity to connect with parents to start planning for the upcoming year. Even if your school is not Title I the following year, the best practices of parent engagement should continue. This meeting should evaluate how well barriers were reduced or eliminated and celebrate the successes of the year.

Describe the steps and strategy that will be implemented to conduct the End of Year Developmental Meeting to evaluate Parent and Family Engagement that occurred during the year and to prepare for the upcoming year if the school continues to qualify for Title I, Part A funding.

Step 1: Create the list of questions that we would like to discuss with parents.

Step 2: Let all stakeholders know what day and time we will seek feedback from them. Due to COVID-19, the developmental meeting, was held for parents as they came through the grab and go lunch line.

Step 3: Read the questions to the parents and record their responses.

Step 4: Look at the data from the developmental meeting and debrief with administration and begin planning changes for the following year based on the new information we were provided with.

Step 5:

BUILDING CAPACITY

When a school receives Title I, Part A funds, it is responsible for building the capacity of each parent to improve their child's academic achievement. This includes activities and strategies for parents to understand challenging State academic standards; State and local assessments; how to monitor their child's progress and work; literacy training; how to use technology; and other strategies of how parents can assist their child with the learning process. All funds expended under this section should align to this section and to achieving the goals in the Title I Schoolwide plan by engaging parents and families. [ESEA Section 1116 (e)]

BUILDING THE CAPACITY OF PARENTS AND FAMILY MEMBERS

Reflecting on the needs assessment process, what is an overview of how the school will implement activities that will build the capacity for meaningful parent and family engagement?

Lake Lucina will plan for monthly activities that engage families in interactive activities that include student and parent participation. The school will form committees that include faculty and stakeholders in the planning process for each event. Events were planned to highlight Hispanic Heritage, STEAM, Holidays, Black History, The ARTS, and academics. Each event will include parent feedback to continue the reflection process to plan for meaningful family engagement.

How will the school implement activities that will build relationship with the community to improve student achievement?

Lake Lucina will continue to build relationships with the Arlington Women's Club, Jacksonville University, and River City Baptist Church. The Arlington Women's Club provides needed supplies for events. Jacksonville University partners to support literacy through Academic Celebrations. Lake Lucina will host interns in classrooms. River City Baptist Church facilitates All Pro Dads and Joy Club. All three partnership also volunteer at our events building relationships with the community.
For all our planned events, Lake Lucina will also provide flyers to local business to encourage participation.

(1) How will the school implement the Title I Parent Resource Room to support Parent and Family Engagement? (2) Explain how the Parent and Family Engagement Room is advertised to parents. (3) Explain how school staff (teachers and office staff) are trained on how to use the Parent Resource Room with parents.

(1) We at Lake Lucina Elementary will continue to add more resources to our center for parent use. A special area has been designated as our Parent Resource Center.

(2) Parents will be notified through flyers, school website, teacher conferences, parent organizational meetings, and/or IEP, MRT, or AIT meetings.

(3) Teachers will be informed of available resources and parents will be able to use the center after workshops. Office staff will assist parents interested in using the center from 8:30AM to 3:30PM Monday through Friday, or by scheduling times to accommodate parents.

(4) We will highlight the Parent Resources Room monthly to showcase some of the items that are available for check out.

If there are additional ways resources are provided for parents through the use of Title I, Part A funds, how are they provided and what trainings are provided to adequately prepare parents to use the resources and materials at home with their children?

Parent workshops focusing on core subject areas are held to provide parents with grade specific understanding of student expectations. An example activity is conducted at each workshop, as well as suggested resource sheets provided for parents to help their children at home.

PARENT AND FAMILY ENGAGEMENT EVENTS

If Parent and Family Engagement events are funded with Title I, Part A funds, they must be supplemental and cannot supplant activities that are funded with state and local funds. Additionally, events should contribute to the achievement of goals outlined in the Title I Schoolwide Plan.

PARENT COMPACT

The LEA shall ensure that each participating school, in conjunction with the parents of participating students, has jointly developed a school-parent compact that describes the school's responsibility to provide high quality curriculum and instruction in a supportive and effective learning environment; addresses the importance of ongoing communication between teachers and parents; describes the ways in which each parent will be responsible for supporting their child's learning; and is discussed with parents of elementary aged students.

As a Title I school, what evidence will you provide that will show that you have jointly developed a school-parent compact and that conferences were held with parents describing the compact?

Lake Lucina will collect written feedback from families on the DRAFT compact during the Annual Title 1 meeting. The suggestions will be saved to develop the final school compact. Teachers will sign that they have received class sets of compacts to begin conferencing with parents. Signed compacts will be collected monthly by the Assistant Principal. Each teacher will have a folder with student names to checked off each month to progress monitor how often teachers are meeting with parents and to ensure all parents had at least one conference throughout the year.

How will the principal ensure required conferences are implemented with ALL parents pertaining explaining the Parent Compact?

The principal will have a folder on One Note in which each teacher will be able to check off when they have gotten the parent compact reviewed for each student. We will also check the parent communication logs monthly to ensure that parents are communicated with frequently.

INSTRUCTIONAL STAFF

The LEA shall ensure that each school implementing a Title I program devotes sufficient resources to effectively carry out high quality and ongoing professional development for teachers, principals, and paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff to enable all students to meet the state's academic achievement standards.

The LEA shall ensure that all instructional staff working in schools, funded wholly or in part with Title I, Part A, meet the statutory requirements of being state certified. The LEA must ensure instructional paraprofessionals work under the direct supervision of a teacher.

If the LEA hires teachers or paraprofessionals to provide Title I services to private school students, the LEA shall ensure the teachers are state certified and paraprofessionals are highly qualified. The LEA shall ensure that paraprofessionals providing direct instruction to participating students are under the direct supervision and in close and frequent proximity to a state-certified public school teacher.

As a Title I school, what evidence will you provide that will show that you (1) notification informing parents that their child was assigned or was taught for four or more consecutive weeks by a teacher who was not properly licensed or endorsed (2) provided a list of teachers who were ineffective, out-of-field, or inexperienced according to the statewide definitions described in Florida's Approved ESSA State Plan.

The Parent's Right to Know is reviewed for all parents during the Annual Title 1 Meeting in early September. A 4 Week Notice is sent to parents of teachers out-of-field which includes the teacher's name and out-of-field area. The Principal's Attestation is sent home to all students in September.

BUILDING THE CAPACITY OF TEACHERS AND STAFF MEMBERS
