Purpose and Outline of the UniSIG Proposal

Under section 1003 of Title I of the Every Student Succeeds Act, Public Law No. 114-95, each state educational agency (SEAs) shall reserve funds for school improvement, no less than 95 percent of which shall be used to make grants to local educational agencies (LEAs) on a formula or competitive basis, to serve schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d).

For 2017-18, Unified School Improvement Grants (UniSIG) will be awarded on a formula basis. Eligible applicants are local educational agencies (LEAs) with funded Title I schools identified for comprehensive or targeted support and improvement, as well as LEAs with high schools, Title I or non-Title I, that have a four-year adjusted cohort graduation rate of 67 percent or less, regardless of the school grade earned.

Part I: Eligibility and Program Requirements

The district reviews the list of eligible schools and allocations and ensures the requirements of UniSIG are met by providing assurances and summaries as applicable.

Part II: Needs Assessment

For each eligible school, the district demonstrates it has completed a thorough analysis of state-, district-, and school-level data (qualitative and quantitative) in order to identify points of strength and opportunities for growth to inform strategic goal formulation.

Part III: District Problem Solving

The district documents one or more strategic goals for improving the identified schools, anticipates barriers to the goals, identifies strategies to reduce or eliminate the barriers, and creates an implementation plan for each strategy to include both action steps and monitoring activities.

Part IV: Budget

The district incorporates a budget that indicates the amount of UniSIG funds the district will use in each eligible school. Each budget line item, except indirect costs, is directly tied to an action step identified in Part III.

LEA Eligibility and Program Requirements

Eligible LEA and Allocations

Eligible applicants are local educational agencies (LEAs) with funded Title I schools identified for comprehensive or targeted support and improvement (CS&I) or targeted support and improvement (TS&I). This includes LEAs with high schools, Title I or non-Title I, that have a four-year adjusted cohort graduation rate of 67 percent or less, regardless of the school grade earned.

Funding amounts are calculated based on the most recently released school grades and Survey 3 preliminary data containing student enrollment. The per-pupil allocation also takes into account the percent of economically disadvantaged students.

LEAs will complete a **UniSIG application** within the CIMS platform located at www.floridacims.org. The UniSIG application will be prepopulated with a list of eligible schools and allocations.

Supports for School Improvement

Improvement Planning

Describe how the LEA will support each school identified as Comprehensive Support and Improvement (CS&I) in developing and implementing a Schoolwide Improvement Plan (SIP).

District curriculum specialists will provide onsite support weekly to teachers and administrators

Alignment of Resources

Describe the process through which the LEA identifies and aligns all district resources (e.g., personnel, instructional, curricular, policy) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs to align to interventions in Comprehensive Support and Improvement (CS&I) schools. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained, and any problem-solving activities used to determine how to apply resources for the highest impact.

Administrators, coaches and teachers work with curriculum specialists to align resources with student need based on data.

District Policies and Practices

Identify specific policies and practices the LEA shall seek to add, modify, or remove in order to establish or strengthen systems that support school-based leadership teams to implement interventions. Provide the rationale for the proposed changes and the steps required to make the modifications, including person(s) responsible for implementation and follow-up.

CEB will extend the school day by 20 minutes to provide additional intensive reading support. This strategy is monitored by leadership and the coaching staff. Staff are also compensated in staying after hours for PLC work, planning and conferring with parents on academic achievement of students. This strategy is monitored by leadership and the coaching staff.

Operational Flexibility

Provide the LEA's definition of "operational flexibility" provided to Comprehensive Support and Improvement (CS&I) schools to enable full and effective implementation of the Schoolwide Improvement Plan (SIP).
