

Branford Elementary Parent Involvement 2020-2021

Mission Statement: *Suwannee County Schools will educate all students in a safe and supportive learning environment that will develop life-long learners and productive citizens.*

Due to the current circumstances that have evolved with the COVID-19 virus, many opportunities for parent involvement have been altered slightly for the 2020-2021 school year. We will be asking volunteers to fill out requests to volunteer, however we will be holding them until we receive clearance from the SCSD as well as CDC guidelines in order to ensure a safe and successful return to campus.
