EFFECTIVE AND HIGHLY EFFECTIVE TEACHERS

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

	Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1	New Teacher Programs(Individualized PD, mentors, peer classroom visits, other site visits)	Administration,Coaches, Staff, Mentor teachers	June, 2013	
2	Professional Learning Communities	Administrative Staff, Curriculum Leadership Team PLC Data Team	Ongoing	
3	Leadership Opportunities	Administrative Staff	June, 2012	
4	Professional Development	Administrative Staff Curriculum Leadership Team PLC Data Team	June, 2012	
5				

Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).

*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of staff and paraprofessional that are teaching out- of-field/ and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective
	Providing ESOL Modules for completion

Please complete the following demographic information about the instructional staff in the school.

*When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

Total Number of Instructional Staff	% of First-Year Teachers	% of Teachers with 1-5 Years of Experience	% of Teachers with 6-14 Years of Experience	% of Teachers with 15+ Years of Experience	% of Teachers with Advanced Degrees	% Highly Effective Teachers	% Reading Endorsed Teachers	% National Board Certified Teachers	% ESOL Endorsed Teachers
45	8.9%(4)	24.4%(11)	42.2%(19)	28.9%(13)	42.2%(19)	93.3%(42)	17.8%(8)	4.4%(2)	40.0%(18)

Teacher Mentoring Program/Plan

Please describe the school's teacher mentoring program/plan by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee Assigned	Rationale for Pairing	Planned Mentoring Activities
Kim Quigley	PAR Teacher Celeste Johnson- Mentor Vickie Banks- Evaluator	Kim is a first year teacher being mentored by a district assigned Peer Assistance and Review (PAR)teacher.	Planned Mentoring Activities Coaching, observations, collaborative lesson planning, Empowering Educator Excellence Program (E3)
Morgan Baldwin	PAR Teachers Celeste Johnson- Mentor Vickie Banks- Evaluator	Morgan is a first year teacher being mentored by a district assigned Per Assistance and Review (PAR) teacher.	Planned Mentoring Activities Coaching, Observation, collaborative lesson planning, Empowering Educator Excellence Program (E3)
Lindsay Delrosario (Miller)	PAR Teachers Celeste Johnson- Mentor Vickie Banks- Evaluator	Lindsay is a first year teacher being mentored by a district assigned Per Assistance and Review (PAR) teacher.	Planned Mentoring Activities Coaching, Observation, collaborative lesson planning, Empowering Educator Excellence Program (E3)

ADDITIONAL REQUIREMENTS

Coordination and Integration

Note: For Title I schools only

Please describe how federal, state, and local services and programs will be coordinated and integrated in the school. Include other Title programs, Migrant and Homeless, Supplemental Academic Instruction funds, as well as violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education, and/or job training, as applicable.

Title I, Part A

Title I, Part A

Under Title I Part A our school works with outside agencies that provide specific services to targeted children and their families. These organizations team with our school to provide specific services to students, parents, and staff, including all special needs groups. It is the expectation of those involved in these partnerships that the activities and services will benefit the students by providing the children served with the support, tools, and materials they need to be ready to learn as they move down the appropriate path to graduation.

Programs supported by Title I at Sunrise Elementary include: (please customize this from your budget sheet)

- Academic Coach for the purpose of comprehensive staff development
- Reading Intervention Teacher to provide interventions for students in need via a push-in model
- Math Intervention Teacher to provide interventions for students in need via a push-in model
- Supplemental Tutoring during the teaching day (Sub as a Tutor)
- · Supplemental materials and supplies needed to close the achievement gap
- Supplemental funds for ongoing staff development as determined by the results of FCAT data
- Parent To Kids workshops to teach literacy skills to parents so they can help their children to become better readers

Title I, Part C- Migrant

Title I, Part C- Migrant

The District Migrant Education Program Coordinator, Migrant Advocates and Migrant Recruiters work together to provide services and support to the migrant students and their parents. The MEP Coordinator works with Title I and other programs to ensure student needs are met. The Migrant Education Program provides the following:

- · Academic Assistance through credit accrual/recovery, tutoring, and summer school
- Translation Services for parent/teacher conferences
- · Parental support through parent/kid activity nights and workshops on school success
- Migrant Parent Advisory Council (MPAC)
- · Medical Assistance through referrals to outside community agencies
- Food Assistance through referrals to food assistance programs

Title I, Part D

Title I, Part D

The district receives funds to support the N & D programs to accelerate the rate of student achievement and close the achievement gaps for students in these programs. Services are coordinated with district DJJ and Neglected programs. Students are transitioned from DJJ centers back into the district schools with a transition plan to ensure academic and social success.

Title II

The district provides ongoing Professional Development in the core subject areas to ensure quality instruction and student success.

Title III

The District ESOL Coordinator and staff provide ongoing support and Professional Development to teachers to ensure instructional best practices are utilized. Teachers consistently progress monitor the ELL students to identify specific needs, target interventions/enrichments to ensure the appropriate pathway toward graduation.

Title X- Homeless

Title X- Homeless

The school works closely with Pam Woods, Title X Coordinator, to ensure that homeless students have the materials and resources they need to be successful.

Supplemental Academic Instruction (SAI)

Supplemental Academic Instruction (SAI)

The district provides remedial and supplemental instructional resources to students who fail to meet performance levels. Sunrise Elementary utilizes these resources though the following: • Additional 30 minute reading small group instruction

Violence Prevention Programs

Violence Prevention Programs

The school offers the following non-violence and anti-drug programs:

- Bullying program
- Life Skills and Lifelong Guidelines
- Suicide prevention program
- Conflict Resolution

Nutrition Programs

Nutrition Programs

Sunrise Elementary offers a variety of nutrition programs including:

- Free and Reduced Meal Plan
- Wellness Policy School Plan
- Nutritional Information in Monthly Newsletter

Housing Programs

Head Start

Head Start

The District, in conjunction with the Head Start agency serving the community, coordinates efforts to promote continuity of services and effective transitions for children and their families. These include:

• Providing the opportunity for ongoing channels of communication with Head Start to facilitate coordination of programs and for shared expectations for children's learning and development as the children transition to elementary school.

• Assisting in the development of a systematic procedure for transferring, with parental consent, Head Start program records, for each participating child to the school in which such child will enroll.

• Collaborating and participating in joint Professional Development, including transition-related training for school staff and Head Start staff when feasible.

• Coordinating the services being provided by Head Start with services in elementary schools.

• Providing to the Head Start agency local public school policies, kindergarten registration and other relevant information to ease the transition of children and families from Head Start.

Adult Education

N/A

Career and Technical Education

N/A

Job Training

Sunrise Elementary offers students career awareness opportunities through guest speakers from business and industry, and field trips to business and industry locations.

Other

N/A

Multi-Tiered System of Supports (MTSS)/Response to Instruction/Intervention (Rtl)

School-based MTSS/Rtl Team-

Identify the school-based MTSS leadership team.

Principal: Provides a common vision for the use of data-based decision-making by promoting the Volusia Proficiency Model. Ensures that educators are implementing the district's Progress Monitoring Plan (PMP) accessible through the K-12 curriculum link of the webpage and the VCS Problem Solving/Rt1 model (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) for those students who do not respond effectively to core instruction. For those students who do not respond positively to interventions beyond core, ensure that the school's Problem Solving Team (PST) is accessed as needed. Ensure adequate professional development is scheduled for faculty. School Psychologists will provide/facilitate training on skill building and understanding of the components of PST/Rt1. Support the school's team in the completion of resource mapping (academic and behavioral) with focus on standard protocol interventions in order to enhance implementation of PST/Rt1. Communicates with parents through school newsletters, relevant meetings, and the sharing of the parent link of the VCS Problem Solving/Rt1 website (under Psychological Services) in order to address the purpose of PST/Rt1 in meeting student needs and to address frequently asked parental questions. In addition, parents are provided information about PST/Rt1 at PST meetings.

School Psychologist: Assists schools in interpreting individual, class-wide, grade-level and school-wide data in order to develop appropriate targeted interventions linked to the academic or emotional/behavioral problem. Ensure that on-going progress monitoring is in place in the area of intervention to most appropriately determine the student's response to intervention. Provides professional development to staff on PS/Rt1.

Select General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching. Encompasses Problem Solving/RtI practices when addressing the needs of ESE students with a focus on potential reintegration into General Education based on data.

Curriculum Leadership Team acquire knowledge through district trainings, process the knowledge to plan for dissemination.

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The school based MTSS leadership team identifies school based resources (both materials and personnel) to determine the continuum of academic and behavioral supports available to students at the individual school site. Academic and behavioral data are considered in order to determine priorities and functions of other existing teams (e.g., Problem Solving Teams, Behavior Leadership Teams, and Professional Learning Communities). The Problem Solving process (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) is used as the way of work of all teams and not just for individual student concerns. Adherence to the Problem Solving process ensures that individual, class-wide, and school-wide issues are addressed systematically with data; that interventions (supports) are tiered to the targeted problems; and that a plan is in place to monitor progress. The school-based MTSS leadership team meets regularly throughout the school year in order to address the academic and behavioral needs that develop throughout the year, as well as to monitor outcomes of supports and interventions.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

The school improvement plan is data driven and focuses on areas of school- based need for both specific content areas as well as specific student populations. Similarly, MTSS is a data-driven framework that seeks to find solutions/resources matched in intensity to student need in academic and behavioral areas. The MTSS framework follows the district's four-step problem solving process, with RtI as an integral component of the process. As a result, the school improvement plan is based on a strategic analysis of data, and identified resources (as identified by the MTSS school based leadership team) are matched to the needs of the students/schools. Building the SIP within the context of MTSS results in the school determining the areas of most significant need and, as importantly, enables the school to develop a plan that can be addressed based on existing resources.

MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Pinnacle Gradebook provides evidence of performance in core instruction across content areas. In addition, information gleaned from FAIR assessments, DRAs, OPM probes, interim assessments and FCAT provide valuable information regarding reading performance for both individuals and groups of students. Interim assessments and FCAT also provide critical information regarding student performance in the areas of mathematics, science, and writing. Pinnacle Insight reports provide further information regarding performance by both individual and groups of students (disaggregated by specific groups) in order to inform instruction and intervention. Behavioral expectations are communicated by the school to all students and parents. Those students who do not obtain proficiency in behavioral expectations are provided supports and interventions matched to student need. Office discipline data are maintained and monitored by the school site. Tier 2 and tier 3 supports/interventions and the response to these interventions are entered into the electronic PST system. Summary reports within the system are available to MTSS school-based leadership (i.e. the Principal, PST Chair, and school psychologist). End of year: FAIR, FCAT

Frequency of Data Days: monthly for data analysis or as determined by principal Midyear: Florida Assessments for Instruction in Reading (FAIR), Diagnostic Assessment for Reading (DAR), Early Reading Diagnostic Assessment (ERDA)

End of year: FAIR, FCAT

Frequency of Data Days: monthly for data analysis or as determined by principal

Describe the plan to train staff on MTSS.

The district Coordinator of MTSS in conjunction with the Deputy Superintendent for Instructional Services will be providing schools with relevant training materials on MTSS. In addition to an overview of MTSS that will be available to all schools, the foundational principles of MTSS and resources will be embedded within other resources and trainings (e.g., Deliberate Practice and Common Core State Standards Training).

Describe the plan to support MTSS.

School-based support for MTSS will be provided by the District MTSS Leadership Team. In turn, the school-based MTSS Leadership team will disseminate relevant MTSS information to teachers and parents. Data-based meetings throughout the school year will identify those students in need of academic and/or behavioral supports. Furthermore, based on this data-

based decision making, supports will be implemented and monitored. School-specific reports, such as those available in Pinnacle Insight, will facilitate the development of a data-based MTSS framework. This data, in conjunction with identified school-based tiered resources, will ensure that a Multi-Tiered System of Supports is an overarching framework that guides the work of the school.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team-

Identify the school-based Literacy Leadership Team (LLT).

Our Literacy Leadership Team identified as Curriculum Leadership Team at Sunrise Elementary has been meeting for the last 3 years to support our work with the Volusia Proficiency Model. Much of the conversation centered on the Pyramid of Intervention and what activities should fall in Tier II annd Tier III. Our lack of resources and manpower to provide Tier II interventions that isn't invitational and within the school day the team has begun to focus on core instruction. Our goal through staff development, walk through, Professional Learning Community data discussions, and reflective practice is to improve core instruction at Sunrise Elementary.

Principal: Provides a common vision for the use of data-based decision-making by promoting the Volusia Proficiency Model. Ensures that educators are implementing the model from Fisher and Frey Better Learning Through Structured Learning of; focus lesson, guided instruction, collaboration, and indepentent task.

Reading Intervention Coaches: Support team decision making based on knowledge of research based programs.

Volunteer General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to insure implementation of model

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching. Collaboration insures rigor in grade level standards as well as meeting IEP goals. Students recieve instruction in grade level classrooms to insure all students are receiving core instruction with their classroom teachers.

Curriculum Leadership Team acquires knowledge through district trainings and processes knowledge to plan for dissemination.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

Team meets weekly to discuss how to best support Sunrise Teachers as we implement Common Core instruction in all areas; reading, writing, math, science, and social studies. Teachers on the team meet with their grade level teams to provide feedback for ongoing needs to support teachers with implementation. Decisions are made how to best way to provide staff development on areas of need; in house, district personnel, outside consultants, book study, etc.

What will be the major initiatives of the LLT this year?

Training and implementation of Common Core Standards

Implementation of content area text into the reading block to insure students are reading more complex text.

Public School Choice

Supplemental Educational Services (SES) Notification View uploaded file (Uploaded on 10/18/2012)

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

The District, in conjunction with the local Head Start agency, Early Learning Coalition, VPK Sites and other local pre-school facilities, coordinates efforts to promote continuity of services and effective transitions for children and their families. These include:

• Providing the opportunity for ongoing communication between agencies to facilitate coordination of programs and shared expectations for children's learning and development as the children transition to elementary school.

• Collaborating and participating in joint professional development, including transition-related training for school staff and pre-school staff when feasible.

• Utilizing pre-school assessments to monitor readiness skills for students transitioning from pre-school to kindergarten.

• Providing to the pre-school agencies local public school policies, kindergarten registration, kindergarten orientation and other relevant information to ease the transition of children and families.

*Grades 6-12 Only

Sec. 1003.413(b) F.S.

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

N/A

*High Schools Only

Note: Required for High School - Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

N/A

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

N/A

Postsecondary Transition

Note: Required for High School - Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report

N/A
