McArthur Elementary/Family Compact

As a parent/guardian of a student of McArthur Elementary, this compact acknowledges that we share the responsibility for improved student achievement. With the importance of our academic responsibilities as our top priority, we pledge the following:

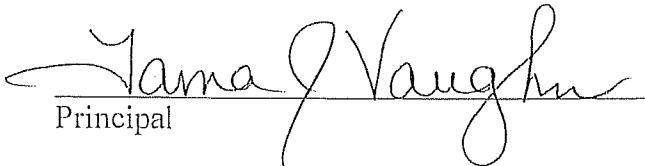

McArthur Elementary employees will provide a safe and supportive learning environment, high quality curriculum, and effective and appropriate instruction. We will respect parents' rights to be involved in decisions about their child's education. We will encourage our student's efforts. We will enforce our school's rules while preserving each student's dignity. We will communicate with parents regularly. We will abide by the highest standards of our profession.

As a parent/guardian, I will support my child's learning by ensuring good attendance, monitoring homework, and communicating regularly with the school faculty and staff. I will encourage my child's effort. I will help to maintain a good learning environment by supporting the faculty and staff as we mutually enforce the school's rules. I will participate in decisions about my child's education.

In so pledging, we sign this compact.
