Introduction

The purpose of the combined mental health application is to streamline and merge two programs into one application. The Youth Mental Health Awareness Training (YMHAT) Plan and the Mental Health Assistance Allocation (MHAA) Plan are to provide supplemental funding to districts so schools can establish, expand and/or improve mental health care, awareness and training and offer a continuum of services. These allocations are appropriated annually to serve students and families through resources designed to foster quality mentalhealth. This application is separated into two primary sections: Part II includes the YMHAT Plan and Part III includes the MHAA Plan.

Part I. Mental Health Assistance Allocation Plan

In accordance with s. 1011.62, F.S., the MHAA Plan allocation is to assist districts with establishing or expanding school-based mental health care; training educators and other school staff in detecting and responding to mental health issues; and connecting children, youth and families who may experience behavioral health issues with appropriate services.

Submission Process and Deadline

The application must be submitted to the Florida Department of Education (FDOE) by August 1, 2022.

There are two submission options for charter schools (MHAA Plan Only):

- Option 1: District submission includes charter schools in their application.
- Option 2: Charter school(s) submit a separate application from the district.

Part I: Mental Health Assistance Allocation Plan

s. 1011.62, F.S.

Direct employment policy, roles and responsibilities

Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.

The employment of a school counselor will help Manatee School For the Arts be more well equip to meet the needs of our students. The staff-to-student ratio will decrease from 1:497 to 1:398. Our counselors will be better able to assess, intervene, and provide support to our school community.

Describe your school's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).

We review every year the status of the budget and the ability to add staff as needed, including counseling and mental health staff.

Describe the role of school based mental health providers and community-based partners in the implementation of your evidence-based mental health program.

Manatee School For the Arts will continue to collaborate with local agencies, such as Centerstone and other who support mental health and addiction treatment, both through services they provide and prevention programs that they offer.

Community Contracts/Interagency Agreements

List the contracts or interagency agreements with local behavioral health providers or Community Action Team (CAT) services and specify the type of behavioral health services being provided on or off the school campus.

1. Centerstone - Community Action Team: Provides services to students in the school
2. Centerstone - Intervention and Prevention Team: Provides services to students in the school
3. Palm Shores - Outpatient Services: Provides services as needed for students
