## Introduction

The purpose of the combined mental health application is to streamline and merge two programs into one application. The Youth Mental Health Awareness Training (YMHAT) Plan and the Mental Health Assistance Allocation (MHAA) Plan are to provide supplemental funding to districts so schools can establish, expand and/or improve mental health care, awareness and training and offer a continuum of services. These allocations are appropriated annually to serve students and families through resources designed to foster quality mentalhealth. This application is separated into two primary sections: Part II includes the YMHAT Plan and Part III includes the MHAA Plan.

### Part I. Mental Health Assistance Allocation Plan

In accordance with s. 1011.62, F.S., the MHAA Plan allocation is to assist districts with establishing or expanding school-based mental health care; training educators and other school staff in detecting and responding to mental health issues; and connecting children, youth and families who may experience behavioral health issues with appropriate services.

### Submission Process and Deadline

The application must be submitted to the Florida Department of Education (FDOE) by August 1, 2022.

There are two submission options for charter schools (MHAA Plan Only):

- Option 1: District submission includes charter schools in their application.
- Option 2: Charter school(s) submit a separate application from the district.

Parents of students receiving services are provided information about other behavioral health services available through the student's school or local community-based behavioral health service providers. Schools may meet this requirement by providing information about and internet addresses for web-based directories or guides for local behavioral health services.

Yes

## Planned Outcomes

**Identify two specific and measurable goals that will be accomplished within the 2022-23 school year, and specify which component of Charter Assurance 1.a. directs that goal (refer to the Guidance Tab if needed).**

The rationale for developing, enhancing and/or implementing a Mental Health Assistance Allocation Plan is to improve the efficiency and effectiveness of mental health services offered at the Archimedean Schools and to better serve our students and community. Every grade level will develop a model to address behavior and discipline by August 15th, 2023. The quality of the plans will be measured with a rubric.

Reduction of referrals to the counselor's for TIER 1 by 50%

Parents survey at the end of the year with 75% participation and 100% satisfaction with the grade level model.

## **Direct employment policy, roles and responsibilities**

**Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.**

The support of the MHAA towards the implementation of the MTSS will allow us to proactively engage teachers and parents. This will reduce the need for counseling and support services at the Tier I level. Thus reducing the staff to student ratios.

**Describe your school's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).**

1. Student expressing unusual emotional outburst, knowledge that a student is undergoing a crisis and/or tumultuous time period, aggressive and/or concerning drawings, aggressive and/or concerning writing, apathy and/or disinterest in school, truancy, apathy and/or disinterest in peer socialization, withdrawal, knowledge of substance abuse, physical bruising and/or wounds, student claims to have been physically, emotionally or verbally abused and/or any other behavior a teacher may consider concerning. 1.

(2) List procedures for identifying students in need of mental health interventions and treatment.

- A. Inform ADMINISTRATION of situation.
- B. Conduct a Risk Assessment; determine if BAKER ACT is required.
- C. If BAKER ACT is necessary, contact POLICE and/or PRINCIPAL. The principal can contact parents for the student to be admitted to the hospital for observation.
- D. Contact and inform parent/legal guardian.

**Describe the role of school based mental health providers and community-based partners in the implementation of your evidence-based mental health program.**

Our counselor has close communication with local agencies for referrals as needed: Miami-Dade Police Department, Crisis Team Management, Department of Children and Families, as well as an array of hotlines available for advising and reporting. Archimedean's counselor has close
