Section D: Direct Employment	7
Section E: MHAA Planned Funds and Expenditures	8
Section F: Charter Governing Board Approval	9

Introduction

The purpose of the combined mental health application is to streamline and merge two programs into one application. The Youth Mental Health Awareness Training (YMHAT) Plan and the Mental Health Assistance Allocation (MHAA) Plan are to provide supplemental funding to districts so schools can establish, expand and/ or improve mental health care, awareness and training and offer a continuum of services. These allocations are appropriated annually to serve students and families through resources designed to foster quality mentalhealth. This application is separated into two primary sections: Part II includes the YMHAT Plan and Part III includes the MHAA Plan.

Part I. Mental Health Assistance Allocation Plan

In accordance with s. 1011.62, F.S., the MHAA Plan allocation is to assist districts with establishing or expanding school-based mental health care; training educators and other school staff in detecting and responding to mental health issues; and connecting children, youth and families who may experience behavioral health issues with appropriate services.

Submission Process and Deadline

The application must be submitted to the Florida Department of Education (FDOE) by August 1, 2022.

There are two submission options for charter schools (MHAA Plan Only):

- Option 1: District submission includes charter schools in their application.
- Option 2: Charter school(s) submit a separate application from the district.

Part I: Mental Health Assistance Allocation Plan

s. 1011.62, F.S.

MHAA Plan Assurances

The Charter School Assurances

One hundred percent of the state funded proportionate share is used to expand school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth and families with appropriate behavioral health services.

Yes

Mental health assistance allocation funds do not supplant other funding sources or increase salaries or provide staff bonuses or incentives.

Yes

Maximizing the use of other sources of funding to provide school-based mental health services (e.g., Medicaid reimbursement, third-party payments and grants).

Yes

Collaboration with FDOE to disseminate mental health information and resources to students and families.

Yes

Includes a system for tracking the number of students at high risk for mental health or co-occurring substance use disorders who received mental health screenings or assessments; the number of students referred to school-based mental health services providers; the number of students referred to community-based mental health services providers; the number of students who received school-based interventions, services or assistance; and the number of students who received community-based interventions, services or assistance.

Yes

A Charter school board policy or procedures has been established for

Students referred to a school-based or community-based mental health services provider, for mental health screening for the identification of mental health concerns and students at risk for mental health disorders are assessed within 15 calendar days of referral.

Yes

School-based mental health services are initiated within 15 calendar days of identification and assessment.

Yes

Community-based mental health services are initiated within 30 calendar days of referral.

Yes

Individuals living in a household with a student receiving services are provided information about behavioral health services through other delivery systems or payors for which such individuals may qualify if such services appear to be needed or enhancements in those individuals' behavioral health would contribute to the improved well-being of the student.

Yes

District schools and local mobile response teams use the same suicide screening instrument approved by FDOE pursuant to s. 1012.583, F.S., and Rule 6A-40010, Florida Administrative Code.

Yes

Assisting a mental health services provider or a behavioral health provider as described in s. 1011.62, F.S., respectively, or a school resource officer or school safety officer who has completed mental health crisis intervention training in attempting to verbally de-escalate a student's crisis situation before initiating an involuntary examination pursuant to s. 394.463, F.S. Such procedures must include strategies to de-escalate a crisis situation for a student with a developmental disability as that term is defined in s. 393.063, F.S.

Yes

The requirement that in a student crisis situation, the school or law enforcement personnel must make a reasonable attempt to contact a mental health professional who may initiate an involuntary examination pursuant to s. 394.463, F.S., unless the child poses an imminent danger to self or others before initiating an involuntary examination pursuant to s. 394.463, F.S. Such contact may be in person or using telehealth, as defined in s. 456.47, F.S. The mental health professional may be available to the school district either by contracts or interagency agreements with the managing entity, one or more local community behavioral health providers, or the local mobile response team, or be a direct or contracted school district employee. Note: All initiated involuntary examinations located on school grounds, on school transportation or at a school sponsored activity must be documented in the Involuntary Examinations and Restraint and Seclusion (IERS) platform.

Yes

Parents of students receiving services are provided information about other behavioral health services available through the student's school or local community-based behavioral health service providers. Schools may meet this requirement by providing information about and internet addresses for web-based directories or guides for local behavioral health services.

Yes

Planned Outcomes

Identify two specific and measurable goals that will be accomplished within the 2022-23 school year, and specify which component of Charter Assurance 1.a. directs that goal (refer to the Guidance Tab if needed).

For the school year 2022 - 2023, we expect 100% of our students with serious mental health concerns to be screened with a universal tool, to receive direct assessment and treatment services, to improve social and emotional skills, and documented intervention through a Multi-Tiered System of Support (MTSS).

Charter Program Implementation

Evidence-Based Program	EBP/Practices found in Blue Menu of Evidence-Based Psychosocial Interventions for Youth and the SAMHSA Evidence-Based Practices Resource Center.
Tiers of Implementation	Tier 1, Tier 2
Describe the key EBP components that will be implemented as well as any related activities, curricula, programs, services, policies and strategies.	
Therapy), and Morning Meeting SSIS Rating in English & Spani Culturally Responsive Teaching Substance Abuse Prevention p Skills group counseling Assessment and interpretation Development and monitoring of Suicide risk/threat assessment Psychological assessment of so	sh g resentations of behavioral data to monitor response to intervention f individual student behavior intervention plans Protocols for responding to bullying pocial, emotional, and behavioral problems as assigned on a student's IEP or 504 Plan
the early identification of socia the likelihood of at-risk studen	mplement evidence-based mental health services for students to improve al, emotional, behavioral problems or substance use disorders, as well as ts developing social, emotional, behavioral problems, depression, anxiety es, and how these will assist students dealing with trauma and violence.
Responsive Classroom and Positive Action are student-centered, social and emotional learning approach to teaching, character building, and discipline. It is comprised of a set of research, and evidence-based practices designed to create safe, joyful, and engaging classrooms and school communities for both students and teachers. Teachers are trained at the beginning of every school year. Teachers will implement morning meetings which include a structured greeting, sharing, group activity, and morning message aligned with the Responsive Classroom and Positive Action Curriculum. All new staff are trained at the beginning of every school year.	
	eening student(s) identified with a mental health concern. The screening School Psychologist will do the scoring and analysis of data to address ent(s).
Culturally responsive teaching (CRT) attempts to bridge the gap between teacher and student by helping the teacher understand the cultural nuances that may cause a relationship to break down—which ultimately causes student achievement to break down as well.	
Provided by the Community Partners, SCS District, Sarasota Police Department and/or First Responder Small groups provided by the school psychologist, and other mental health professionals Implementation by the ESE Liaison, SWST, School Psychologist, Classroom teachers, Gatekeeper, Administration, or other mental health professional School Psychologist, CARE team	
Prevention programs such as Positive Action, restorative strategies School Psychologist, other mental health professional, and anti-human trafficking	

Explain how the supports will deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses.

Improve Social and Emotional skills- The SSIS will be used as a universal screening tool completed as needed to identify social and emotional strengths and weaknesses. Reviewed at School Wide Support Team meetings.

Improve emotional intelligence, social and emotional skills for adults and children on campus. Measured by teacher report and parent input. Reviewed at School Wide Support Team meetings.

Improve cultural understanding and communication to foster relationships. Lessen student use of controlled substances Measured by teacher report and parent input. Reviewed at School Wide Support Team meetings as needed.

Measured by teacher report, parent input, and/or social emotional universal screening tool. Reviewed at School Wide Support Team meetings as needed.

SWST, Tier 2 RTI data collected by the teachers using behavior rating sheets. Safety plan

Specifically designed interventions, instructional support, and/ or accommodations. BASC-3, Quarterly progress reports on IEP goals. Safety Plan

Direct Employment

MHAA Plan Direct Employment

School Counselor

Current Ratio as of August 1, 2022 .5

2022-2023 proposed Ratio by June 30, 2023 .5

School Social Worker

Current Ratio as of August 1, 2022 0

2022-2023 proposed Ratio by June 30, 2023 **0**

School Psychologist

Current Ratio as of August 1, 2022 **1:252**

2022-2023 proposed Ratio by June 30, 2023 2:324

Other Licensed Mental Health Provider

Current Ratio as of August 1, 2022 **0** 2022-2023 proposed Ratio by June 30, 2023 **0**

Direct employment policy, roles and responsibilities

Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.

Dreamers will contract with one and/or two school psychologists to serve the school and its students in different capacities.

Describe your school's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).

SWST protocols and procedures will be established to review information to proceed with a treatment care plan for both students and families. The school will connect resources for wraparound care and school identified personnel are assigned to monitor ongoing support and outcomes of interventions, at all levels (Tier II, Tier III).

Describe the role of school based mental health providers and community-based partners in the implementation of your evidence-based mental health program.

School based mental health providers will collaborate with community-based partners to meet the mental health needs of students. School based and community support allows for wraparound support.

Community Contracts/Interagency Agreements

List the contracts or interagency agreements with local behavioral health providers or Community Action Team (CAT) services and specify the type of behavioral health services being provided on or off the school campus.

Herrera Psychology

MHAA Planned Funds and Expenditures

Allocation Funding Summary

MHAA funds provided in the 2022-2023 Florida Education Finance Program (FEFP) \$ 13,432.00

Unexpended MHAA funds from previous fiscal years as stated in your 2021-2022 MHAA Plan \$ 0.00

Grand Total MHAA Funds

\$13,432.00

MHAA planned Funds and Expenditures Form

Please complete the MHAA planned Funds and Expenditures Form to verify the use of funds in accordance with (s.) 1011.62 Florida Statues.

The allocated funds may not supplant funds that are provided for this purpose from other operating funds and may not be used to increase salaries or provide bonuses. School districts are encouraged to maximize third-party health insurance benefits and Medicaid claiming for services, where appropriate.
