District Program Implementation

Evidence-Based Program	Better Together Cubed
Tier(s) of Implementation	Tier 1, Tier 2
Describe the key EBP components that will be implemented.	
<p>Better Together Cubed is an evidence based program for students in Kindergarten through eighth grade. The program will help OPCS improve the early identification of students in need of extra support in the MTSS process. Students will be screened and provided with the appropriate level of MTSS supports including Tiers 1, 2, and 3. Tier 1 lessons will be taught by the classroom teachers along with small groups for Tier 2 and 3 in 30 minute sessions as evidenced by the screening process at six week intervals throughout the year.</p>	
<p>Explain how your district will implement evidence-based mental health services for students to improve the early identification of social, emotional, or behavioral problems or substance use disorders, as well as the likelihood of at risk students developing social emotional or behavioral problems, depression, anxiety disorders or suicidal tendencies, and how these will assist students dealing with trauma and violence.</p>	
<p>Students will be screened every six weeks to monitor the need for interventions in the MTSS process. Administration and classroom teachers will meet every six week to discuss student progress and student needs based on the assessment. The part-time school counselor will be consulted on an as needed basis based on the results of the assessment. Better Together Cubed provides lessons based on the needs of all Tiers of students.</p>	
<p>Explain how the supports will deliver evidence-based mental health care assessment, diagnosis, intervention, treatment and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses.</p>	
<p>Students and their families will be referred to Guidance Care Center. OPCS contracts a Licensed Mental Health Provider for 8 hours per school week. Teachers use the Better Together Cubed program to provide lessons and interventions to support students.</p>

Direct employment policy, roles and responsibilities

Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.

OSCS contracts a Licensed Mental Health Provider for 8 hours per school week. Teachers use the Better Together Cubed program to provide lessons and interventions to support students.

Describe your district's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).

During the 2022-2023 school year, the Licensed Mental Health Provider was contracted for four hours per week. In the 2023-2024 school year, the LMHP will be contracted for eight hours per week.

Describe the role of school based mental health providers and community-based partners in the implementation of your evidence-based mental health program.

The Licensed Mental Health Provider will provide support to teachers and administration if the Tiered interventions are not enough support for a student. The Guidance Care Center, a local mental health resource center, will be consulted on an as needed basis.

Community Contracts/Interagency Agreements

List the contracts or interagency agreements with local behavioral health providers or Community Action Team (CAT) services and specify the type of behavioral health services being provided on or off the school campus.
