## District Program Implementation

<b>Evidence-Based Program</b>	7Mindsets
<b>Tier(s) of Implementation</b>	Tier 1, Tier 2
Describe the key EBP components that will be implemented.	
<p>7Mindsets targets 10 Social and Emotional Learning Competencies for students which are as follows: Self-Awareness, Self- Management, Social Awareness, Relationship skills, Decision making, Resilience, Growth Mindset, Empathy, Cultural Competence, and Hope.</p> <p>Self- Awareness: Students are encouraged to develop self-awareness skills to have knowledge of one's emotions, to develop an accurate and positive self-concept, and to recognize individual strengths and external support systems.</p> <p>Self- Management: Students learn to demonstrate self-management skills and resiliency to regulate emotions and to monitor and achieve behaviors related to school and life success.</p> <p>Relationship Skills: Students develop social-awareness skills needed to establish and maintain positive relationships.</p> <p>Decision-Making: Student will be taught decision-making skills, problem-solving skills, and responsible behaviors in school, as well as in personal and community contexts.</p> <p>Resilience: This competency has the goal to build authentic self-confidence in students and to demonstrate the ability to deal with adversity and persist through multi-step complex efforts.</p> <p>Growth Mindset: Students will gain a mindset that values and actively seeks personal development and growth instead of extrinsic rewards and recognitions.</p> <p>Empathy: Students will develop compassion, awareness of other cultures and perspectives, and an orientation toward empowering others.</p> <p>Cultural Competence: Students will build the ability to live and work effectively in culturally diverse environments and enact a commitment to fairness and to the full participation of all members.</p> <p>Hope: This competency focuses on creating positive beliefs in one's own abilities and those of other people and focus on the possibilities for the future.</p>	
<p>Explain how your district will implement evidence-based mental health services for students to improve the early identification of social, emotional, or behavioral problems or substance use disorders, as well as the likelihood of at risk students developing social emotional or behavioral problems, depression, anxiety disorders or suicidal tendencies, and how these will assist students dealing with trauma and violence.</p>	
<p>7Mindsets is implemented throughout the entire school, K-12th grade. The teachers will be responsible in collaboration with the social worker and school counselors to implement the curriculum.</p> <p>The students will be taught and encouraged to develop self-awareness skills and to monitor their own emotions and feelings.</p> <p>Each lesson will begin with a question and a short video. Students will be encouraged to voice their experiences, feelings, and opinions through various grade level and age appropriate activities.</p> <p>The teacher in collaboration with the social services team will review students responses when concerns/ red flags arise from students' activity answers.</p> <p>The desired outcome for the curriculum is to improve students social and emotional competencies which in return will lower students being referred for social/emotional/behavioral problems, depression, anxiety disorders, suicidal tendencies, and trauma/violence.</p>	
<p>Explain how the supports will deliver evidence-based mental health care assessment, diagnosis, intervention, treatment and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses.</p>	

The EBD program will allow students to complete self-assessments which in return can diagnose any need for mental health services. The teacher will contact the social services team who in return will assist the student with one or more mental health, substance abuse diagnoses.

### Direct employment policy, roles and responsibilities

**Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.**

The direct employment of school-based mental health service providers will improve the delivery of mental health services in schools by lowering professional to student ratio. School social worker and school counselor are only responsible for students in need of guidance/mental health services.

**Describe your district's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).**

As staff/ faculty received training in early identification and referring of social, emotional, and behavioral problems or substance abuse disorders. Any student in need of mental health services will be referred as soon as possible. The social services team will track and monitor the students.

**Describe the role of school based mental health providers and community-based partners in the implementation of your evidence-based mental health program.**

The school based mental health providers and community-bases partners are responsible for overseeing the social/emotional curriculum, providing screening, and referring students to appropriate interventions and services. Furthermore, they are responsible to keeping logs of provided mental health services and outcomes.

**Community Contracts/Interagency Agreements**

**List the contracts or interagency agreements with local behavioral health providers or Community Action Team (CAT) services and specify the type of behavioral health services being provided on or off the school campus.**

Centerstone - trauma/addiction care, family relationship issues, parenting

Florida Center - one-on-one mental health counseling
