-School-based MTSS/RtI Team	

Identify the school-based MTSS leadership team.

The school-based RtI Leadership Team is comprised of general education personnel that facilitate PS/RtI as a related but distinct process from the CARE (Children At-Risk in Education) eligibility determination process. At Englewood Elementary the

Rtl Leadership Team is composed of:

The Principal: Provides support in instructional resources, strategies and overall data demographics.

Select General Education Teachers: Provides information about classroom instructional strategies, daily monitoring and progress.

Exceptional Student Education (ESE) Liaison: Provides information about current IEP, related strategies and on-going review.

School Guidance Counselor: Provides information about related services, groups and basic strategies.

School Social Worker & Psychologist: Provides information related to social services, strategies and topics related.

Describe how the school-based MTSS Leadership Team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The team meets once a week to engage in the following activities: The team will review summative and formative data to identify school, grade, class and individual academic/behavioral needs. Student information will be reviewed. Based on data review, instructional strategies will be identified and a timeline of implementation will be constructed. Student progress will be graphed and monitored. Individual cases reviewed periodically to determine progress and reassess further instructional interventions.

Describe the role of the school-based MTSS Leadership Team in the development and implementation of the school improvement plan. Describe how the RtI Problem-solving process is used in developing and implementing the SIP?

The school-based RtI Leadership Team will employ a continuous improvement process to create the SIP as outlined in this document. Input will be gathered from the grade level teams, the SAC and district teams composed of specialists in the areas of instructional/behavioral need. The district-based leadership team in collaboration with the school-based leadership team will oversee the implementation of the SIP Plan.

-MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Englewood Elementary School uses a variety of reports produced by the distict office of Research, Assessment and Evaluation on the academic achievement of students at all Tiers. Disaggregated AYP subgroup data by reading, math, science and writing is utilized. Further, EES participates in FAIR reading assessments as well as district Math Benchmark Assessments, Writing assessments and Science assessments to summarize data for students at Tier 1, 2, and 3.

Describe the plan to train staff on MTSS.

The school administrative and Data/Assessment team participated in MTSSS-Multi-Tiered System of Student Support (PSRtI) in the summer of 2011. Also, school-based PSRtI specialist/s have provided training to Englewood Elementary teachers and to date 100% have participated.

Describe the plan to support MTSS.

Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

The school does not have an identified LLT. We utilize our RTI/SWST to review and discuss all areas of curriculum development, implementation and assessment.

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

*Grades 6-12 Only

Sec. 1003.413(b) F.S.

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

*High Schools Only

Note: Required for High School - Sec. 1003.413(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

Postsecondary Transition

Note: Required for High School - Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School</u> <u>Feedback Report</u>

PART II: EXPECTED IMPROVEMENTS

Reading Goals

* When using percentages, include the number of students the percentage represents (e.g., 70% (35)).

Based on the analysis of student achievement data, and reference to "Guiding Questions", identify and define areas in need of improvement for the following group: By the year 2013, there will be a minimum of a four percentage point increase for Level 3 students, when less than 70% are currently demonstrating proficiency (across 1a. FCAT2.0: Students scoring at Achievement Level 3 in Levels 3,4,5). There will be a minimum of a two percentage reading. point increase for Level 3 students where 70% or more are currently demonstrating proficiency (across Levels 3,4,5). If Reading Goal #1a: 90% or more students are proficient, the school can maintain or demonstrate an increase in the percent proficient. No overall proficiency target will be less than 35% (across Levels 3,4,5) for any subgroup. 2012 Current Level of Performance: 2013 Expected Level of Performance: Level 3 - 27%(55) Level 3 - 31% Level 3,4,5 - 75%(151) Level 3,4,5 - 77%
