#### Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

#### School-Based MTSS/RtI Team

Identify the school-based MTSS leadership team.

The School-based RtI Leadership Team consists of: School administrator, CRT, guidance counselor, school psychologist, teachers of the particular students, and other personnel as appropriate such as staffing specialists (for students with (IEP's)behavior specialists, speech and language therapists and mental health counselors.

Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

The RtI Leadership Team will meet monthly to review individual student's intervention data.

In order to comply with Federal Legislation (IDEA 2004) mandates as well as state regulations, the lead team decided to implement a standard protocol process for research-based academic interventions and a diagnostic-prescriptive process for research-based behavioral interventions. Teachers and RtI tutors will be responsible for providing the intervention with fidelity and recording data. RtI coaches/Curriculum Resource Teachers will monitor, coach, and assist with professional development and graphing data as needed. SWIS data will be utilized to monitor the need for behavioral interventions. On-going progress monitoring will be completed, graphed and analyzed at monthly follow-up school-based Solutions team meetings. At these meetings, a decision to discontinue T2 support, continue and/or modify T2 interventions or provide additional T3 support will be made. RtI is a regular education initiative. The RtI team will coordinate with the ESE department, parents, and all stakeholders.

Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP?

The RtI Leadership Team will work with the School Improvement Team to make sure that the RtI process is thoroughly integrated into the plan. Identifying students at risk and implementing RTI strategies will aid in school improvement.

#### MTSS Implementation
