## 2012-2013 School Improvement Plan (SIP)-Form SIP-1

Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

- Facilitator – generates agenda and leads team discussions
- Data Manager(s)/Data Coach(es) – assist team in accessing and interpreting (aggregating/disaggregating) the data
- Technology Specialist – brokers technology necessary to manage and display data
- Recorder/Note Taker – documents meeting content and disseminates to team members in a timely manner as well as storing a hard copy in a binder for all teachers to access
- Time Keeper –helps team begin on time and ensures adherence to agreed upon agenda

The RtI Leadership Team will focus meetings around one question: How do we develop and maintain a problem solving system to bring out the best in our school, our teachers and our students?

The team meets weekly on Wednesdays from 7:35-8:30 to engage in the following activities:

Review universal screening data to link to instructional decisions; review progress monitoring data at the grade level and the classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, make decisions and practice new processes and skills.

Many of the Orange Grove Elementary RtI members work at other schools within Pinellas County. This unique situation gives Orange Grove the ability to copy systems that are working for other schools without having to reinvent the wheel.

Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP?

Two of the RtI Leadership Team members are members of the School Improvement Team. The School Improvement Team and the Principal meet to develop the 2011-12 School Improvement Plan.

Data drives our SBLT and our SIP goals. Every 6 to 8 weeks the SBLT meets with grade level teams to discuss student progress. The data is compared to the goals set via the SIP and if needed, changes in interventions are made to meet our SIP goals.

### MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Baseline Data:

2012 April FAIR data as reported via the Progress Monitoring and Reporting Network (PMRN), the 2012 Florida Comprehensive Assessment Test (FCAT) data, and the Math and Science Common Assessment Data maintained in EDS.

Universal Screenings:

Reading, Math, Writing and Science: Curriculum Based Measurements (CBM) for more frequent Tier 2 and Tier 3 with Excel graphs maintained by the school RtI Leadership Team.

Behavior: Data Collection using a variety of tools with Excel graphs maintained by the RtI Leadership Team.

End of year:

## 2012-2013 School Improvement Plan (SIP)-Form SIP-1

FAIR data, Pinellas County Common Assessment data, and the 2013 FCAT results for grade 3, 4 and 5.

Describe the plan to train staff on MTSS.

Early in the school year the Orange Grove staff will be trained on the RtI process by the RtI Leadership team. In addition to this training, each grade level team will meet with a school-based RtI member assigned to each grade level to review ongoing progress monitoring data for each Tier 2 and Tier 3 student every 5 to 6 weeks in grade level PLCs. These PLCs are intended to offer the instructional staff more precise training to facilitate the fidelity of RtI and to identify students who are progressing successfully with the interventions put in place and to make decisions regarding students who are showing little or no progress based on the data. This forum is also designed to create an environment which allows teachers to process the information and have all questions and concerns addressed in an individualized manner. The team will be available to teachers at any time to guide the staff. The training and learning is on-going throughout the school year.

The RtI school-based Leadership Team will also evaluate additional staff professional development needs during the RtI Leadership Team Meetings.

Describe the plan to support MTSS.

The Master Schedule has been designed to maximize grade level planning time together. This will allow for teacher at a grade level to conduct PLC's and Data Share meeting with the SBLT to analyze data and monitor student progress. Grade Level data share meeting are scheduled at 6 to 8 week intervals to monitor student growth.
