Mission Statement

Parental Involvement Mission Statement (Optional)

Response: At W.W. Irby Elementary, today's learners will become tomorrow's leaders through a stimulating, child-centered environment. We value our partnership with parents in educating students and believe that parent involvement will increase student achievement.

Involvement of Parents

Describe how the school will involve parents in an organized, ongoing, and timely manner, in the planning, review, and improvement of Title I programs including involvement in the decisions regarding how funds for parental involvement will be used [Sections 1118(c)(3), 1114(b)(2), and 1118(a)(2)(B)].

Response: At W.W. Irby Elementary we believe that our Title I program will be most successful and beneficial to students when parents are involved in the planning, review and improvement of the program. Our school's SAC is involved in the development, implementation and evaluation of school-wide plans, such as the Irby's Title 1 School Improvement Plan, Irby's Title 1 Parent Involvement Plan, Title 1 Home-School Compact, and expenditures. The SAC is comprised not only of faculty and staff of Irby Elementary, but also community members and parent representatives and meets 4 times per year. All parents are invited to serve on the SAC through an invitation letter that is sent home. The invitation is also included in an Irby newsletter. A ballot is distributed to parents with the names of those wishing to serve on the committee. Ballots are collected and members identified. Minutes are kept at each SAC meeting to document parent input and signatures document all those present. Minutes are shared with all committee members and then maintained to be shared with all interest parties.

Our school sends out a climate survey each Spring to receive feedback and input from parents. The SAC will review the climate survey findings. At each of the Title I sponsored Parent Involvement workshops held each year, parents are asked to fill out an evaluation of the workshop which includes feedback on its value and effectiveness. The feedback and any other parental input throughout the year are taken into consideration when planning school-wide programs, improving the Title 1 program, etc. for the following year.
