This will be accomplished through support from home, attending meetings, and/or signing agendas, and other school activities.

School Mission Statement: The mission of Purcell Elementary School is to provide engaging, rigorous, curriculum using consistent school-wide strategies for all students. We have high expectations for academic and social achievement in order for students to become life-long learners and world scholars.

PCSB Mission Statement: The Mission of Polk County Public Schools is to provide high quality education for all students. Every child, every possibility.

Polk County Family Involvement Mission Statement: District and School-based Title I Parent and Family Engagement Programs in Polk County will strive to BUILD RELATIONSHIPS to create real family engagement for every child, every family, every teacher, every day.

Involvement of Parents

Describe how the school will involve parents in an organized, ongoing, and timely manner, in the planning, review, and improvement of Title I programs including involvement in the decisions regarding how funds for parental involvement will be used [Sections 1118(c)(3), 1114(b)(2), and 1118(a)(2)(B)].

Response: Involvement of parents will be documented through sign-in sheets and minutes of SAC meetings. Decisions involving the use of Title I funds reserved for parental involvement at the school level will be made during the development of the Parent Involvement Plan and School Improvement Plan by the School Advisory Council (SAC) in March 2017 and at other Parent Leadership meetings. The LEA will monitor SAC memberships to ensure that parents are involved in the process. All schools receive training and information on ways to include parents in the school improvement process and the life of the school through the Office of School Improvement and the Office of Parent/Family and Community Involvement. In addition, through District websites, SAC membership, letters sent home and invitations from administrators and parent involvement contact persons.

Parental input regarding plans is documented through the annual Title I Parent Survey Report in the spring and direct comments from parents regarding the effectiveness of the plans.

School planning teams include parents, SAC members, administrators, and members of the staff including the Parent Involvement Contact Person. Sign in sheets, agenda, and minutes of these meetings are kept. Team members review the school's Needs Assessment survey, parent surveys, student achievement information and demographics to provide information used in the development of the Parent Involvement Plan, School-Parent Compact, and School Improvement Plan.

The District Parent Involvement Specialist provides training for all of the Parent Involvement Contact Persons at each Title I school in all levels of parent involvement. The contact person will provide a PowerPoint with parents regarding their important role as their child's first and most important teacher. This presentation takes place during the annual meeting in September 2016. An agenda and sign in sheets will document this event.

Funds are set aside for parent involvement activities and to purchase a variety of resources including materials on literacy, math, and parent training as well as parent communication. Parents at D-PAT meetings were surveyed for input as to how the set aside funds should be most wisely spent. The school council also discusses how the expenditures of the 1% of the Title I funding should be spent.

Kindergarten Round-up to provide parents with ways in which they can prepare their child(ren) for kindergarten.

Donuts for Dad and Muffins for Mom will be held in November and December to focus on reading relationships at home.

We will also utilize the District Parent Involvement Resource Centers (PIRC) and the Parent Learning University for Growing (PLUG) to help encourage parental growth for them in various areas such as childcare, education, tutoring, and financial knowledge. Additionally, parents may bring their children to the centers to help with homework and find resources to help the family in general.

Communication

Describe how the school will provide parents of participating children the following [Section 1118(c)(4)]:

- Timely information about the Title I programs [Section 1118(c)(4)(A)];
- Description and explanation of the curriculum at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet [Section 1118(c)(4)(B)];
- If requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children[Section 1118(c)(4)(C)]; and
- If the schoolwide program plan under Section 1114 (b)(2) is not satisfactory to the parents of participating children, the school will include submit the parents' comments with the plan that will be made available to the local education agency [Section 1118(c)(5)].

Response: Parents will be provided information about Title I programs through the School Parent Compact, Parent Involvement Plan, and at the Annual Meeting. Parents are also invited to monthly School Advisory Council meetings. In reading, math, writing, and science students are tested for progress monitoring using the state FAIR and IBTP Assessments. These "ongoing assessments" help teachers and school personnel meet the needs of the students and monitor their progress toward meeting grade level expectations. In turn, this is valuable information for parents during parent-teacher conferences and portfolio meetings to determine how their child/ren are progressing as the year unfolds. Formative assessments are given in the spring each year. Students in grades 3-5 are assessed in the spring with FSA assessments in reading, math, writing, and science in 5th. A monthly newsletter is sent home and provides specific information about current programs, upcoming events, and ways parents can assist their children with learning. We also take advantage of "School Messenger" a system to make sure parents have the very latest information delivered to them through telephone and email communication. Parents will also be notified through newsletters, school website, district website, and the marquee for communicating various opportunities and pertinent

information. The on-line parent portal system allows parents to view grades, attendance, and discipline data if they sign up for the program. Teacher websites also increase communication with our parents along with Class DoJo and Remind applications.

Accessibility

Describe how the school will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include how the school plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: Spanish translators are available for all parent nights and teacher conferences. All information that is sent to parents is translated in Spanish in order for the Spanish speaking parents to be able to understand. Event labels that are sent home in agendas are translated to the language of the parent or guardian. Purcell meets ADA requirements with ramps and alternate access to all buildings.

Newsletters, flyers, and other information are translated and provided in lieu of English versions as requested.

Accessibility is further developed through School Messenger, child care being provided, and flexible time frames for activities. Parental input is taken via parent surveys, evaluations, email responses, SAC, and or through a suggestion box. Parents are invited through Facebook, flyers and invitations to join SAC annually. Through newsletters and promotions they are also invited to offer feedback and/or suggestions. The parents also have access to staff members through the PCSB directory and/or the Purcell website.
