#### Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

| School-Based MTSS/RtI Team  |
|---|
| Identify the school-based MTSS leadership team.   |
| Administration - Todd Roman, AP: Provides a clear understanding of and support for the RtI process and its implementation to the staff. Ensures adequate professional   |
| development to support RtI implementation.  |
| Classroom Teachers: Provide information about core instruction, deliver all Tiers of instruction/intervention, collaborate with fellow teachers and members of the RtI team to  |
| implement Tier 2 and 3 interventions, and collect student data.   |
| Literacy Coach and CRT – Leslie Rivers and Michelle Chevalier: Assist with school screening programs that identify children who may be considered "at risk." Meet with  |
| teachers to plan instruction and interventions in the areas of reading, math, and language arts. Assist in the design and implementation of progress monitoring data collection and   |
| data analysis. Participate in the design and delivery of professional development, as needed.   |
| Guidance counselors - Cathy Hatcher and Carol Timmons: Meet with teachers to plan instruction and interventions for behavior. Facilitate development of intervention plans.   |
| Provide support for intervention fidelity and documentation. Schedule all meetings.   |
| Student Services Personnel: Advises and provides expertise on all RTI issues.   |
| ESE Specialist – Shannon Cilio: Facilitates placement of students qualified for ESE.  |
| Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?   |
| The RtI Team meets at the beginning of the school year to revisit the status of those students already in the RtI process. When teachers would like to refer students to the RtI  |
| process, they fill out an RtI request form. The RtI team then meets at a scheduled time to discuss the student's needs, review data to determine if instruction adaptations or  |
| interventions are needed, plan the intervention(s), and set up electronic data collection tool(s). RtI meetings are scheduled weekly. Following at least six-twelve weeks of  |
| intervention, if student improvement has not been demonstrated, guidance counselors will schedule a follow-up meeting and the process will continue.  |
| Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP? |

 Members of the Rtl Leadership Team provide input into the academic and anti-bullying goals and interventions described in the School Improvement Plan. The team will also work together to implement any needed changes as indicated by ongoing progress monitoring, to ensure that the aligned tiered processes are in place.

 MTSS Implementation

 Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

 Once a teacher has referred a student for Rtl with the guidance office, he/she meets with the Rtl team at a scheduled time and date. At this meeting, the student's needs, academic and/or behavioral, are discussed, as well as his/her educational history and baseline data. Data sources include results from: classroom tests and observations, benchmark test,

 FCAT, and Literacy First. The Rtl team members assist the classroom teacher in planning intervention and progress monitoring activities and setting up the electronic forms to gather data. After baseline data has been examined, an aligned intervention. These meetings will continue, and interventions integrated until one is found to best meet the child's needs.

 Describe the plan to train staff on MTSS.

 The Rtl team members will be able to answer questions and provide more specific information to the teachers. In the past year, we have been able to assist some teacherrs with multiple Rtl students. These teachers have been a great assistance to their team members who may have additional questions or concerns about the Rtl process. Training and

support will also be provided by district staff.

Describe the plan to support MTSS.

The structure of the MTSS system at RLE is designed to provide support to teachers and students throughout the intervention process. The Guidance Counselors, Literacy Coach, and ELL Contact/CRT also bring students to the attention of the team based on the additional data to which they have access. Because the team meets weekly, there is a constant conversation about the needs of students/teachers in MTSS.

#### Literacy Leadership Team (LLT)

School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

Leslie Rivers, Literacy Coach ; Michelle Chevalier, Curriculum Resource Teacher; Cindy Coldren, Media Specialist; Jennifer Parker, Fifth Grade Teacher;

Nicole Nichols, Fourth Grade Teacher; Jamie Hedger, Third Grade Teacher; Sharon Nester, Second Grade Teacher;

MacDonald, First Grade Teacher; Denisse Ennis, Kindergarten Teacher; Kayla Dees, ESE Teacher

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

The LLT will meet every other month to analyze data, address concerns related to reading instruction, and spearhead new strategies and ideas.

What will be the major initiatives of the LLT this year?

Continue to implement the teaching of Reading Strategies, including a school-wide Book and Strategy of the Month, to meet the needs of our students in the lowest quartile. The

group will review Literacy First data to guide instruction and reinforce the necessity of differentiated instruction, including flexible small groups at all grade levels.

#### School Advisory Council (SAC)

SAC Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting *Yes* or *No* below.

Yes No

If No, describe the measures being taken to comply with SAC requirements.

#### Describe the activities of the SAC for the upcoming school year.

Round Lake's School Advisory Council meets every other month. Some of the functions of the SAC are: to review school data (from FCAT scores, parent surveys, etc.) and provide support for school initiatives.
