Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: The School District of Lee County Title I office will ensure that parents are included in the development, implementation and evaluation of the District Parent Involvement Plan, as well as all school-related plans, including, but not limited to, Schools' Parent Involvement Plans (PIP) and School Improvement Plans (SIP), through their participation in the School Advisory Council (SAC) and by providing input through their school's annual Parent Survey and the District Parent Satisfaction Survey. All Title I SACs, of which parents comprise 51%, review, evaluate, and provide feedback on the District PIP at their SAC meetings throughout the school year.

Members of SAC, including parents, community and school staff, are encouraged and invited to participate on this committee via school newsletters, the district Parent Guide, websites (district, school, teacher), flyers, ParentLink, marquee postings, parent letters and personal invitation. In addition, all parents are encouraged to complete the district Parent Satisfaction Survey through the array of communication methods mentioned above.

Parent feedback on the District PIP, including how Title I funds allocated for parent involvement should be spent, are shared with District Title I staff prior to the finalization of the District Parent Involvement Plan. Parents are encouraged and invited to participate in all levels of district and school planning. In addition, parents provide feedback on the District and School PIPs and SIP through their participation in their schools' Annual Title I meeting and parent trainings and workshops. Parent workshop evaluations give parents another opportunity to provide feedback on the effectiveness of the parent involvement program throughout the school year.

Parent members of SAC, as well as all school and district committee opportunities, are notified through the Parent Guide, school newsletters, school and district websites, through PTA/PTO/PTSA memberships, school marquees, letters sent home and through personal invitation. All records, including, but not limited to, agendas, sign-in sheets, handouts, minutes, and evaluation forms are maintained in Title I Toolkits at the school level.

The summaries of District and School Parent Involvement Plans, as well as School Compacts are distributed to all Title I parents at the beginning of each school year. While District and School level PIPs are revised with the involvement of parents in the spring of each year, parents are given the opportunity during the Annual Title I meeting for further contribution of their suggestions to both PIPs and the Compact. The District Parent Involvement Plan, School Parent Involvement Plan, School Compact, and School Improvement Plan are maintained in the school office, should a parent request to review a hard copy of the plans. The District PIP is also available on the School District website.

The district set aside funds for parental involvement will be used to: assist with support of several school-based Family Learning Resource Centers; purchase a variety of books

and resources, including materials on literacy, math and parent training; provide train-the-trainer research-based opportunities for school staff and assist with supplies for enhanced parent communication such as the Talk System, which supplies simultaneous translation.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The School District of Lee County will provide the following necessary coordination, technical assistance, and other support to assist Title I schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance. District Title I Staff, specifically Parent Involvement Specialists, provide:

- Ongoing technical assistance to all Title I schools for completing Parent Involvement Plans and School Compacts, as well as other required compliance documents(PIP);
- Continuous support throughout the year to schools in planning and implementing parental involvement activities to engage parents in their children's education to support academic achievement;
- Parent Involvement updates, workshops, and training opportunities at Title I Principals' meetings;
- Monthly technical assistance training with school-based Parent Involvement Specialists to enhance their skills in providing opportunities for parent participation, share best practices, provide training and technical assistance, and review data on parent participation;
- Train-the-trainer opportunities throughout the school year for school staff and parents that directly relate to improving academic achievement;
- Research-based training and information throughout the school year to school staff that enhance their abilities to communicate with parents and to encourage parent participation in their children's education;
- Support and encourage Title I school and community events by offering additional assistance throughout the year;
- If parents request family involvement activities, the District PI Specialists will work with the schools to ensure that these specific needs are met, when possible;
- Each school is responsible for keeping copies of all agendas, sign-in sheets, handouts, and flyers of parent involvement workshops in their Title I Tool Kit provided by the District Title I office;
- Title I staff survey, review, and evaluate all school's parent involvement programs and participation through the School Academic Trainings Record at the end of each year; and,
- In the spring of each year, Technical Assistance sessions are offered to the Title I schools for updating their Parent Involvement Plans. Once the responsible person or

team at each school has a draft copy, this is forwarded to the District Parent Involvement Specialists for review and evaluation. The PIP is returned to the school with suggestions or ideas to consider. It's then taken in draft form to the SAC and/or other parent groups for parent input and finalization in August. The final copy is forwarded to the District PI Specialists. The schools are notified to enter their PIPs in the Online System when the district is notified by DOE that the system is open.

Response: The School District of Lee County will involve parents of participating children in an annual evaluation of the content and effectiveness of the District Parent Involvement Plan. each school receives one section of the plan to review and offer suggestions to the District for the revision of the plan.

Parents take an active role in the review and evaluation of the District plan through participation in their School Advisory Committee (SAC), PTO/PTA/PTSA throughout the school year. All Title I School SACs receive an annual Title I District Parent Involvement Plan review form provided by the District Parent Involvement Specialists to complete by the beginning of May. School Administration, faculty, staff, community members and parents review and evaluate the implementation and effectiveness of the District Parent Involvement Plan by completing the review form and providing written suggestions and feedback. All completed evaluations are submitted to the District Parent involvement Specialists at the end of the year for review. Through the use of the Plan, Do, Study, Act (PDSA) Model, results of evaluations and collected data will be used to guide revisions in the Parental Involvement Plan for the following school year.

The District Parent Involvement Plan Committee will meet each year in the spring to review and evaluate the effectiveness of this plan.

Particular attention will be given to:
