# Florida Department of Education

# DRAFT School Improvement Plan (SIP) Form SIP-1

Proposed for 2012-2013

#### 2012-2013 SCHOOL IMPROVEMENT PLAN

#### PART I: CURRENT SCHOOL STATUS

#### **School Information**

School Name: Integrated Science and Asian Culture Academy Charter School	District Name: Miami-Dade County Public Schools
Ms. Hui Fang Su	Superintendent: Mr. Alberto M. Carvalho
SAC Chair: Ms. Luisa Corral	Date of School Board Approval: Pending

#### **Student Achievement Data and Reference Materials:**

The following links will open in a separate browser window.

School Grades Trend Data (Use this data to complete Sections 1-4 of the reading and mathematics goals and Sections 1 and 2 of the writing and science goals.)

Florida Comprehensive Assessment Test (FCAT)/Statewide Assessment Trend Data (Use this data to inform the problem-solving process when writing goals.)

High School Feedback Report

K-12 Comprehensive Research Based Reading Plan

#### **Administrators**

List your school's administrators and briefly describe their certification(s), number of years at the current school, number of years as an administrator, and their prior performance record with increasing student achievement at each school. Include history of School Grades, FCAT/statewide assessment performance (percentage data for achievement levels, learning gains, Lowest 25%), and ambitious but achievable annual measurable objective (AMO) progress.

Position	Name	Degree(s)/ Certification(s)	Number of Years at Current School	Number of Years as an Administrator	Prior Performance Record (include prior School Grades, FCAT/ statewide assessment Achievement Levels, learning gains, lowest 25%), and AMO progress, along with the associated school year)

### **Instructional Coaches**

List your school's instructional coaches and briefly describe their certification(s), number of years at the current school, number of years as an instructional coach, and their prior performance record with increasing student achievement at each school. Include history of School Grades, FCAT/statewide assessment performance (percentage data for achievement levels, learning gains, Lowest 25%), and ambitious but achievable annual measurable objective (AMO) progress. Instructional coaches described in this section are only those who are fully released or part-time teachers in reading, mathematics, or science and work only at the school site.

Subject Area	Name	Degree(s)/ Certification(s)	Number of Years at Current School	Number of Years as an Instructional Coach	Prior Performance Record (include prior School Grades, FCAT/ Statewide Assessment Achievement Levels, Learning Gains, Lowest 25%), and AMO progress along with the associated school year)
	N/A				

### **Effective and Highly Effective Teachers**

Describe the school-based strategies that will be used to recruit and retain high quality, effective teachers to the school.

De	scription of Strategy	Person Responsible	Projected Completion Date
1.	ISAAC will continue to provide year round professional development to enhance the meaningful pedagogical strategies of the teachers.	Assistant Principal	On-going
2.	ISAAC will partner new teachers with veteran teachers for mentoring, support, and modeling in the classroom.	Assistant Principal	On-going
3.	The principal will attend job fairs to recruit new highly effective teachers.	Principal	May 2013 July 2013

#### Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and who received less than an effective rating (instructional staff only). \*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of instructional staff and paraprofessionals that are teaching out-of-field and/or who received less than an effective rating (instructional staff only).	Provide the strategies that are being implemented to support the staff in becoming highly effective
N/A	

### Staff Demographics

Please complete the following demographic information about the instructional staff in the school.

\*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Total number of Instructional Staff	% of first- year teachers	% of teachers with 1-5 years of experience	% of teachers with 6-14 years of experience	% of teachers with 15+ years of experience	% of teachers with Advanced Degrees	% of teachers with an Effective rating or higher	% of Reading Endorsed Teachers	% of National Board Certified Teachers	% of ESOL Endorsed Teachers
2	0	50% (1)	50% (1)	0	0	100% (2)	0	0	50% (1)

#### Update all data prior to the October 12th posting.

### Teacher Mentoring Program/Plan

Please describe the school's teacher mentoring program/plan by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee Assigned	Rationale for Pairing	Planned Mentoring Activities
N/A			

### **Additional Requirements**

### Coordination and Integration-Title I Schools Only

Please describe how federal, state, and local services and programs will be coordinated and integrated in the school. Include other Title programs, Migrant and Homeless, Supplemental Academic Instruction funds, as well as violence prevention programs, nutrition programs, housing programs, Head Start, adult education, career and technical education, and/or job training, as applicable.

Title I, Part A
Title I, Part C- Migrant
Title I, Part D
Title II
Title III
Title X- Homeless
Supplemental Academic Instruction (SAI)
Violence Prevention Programs
Nutrition Programs
Housing Programs
Head Start
Adult Education
Career and Technical Education
Job Training
Other

### Multi-Tiered System of Supports (MTSS) /Response to Instruction/Intervention (RtI)

#### School-Based MTSS/RtI Team

Identify the school-based MTSS leadership team.

Principal

**Assistant Principal** 

General Education Teacher

**ESE** Teacher

Speech Language Pathologist

**Technology Specialist** 

Describe how the school-based MTSS leadership team functions (e.g., meeting processes and roles/functions). How does it work with other school teams to organize/coordinate MTSS efforts?

Principal: Provides a common vision for the use of data-based decision-making, ensures that the school-based team is implementing MTSS/RtI, conducts assessment of MTSS/RtI skills of school staff, ensures implementation of intervention support and documentation ensures adequate professional development to support MTSS/RtI implementation, and communicates with parents regarding school-based MTSS/RtI plans and activities.

Assistant Principal: Provides the data for the principal, reading coach, and teachers to facilitate data chats. The assistant principal will also meet with the teachers to enhance the intervention selection and to guide the selection process for guided reading groups to instruct students according to fulfill their academic needs. Select General Education Teachers (Primary and Intermediate): Provides information about core instruction, participates in student data collection, delivers Tier 1 instruction/intervention, collaborates with other staff to implement Tier 2 interventions, and integrates Tier 1 materials/instruction with Tier 2/3 activities. Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching.

Technology Specialist: Develops or brokers technology necessary to manage and display data and technical support to teachers and staff regarding data management and display.

Speech Language Pathologist: Educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language skills.

The MTSS/RtI Team will focus meetings around one question: How do we develop and maintain a problem solving system to bring out the best in our schools, our teachers, and in our students?

The team will meet once a month to engage in the following activities:

Review universal screening data and link to instructional decisions; review progress monitoring data at the grade level and classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on the above information, the team will identify professional development and resources. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, make decisions, and practice new processes and skills. The team will also facilitate the process of building consensus, increasing infrastructure, and making decisions about implementation.

Describe the role of the school-based MTSS leadership team in the development and implementation of the school improvement plan (SIP). Describe how the RtI problem-solving process is used in developing and implementing the SIP?

The school-based MTSS/RtI Leadership Team met with the Educational Excellence School Advisory Council (EESAC) and principal to help develop the SIP. The team provided data based on the 2011-2012 school year. The school-based MTSS/RtI Leadership Team will analyze available data for incoming students from the 2012 Stanford Achievement Test (SAT) and Florida Assessments for Instruction in Reading (FAIR). When developing the SIP, the school-based MTSS/RtI Leadership Team and ESSAC committee established a vision for the 2012-2013 school year based on evidence-based general education instruction and curriculum that is effective in helping a majority of students reach grade level benchmarks.

In order to implement the SIP all year, ISAAC will follow the MTSS/RtI Leadership Team Problem Solving Process as described below.

- 1. Problem Identification entails accurately identifying the problem and the desired behavior for the student(s) experiencing academic or behavioral difficulty.
- 2. Problem Analysis, involves analyzing why the problem is occurring by collecting data to determine possible causes of the identified problem.
- 3. During Intervention Design & Implementation, evidence-based interventions based upon data collected previously are selected or developed, then implemented.
- 4. Lastly, evaluating the effectiveness of interventions utilized is paramount in a problem-solving process. This fourth step is termed Response-to-Intervention. It is in this fourth step that a student's or group of students' response to our implemented intervention is measured so that we may evaluate the effectiveness of our instructional efforts.

This process is never-ending and requires constant evaluation of the program. The school-based MTSS Leadership Team and RtI Team will work arduously together to continuously support and implement various best practices, which have proven to be effective.

#### MTSS Implementation

Describe the data source(s) and the data management system(s) used to summarize data at each tier for reading, mathematics, science, writing, and behavior.

Assessments

Progress Monitoring: PMRN

Midyear: Florida Assessments for Instruction in Reading (FAIR), School site specific assessments

End of year: SAT, FAIR, School site specific assessments Frequency of Data Days: Monthly for data analysis

Behavior: Teachers keep anecdotal records to monitor students' behavior patterns.

Describe the plan to train staff on MTSS.

Professional development will be provided during teachers' common planning time and small sessions will occur throughout the year. These training sessions will commence the Monday prior to the first day of school. Data from ongoing progress monitoring will indicate if Professional Development is needed in specific areas.

Describe the plan to support MTSS.

To support the MTSS Leadership team ISACC will:

- Provide leadership for the system by creating a MTSS framework that connects with the district and school mission statements and organize improvement methods.
- Align policies and procedures within classroom, grade, building, district and state levels.
- Monitor efficient facilitation and accurate use of problem-solving process to support planning, implementing, and evaluating effectiveness of services.
- Ensure two-way communication within the self-correcting feedback loop using user-friendly data-systems for supporting decision-making at all levels.
- Provide professional development that align to student goals and staff needs.
- Provide strong, positive and continuous monitoring and communication with all stakeholders and celebrate success frequently.

### Literacy Leadership Team (LLT)

#### School-Based Literacy Leadership Team

Identify the school-based Literacy Leadership Team (LLT).

The principal, Ms. Kim Guilarte Gil, assistant principal, Ms. Luisa Corral, and staff member, Ms. Melissa Guuerrero

Describe how the school-based LLT functions (e.g., meeting processes and roles/functions).

The principal selects team members for the Literacy Leadership Team (LLT) based on a cross section of the faculty and administrative team that represents highly qualified professionals who are interested in serving to improve literacy instruction across the curriculum. The Reading Coach must be a member of the Literacy Leadership Team. The team will meet monthly throughout the school year. Additionally, the principal may expand the LLT by encouraging personnel from various sources such as District and Regional support staff to join.

What will be the major initiatives of the LLT this year?

The principal will promote the LLT as an integral part of the school literacy reform to promote a culture of reading by:

- including representation from all curricular areas on the RLT
- •selecting team members who are skilled and committed to improving literacy
- •offering professional growth opportunities for team members
- •creating a collaborative environment that fosters sharing and learning
- •developing a school wide organizational model that supports literacy instruction in all classes
- •encouraging the use of data to improve teaching and student achievement

### Public School Choice?

• Supplemental Educational Services (SES) Notification Upload a copy of the SES Notification to Parents in the designated upload link on the "Upload" page.

\*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.
*Grades 6-12 Only Sec. 1003.413 (2)(b) F.S
For schools with grades 6-12, how does the school ensure that every teacher contributes to the reading improvement of every student?
*High Schools Only
Note: Required for High School-Sec. 1003.413(2)(g), (2)(j) F.S.
How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?
How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personall meaningful?
Postsecondary Transition
Note: Required for High School- Sec. 1008.37(4), F.S.  Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report.
PART II. FYPECTED IMPROVEMENTS

#### PART II: EXPECTED IMPROVEMENTS

### **Reading Goals**

\* When using percentages, include the number of students the percentage represents (e.g., 70% [35]).

### Comprehensive English Language Learning Assessment (CELLA) Goals

\* When using percentages, include the number of students the percentage represents (e.g., 70% [35]).

CELLA Goals	Problem-Solving Process to Increase Language Acquisition					
Students speak in English and understand spoken English at grade level in a manner similar to non-ELL students.	Anticipated Barrier	Strategy	Person or Position Responsible for Monitoring	Process Used to Determine Effectiveness of Strategy	Evaluation Tool	
1. Students scoring proficient in listening/speaking.	I.1. The area of anticipated deficiency Reporting Category 1 on the Listening/ Speaking CELLA Assessment may be students' lack of vocabulary knowledge during oral language participation.	1.1. The students will be provided with visuals and vocabulary diagrams (A5) as well as the use of repetition (B5) and simple direct language (A6).	Literacy Leadership Team	1.1. Ongoing classroom observations, discussions about vocabulary, and mini assessment to assess the knowledge of vocabulary, and oral presentations. Data analysis will be utilized to make any adjustment in instruction as needed.	1.1. Formative: Mini-assessments Summative: 2013 CELLA/ SAT/ FAIR Assessments

#### **Differentiated Accountability**

#### School-level Differentiated Accountability (DA) Compliance

Please choose the school's DA Status. (To activate the checkbox: 1. Double click the desired box; 2. When the menu pops up, select *Checked* under "Default value" header; 3. Select *OK*, this will place an "x" in the box.)

School Differentiated Accountability Status		
□Priority	□Focus	□Prevent

Are you reward school? □Yes □No

(A reward school is any school that has improved their letter grade from the previous year or any A graded school.)

• Upload a copy of the Differentiated Accountability Checklist in the designated upload link on the *Upload* page

#### **School Advisory Council (SAC)**

SAC Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting *Yes* or *No* below.

 $\Box$  Yes  $\Box$  No

If No, describe the measures being taken to comply with SAC requirements.

Describe the activities of the SAC for the upcoming school year.

The Educational Excellence Advisory Council (EESAC) has an important function for the success of ISAAC. The EESAC will develop, approve, and monitor the implementation of the SIP.

Describe the projected use of SAC funds.	Amount
The SAC will apply its funds to purchase science lab materials that will support labs.	\$115.00
