Problem Identification	12
Problem Analysis	13
Part III: District Problem Solving	15
Goals Summary	15
Goals Detail	15
Action Plan for Improvement	18
Implementation Timeline	71
Professional Development Summary	78
Technical Assistance Summary	84
Part IV: Budget	86

# Purpose and Outline of the UniSIG Proposal

Under section 1003 of Title I of the Every Student Succeeds Act, Public Law No. 114-95, each state educational agency (SEAs) shall reserve funds for school improvement, no less than 95 percent of which shall be used to make grants to local educational agencies (LEAs) on a formula or competitive basis, to serve schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d).

For 2017-18, Unified School Improvement Grants (UniSIG) will be awarded on a formula basis. Eligible applicants are local educational agencies (LEAs) with funded Title I schools identified for comprehensive or targeted support and improvement, as well as LEAs with high schools, Title I or non-Title I, that have a four-year adjusted cohort graduation rate of 67 percent of less, regardless of the school grade earned.

# Part I: Eligibility and Program Requirements

The district reviews the list of eligible schools and allocations and ensures the requirements of UniSIG are met by providing assurances and summaries as applicable.

#### Part II: Needs Assessment

For each eligible school, the district demonstrates it has completed a thorough analysis of state-, district-, and school-level data (qualitative and quantitative) in order to identify points of strength and opportunities for growth to inform strategic goal formulation.

## **Part III: District Problem Solving**

The district documents one or more strategic goals for improving the identified schools, anticipates barriers to the goals, identifies strategies to reduce or eliminate the barriers, and creates an implementation plan for each strategy to include both action steps and monitoring activities.

# Part IV: Budget

The district incorporates a budget that indicates the amount of UniSIG funds the district will use in each eligible school. Each budget line item, except indirect costs, is directly tied to an action step identified in Part III.

# **Eligibility and Program Requirements**

#### **Eligible Schools**

Eligible applicants are local educational agencies (LEAs) with funded Title I schools identified for comprehensive or targeted support and improvement, as well as LEAs with high schools, Title I or non-Title I, that have a four-year adjusted cohort graduation rate of 67 percent or less, regardless of the school grade earned.

Funding amounts were calculated based on the most recently released school grades and 2016-17 Survey 3 preliminary data containing student enrollment. The per-pupil allocation also takes into account the percent of economically disadvantaged students.

School ID	School Name	Per-Pupil Allocation	Graduation Rate Allocation	Total Allocation
0041	North Side Elementary School	\$179,360.00	\$0.00	\$179,360.00
0271	Dillard Elementary School	\$318,440.00	\$0.00	\$318,440.00
0321	Walker Elementary School (Magnet)	\$285,000.00	\$0.00	\$285,000.00
0621	Larkdale Elementary School	\$164,800.00	\$0.00	\$164,800.00
0941	Plantation Elementary School	\$235,220.00	\$0.00	\$235,220.00
1191	North Fork Elementary School	\$180,500.00	\$0.00	\$180,500.00
1611	Dr. Martin Luther King Montessori Academy	\$207,200.00	\$0.00	\$207,200.00
1671	Robert C. Markham Elementary	\$235,600.00	\$0.00	\$235,600.00
5023	Renaissance Charter School Of Plantation	\$372,780.00	\$0.00	\$372,780.00
5109	Paramount Charter School	\$102,400.00	\$0.00	\$102,400.00
5322	Pivot Charter School	\$43,700.00	\$0.00	\$43,700.00
5397	Charter Schools Of Excellence Riverland	\$6,840.00	\$0.00	\$6,840.00
5409	Kidz Choice Charter School	\$71,200.00	\$0.00	\$71,200.00
5801	Panacea Prep Charter School	\$47,500.00	\$0.00	\$47,500.00
	·	Total LEA Allocation		\$2,450,540.00

#### Assurances

## **Request for Applications**

We have read the Request for Applications (RFA) in its entirety and understand the intent and requirements of the Unified School Improvement Grant (UniSIG) program.

YES

#### **General Terms, Assurances, and Conditions**

We understand the LEA must have a signed statement by the agency head certifying applicant adherence to FDOE's General Terms, Assurances, and Conditions for Participation in Federal and State Programs.

YES

# **Risk Analysis**

We have read the Request for Applications (RFA) in its entirety and understand the intent and requirements of the Unified School Improvement Grant (UniSIG) program.

YES

#### Supplement, not Supplant

We understand that each school the LEA will serve must receive all of the state and local funds it would have received in the absence of UniSIG funds.

YES

#### Allocation to Schools

We understand the LEA must allocate 100 percent of funds (less indirect costs) generated under UniSIG to the eligible schools.

YES

#### **Alignment of Strategies**

We understand strategies to be implemented under this program must be aligned with Florida's State Board of Education Strategic Plan.

YES

#### **Alignment of Improvement Plans**

We understand all strategies outlined in District Problem Solving to be funded under this program must also be identified as strategies, with associate budget lines, in the school improvement plan (SIP), as applicable, for each school to be served.

YES

#### **Greatest Need**

We understand programs, activities, or strategies to be implemented must specifically address the academic achievement of schools and students that demonstrate the greatest need.

YES

## **Instructional Programs**

We understand evidence-based instructional programs must be implemented.

YES

## **Extended Learning Time**

We understand that extended learning time activities required of an elementary school designated as one of Florida's lowest performing must not be funded through UniSIG.

YES

#### **Deilverables**

We understand deliverables will be monitored quarterly and the LEA must complete deliverables directly within CIMS using the Project Management module.

YES

# Supports for School Improvement

#### Improvement Planning

Describe how the LEA will support each school identified as comprehensive support and improvement (CS&I) and/or targeted support and improvement (TS&I) in developing and implementing a school improvement plan (SIP).

The District has adopted a new governance structure for the schools, which includes, but is not limited to, requiring the principals to report to a "turnaround lead" at the District level. The Chief of School Performance and Accountability is the turnaround lead and regularly reports directly to the Superintendent. The schools are divided into fifteen Cadres with a Director as the lead for each Cadre. The Office of School Performance and Accountability (OSPA) Chief regularly revisits current portfolios of schools to analyze the effectiveness of Cadre Directors matched with turnaround schools. These portfolios of schools are fluid to provide the most conducive and effective type of support and guidance to

maximize school success.

The Chief of the Office of School Performance and Accountability and Cadre Directors meet on a weekly basis to provide updates on upcoming events, the delivery of information from the Superintendent's Cabinet as well as any topics concerning school processes and procedures regarding OSPA. OSPA Cadre Directors meet weekly for the purpose of calibration and planning within and across all levels concerning performance of schools. District departments communicate and present the implementation of District initiatives and roll-outs.

OSPA Cadre Directors serve as leaders of learning providing tailored content modules for interactive Cadre learning aligned to the Broward Assessment for School Administrators (BASA) indicators and surveyed schools' needs facilitated in small groups: half day with teams of teachers and principals led by the Office of Academics and the other half day, Cadre Directors facilitate principal's and assistant principal's learning. There is a deliberate focus to engage instructional leaders in monthly professional learning communities on topics related to governance (operations) and Board processes, setting high expectations, acquiring the Council of Chief State School Officers Standards and content related to academic improvement within the schools they support.

Collaborative school visits, coordinated by Cadre Directors will include classroom walkthroughs with the instructional coaches, assistant principal, principal, and district staff from academics. The inclusion of the instructional coaches allows for the opportunity to provide real time and effective feedback and corrective action on the spot. Additionally, the Cadre Directors will be able to observe the principal "coach" their own instructional coach during the walkthrough cycle. After the classroom walkthroughs, the Cadre Directors meets with the principal to provide coaching feedback on their coaching. Through this process the assistant principal is an observer and an active learner.

As an addition to the principals' monthly professional learning, an intense focus on three of the seven leadership levers of school improvement adopted from Leverage Leadership: A Practical Guide to Building Exceptional Schools by Paul Brambrick-Santoyo will occur. The seven leadership levers are (1) data driven instruction, (2) observation and feedback, (3) instructional planning, (4) professional development, (5) student culture, (6) staff culture, and (7) managing school leadership teams. In order to dig deeper, only three levers will be the focus of study during the year-long professional learning. The three levers of study for the 2017-18 school year will be Data Driven Instruction, Staff Culture, and Student Culture.

Cadre Directors that supervise Turnaround schools have instructional teams that consist of Instructional Facilitators that specialize in literacy, mathematics and science to provide support aligned to the specific needs of the schools. The Instructional Facilitators also provide professional learning opportunities, academic support and technical assistance for site-based instructional coaches and teachers based on the needs assessments, data review and ongoing progress monitoring results. Instructional Coaches will participate in monthly professional learning for the 2017-18 school year that will focus on two of the seven leadership levers of school improvement. Under the direction of the principal supervisors, instructional facilitators will facilitate monthly learning on the following levers: Observation and Feedback, and Instructional Planning. Continual support is provided by the Cadre Director, instructional facilitators and staff from the Office of Academics during school visits. The initial focus of visits to schools is the development and implementation of the School Improvement Plan. Schools review data by accessing Step Zero in CIMS, implement the 8-Step Planning Process and meet with key stakeholders to provide input for the goals and action steps. This targeted support for improvement allows the school to take a comprehensive look at all improvement efforts and evaluate what is working and identify areas of improvement.

The ongoing comprehensive support for the school year is based on their School Improvement goals and

action steps. To ensure the elimination of barriers, continual progress monitoring focuses on data, instructional practices, and student achievement.

# **Alignment of Resources**

Describe the process through which the LEA identifies and aligns all district resources (e.g., personnel, instructional, curricular, policy) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs to align to interventions in comprehensive support and improvement (CS&I) and targeted support and improvement (TS&I) schools. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained, and any problem-solving activities used to determine how to apply resources for the highest impact.

Key personnel make up the Broward County Public Schools District Leadership Team. This team includes the Superintendent's Cabinet (Division Chiefs), The Senior Leadership Team (Executive Directors) and the Agenda Preparation Group (various School-based level chairs of Executive Boards and District-based Directors and Chiefs). The Chief Officer in the Division of Office of School Performance and Accountability (OSPA) is the turnaround lead and regularly reports directly to the Superintendent. The schools are divided into fifteen Cadres with a Director as the lead for each Cadre. The OSPA Chief regularly revisits the portfolio of schools contained in each Cadre to analyze the effectiveness of Cadre Directors as assigned. This regular review informs the Chief of changes that are necessary to ensure the most effective type of support and guidance needed within individual schools to maximize success. The Chief of the Office of School Performance and Accountability (OSPA) and Cadre Directors meet weekly to discuss information from the Superintendent's Cabinet, school processes and procedures, and school data. OSPA Cadre Directors meet weekly for the purpose of calibration and planning within and across all levels regarding school performance. District departments periodically communicate and present the implementation of District initiatives and roll-outs through an online communication tool, and via Chief OSPA Officer's School Operational Meeting. OSPA Cadre Directors serve as leaders of learning for principals to provide tailored content modules. These modules are delivered through interactive Sub-Cadre meetings and are aligned to the Broward Assessment for School Administrators (BASA) indicators, as well as individual needs assessments that focuses on instructional standards and delivery. During monthly meetings, half of the day includes teams of teachers and principals and is led by the Office of Academics. The other half-day is led by Cadre Directors to facilitate principals' learning. There is a deliberate focus to engage instructional leaders in monthly professional learning communities on topics related to governance (operations) and Board processes, setting expectations, acquiring the Council of Chief State School Officers Standards and content related to academic improvement within the schools they support. Within the school, collaborative classroom visits coordinated by the Cadre Director include classroom walkthroughs with district staff from Academics, the principal, assistant principal, and instructional coach(s). The inclusion of the instructional coach creates the opportunity to provide real time feedback and corrective action on the spot. Additionally, the Cadre Director is able to observe the principal providing feedback to the instructional coach during the walkthrough cycle. After the classroom walkthroughs, the Cadre Director will meet with the principal to provide coaching feedback. Through this process the assistant principal is an observer and active learner. Cadre Directors that supervise schools have teams of instructional facilitators that specialize in literacy, mathematics and science to provide support as aligned to the specific needs of the schools. These instructional facilitators also provide professional learning opportunities, academic support and technical assistance for site-based instructional coaches and teachers based on the needs assessments, data review and ongoing progress monitoring results.

#### **District Policies and Practices**

Identify specific policies and practices the LEA shall seek to add, modify, or remove in order to establish or strengthen systems that support school-based leadership teams to implement interventions. Provide the rationale for the proposed changes and the steps required to make the modifications, including person(s) responsible for implementation and follow-up.

The 2016–19 Strategic Plan recalibration builds on the 2012–15 efforts that delivered improved services to schools, investment via the Safety, Music & Art, Athletics, Renovations and Technology (SMART) program, and the building of a strong academic foundation. We must now improve our focus and align our resources on students as learners. High-quality instruction requires a standards-driven content, a commitment to teacher development, effective teaching practices, appropriate learning environments and experiences, appropriate monitoring of performance, and ongoing professional learning at all levels. Our expectation is that all students will be independent readers by the end of third grade, in alignment with the national standard for that grade level. In order to progress toward meeting that goal, as stated in the 2016 2017 Strategic Plan Tactics, the District will: • Implement Balanced Literacy through development of a Literacy Field Guide. • Assign the most highly skilled teachers in literacy acquisition to early grades. • Refine the use of running records to standardize tools, measures and implementation. • Prioritize literacy acquisition by aligning organizational and instructional materials in the classroom and supporting resources. • Work with private schools and childcare to encourage readiness for early literacy. • Enhance the implementation of the District's a Multi-Tiered System of Supports/Response to Intervention Framework to provide early support for students' academic, behavior, and social emotional needs. The BCPS Strategic Plan focuses on a systemic, comprehensive approach that focuses on improving outcomes and learning environments for all young adolescents in the District. The combination of acceleration, remediation and extension that teachers need to orchestrate for students is best accomplished through project- and problem-based learning environments. In order to progress toward meeting that goal, as stated in the 2016 2017 Strategic Plan Tactics, the District will: • Redesign middle grades experience to be organized around project- and problem-based interdisciplinar learning. • Embed Social-Emotional Learning (SEL) standards in core academic classes. • Connect MTSS/RtI with graduation readiness metrics. • Improve academic and social transition between eighth and ninth grades. Extend literacy support to include applied learning as a form of expression in all content areas. Beginning in the 2013-2014 school year, the District restructured schools into Cadre groups that have proven to be successful, and thus will continue during the 2017-2018 school year. This practice has resulted in a sharp reduction in the number of Differentiated Accountability (DA) schools. For example, in 13/14, the number of DA schools in BCPS was 31. In 16/17 the number of DA schools was reduced to 8 across all K-12 schools. The Chief of the Office of School Performance and Accountability (OSPA) and Cadre Directors meet on a weekly basis to provide updates on upcoming events, the delivery of information from the Superintendent's Cabinet as well as any topics concerning school processes and procedures regarding OSPA. OSPA Cadre Directors meet weekly for the purpose of calibration and planning within and across all levels concerning performance of schools. District departments communicate and present the implementation of District initiatives and rollouts. As previously stated, OSPA Cadre Directors serve as leaders of learning providing tailored content modules for interactive Sub-Cadre learning aligned to the Broward Assessment for School Administrators (BASA) indicators and surveyed schools' needs facilitated in small groups: half day with teams of teachers and principals led by the Office of Academics and the other half day, Cadre Directors facilitate principal's learning. There is a deliberate focus to engage instructional leaders in monthly professional learning communities on topics related to governance (operations) and Board processes, setting expectations, acquiring the Council of Chief State School Officers Standards and content related to academic improvement within the schools they support. Collaborative school visits, coordinated by the Cadre Directors will include classroom walkthroughs with the district staff from Academics, the site based principal, assistant principal, and instructional coach(es). The inclusion of the instructional coach(es) allows for the opportunity to provide real time feedback and corrective action on the spot. Additionally, the principal supervisor will be able to observe the principal "coach" the instructional coach during the walkthrough cycle. After the classroom walkthroughs, the principal supervisor will meet with the principal to provide coaching feedback on her coaching. Through this process the assistant principal is an observer and an active learner throughout the process. In the cadres with highest percentage of fragile schools, in addition to the principals' monthly professional learning, cadre directors will lead an intense focus on three of the seven leadership levers of school improvement adopted from Leverage Leadership: A Practical Guide to Building Exceptional Schools by Paul Brambrick-Santoyo will occur. The seven leadership levers are (1) data driven instruction, (2) observation and feedback, (3) instructional planning, (4) professional development, (5)

student culture, (6) staff culture, and (7) managing school leadership teams. In order to dig deeper, only three levers will be the focus of study during the year-long professional learning. The three levers of study for the 2017-18 school year will be Data Driven Instruction, Staff Culture, and Student Culture. Professional development for school leaders and staff is essential in sustaining continuous school improvement efforts. There are a plethora of District-based leadership professional learning opportunities available for new and veteran administrators to support and advance leadership skills. Some examples are: The Disciplined Leader-Prioritizing for Effective Leadership, iObservation Deliberate Practice, The Reflective Leader, The Change Leader, to name a few. These opportunities are essential in the growth of educational leaders. As previously stated, The Chief Officer in the Division of Office of School Performance and Accountability (OSPA) is the turnaround lead and regularly reports directly to the Superintendent. The schools are divided into fifteen Cadres with a Director as the lead for each Cadre. The OSPA Chief regularly revisits the portfolio of schools contained in each Cadre to analyze the effectiveness of Cadre Directors as assigned. This regular review informs the Chief of changes that are necessary to ensure the most effective type of support and guidance needed within individual schools to maximize success. In addition, Cadre Directors that supervise schools have teams of instructional facilitators that specialize in literacy, mathematics and science to provide support as aligned to the specific needs of the schools. These instructional facilitators also provide professional learning opportunities, academic support and technical assistance for site-based instructional coaches and teachers based on the needs assessments, data review and ongoing progress monitoring results. In order to continue to effectively address schools greatest areas of need across the domains, BCPS recognizes that the key components for success include: Effective Leadership • Increasing support for schools through strengthening Central Office structures and communication, particularly between the Office of School Performance and Accountability and the Office of Academics • Reducing the ratio of supervisors to principals which increases consistent support through coaching and mentoring leadership Improving the quality of instruction by raising the quality of human capital in a building and by changing practice through new structures and supports • Expanding instructional leadership capacity through coaching and mentoring Public and Collaborative Teaching & Ambitious Instruction and Learning • Refining student intervention/enrichment programs for student success by including a focus on effective Tier 1 instruction • Incorporating professional development on Florida Standards to increase effective standards-based planning and instruction • Implementing Professional Learning Communities to focus on discussions on standards and data analysis to improve overall instructional practices • Integrating support for school-based coaches through Professional Learning Communities • Providing coaching and modeling to teachers facilitated by school-based coaches Safe and Supportive Environment • Expanding "wraparound" services for students by providing social and emotional supports as needed • Improving Response to Intervention (RtI) processes by targeting appropriate tiered resources and monitoring implementation Family and Community Engagement • All BCPS schools are required to complete an annual Family and Community Engagement Plan • Increase parental involvement by providing parent academic nights, access to resources and improving communication • Survey the community to identify needs that will assist with supporting the home-school connection • A new district department, Strategic Partnership Development, will work with schools to expand the collaborative efforts between schools and the community

# **Operational Flexibility**

Provide the LEA's definition of "operational flexibility" provided to comprehensive support and improvement (CS&I) and targets support and improvement (TS&I) schools to enable full and effective implementation of the school improvement plan (SIP).

Because there is a great need for operational flexibility in schools that have historically under-performed, BCPS intensifies the activities and strategies utilized in these schools. Efforts to increase school-level autonomy have as a foundation, leadership and staff development needs, as well as student and family needs. With respect to school ecology, there is a growing body of research that affirms the benefits of these intensified efforts toward personalized and effective family, school, and community partnerships. This research further affirms that disadvantaged students stand to gain the most from these strategies. Consequently, it will assist districts in closing achievement gaps. Within BCPS, operational flexibility, at

the most elemental level, is implemented by identifying the most appropriate school leadership. Secondly, resources are provided to schools to design master schedules to include common planning time to allow for data-based decision making within the problem-solving process, as well as participate in job-embedded professional development and Professional Learning Communities. With regard to staffing, principals at schools that implement a District-managed turnaround model have additional latitude in hiring instructional personnel. The District annually works with the Broward Teachers Union to exempt these schools from a reduction in force or from receiving teachers that have been released from other schools, but remain on the District's placement list. This is accomplished through a Memorandum of Understanding with the Teachers Union, thereby waiving certain contractual agreements. Additionally, the School Board of Broward County provides opportunities for schools to waive District policy or contractual agreements that the school's stakeholders perceive as a barrier to its school improvement goals.

#### **External Partners**

Describe the LEA's rigorous review process to recruit, screen, select, and evaluate any external partners with whom the LEA will partner.

Broward County Public Schools believes in improving student performance by forging meaningful connections between the education and business communities. It has consistently been one of our best practices to cultivate partnerships to sustain a high performing school district. Businesses, community organizations and government agencies that engage in partnerships with our schools provide an easy and exciting means to prepare today's students for tomorrow's workforce. Business partners are recognized as leaders in the community for their efforts to increase student achievement. Their employees are energized by extending themselves in the classroom and often learn as much from the students as they teach. And, students learn that the community cares about education, about their academic success and about their futures.

In Broward, Partners In Education, Inc. helps schools and businesses develop partnerships that support schools and students. For the past 30 years, Partners In Education has built partnerships between businesses, government agencies and community organizations with individual public schools in Broward County. The parties commit to specific activities intended to benefit students, improve student achievement and accomplish school improvement goals. A partnership is initiated in two ways: (1) a school recruits a partner from the business community, or (2) a prospective partner contacts either Partners In Education or an individual school. Businesses, government agencies and community-based organizations are eligible to become partners and do not need district approval. Rather, any restriction on a partnership is based on the appropriateness of the proposed activities. Each partnership shall comply with State and Federal law as well as all policies and guidelines established by both the School Board and the individual school. In addition, all individuals involved in a partnership are required to complete the Volunteer Application prior to working with students.

#### Dissemination

Provide the methods of dissemination of this application to stakeholders (i.e., students, families, school staff and leadership, and local businesses and organizations) and describe the methods and timelines for reporting student progress, including how communication is provided in a parent-friendly, understandable format, and in multiple languages, if necessary.

The Public Information Office is responsible for the majority of the District's internal and external communications and is the liaison between the District and the news media. From media releases to the District's website - to events and press conferences, the Public Information Office continually looks for ways to engage the community, while sharing the incredible achievements of Broward County Public Schools. To consistently share information about the District's purpose, goals, successes and challenges, the Public Information Office has set up a district website (browardschools.com), a Twitter account (Twitter @Browardschools) and Facebook account (facebook.com/browardschools) Most recently, the District now has free BCPS mobile application that enables parents to access their student's grades,

attendance, a even the lunch account. From the District's webpage, you can learn about our District via BCPS publications or you can get connected to information on topics ranging from the District's attendance policy and Code Book for Student Conduct to the school year calendar, information on enrolling your child, and so much more.

The BCPS Launch Pad provides single-sign-on access to Instructional and Digital Resources available to based on the role one has in the School District. From the Launch Pad all district stakeholders can access the Districts technology to enhance the communications loop. Textbooks and instructional materials are available through the LaunchPad as well as programs to assist parents monitor current student progress, reported in real time. Virtual Counselor on line program allows parents and families to stay connected in real time with information on their child's academic performance, lunch account balances, bus pick-up and drop-off times and so much more. Pinnacle allows parents to access and monitor grades throughout the marking period, prior to report cards being issued. Microsoft's Student Advantage Program provides free downloads of the full version of Microsoft Office (Microsoft Word, Excel, PowerPoint, Outlook, OneNote, Publisher, Access, etc.) for all students in Broward County Public Schools, for use on their personal and mobile devices (Android and iOS).

Student Assessment and Research is a department within the Academics Division. Throughout the year, the Student Assessment arm of the department assists schools with all aspects of Broward's assessment program including preparing, administering, and reporting of state-required and district tests. The Research arm releases briefs, reports, and evaluations that provide knowledge and support to strengthen decision making by the Superintendent, the School Board, and district and school-based administrators.

As we move forward, the District will continue to make sure the community is aware of our purpose, goals, successes and challenges. Every student, parent, employee and community member has a vested interest in the success of BCPS so will communicate with our stakeholders in meaningful ways to keep stakeholders informed about where we have been, where we are going and how we plan to educate all students to reach their highest potential.

# **Problem Identification Summary**

Provide a summary of the points of strength and areas of need that have been identified in the data. The 2016–19 Strategic Plan recalibration builds on the 2012–15 efforts that delivered improved services to schools, investment via the Safety, Music & Art, Athletics, Renovations and Technology (SMART) program, and the building of a strong academic foundation. We must now improve our focus and align our resources on students as learners. High-quality instruction requires a standards-driven content, a commitment to teacher development, effective teaching practices, appropriate learning environments and experiences, appropriate monitoring of performance, and ongoing professional learning at all levels. Our expectation is that all students will be independent readers by the end of third grade, in alignment with the national standard for that grade level. In order to progress toward meeting that goal, as stated in the 2016 2017 Strategic Plan Tactics, the District will: • Implement Balanced Literacy through development of a Literacy Field Guide. • Assign the most highly skilled teachers in literacy acquisition to early grades. • Refine the use of running records to standardize tools, measures and implementation. • Prioritize literacy acquisition by aligning organizational and instructional materials in the classroom and supporting resources. • Work with private schools and childcare to encourage readiness for early literacy. • Enhance the implementation of the District's Multi-Tiered System of Supports/Response to Intervention Framework to provide early support for students' academic, behavior, and social emotional needs. The BCPS Strategic Plan focuses on a systemic, comprehensive approach that focuses on improving outcomes and learning environments for all young adolescents in the District. The combination of acceleration, remediation and extension that teachers need to orchestrate for students is best accomplished through project- and problem-based learning environments. In order to progress toward meeting that goal, as stated in the 2016 2017 Strategic Plan Tactics, the District will: • Redesign middle grades experience to be organized around project- and problem-based interdisciplinary learning • Embed Social-Emotional Learning (SEL) standards in core academic classes • Connect MTSS/Rtl with graduation readiness metrics. • Improve academic and social transition between eighth and ninth grades. • Extend literacy support to include applied learning as a form of expression in all content areas. Beginning in the 2013-2014 school year, the District restructured schools into Cadre groups that have proven to be successful, and thus will continue during the 2017-2018 school year. This practice has resulted in a sharp reduction in the number of Differentiated Accountability (DA) schools. The Chief of the Office of School Performance and Accountability (OSPA) and Cadre Directors meet on a weekly basis to provide updates on upcoming events, the delivery of information from the Superintendent's Cabinet as well as any topics concerning school processes and procedures regarding OSPA. OSPA Cadre Directors meet weekly for the purpose of calibration and planning within and across all levels concerning performance of schools. District departments communicate and present the implementation of District initiatives and rollouts. OSPA Cadre Directors serve as leaders of learning providing tailored content modules for interactive Sub-Cadre learning aligned to the Broward Assessment for School Administrators (BASA) indicators and surveyed schools' needs facilitated in small groups: half day with teams of teachers and principals led by the Office of Academics and the other half day, Cadre Directors facilitate principal's learning. There is a deliberate focus to engage instructional leaders in monthly professional learning communities on topics related to governance (operations) and Board processes, setting expectations, acquiring the Council of Chief State School Officers Standards and content related to academic improvement within the schools they support. Collaborative school visits, coordinated by the Cadre Directors will include classroom walkthroughs with the district staff from academics, the site based principal, assistant principal, and instructional coach(es). The inclusion of the instructional coach allows for the opportunity to provide real time feedback and corrective action on the spot. Additionally, the principal supervisor will be able to observe the principal "coach" the instructional coach during the walkthrough cycle. After the classroom walkthroughs, the principal supervisor will meet with the principal to provide coaching feedback on her

coaching. Through this process the assistant principal is an observer and an active learner throughout the process. In the cadres with highest percentage of fragile schools an addition to the principals' monthly professional learning, will be an intense focus on three of the seven leadership levers of school improvement adopted from Leverage Leadership: A Practical Guide to Building Exceptional Schools by Paul Brambrick-Santoyo will occur. The seven leadership levers are (1) data driven instruction, (2) observation and feedback, (3) instructional planning, (4) professional development, (5) student culture, (6) staff culture, and (7) managing school leadership teams. In order to dig deeper, only three levers will be the focus of study during the year-long professional learning. The three levers of study for the 2017-18 school year will be Data Driven Instruction, Staff Culture, and Student Culture. Professional development for school leaders and staff is essential in sustaining continuous school improvement efforts. There are a plethora of District-based leadership professional learning opportunities available for new and veteran administrators to support and advance leadership skills. Some examples are: The Disciplined Leader-Prioritizing for Effective Leadership, iObservation Deliberate Practice, The Reflective Leader, The Change Leader, to name a few. These opportunities are essential in the growth of educational leaders. In order to continue to effectively address schools greatest areas of need across the domains, BCPS recognizes that the key components for success include: Effective Leadership • Increasing support for schools through strengthening Central Office structures and communication, particularly between the Office of School Performance and Accountability and the Office of Academics • Reducing the ratio of supervisors to principals which increases consistent support through coaching and mentoring leadership Improving the quality of instruction by raising the quality of human capital in a building and by changing practice through new structures and supports • Expanding instructional leadership capacity through coaching and mentoring Public and Collaborative Teaching & Ambitious Instruction and Learning • Refining student intervention/enrichment programs for student success by including a focus on effective Tier 1 instruction • Incorporating professional development on Florida Standards to increase effective standards-based planning and instruction • Implementing Professional Learning Communities to focus on discussions on standards and data analysis to improve overall instructional practices • Integrating support for school-based coaches through Professional Learning Communities • Providing coaching and modeling to teachers facilitated by school-based coaches Safe and Supportive Environment • Expanding "wraparound" services for students by providing social and emotional supports as needed • Improving Response to Intervention (RtI) processes by targeting appropriate tiered resources and monitoring implementation Family and Community Engagement • All BCPS schools are required to complete an annual Family and Community Engagement Plan • Increase parental involvement by providing parent academic nights, access to resources and improving communication • Survey the community to identify needs that will assist with supporting the home-school connection • A new district department, Strategic Partnership Development, will work with schools to expand the collaborative efforts between schools and the community

#### **Problem Analysis Summary**

Provide a summary of the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

As identified in the Problem Identification Summary, literacy acquisition to early grades is the primary focus for teaching and learning in alignment to the goals of the District's Strategic Plan, "Strengthening the Paths of Success". To further validate, feedback from stakeholders during various community conversations of the Strategic Planning Process called to action that students need to be independent readers early in their educational life so they can begin to demonstrate mastery of English Language Arts (ELA) standards. We know that student learning begins at birth with parents, extended families, caregivers and the entire community. Students coming to kindergarten have a wide variety of backgrounds and abilities. We must work with students who are developmentally advanced and those who are delayed. We must support those who have learning challenges, such as vision difficulties, dyslexia and/or cognitive differences. We must work with private providers of childcare and early learning to ensure the environments and instruction are developmentally appropriate, rich in resources and grounded in purposeful play. We must support high-quality Head Start programs, maximize enrollment in Voluntary Pre-Kindergarten, and educate all parents

and service providers about the BCPS standards for kindergarten. Additionally, we need to continuously focus on high-quality instruction, beginning in the early years with literacy, continuing in middle school with knowledge application, and concluding in high school with college and career readiness. Our benchmarking of progress and readiness at these three levels will ensure all students' needs are met along their learning pathways. We must support the ways teachers engage students in learning at different ages in each unique classroom environment. By looking at the quality of student work and the usefulness of the feedback students receive, we will be able to better evaluate the quality of instruction. Our expectation is that all students will be independent readers by the end of third grade, in alignment with the national standard for that grade level. Some students reach this point earlier; others struggle to meet this goal. Broward needs teachers in the early grades who are specialists in reading and early childhood development. As such, a review of professional development attended by teachers and coaches revealed greater numbers of primary teachers have completed District professional development than intermediate teachers. Similar to the Rtl Model for supporting students, teachers need to be supported within a Tier I- Tier III cycle which promotes a growth mind set, building relations, as well as identifying on-site experts who will be empowered to continue building the capacity of teacher teams and coaches alike following the cycle of support. In past years, we have focused on providing support to our intermediate grades teachers and beyond to improve school grade. Our "Theory-of-Action is as follows, If we assign highly-skilled teachers to grades K-2, deliver a balanced literacy curriculum, use high-quality instructional materials, effectively engage families, and monitor progress with a common, unified assessment system; Then, on grade level literacy will increase and Florida Standards Assessments (FSA) in English Langauge Arts (FSA) level 1 scores will decrease in 3rd grade for ALL students (including: race/ethnicity, gender, English Language Learner, students from disadvantaged backgrounds, students with disabilities, and gifted students) In order to guide this work, a Literacy Field Guide for Educators was designed to establish an instructional balanced literacy framework that defines key instructional practices and strategies for all educators to plan and implement in their daily instruction. It will also address the diversity of all students, including exceptional student education, English language learners and gifted and talented population. To ensure support is provided to students early academically, behaviorally, and social emotionally an enhanced implementation of the District's Muti-Tiered System of Supports/Response to Intervention Framework will be used to identify personalized learning and individualized interventions and strategies. These interventions and strategies will be identified through the uses of running records (Benchmark Assessment System- BAS) to standardize tools, measures and implementation. The Benchmark Assessment System (BAS) will be a very informative tool to guide and monitor the District's action toward the desired outcomes. Effective use of data to identify, support, monitor and measure student needs is critical. Efforts for improvement must be aligned, provided with adequate resources and clearly communicated to all stakeholders. While it is important to provide interventions and strategies for students academically, it is equally important to recognize the Social Emotionally impact to student achievement and to construct an environment where students who need help are comfortable asking. BCPS believes that addressing social and emotional skills with students will prepare them to be resilient and achieve individual success academically, interpersonally and throughout their lives. To address this, a comprehensive, coordinated, and systemic web of services by collaborating with schools, communities, and families to align resources so that students are academically successful and socially competent. Ensuring that every student develops the social and emotional competencies essential for lifelong success.

## Strategic Goals

This section will populate with any district strategic goals and SMART goals, and the plan for monitoring progress toward them, that are "tagged" to UniSIG in the **District Problem Solving** module.

# **District Problem Solving**

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

# **Problem Solving Key**

# **Strategic Goals Summary**

If we assign highly-skilled teachers, deliver a balanced literacy curriculum, use high-quality instructional materials, effectively engage families, and monitor progress with a common, unified assessment system, then on-grade level literacy will increase and FSA ELA/Reading scores will increase for all students (including: race/ethnicity, gender, English Language Learner, students from disadvantaged backgrounds, students with disabilities, and gifted students).

# **Strategic Goals Detail**

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

**G1.** If we assign highly-skilled teachers, deliver a balanced literacy curriculum, use high-quality instructional materials, effectively engage families, and monitor progress with a common, unified assessment system, then on-grade level literacy will increase and FSA ELA/Reading scores will increase for all students (including: race/ethnicity, gender, English Language Learner, students from disadvantaged backgrounds, students with disabilities, and gifted students).

# Targeted Barriers to Achieving the Goal 3

· Targeted or comprehensive support for schools that demonstrate the highest needs

# Resources Available to Help Reduce or Eliminate the Barriers 2

- District Support: the Office of School Performance and Accountability, Student Support Initiatives, Teacher Professional Learning and Growth, Office of Academics/Curriculum, Professional Development Standards and Support, Talent Acquisition & Operations, Coaching and Induction
- Broward Literacy Field Field Guide
- BCPS Instructional Facilitators through the Office of School Performance and Accountability
- Instructional Coaches through the Office of Academics/Curriculum
- Specialized Professionals Advancing Resources, Knowledge and Skills (SPARKS)
- Family and Community Engagement (FACE) Plans for each school in the district
- MTSS/Rti Plans for each school in the district
- · Attendance Plans for each school in the district
- · Behavior Plan for each school in the district
- Naviance Family Connection for all district students in grades 6-12 to help with college and career planning
- BCPS Launch Pad provides single-sign-on access to Instructional and Digital Resources
- BASIS Behavioral Academic Support Information System
- Pinnacle real time with information on students academic performance, lunch account balances, bus pick-up and drop-off times and so much more

# Plan to Monitor Progress Toward G1. 8

The Office of School Performance and Accountability (OSPA) Chief regularly reviews current portfolios of turnaround schools to analyze the effectiveness of curriculum delivery, use of instructional materials, family engagement, and monitor progress through data reports . These portfolios of schools are fluid to provide the most conducive and effective type of support and guidance to maximize school success and meet goals.

**G1.B1** Targeted or comprehensive support for schools that demonstrate the highest needs 2

🔍 B250301 🕏

G1.B1.S1 Prioritize literacy acquisition by aligning instructional materials and supporting technology based resources 4

## Strategy Rationale

Balanced Literacy is the ability to read, write, listen, speak clearly, and think critically using print and digital materials across all disciplines.

# Action Step 1 5

North Side ES: Teachers will use high quality instructional materials for Tier 1 instruction that includes the use of technology for enrichment/intervention groups to ensure continued learning gains and close achievement gaps. Students will be exposed to daily, intensive, small group instruction through the use of technology which will enhance classroom teaching.

## Person Responsible

Heilange Porcena

## **Schedule**

Daily, from 10/2/2017 to 6/7/2018

#### Evidence of Completion

Teacher lesson plans

# Action Step 2 5

Walker Elementary: The implementation of Promethan tables for Kindergarten classrooms to ensure the academic development of early learners in order to close the achievement gap. Through the use of integrated technology, students will be exposed daily to ensure continued learning gains.

#### Person Responsible

Philip Bullock

#### **Schedule**

Weekly, from 10/23/2017 to 6/6/2018

## **Evidence of Completion**

**Teacher Lesson Plans** 

# Action Step 3 5

North Fork ES: The implementation of student laptops during the computer lab to ensure the academic development of learners grades K-5 in order to close the achievement gap, compete in today's society and transition to college and career ready opportunities. Through the use of integrated technology, students will be exposed daily to ensure continued learning gains.

#### **Person Responsible**

Sophia Myers

Quarterly, from 8/21/2017 to 8/31/2018

# **Evidence of Completion**

Robert C. Markham ES: To reduce the barrier, the cadre director in collaboration with the leadership team will evaluate the effectiveness of high quality instructional materials that includes the use of technology for enrichment/intervention to ensure continued learning gains and close achievement gaps through Benchmark Assessment System Data.

# Person Responsible

Jacquelyn Haywood

#### **Schedule**

Quarterly, from 8/21/2017 to 8/31/2018

# **Evidence of Completion**

**G1.B1.S4** Enhance communication and involvement with families, schools and the community through effective family and community engagement 4

### **Strategy Rationale**

Engaged families and communities are essential to the success of our students and schools so we must ensure resources to support parent engagement are equitable among all schools and reflect our diversity while recognizing that there is an even greater need for support, program planning and family/community collaboration when students are low achieving

# Action Step 1 5

North Side ES: North Side Elementary will host monthly family nights that will provide academic support and life skills to involve parents to be an integral part of their child's educational experiences. Meaningful parent learning opportunities will be designed to reflect families specific needs, build relationships among parents that are respectful of various languages, cultures, practices and customs. Appropriate leveled books will be distributed to students during literacy nights to build home libraries.

### **Person Responsible**

Heilange Porcena

#### Schedule

Monthly, from 8/21/2017 to 5/31/2018

#### **Evidence of Completion**

Parent Sign in Sheets and agendas.

#### Action Step 2 5

Larkdale ES: Larkdale Elementary will Implement an Oasis Room (Parent Resource Room) that will provide opportunities for parents to access educational services and resources to meet the personal needs of families.

#### Person Responsible

Carla Hart

#### **Schedule**

Daily, from 10/23/2017 to 6/6/2018

#### Evidence of Completion

Resources will be provided and there will be a parent sign-in sheet and check out system.

# Action Step 3 5

Larkdale ES: Larkdale Elementary Parent Resource Room will offer meaningful learning opportunities designed to reflect the families' specific needs, build relationships with families, and provide families with the necessary materials and tools needed for parent training opportunities.

#### Person Responsible

Nicole Williams

#### **Schedule**

On 6/7/2018

### **Evidence of Completion**

Sign-In sheets, Star System, and Parent Resource Room Usage.

# Action Step 4 5

Larkdale ES: Ensure additional support personnel in the parent resource room in order to provide support to parents and families with providing opportunities for parents to access educational services and resources to meet the personal needs of families.

#### Person Responsible

Carla Hart

#### **Schedule**

Weekly, from 11/1/2017 to 4/30/2018

### **Evidence of Completion**

Attendance and resource sign out sheets of parents

### Action Step 5 5

North Fork ES: To create a nurturing literacy-rich environment students will be provided appropriate leveled books to build a home library and promote a love of reading.

#### Person Responsible

Shawana Smith

#### **Schedule**

Daily, from 8/28/2017 to 6/6/2018

#### **Evidence of Completion**

Students will be able to utilize the books and literature. Graphic organizers and book reports will be given by the classroom teacher.

# Action Step 6 5

Plantation ES: Establish a parent resource area in the school to provide meaningful learning opportunities that reflect families specific needs, build relationships among parents that are respectful of various languages, cultures, practices and customs.

#### Person Responsible

Dana Rhodes

#### **Schedule**

On 6/6/2018

### **Evidence of Completion**

Establish a parent resource area in the school to provide meaningful learning opportunities that reflect families specific needs, build relationships among parents that are respectful of various languages, cultures, practices and customs.

# Action Step 7 5

Markham ES: Monthly Parent Night activities with focus on academics, technology and engagement will be developed and implemented during the planning year to build the connection between families, communities and the school in order to strengthen engagement efforts and boost student achievement.

# Person Responsible

Alyssa Jean

### **Schedule**

On 6/7/2018

### **Evidence of Completion**

Flyers and sign in sheet

# Action Step 8 5

Markham ES: Create a parent room to provide resources that support home to school connections and improves social emotional learning.

### Person Responsible

Marietta Williams

#### **Schedule**

Weekly, from 10/10/2017 to 6/7/2018

### **Evidence of Completion**

Parent sign-in sheets at the front office

# Action Step 9 5

Dr. M. L. King, Jr. Montessori Academy: Collaborate with school partners and District departments to revitalize the onsite Parent Resource Center and plan a grand reopening during the first or second quarter.

# Person Responsible

Mitshuca Moreau

#### **Schedule**

Weekly, from 10/2/2017 to 11/30/2017

### **Evidence of Completion**

Parent Resource Center Plan

### Action Step 10 5

Markham ES: Teachers will follow the in-house standards-based Instructional Focus Calendar for ELA and Mathematics in grades K-5.

### Person Responsible

Alyssa Jean

#### **Schedule**

Daily, from 9/5/2017 to 6/7/2018

### **Evidence of Completion**

Lesson Plans Weekly PLC Document

# Action Step 11 5

Dillard ES: Developing a parent center to provide parents with academic resources to utilize at home with children.

### Person Responsible

Gretchen Atkins

#### **Schedule**

On 9/8/2017

### **Evidence of Completion**

Resources available and center is open for use, parent sign-in sheet, check out system

# **Professional Development**

**G1.** If we assign highly-skilled teachers, deliver a balanced literacy curriculum, use high-quality instructional materials, effectively engage families, and monitor progress with a common, unified assessment system, then on-grade level literacy will increase and FSA ELA/Reading scores will increase for all students (including: race/ethnicity, gender, English Language Learner, students from disadvantaged backgrounds, students with disabilities, and gifted students).

G1.B1 Targeted or comprehensive support for schools that demonstrate the highest needs

**G1.B1.S2** Enhance the implementation of the District's Multi-Tiered System of Supports/ Response to Intervention Framework to provide early support for students' academic, behavioral, and social emotional needs in the classroom and in extended learning opportunities

# PD Opportunity 1

North Side ES: Implement "The Leader in Me" transformational process to teach 21st century leadership and life skills to students and create a culture of student empowerment based on the idea that every child can be a leader.

### **Facilitator**

"The Leader in Me" Consultant

### **Participants**

North Side Instructional Staff

#### **Schedule**

On 6/7/2018

### PD Opportunity 2

Plantation ES: Teachers will progress monitor students performance growth levels in all content areas.

#### **Facilitator**

Dana Rhodes

### **Participants**

Teachers and staff

### **Schedule**

Weekly, from 11/1/2017 to 3/30/2018

**G1.B1.S3** Implement Balanced Literacy through the utilization of high quality instructional materials across all subject areas

# PD Opportunity 1

North Fork ES: Teachers will use high quality instructional materials to expose students to on level, standards-based instruction for academic increase in all content areas.

#### **Facilitator**

Shawana Smith, Vetia Josephs, Stephanie Wallace, Gia Jeff

# **Participants**

Instructional Personnel

#### **Schedule**

Daily, from 8/28/2017 to 6/7/2018

**G1.B1.S5** Professional learning with an intentional focus on providing rigorous and inquiry-based learning practices that improve teacher efficacy will be provided based on culture, expectations, level of support, school data, timelines, and the professional growth plan.

# PD Opportunity 1

North Side ES: North Side will increase the quality of Tier 1 instruction by having teachers participate in authentic professional development to ensure student progress monitoring data are used to effectively plan instruction in a variety of contexts exposing students to knowledge-rich resources that support the development of vocabulary and build background knowledge through texts of increasing complexity.

#### **Facilitator**

Sharon Hepburn, District Instructional Specialist

### **Participants**

Classroom Teachers

# **Schedule**

Monthly, from 8/21/2017 to 6/7/2018

Larkdale ES: Teachers will attend professional development in Balanced Literacy, provided by the Elementary Learning Department, to increase the quality of Tier 1 instruction, effective planning, and monitoring student progress.

### **Facilitator**

**Elementary Learning Department** 

# **Participants**

Teachers

### **Schedule**

Quarterly, from 9/5/2017 to 12/22/2017

# **PD Opportunity 3**

Larkdale ES: Teachers will attend monthly collaborative planning in Balanced Literacy to ensure that high quality instructional practices are clearly defined in order to close the achievement gaps and increase student academic achievement.

### **Facilitator**

**Bridgette Howard** 

# **Participants**

**Teachers** 

# **Schedule**

Monthly, from 11/10/2017 to 5/31/2018

# **PD Opportunity 4**

Larkdale ES: Materials will be used for Balanced Literacy Training and collaborative planning sessions to ensure that high quality instructional practices are clearly defined in order to close the achievement gaps and increase student academic achievement.

#### **Facilitator**

Carla Hart

# **Participants**

**Teachers** 

# **Schedule**

Monthly, from 10/1/2017 to 5/31/2018

Larkdale ES: Teachers will visit other classrooms and other schools for best practices in Balanced Literacy and for professional growth with the intention of increasing student achievement.

#### **Facilitator**

Carla Hart

### **Participants**

**Teachers** 

#### **Schedule**

Monthly, from 10/1/2017 to 5/31/2018

# PD Opportunity 6

Plantation ES: Teachers will be relieved during the school day by a pool substitute to collaborate with peers to model and/or review best practices.

### **Facilitator**

Deborah Brown

# **Participants**

Teachers and staff

### Schedule

Quarterly, from 11/10/2017 to 6/6/2018

# PD Opportunity 7

Plantation ES: Teachers will participate in Professional Learning Communities that focus on Florida Standards, English Language Arts, literacy-based units of study, and data analysis.

#### **Facilitator**

Dana Rhodes

### **Participants**

Instructional Staff

#### **Schedule**

Weekly, from 10/2/2017 to 6/6/2018

Plantation ES: Teachers will receive intensive training on the program's services, resources, and overall objectives.

### **Facilitator**

Dana Rhodes

### **Participants**

Teachers and Staff

#### **Schedule**

Quarterly, from 11/1/2017 to 6/6/2018

# PD Opportunity 9

North Fork ES: Teachers will participate in Professional learning communities that focus of Webb's Depth of Knowledge.

#### **Facilitator**

**Administration Instructional Coaches** 

# **Participants**

Administration Instructional Coaches Teachers

### **Schedule**

Biweekly, from 10/20/2017 to 7/6/2018

# **PD Opportunity 10**

Dillard ES: Teachers will participate in Professional Learning Communities (PLC) to receive on-going support for planning, developing and implementing Balanced Literacy lessons.

### **Facilitator**

School-based Instructional Coaches and TPLG

### **Participants**

**Teachers** 

#### **Schedule**

Every 3 Weeks, from 9/12/2017 to 5/30/2018

Dillard ES: Teachers will participate in small group guided reading professional development. Materials will be purchased to support this professional learning.

# **Facilitator**

Sharon Hepburn, District Instructional Facilitator

# **Participants**

Teachers

# **Schedule**

On 1/1/2018

# **Technical Assistance**

**G1.** If we assign highly-skilled teachers, deliver a balanced literacy curriculum, use high-quality instructional materials, effectively engage families, and monitor progress with a common, unified assessment system, then on-grade level literacy will increase and FSA ELA/Reading scores will increase for all students (including: race/ethnicity, gender, English Language Learner, students from disadvantaged backgrounds, students with disabilities, and gifted students).

**G1.B1** Targeted or comprehensive support for schools that demonstrate the highest needs

**G1.B1.S1** Prioritize literacy acquisition by aligning instructional materials and supporting technology based resources

# **TA Opportunity 1**

Walker Elementary: The implementation of Promethan tables for Kindergarten classrooms to ensure the academic development of early learners in order to close the achievement gap. Through the use of integrated technology, students will be exposed daily to ensure continued learning gains.

#### **Facilitator**

Promethan Support

# **Participants**

Teachers, Academic Coaches

# **Schedule**

Weekly, from 10/23/2017 to 6/6/2018

**G1.B1.S4** Enhance communication and involvement with families, schools and the community through effective family and community engagement

# **TA Opportunity 1**

Larkdale ES: Larkdale Elementary Parent Resource Room will offer meaningful learning opportunities designed to reflect the families' specific needs, build relationships with families, and provide families with the necessary materials and tools needed for parent training opportunities.

#### **Facilitator**

Elizabeth Edwards-SPARKS

#### **Participants**

Students, parents

#### Schedule

On 6/7/2018

# **TA Opportunity 2**

Dillard ES: Developing a parent center to provide parents with academic resources to utilize at home with children.

### **Facilitator**

Community Liaison

### **Participants**

Parents and community

#### **Schedule**

On 9/8/2017

# **TA Opportunity 3**

Dillard ES: Collaborate with public and private organizations and businesses to obtain resources for implementing school, family and community partnership strategies.

#### **Facilitator**

Administration/Support Staff

# **Participants**

Parents/Community

#### Schedule

Quarterly, from 10/2/2017 to 5/31/2018

**G1.B1.S5** Professional learning with an intentional focus on providing rigorous and inquiry-based learning practices that improve teacher efficacy will be provided based on culture, expectations, level of support, school data, timelines, and the professional growth plan.

# **TA Opportunity 1**

Dillard ES: Teachers will effectively implement Balanced Literacy Model strategies learned through PLC collaboration using appropriate resources and materials.

#### **Facilitator**

Administration

#### **Participants**

Teachers

## **Schedule**

On 12/20/2017

**G1.B1.S6** Utilize individual school staffing data to develop strategies to implement in order to identify, recruit, retain, and reward instructional personnel

# **TA Opportunity 1**

Dillard ES: Hire two paraprofessionals to support with the implementation of literacy in all grade levels to enhance the instructional process.

**Facilitator** 

Administration
