# School Improvement Plan (SIP) for Juvenile Justice Education Programs

2012-2013

#### 2012 – 2013 SCHOOL IMPROVEMENT PLAN

#### **PART I: SCHOOL INFORMATION**

School Name: Center For Drug Free Living	District Name: Brevard	
Principal: Dr. Kimberly Rogers	Superintendent: Dr. Brian Binggeli	
SAC Chair: Toniamae Dykes	Date of School Board Approval:	

#### **Student Achievement Data:**

Use data from the Common Assessment to complete reading and mathematics goals. Programs may include math data from the math assessment used in 2011–2012.

#### **Administrators**

List your school's on-site administrators who are responsible for educational services (e.g., principal, lead educator) and briefly describe their certification(s), number of years at the current school, number of years as an administrator, and their prior performance record with increasing student achievement at each school. Include the history of common assessment data learning gains. Programs may include math data from the math assessment used in 2011–2012. The school may include the history of Ambitious but Achievable Annual Measurable Objective (AMO) progress.

# 2012-2013 School Improvement Plan Juvenile Justice Education Programs Instructional Coaches

List your school's instructional coaches and briefly describe their certification(s), number of years at the current school, number of years as an instructional coach, and their prior performance record with increasing student achievement at each school. Include the history of common assessment data learning gains. Programs may include math data from the math assessment used in 2011–2012. The school may include the history of AMO progress. Instructional coaches described in this section are only those who are fully released or part-time teachers in reading, mathematics, or science.

#### **Effective and Highly Effective Teachers**

List your school's highly effective teachers and briefly describe their certification(s), number of years at the current school, number of years as a teacher, and their prior performance record with increasing student achievement at each school. Include the history of common assessment data learning gains. Programs may include math data from the math assessment used in 2011–2012. The school may include the history of AMO progress. Highly effective teachers refers to teachers who provide instruction in core academic subjects, hold an acceptable bachelor's degree or higher, have a valid temporary or professional certificate, and whose students demonstrate learning gains via the common assessment, end of course exams, or any supplemental assessment the school uses.

# 2012-2013 School Improvement Plan Juvenile Justice Education Programs Effective and Highly Effective Teachers

Describe the school-based strategies that will be used to recruit and retain high quality, highly effective teachers to the school.

Description of Strategy	Person Responsible	Projected Completion Date	Not Applicable (If not, please explain why)
1. Provide professional development opportunities to maintain professional certifications.	Principal	Continuous	
2. Competitive Salaries	Director of Ed	Continuous	
3. Merit Increases, Bonus	Regional Director of Ed	Annually	
4. Flexible Vacation time/PTO	Director of Ed	Continuous	

#### Non-Highly Effective Instructors

Provide the number of instructional staff and paraprofessionals that are teaching out-of-field and who are NOT highly effective.

\*When using percentages, include the number of teachers the percentage represents (e.g., 70% [35]).

Number of staff and paraprofessionals that are teaching out-of-field and who are not highly effective.	Provide the strategies that are being implemented to support the staff in becoming highly effective

Please complete the following demographic information about the instructional staff in the school who are teaching at least one academic course.

\*When using percentages, include the number of teachers the percentage represents (e.g., 70% (35)).

#### Teacher Mentoring Program

Please describe the school's teacher mentoring program by including the names of mentors, the name(s) of mentees, rationale for the pairing, and the planned mentoring activities.

Mentor Name	Mentee Assigned	Rationale for Pairing	Planned Mentoring Activities
N/A			

For schools with Grades 6-12, describe the plan to ensure that teaching reading strategies is the responsibility of every teacher.

Brevard County will be looking closely at the Common Core Reading Standards and discussing their impact on instruction. There will be two mandatory district in-service days dedicated to delivering professional development with the focus on aligning CCSS with the county's curriculum. Following the professional development, administrators will monitor implementation through the teacher appraisal system. Support will be provided by the reading coach as needed.

#### \*High Schools Only

Note: Required for High School- Sec. 1003.413 (2)(g)(j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

N/A

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful to their future?

Upon entry to the school, students take a learning styles inventory, a career interest inventory, and meet with a guidance counselor/transition coordinator to develop a class schedule.

#### Postsecondary Transition

Note: Required for High School- Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report.

Please refer to questions below to guide your responses when completing the goal chart. Specific responses are not required for each question on the template.

#### **Guiding Questions to Inform the Problem-Solving Process**

- Based on a comparison of 2010-2011 common assessment data and 2011-2012 common assessment data, what was the percent increase or decrease of students maintaining learning gains?
- What percentage of students made learning gains?
- What was the percent increase or decrease of students making learning gains?
- What are the anticipated barriers to increasing the percentage of students making learning gains?
- What strategies will be implemented to increase and maintain proficiency for these students?
- What additional supplemental interventions/remediation will be provided for students not achieving learning gains?
