Supplemental Educational Services (SES) Notification

Upload a copy of the SES Notification to Parents in the designated upload link on the "Upload" page.

#### \*Elementary Title I Schools Only: Pre-School Transition

Describe plans for assisting preschool children in transition from early childhood programs to local elementary school programs as applicable.

Provide small group instruction, provide intensive behavior supports (according to IEPs), provide daily communication to parents about student success and areas of needed parental support, develop individual MTSS/RTI plans for each student outlining individual needs and interventions

#### \*Grades 6-12 Only Sec. 1003.413 (2) (b) F.S

For schools with grades 6-12, how does the school ensure that every teacher contributes to the reading improvement of every student?

Teaching strategies are monitored using the Classroom Walkthrough (CWT) tool. Administration reviews lesson plans weekly and provide feedback to teachers as needed. Professional Development (PD) in reading strategies is provided to all teachers on PD Wednesdays and during Professional Learning Community (PLC) meetings. Administration attends PLC meetings and provides weekly feedback to teachers. Teacher IPDP reflect PD in the area of reading strategies and teachers also have access to PD360 and are encouraged to participate in ongoing PD via this medium.

#### \*High Schools Only

Note: Required for High School-Sec. 1003.413(2) (g), (2) (j) F.S.

How does the school incorporate applied and integrated courses to help students see the relationships between subjects and relevance to their future?

Teachers develop lesson plans that integrate reading, math, and science concepts and make connections across subject areas during instruction. Secondary students participate in Career Education and students in our Bridges program participate in Self Determination Skills and Preparation for Post School Adult Living. Secondary students also participate in Curriculum Based Vocational Education (CBVE) and Community Based Instruction (CBI) which allows them make connections between what they learn and practice in school and future work opportunities.

How does the school incorporate students' academic and career planning, as well as promote student course selections, so that students' course of study is personally meaningful?

Students complete the EPEP in the 8th grade with input from the student, parent/guardian, and the teacher. Courses are selected which meet state requirements and which also allow opportunity for students to engage in meaningful and relevant learning experiences. Students in grades 9-12 are allowed to participate in their IEP meetings and provide input on their post school/transition IEP goals as much as possible.

#### **Postsecondary Transition**

Note: Required for High School- Sec. 1008.37(4), F.S.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report.

#### School Advisory Council (SAC)

SAC Membership Compliance

The majority of the SAC members are not employed by the school district. The SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students (for middle and high school only), parents, and other business and community members who are representative of the ethnic, racial, and economic community served by the school. Please verify the statement above by selecting *Yes* or *No* below.

Yes No

If No, describe the measures being taken to comply with SAC requirements.

Describe the activities of the SAC for the upcoming school year.

Meet monthly to review the School Improvement Plan (SIP) and progress toward meeting SIP goals and objectives. Annual SAC retreat will be held in March 2013 to review progress for the current school year and to make plans for the next school year.
