SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Denison Middle School will provide a diverse 21st century learning experience.

Provide the school's vision statement

At Denison Middle School we will:

Provide a challenging, standards based educational program, preparing students for success in high school and beyond

Create an environment of educational excellence by using a variety of instructional strategies and activities to address the varied learning strengths of our students

Provide a caring, nurturing environment in which all students can feel supported and safe emotionally, intellectually, and physically

Build positive personal characteristics such as tolerance, integrity, cooperation and honesty, and encourage respect for the individual differences that make each of us unique.

Prepare our students for college and careers.

 Each student assigned to a team of teachers who create and implement interventions for students and also provide a "family" type nurturing environment

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension:
 - Attendance Secretary monitors attendance,
 - Alert social worker if there is an attendance issue
 - Meetings are scheduled between parent and social worker to address attendance concern
 - Contracts are created and followed to reduce future absences
- One or more suspensions, whether in school or out of school
 - Discipline staff monitor suspensions
 - Parental involvement is requested
 - MTSS is used
 - Code of Conduct is followed
- Course failure in English Language Arts or mathematics
 - Guidance monitors failures
 - Interventions are put into place
- A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics
 - ELA:
 - 90 min. block of Reading instruction
 - Follow district-wide reading program
 - Utilize Reading Interventionist to address specific issues
 - Math:
 - Scheduled in a regular Math class and an intensive Math classes
 - Use suggested district resources (TenMarks, etc...)
 - Utilize Math Interventionist to address specific issues

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	28	21	24	73
One or more suspensions	87	100	92	279
Course failure in ELA or Math	0	6	9	15
Level 1 on statewide assessment	71	103	90	264

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	6	7	8	
Students exhibiting two or more indicators	54	93	82	229

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension:
 - Attendance Secretary monitors attendance,
 - Alert social worker if there is an attendance issue

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Parents will be invited to participate in several events throughout the school year. This year’s activities will include: Report card nights, The public night at the Library, Career Academy Night, Culture Night, The Great American Teach in, SAC committee, Volunteer opportunities, Mentoring programs and the PTO.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Teachers are reaching out to community members and businesses to build partnerships. They are asking for support through classroom visits, funds to buy resources and donated resources. Students will have opportunities to learn about careers in our community and be guided on a pathway through one of the pre-academies leading to high school credit and certification in the academy field. Each career pre-academy will be working with at least one business partner throughout the year.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Gregory, Sheila	Principal
Crumley, Nelly	Instructional Coach
Gaymont, Katherine	Other
King, Gretchen	Instructional Coach
Mills-Coleman, Mona	Instructional Coach
Thomas, Curtis	Assistant Principal

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal: Provides a common vision for the use of data-based decision –making, models the Problem Solving Process; supervises the development of a strong infrastructure for implementation of PS/Rtl; ensures that the school-based team is implementing PS/Rtl; conducts assessment of PS/Rtl skills of school staff; ensures implementation of intervention support and documentation; ensures and participates in adequate professional learning to support PS/Rtl implementation; develops a culture of expectation with the school staff for the implementation of PS/Rtl schoolwide; ensures resources are assigned to those areas in most need; and communicates with parents regarding school-based PS/ Rtl plans and activities.

Assistant Principal, Deans, and Title 1 Facilitator: Assists Principal in providing a common vision for the use of data-based decision-making, assists in the development of a strong infrastructure of resources for the implementation of PS/Rtl, further assists the principal in the assessment of PS/Rtl skills, implementation of intervention support and documentation, professional learning, and

communication with parents concerning PS/RtI plans and activities.

Exceptional Student Education (ESE) Facilitator: Participate in student data collection, integrate core instructional activities/materials/ instruction in tiered interventions; collaborate with general education teachers.

Instructional Coaches: Develop, lead, and evaluate school core content standards/programs; identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening programs that provide early intervening services for children to be considered "at risk," assists in the design and implementation for progress monitoring, data collection, and data analysis, participates in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Progress monitoring and school-wide behavioral data will drive the implementation of the MTSS and SIP structures though out the school. All leadership, instructional, and support (paraeducators) faculty will be involved though out the implementation. General Education Teachers provide information about core instruction; participate in student data collection; deliver Tier 1 instruction/intervention; collaborate with other staff to implement Tier 2/3 interventions; and integrate Tier 1 materials/ instruction with Tier 2/3 activities. PS/RtI Behavior Representatives (PBS) participate in collection, interpretation, and analysis of data; facilitate development of intervention plans; provide support for intervention fidelity and documentation; assist with professional development for behavior concerns; assist in facilitation of data-based decision making activities. Guidance Counselors provide quality services and expertise on issues ranging from program design to assessment and intervention with individual students. Communicates with child-serving community agencies to support the students' academic, emotional, behavioral, and social success. Technology Specialist develops or brokers technology necessary to manage and display data, provides professional development and technical support to teachers and staff regarding data management and graphic display.

Title I, Part A -Provided services ensure students requiring additional remediation are assisted through after-school programs and/or extended learning opportunities. The district coordinates with Title II and Title III in ensuring staff development needs are met.

Title I, Part C-Migrant - The Migrant Liaison provides services and support to students and parents. The liaison coordinates with Title I and other programs to ensure student needs are met.

Title I, Part D- The district receives funds to support the Educational Alternative Outreach program. Services are coordinated with the district Drop-out Prevention programs.

Title II- The district receives supplemental funds for improving basic education programs through the purchase of small equipment to supplement education programs. New technology in the classrooms will increase the instructional strategies provided to students, and new instructional software will enhance literacy and math skills of struggling students.

Title III- Services are provided through the district for education materials and ELL district support services to improve the education of immigrant and English Language Learners.

Title X- Homeless- The district Homeless Social Worker provides resources (clothing, school supplies, social services referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education. The Hearth program, funded through Title X, provides support for identified homeless students.

Supplemental Academic Instruction- N/A

Violence Prevention Programs- The school offers a non-violence and anti-drug program to students that incorporates field trips, community service, drug tests, and counseling.

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

SAC members reviewed parts of the school improvement plan throughout the year. Data was discussed at each meeting. Discussions we had on ways to improve parental support.

Development of this school improvement plan

The SAC committee was involved in the Pre-planning of the SIP plan. During meeting members were encouraged to voice their concerns about what changes they would like to see at the school.

Preparation of the school's annual budget and plan

Review and approve

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

N/A

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Gregory, Sheila	Principal
Gaymont, Katherine	Teacher, K-12
Mills-Coleman, Mona	Instructional Coach
Crumley, Nelly	Instructional Coach
King, Gretchen	Instructional Coach
Thomas, Curtis	Assistant Principal

Duties

Describe how the LLT promotes literacy within the school

School-wide literacy calendar followed by all classes and develop monitoring systems to evaluate the effectiveness of the plan

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Grade levels are divided by team and collaborative team meetings are scheduled monthly. Department meetings are on Fridays during subject area planning time. Individual grade levels have lesson planning sessions every Tuesday, Wednesday, or Thursday focusing on standards based lesson planning and lesson delivery.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Administration uses the district's recruiting department and RHS system to attain highly qualified personnel. Instructional coaches are assigned to the new hires as mentors. In house trainings are offered weekly to support and sustain school wide instructional and behavioral expectations.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Instructional coaches are linked to new teachers in their field to support and sustain the teachers. Weekly meetings are planned to discuss topics that will yield high performing instruction.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

County adopted materials are utilized and monitored for fidelity

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data used from state-wide assessments are used for student placement.

Progress monitoring is used to drive instruction and determine areas of weakness for intervention.

Formative assessment is used for grouping in individual classrooms, interventions, and instructional differentiation.

For example: - A student who scored a level on Reading FCAT 2.0 has been placed in a 90 minute reading block. After FAIR assessment, the same student shows a weakness in a specific standard would receive remediation from classroom teacher or interventionist. If the same student showed a weakness on a formative assessment the classroom teacher would change grouping and address the issue during small group instruction.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 450

An after school tutoring program will be set up by the Title One Facilitator using title one funds to give students 10 hours of extra time learning core subject area content. Tutoring will be in Math, Science and Reading/Language Arts. Students will be selected based off their IMPROVE, benchmark assessments, and FAIR testing data.

Strategy Rationale

Interventions should be ongoing and be in a timely manner to fill in instructional gaps as they arise. We feel that by doing this, students will be more successful and able to acquire new knowledge during their normal class time.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Gaymont, Katherine, katherine.gaymont@polk-fl.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data will be collected from the 2nd and 3rd FAIR testing data, benchmark assessments. We will also collect data from the 2014-2015 from the final round of IMPROVE TESTING.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Each spring 8th grade students go to the high schools to supporting our students as they transition onto the course path they choose. Each spring 5th grade students are introduced to our CTE pre-academies.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

In 6th grade students are scheduled into a wheel class that allows them to set a feel for the different pre-academies that are offered. Each wheel class teaches them the basics of what type of careers are offered in that field. Students then choose a pre-academy in the 7th grade. Also, 8th grade students are assessed by the E-PEP to help determine their career interest and form a career path.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Denison Middle School has become wall-to-wall pre-academies. Every student on the campus is enrolled in a pre-academy. The pre-academy teachers work with the core academic teachers to relate what is being learned in the core subject to what is being taught in the pre-academy class. Each Pre-academy class will feed into a high school academy.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Each academy is connected with a team of core academic teachers to enable cross-curricular instruction and activities.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes
