This plan was approved by the Pasco County School Board on 10/7/2014.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

We are a high-achieving, student focused community of learners exhibiting passion, commitment and unity. Our goal is to make a difference for our students and the community.

Provide the school's vision statement

Why?

Fulfill the promise of preparing students for College, Career, and Life.

What?

Provide students with a rigorous and relevant educational experience that maximizes student engagement and is founded in meaningful relationships.

How?

Focus PLCs on alignment of curriculum, best practices, and common assessments.

Provide differentiated support for intervention and remediation.

Strengthen academic, social, emotional, and behavioral readiness levels of students as 21st century learners.

Monitor progress through data analysis of key indicators.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Prior to the beginning of the school year, students are invited to Anclote High School to meet their teachers, pick up schedules, and learn about the various clubs, sports and activities our school has to offer. Once school begins, many teachers utilize "getting to know you" activities to learn about the students. Teachers are encouraged to make positive phone calls and mail home postcards to parents and write "positive referrals" to administration.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Anclote High School has five expectations, Safe, Honest, Accountable, Respectful and Kind, that are shared with students. Procedures for rewards, as well as negative consequences are shared with students at the beginning of the year. The student services team speaks with students about bullying report procedures, as well as who to speak with when a student is having social-emotional problems. Students may earn additional privileges for demonstrating positive behavior, being in attendance, and earning good grades.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Anclote High School has five expectations, Safe, Honest, Accountable, Respectful and Kind. Procedures for rewards, as well as negative consequences are shared with students at the beginning of the year. Specific procedures are in place regarding usage of technology (e.g. cell phones, MP3 players) before, during and after school. Teachers are provided with a behavior folder that includes all

necessary components related to behavior, including referral forms (for positive or negative behaviors), postcards home, etc.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The student services team speaks with students about bullying report procedures, diversity and acceptance, suicide prevention, health relationships, and prevention of dating violence. Students are made aware of the procedures to speak to a counselor, social worker or school psychologist when they are struggling. Counseling is provided to students, as well as mentoring (peer and adult), and outside counseling referrals are made for students who need additional support beyond what the school can provide.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

On-Track:

- 4% or less absences per year.
- 2 or fewer Office Discipline Referrals per year.
- C's or better in all classes.
- Level 3 or higher on FCAT 2.0/ELA and Algebra 1 End of Course assessments.

At-Risk for Off Track -

Off-Track -

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level				Total
	9	10	11	12	
Attendance below 90 percent	73	47	37	24	181
One or more suspensions	89	57	38	11	195
Course failure in ELA or Math	117	127	94	36	374
Level 1 on statewide assessment	156	117	80	21	374

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level				Total
	9	10	11	12	
Students exhibiting two or more indicators	128	110	72	20	330

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- Graduate Enhancement Program
- Afterschool Tutoring
- Credit Recovery

Mentoring
Counseling

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/182490>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

AHS builds and sustains partnerships with the local community in many ways. Monthly parent meetings are held and quarterly newsletters are sent home.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Anthony Kendall	Student
Siara Lugo	Student
Christine Skrelunas	Parent
Dan Baker	Parent
Kathy Byrne	Business/Community
Erika Haggerty	Teacher
Shannon Rodriguez	Teacher
Dierdre Dawood	Education Support Employee

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The group is planning to review the school improvement plan and analyze the data in comparison to the goals set by the school.

Development of this school improvement plan

SAC provides input through discussion and feedback, making recommendations for consideration.

Preparation of the school's annual budget and plan

The group will review the budget from the previous school year and judge the return on investment in regard to student achievement. Throughout the year the committee will review expenditures and use needs assessments to make decisions based on these results.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Classroom supplies and paper. Classroom resources to assist in the implementation of Florida Common Core Standards. Mini-grants made available

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title

Scott, Pam	Teacher, K-12
Milden, Ali	Teacher, K-12
Parmenter, Alan	Teacher, ESE
Reddish, Kim	Teacher, K-12
Collins, Lisa	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

Transition to common core from NG-SSS with an emphasis on close reading and reading of non-fiction texts. English teachers and Reading teachers will collaborate to ensure that students at are levels are making learning gains. Reading teachers will create a data wall to show student growth over time.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Instructional staff will participate in weekly PLC meetings focused on curriculum alignment, instructional practices and common assessment development. They will evaluate the effectiveness of planning and instruction as these relate to assessment results. MTSS teams will meet by cohort to analyze and discuss data related to assessments, attendance and behavior. All faculty members will actively engage in these meetings.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Anclote High School, in cooperation with the School District of Pasco County, works to retain teachers through a system of professional growth and support. Administrators screen and interview highly qualified teachers before considering other applicants.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Teachers new to the district, or identified as needing support, are provided a school-based mentor. Pairings include efforts to match curriculum assignment and proximity, when possible. Mentors are all Clinical Education trained. Anclote High School also provides support through periodic new teacher trainings and meetings.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Instructional staff participate in Professional Learning Communities which focus on curriculum alignment, instructional strategies, common assessments and data analysis. PLCs utilize district curriculum maps, which are aligned to state standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Instructional staff participate in Professional Learning Communities which focus on curriculum alignment, instructional strategies, common assessments and data analysis. PLCs analyze common assessment data to determine additional instructional supports needed by students. Teachers provide after school tutoring for struggling students in addition to re-teaching and presenting mini-lessons in order to meet the diverse needs of students. ESE students are also supported by VE teachers and ELL students are supported by an ESOL Instructional Assistant.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 0

Extended School Day program provides support in core academic areas. The ESD program is established once receiving guidelines from district, including budget. Previously, ESD included support for student after school twice weekly, with transportation provided. The program runs from October through February.

Strategy Rationale

ESD provides for the differentiated support of students in order to meet state standards.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Beatty, Alondra, abeatty@pasco.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students participating in ESD on a regular basis are identified and academic progress of this population is compared to academic progress of school-wide population.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

NA

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Teachers and counselors work cooperatively to help students select appropriate classes prior to registration. Post secondary planning is offered to all students, regardless of grade. Post Secondary importance is stressed to all students. Anclote High School has several programs of study leading to certification, including Energy and Electricity, Nursing, Digital Design, Culinary Arts, and Business Applications. The Student Services team coordinates a College and Career Fair for juniors and seniors hosting more than 40 post-secondary institutions.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

A focal point for all staff members is to provide a connection between what is taught and how it connects to the real world. Teachers provide this support to students on a regular basis in the classroom. This includes connecting classroom material to current careers and real world situations. Each student's course information is reviewed by his or her assigned guidance counselor. Guidance counselors communicate with students through personal meetings, emails and classroom presentations. Developmental Guidance Units include graduation requirements and post-secondary and career options.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

This is the focus of our Student Services Professional Learning Community: ensuring all students have access to/and understand the importance of post-secondary planning. Innovation of delivery methods; engaging students and families, through goal setting, parent/student informational sessions on college and career opportunities and working with Career Central. In addition, Anclote offers students on free and reduced lunch, waivers for the ACT and SAT test. All students are given the opportunity to enroll in College Readiness Courses, obtain CCTE industry certifications and attend after school boot-camp sessions to prepare for post-secondary success.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Latest High School Feedback Report is dated 2012.

Anclote scored above the state and district in the percent scoring at or above Cutoff scores in all three subjects, Reading, Writing and Math. We continue to offer remedial study opportunities for our students. In addition,

Anclote offers both Dual Enrollment and AP courses on campus to further challenge our students.

This year we have added AP Biology and AP Chemistry to our course selections. All 10th grade students this year will participate in the PSAT, these results will aid in identifying students abilities for course placement. Students who will be participating in EOC testing are able to enroll in scheduled boot camps to receive additional support in tested subject areas.

Our Career Resource Teacher assist students receiving Free and Reduced lunches to obtain two free vouchers for both the SAT and ACT administrations.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
