Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Highlands County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The mission of Avon Elementary is to educate and encourage our students to reach their full potential as productive citizens and leaders in an ever changing society.

Provide the school's vision statement

Learning to Lead, Leading to Learn

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Learning about students' cultures provides for a supportive learning environment and builds relationships between the teacher and students. At Avon Elementary teachers build and foster relationships and make a critical impact on student achievement by showing interest and concern for their students, by having conversations with families, by expressing respect, and by holding their students to high expectations.

Describe how the school creates an environment where students feel safe and respected before, during and after school

At Avon Elementary we practice Stephen Covey's 7 Habits of Highly Effective Kids. We teach students how to apply the 7 habits in order to build character, citizenship, and strong work habits. By teaching/applying the 7 Habits we have established a positive and respectful school culture. Through the 7 Habits, students are encouraged to show thoughtfulness and respect for peers, adults, and the school at all times. We encourage students to report any incidents that make them feel unsafe. We have a bully box where students can report incidents of bullying confidentially without the fear of retaliation. Avon Elementary has a zero tolerance policy for bullying.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Avon Elementary's school-wide behavior program incorporates a positive behavior clip chart. With the behavior clip chart, teachers are able to reinforce classroom procedures/expectations consistently while reinforcing positive behavior. This minimizes distractions and keeps students engaged and focused on learning.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Avon Elementary is able to ensure the social-emotional needs of all students are being met through the provision of a school guidance counselor and a tri-county counselor. The guidance counselor also brokers with the Child Advocacy Center to secure additional services that may be needed. The school also provides an on-site staff mentoring program where staff members are paired up with students in need of additional support.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/177570>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Avon Elementary builds partnerships with the community to secure resources to support achievement in a variety of ways. Avon Elementary partners each year with the Avon Park Noon Rotary Club, who purchases/provides dictionaries to all of our 4th grade students, we partner with Bill Jarrett Ford who provides funds to implement our Leader In Me initiative, and we partner with Wells Motor Company where we host a Chrysler Drive where we are raising funds to purchase new equipment.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

Sinclair, Terri	Instructional Media
Welch, Erin	Dean
Long, Rebecca	Teacher, K-12
Thompson, Amanda	Teacher, K-12
Sheffield, Hope	Teacher, K-12
Laye, Summer	Instructional Technology

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The leadership team members serve as liaisons to their grade levels. Progress monitoring requires scheduling, shared decision making on grade level benchmarks/expectations for each 9 weeks period. Additionally, strategies for delivering tier 2 and tier 3 interventions/scheduling are based on feedback from team leader input. The MTSS team consults with these team members monthly (or as needed).

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS leadership team meets monthly with all team members. The school psychologist, reading coach and guidance counselor review and input data weekly. Students may be referred to this team for assistance when experiencing difficulty academically or behaviorally. This is done through progress monitoring, or directly to the guidance counselor, administration, reading coach, or other team member when ordinary classroom accommodations and intervention strategies fail to resolve the student's deficiency. A meeting is then scheduled for the MTSS team to meet with the classroom teacher to share concerns and look cooperatively with the team for solutions. Parents are invited to attend these meetings as well. The team clarifies the concern and reviews available data in order to specifically define the issue (hypothesis and goal setting take place at this time).

Title I Part A-provides funds to target academic assistance to all students, professional development for teachers, and parent involvement activities.

Title I part C-provides services to migrant students and their families. Parent involvement and education is an integral part of the migrant program.

Title I Part D-provides services to children who are delinquent or neglected.

Title II-Part A provides for teacher professional development and supports all teachers and paraprofessionals to be highly qualified.

Title III-supports activities to assist students to become proficient in English. Title III supports teacher professional development in ELL strategies, parent involvement and education.

SAI-SAI funds will be coordinated with Title I funds to provide summer school for level 1 readers.

Homeless-District student services coordinates with title I A to provide resources for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Breakfast In The Classroom-provided to all students free of cost to the students.

Rivera, Stephanie	Education Support Employee
Vegas, Susy	Education Support Employee
Massey, Natalie	Teacher

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The school advisory council met in September 2014 to review the previous years School Improvement Plan (SIP) and to analyze data. We looked at Spring 2014 FCAT data, 4 year trend data and we looked to see if SIP targets were met. We also discussed strategies that were in place to reach those targets, we made revisions as necessary for the current SIP.

Development of this school improvement plan

The School Advisory Council (SAC) plays an active role in the development and evaluation of the school improvement plan and assist with the annual school budget. The SAC reviews relevant data, identifies areas for improvement, develops improvement strategies, and monitors the implementation of the strategies. This is an on-going process. Data is constantly being analyzed and adjustments made to ensure the strategies we are implementing are positively impacting student achievement. Funds are allocated to provide resources for the implementation of research based strategies.

Preparation of the school's annual budget and plan

The School Advisory Council (SAC) reviews and provides advisory input on the school budget and action plan. Funds are allocated to provide resources for the implementation of research based strategies and they provide input on discretionary spending.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

NA

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Name	Title
Ball, Carla	Principal
Spencer, Jon	Assistant Principal
Elder, Lisa	Teacher, ESE
Brooker, Martie	Guidance Counselor
Franza, Sara	Instructional Coach
Gause, Lisa	Teacher, K-12

Richardson, Laura	Teacher, K-12
Sinclair, Terri	Instructional Media
Welch, Erin	Dean
Long, Rebecca	Teacher, K-12
Sheffield, Hope	Teacher, K-12
Thompson, Amanda	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The function of Avon Elementary's Literacy Leadership Team (LLT) is to build a culture of academic rigor through ongoing professional learning for teachers. The LLT will meet monthly to

assess the school's literacy needs, establish goals and priorities for literacy, and develop a professional development agenda to meet the established goals. The Literacy Leadership Team also serve as liaisons to the rest of the staff, bringing messages and information to grade-level teams, as well as to other school committees, such as parent groups. The primary goal is to increase literacy learning and student achievement for all students.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Avon Elementary builds working relationships and fosters collaboration by providing a common planning block for each grade level, through weekly grade level planning meetings, and each grade level is allocated a 1/2 day planning day each nine weeks to analyze data, collaborate and plan.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Avon Elementary utilizes the Human Resources Recruitment and Professional Development (HRRPD) department at the district office. This department posts all vacancies on the website, as well as attending college/university recruitment fairs throughout the state. The Teach-In Florida.com and Teacher-

Teacher.com websites are also used to locate potential applicants who will meet the criteria to be highly qualified. An interview team consisting of the administration, literacy/curriculum resource teacher, grade level

appropriate teacher leader and other staff members, as needed, interviews each applicant who meets the

criteria to be interviewed and considered for the vacancy. References are checked via the telephone.

The

HRRPD department performs the critical duty of screening interested applicants for verification of professional preparation and certification. This department is crucial to hiring highly qualified teachers. New teachers are assigned grade level/job-alike mentors to assist and support the transition to Avon Elementary. Under the guidance and direction of the Curriculum Leadership team members, each grade level/department meets weekly to plan together, share successes, and problem solve.

In addition to the support provided by the team leader and administration, first year teachers are assigned a

Peer Evaluator. Using Charlotte Danielson's Frameworks for Teaching model, teachers are trained on the

content of the 4 Domains, the Rubrics and the Evidence to be observed. Peer Evaluators also serve to coach

new teachers on areas of need.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Avon Elementary provides mentoring for beginning teachers and teachers in need of improvement in a variety of methods. Highlands County School District Human Resources, Recruitment and Professional Development department is instrumental in verifying certification, highly qualified, and other requirements

that determine the teachers who are in need of the Professional Education Competence (PEC) program. Once those teachers who are determined to be eligible for this support program is identified, a qualified mentor/peer teacher is chosen. The criteria for selection of the mentor/peer teacher is: an experienced teacher who has the necessary skills and competencies to provide support for the beginning teacher;

be at the same grade level or subject level when possible; be Clinical Educator trained; participate in a peer teacher training; and attend a workshop relating to the Peer-Mentor Teacher Program Notebook. Each beginning teacher who is eligible for the PEC program has a support team that meets quarterly to provide support and resources for the development of the beginning teacher. Each Curriculum Leadership Team member also has the responsibility to mentor and support those beginning and/or teachers in need of improvement who are on their grade level team. The Literacy/Curriculum Resource Teacher also provides guidance and support for beginning and/or teachers in need of improvement.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

In order to prepare students for the rigor of the Florida Standards, Avon Elementary utilizes a core curriculum that addresses the state content standards, provides instruction that is based on the curriculum, and incorporates assessments that identify opportunities for students to demonstrate what they know and can do on the state content standards. To ensure the core instructional programs and materials are aligned to the Florida Standards opportunities are provided for teachers to map out the curriculum and unwrap the standards. This helps teachers to better understand what they are responsible for teaching and where any instructional gaps may be.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Avon Elementary uses data to provide and differentiate instruction to meet the diverse needs of students by:

- closely monitoring the progress of individual students and continually adjusting teaching in response
- providing tiered interventions based on student needs
- providing flexible grouping to cater for the individual needs of students and enable differing levels of support
- assisting students to monitor their own learning through data notebooks and goal setting
- communicating with parents through agendas, notes home, newsletters, parent conferences, phone calls, and parent nights to provide regular updates on student progress and to provide strategies and resources on how they can support their child's learning at home

Students who have difficulty attaining proficiency or above on state assessments are targeted for in school and/or after school tutoring opportunities to provide them with remediation and extra support. Students scoring below proficiency receive targeted support through tiered interventions in a small group setting.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 7,560

Summer programs are available for 3rd grade reading camp students, migrant students, and ESY for qualifying ESE students.

Strategy Rationale

Additional time focusing on specific skills and student needs will improve student achievement.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Ball, Carla, ballc@highlands.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Pre and post assessments are given to the students who attend summer school programs.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

In May of each year, the preschool agencies in the Avon Park area are scheduled for school visits. Students who will be entering school in August are given the opportunity to visit kindergarten classrooms as well as other areas of importance throughout the campus. Students are given "Welcome To School" packets with a variety of school materials in them. Parents are also given packets of information regarding what to expect as their child enters kindergarten. An open house/ orientation was held on August 17th. A kindergarten parent night was held during the second week of school. Parents were invited to come to their child's classroom to receive first hand information regarding the daily schedule, academic expectations, etc. The school guidance counselor works with any students and parents that may have difficulty adjusting to the transition to school.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan.
