Grade	C*	Α	В	Α		

^{*}Preliminary Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Osceola County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at https://www.floridaCIMS.org.

Appendix 3: Budget to Support Goals

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only currently A, B or C with at least one F in the prior three years
- Focus currently D
 - Planning two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority currently F
 - Planning declined to a grade of F in the most recent grades release and have not received a
 planning year or implemented a turnaround option during the previous school year
 - Implementing two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2015-16 DA Category and Statuses

DA Category	Region	RED
Not In DA	3	Ella Thompson
Former F		Turnaround Status
No		

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

"To provide a welcoming, supportive environment that empowers, encourages, and inspires all individuals to soar into life-long learning."

Provide the school's vision statement

"A school where the students and staff learn through academics, the fine arts and technology"

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

During the school year and summer, administration makes an effort to welcome and greet new families entering the school. The school's guidance councilor is readily available to help any family or student with their transition into East Lake. Teachers also incorporate various activities into the students' daily learning that asks students share their past with others.

Describe how the school creates an environment where students feel safe and respected before, during and after school

East Lake's number one priority is student safety. During the morning, there are many staff members present to welcome and greet students. Staff members are also spread throughout the school and offer assistance to any student that may need help getting to their classroom or another area. At all times the outside and classrooms doors remain locked and the students are taught they are locked to keep the campus safe. During dismissal, students are released on two bells, which gives students ample time to exit the building and/or get to the area where they need to be. Again, may staff members are present during dismissal and other assistance to all students as they exit the building. In the classrooms, hallway, lunch room, and all other areas, staff members treat students like family and students are shown daily how great it is to be an eagle.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

East Lake follows the PBS model. Within the model, both discipline and academics are looked at. The PBS committee has set up incentives for students who have earned "Eagle Bucks" for following school-wide expectations. East Lake uses both minor and major infraction forms, with the major infraction form being a referral. Teachers are taught what behaviors elicit a minor or a major and students are held accountable for their actions. Teachers also have classroom expectations posted in their classrooms that remind the students of the rules and consequences daily.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Students requiring social-emotional help are directed to our guidance councilor, Ms. Serrano. Ms. Serrano works with students in a variety of ways to meet the individual needs of students. Ms. Serrano has also set up small groups, in which students meet to discuss different types of matters

that may come about during school. Teachers work with students in the classroom as well by providing one on one time for students to discuss and share any uncertainties or problems that the students may have.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

We analyzed our school's data grades K-5 using the following indicators:

- -10% or more of days missed
- -One or more suspensions (in school and out of school)
- -Level 1 score on the States Assessment (grades 3-5)

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator		Grade Level					Total
indicator	K	1	2	3	4	5	Total
Attendance below 90 percent	32	14	20	24	15	13	118
One or more suspensions	0	0	2	3	5	5	15
Course failure in ELA or Math	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	8	25	52	85
	0	0	0	0	0	0	
	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator		Total			
	2	3	4	5	TOTAL
Students exhibiting two or more indicators		2	3	10	16

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

East Lake implemented many intervention strategies to improve academic performance of students that were identified using the early warning system. We offered morning tutoring, push in tutoring in the classrooms, as well as using the P.E. waiver to offer more instruction during essentials (or block) classes. Students were selected based upon previous test scores, including FCAT, STAR, and common formative assessments.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

100% of the parents at East Lake Elementary will be involved with their student education by communicating with the teacher on a regular basis via agenda, email, phone or parent conferences. Parents will become involved by volunteering and attending school functions.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

East Lake maintains a constant partnership with various organizations, businesses, and community members. The school remains open and available to any community members or organization to rent for needs, including local home owners' associations. East Lake also has made and continued partnerships with many other local businesses in the area. East Lake is a 5-Star school, having reached the required number of volunteer hours within a school year. Parents are welcome to sign up through the Oasis program and volunteer at the school or in a classroom. A fall event is held each year where are students and families are invited to the school for a day filled with fun, food, meet and greets, and much more.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Burdette, Stacy	Principal
DeRight, Nathan	Assistant Principal
Blades, Kathy	Instructional Coach
Cooper, Liz	Instructional Coach
Glasheen, Jennifer	Instructional Media

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Administration: Provide a common vision for the use of data-based decision making, ensure that the school-based team is implementing RtI, conduct assessment of RtI of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support RtI implementation, and communicates with parents regarding school-based RtI plans and activities.

Exceptional Student Education (ESE) Teachers: Participates in student data collection, integrates core instructional activities/materials into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching.

MTSS Coach: Develops, leads, and evaluates school core content standards/programs; identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches.

Identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening programs that provide early intervening services for children to be considered "at risk"; assists in the design and implementation for progress monitoring, data collection, and data analysis; participates in the design and delivery of professional development; and provides support for assessment and implementation monitoring.

Reading Instructional Specialist: Provides guidance on K-12 Reading Plan; facilitates and supports data collection activities; assists in data analysis; provides professional development and technical assistance to teachers regarding data-based instructional planning; supports the implementation of Tier 1, Tier 2, and Tier 3 Intervention Plans.

School Psychologist: Participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation; facilitates data-based decision making activities.

Speech Language Pathologist: Educates the team in the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design; assists in the selection of screening measures; and helps identify systemic patterns of student need with respect to language arts.

Student Services Personnel: Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, school social workers continue to link child-serving and community agencies to the schools and families to support the child's academic, emotional, behavioral, and social success.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The Leadership Team will focus meetings around one question: How do we develop and maintain a problem-solving system to bring out the best in our schools, our teachers, and our students? The team meets once a month to engage in the following activities:

Review universal screening data and link to instructional decisions, review progress monitoring data at the grade level and classroom level to identify students who are meeting or exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on the above information, the team will identify professional development and resources. The team will also collaborate regularly, problem solve, share effective practices, evaluate implementation, make decisions, and practice new processes and skills. The team will also facilitate the process of building consensus, increasing infrastructure, and making decisions about implementation.

Local funds help support SIP targets by providing professional development, coaching support, and access to research-based resources for teachers. Supplemental Academic Instruction (SAI) funds provide extended learning opportunities for students in math, reading, writing, and science. The extended instruction is targeted and based upon students' needs. All other funding sources are strategically distributed to address students' learning needs that vary over the course of the school year. Through the coordination of the various funding sources, we provide students at all levels with targeted instruction.

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group
Carrie Sassic	Teacher
Stacy Johnson	Teacher
Jennifer Pearson	Teacher
Louise Smith	Teacher
Stacy Burdette	Principal
Nathan DeRight	Principal
Jose Nieves	Business/Community
Jennifer Glasheen	Teacher
Ivette Santiago	Parent
Sonya King	Parent
	Student
Bertrice Romeus	Teacher

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

At every SAC meeting, the administration highlights various areas of the Continuous Improvement Management System. During a SAC meeting, the school climate survey was disbursed and results were shared once all data was collected. Suggestions were then made based upon the results of the survey to better the school as a whole.

Development of this school improvement plan

The CIMS is normally developed by administration and selected staff members. Administration presents the CIMS to the SAC committee, suggestions are discussed, and the committee approves the CIMS. Administration reviews the CIMS with SAC several times throughout the year to review data and discuss our progress towards meeting our goals.

Preparation of the school's annual budget and plan

The principal provides an update of the school's budget and expenditures at each meeting. The SAC committee then discusses how money is spent and together, a plan is made.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

The use of SAC funds will be utilized to support teachers and students in accordance to the Continuous Improvement Management System. SAC purchased over \$1,000 in math manipulatives for grades 3-5, \$2,500 on e-books for student engagement,

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Duties

Name	Title
Burdette, Stacy	Principal
Cooper, Liz	Other
Glasheen, Jennifer	Instructional Media

Describe how the LLT promotes literacy within the school

To increase the percentage of students meeting proficiency in Reading and making learning gains in reading, as well as getting students excited about reading. The LLT will do this through, family literacy nights, character dress down days, AR incentives, SSYRA and SSYRA Jr. incentives, Literacy Week celebrations, and service learning through reading and writing.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

The Principal and Assistant Principal work collaboratively to promote consistent and efficient Professional Learning Communities (PLC's). Within the PLC's, each grade level plans lessons, creates assessments, and analyzes school data as a team. PLC teams meet weekly and at least one PLC meeting is designated as a vertical alignment meeting, where teachers of various grade levels meet with their content areas. Administation also provides teachers with grade level planning days twice a year. Reading and Math teachers meet and collaborate together to create lesson plans and CIM assessments to provide a spiral review. Grade levels either are given a half or a full day planning day respectively. Finally, teachers are encouraged to flexibly group their students and provide each student with their most suitable learning environment.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

The Principal and Assistant Principal work collaboratively to screen resumes of potential candidates of East Lake Elementary. The Principal and/or Assistant Principal utilize the Winocular computer program to check references, monitor completed applications, and to follow up on any previous interviews at other institutions. The Principal and/or Assistant Principal then contacts Human Resources to check if the candidate is highly qualified for the Job listing posted. Upon completion, the Principal and/or Assistant Principal schedule an interview with the candidate. If the interview is a successful interview, the Principal and/or Assistant Principal contact the most recent supervisor of the candidate to obtain a reference. If the reference is positive, the candidate is contacted by the Principal or Assistant Principal and extended an offer to accept the position.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

All teachers new to East Lake Elementary are assigned a mentor to assist with any questions and share important information that may arise throughout the year. The mentor and mentee should meet with one another daily, weekly, and monthly. The mentors are teachers in the same grade level of the mentee and may be next door for easy access. A mentoring handbook, training, and log were given to both mentors and mentees to help with the transition.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

East Lake strives to provide instruction aligned with the Florida Standards. Teachers are given professional development sessions multiple times a year. School assigned mentors offer assistance to new staff members and are expected to ensure any questions are answered. Administration both supports and expects teachers to create lessons and assessments while using the Florida Standards. The school's Literacy Coach and selected Math and Science Coaches offer assistance and small professional development sessions as well.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

East Lake uses STAR data to progress monitor regularly throughout the year. Students that are not performing to proficiency are provided with additional assistance. Students are given more direct attention within smaller group settings during iii math and reading time daily. Students in the lower quartile of the school are tutored during the school day and are given at home opportunities as well. Teachers meet reguarly with the school Literacy Coach and Math/Science coaches to be given assistance on how to differentiate instruction based upon the students needs.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 1,080

Students that are in the lowest quartile and scored a Level 1 on FCAT Reading or Mathematics and/or Tier 3 in the Rtl process will receive intervention in reading and mathematics for 30 minutes a day/4 days a week. The intervention will be taught by highly qualified teachers during essential time.

Strategy Rationale

The extended learning strategy above is necessary to help students on the path to proficiency in order to be college and career ready.

Strategy Purpose(s)

Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy DeRight, Nathan, derightn@osceola.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from STAR reading and math will be collected on a weekly, monthly, and quarterly basis to determine if students are progressing or need to continue with intervention.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

East Lake provides two units of Voluntary Pre-Kindergarten in the morning and the afternoon. This services 80 students in the community. East Lake also houses three ESE Pre-K units for students ages 3 to 5 for our students with disabilities. All units follow a set curriculum for their students. Both VPK and ESE Pre-K meet weekly during Professional Learning Communities. The District Level supervisor makes monthly or quarterly visits to the units and provides feedback to Administration. Professional Development opportunities for our teachers are also offered in-house or within the District to help our instructors grow in their field.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

East Lake has established a partnership with The Orlando Science Center. The entire staff visited the Science Center and worked together to complete STEM activities. Teachers are incorporating STEM activities throughout the school year.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Engineering is Elementary

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Teachers are being trained by Orlando Science Center personnel in STEM strategies.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes

N/A

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B = Barrier

S = Strategy

Strategic Goals Summary

- Rigorous standards-based instruction will occur amongst all subject areas within every grade level.
- **G2.** Professional Learning Communities will be implemented with fidelity.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Rigorous standards-based instruction will occur amongst all subject areas within every grade level. 1a

Targets Supported 1b

Indicator	Annual Target
FSA English Language Arts - Achievement	69.0
FSA Mathematics - Achievement	66.0

Resources Available to Support the Goal 2

- · Reading Lab
- MTSS scheduled meetings
- Personnel- Admins, Literacy Coach, LRS, media specialist, Guidance Counselor, Math/Science support teachers
- · School wide book study on igniting reading
- Professional development on Daily 5, Daily 3, Cafe, and modules.
- Continuing the "Teachers observing teachers" program during second nine weeks
- Compass High bridge
- MyOn reading
- Florida Standards planning days
- Core connections
- PLC
- Math Solutions
- STEM content training
- Sheltered English Program
- E-Books
- Office 365

•

Targeted Barriers to Achieving the Goal 3

• Differentiated instruction is not meeting the needs of individual students.

•

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

1. Compare teachers averages on common formative assessments by finding the range between teachers in a PLC. 2. Analyze level of proficiency demonstrated by students in relation to assessment findings. 3. Identify outliers and make adjustments.

Person Responsible

Stacy Burdette

Schedule

Weekly, from 8/24/2015 to 6/9/2016

Evidence of Completion

Increased number of walk throughs.

G2. Professional Learning Communities will be implemented with fidelity. 1

G2.B1 PLC Group Size-Some groups were working with over 10 teachers, all focused on different subject areas making it difficult for planning.

G2.B1.S1 Reduce size of PLC by grouping teachers by grade level and academic content (i.e. Reading, Math, Self Contained, and Gifted). 4

Strategy Rationale

This will provide teachers with ample time to focus on their individual subject area needs.

Action Step 1 5

Smaller PLC groups will meet 2-3 times a month on Wednesdays to analyze data and plan effective instruction.

Person Responsible

Nathan DeRight

Schedule

Biweekly, from 8/24/2015 to 6/9/2016

Evidence of Completion

Student achievement will increase due to effective planning during PLC.

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

The administration team will sit in on PLCs regularly and provide support and guidance as needed.

Person Responsible

Nathan DeRight

Schedule

On 6/9/2016

Evidence of Completion

PLCs will report agenda prior to meeting and minutes following the meetings to administration. Administration will observe and sit in on PLCs regularly to ensure fidelity, review minutes and provide timely feedback.

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Person Responsible

Schedule

Evidence of Completion

Appendix 1: Implementation Timeline

Action steps and monitoring activities identified in the SIP as necessary to achieve the school's goals.

Source	Task, Action Step or Monitoring Activity	Who	Start Date (where applicable)	Deliverable or Evidence of Completion	Due Date/End Date
G1.B1.S1.A1	PLC representative will send agendas prior to meetings. PLC representative will also review and send out standards for upcoming units based on pacing guides.	Burdette, Stacy	8/24/2015	Minutes from PLC meetings	6/9/2016 weekly
G2.B1.S1.A1	Smaller PLC groups will meet 2-3 times a month on Wednesdays to analyze data and plan effective instruction.	DeRight, Nathan	8/24/2015	Student achievement will increase due to effective planning during PLC.	6/9/2016 biweekly
G1.B1.S1.A2	East Lake will target ESE, ELL, and level 1 students through the use of small group instruction and extended learning opportunities in the reading lab.	Burdette, Stacy	8/24/2015	Tutoring attendance, Assessment data, PLC minutes	6/9/2016 quarterly
G1.B1.S1.A3	Teacher will use common assessments to plan instruction during PLC's	DeRight, Nathan	7/20/2015	PLC Minutes	6/9/2016 weekly
G1.MA1	Classroom Walk-throughs Data Analysis	Burdette, Stacy	8/24/2015	Data Chats Monitor data for learning gains	6/9/2016 weekly

Source	Task, Action Step or Monitoring Activity	Who	Start Date (where applicable)	Deliverable or Evidence of Completion	Due Date/End Date
G1.B1.S1.MA1	1. Compare teachers averages on common formative assessments by finding the range between teachers in a PLC. 2. Analyze level of proficiency demonstrated by students in relation to assessment findings. 3. Identify outliers and make adjustments.	Burdette, Stacy	8/24/2015	Increased number of walk throughs.	6/9/2016 weekly
G1.B1.S1.MA1	PLC leaders/facilitators will oversee PLC meetings via walkthroughs. PLC leads will also monitor task expectations based on data from minutes/agendas.	DeRight, Nathan	8/24/2015	Lesson Plans PLC minutes/agendas	6/9/2016 weekly
G2.MA1	Student achievement will be monitored regularly during PLCs.	DeRight, Nathan	8/24/2015	STAR, Common Assessments, State Testing	6/9/2016 every-6-weeks
G2.B1.S1.MA1	[no content entered]			one-time	
G2.B1.S1.MA1	The administration team will sit in on PLCs regularly and provide support and guidance as needed.	DeRight, Nathan	8/24/2015	PLCs will report agenda prior to meeting and minutes following the meetings to administration. Administration will observe and sit in on PLCs regularly to ensure fidelity, review minutes and provide timely feedback.	6/9/2016 one-time

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. Rigorous standards-based instruction will occur amongst all subject areas within every grade level.

G1.B1 Differentiated instruction is not meeting the needs of individual students.

G1.B1.S1 PLC's will collaborate to create both common lesson plans and use common assessments. In addition to the PLC Representitives will rotate monthly to encourage participation. PLC groups will also be divided into smaller, more manageable groups focusing on subject area.

PD Opportunity 1

PLC representative will send agendas prior to meetings. PLC representative will also review and send out standards for upcoming units based on pacing guides.

Facilitator

School Wide PD to include: -Book Study -Daily 5 -Daily 3 -CAFE Strategies -Modules

Participants

All teachers and administration

Schedule

Weekly, from 8/24/2015 to 6/9/2016

G2. Professional Learning Communities will be implemented with fidelity.

G2.B1 PLC Group Size-Some groups were working with over 10 teachers, all focused on different subject areas making it difficult for planning.

G2.B1.S1 Reduce size of PLC by grouping teachers by grade level and academic content (i.e. Reading, Math, Self Contained, and Gifted).

PD Opportunity 1

Smaller PLC groups will meet 2-3 times a month on Wednesdays to analyze data and plan effective instruction.

Facilitator

Nathan DeRight

Participants

Rotating PLC Representative will meet with Mr. DeRight prior to leading the PLC meetings to ensure material is covered and analyzed with fidelity

Schedule

Biweekly, from 8/24/2015 to 6/9/2016

Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.

Budget

	Budget Data						
	1 G1.B1.S1	PLC representative will send agendas prior to meetings. PLC representative will also review and send out standards for upcoming units based on pacing guides.	\$0.00				
	2 G1.B1.S1	East Lake will target ESE, ELL, and level 1 students through the use of small group instruction and extended learning opportunities in the reading lab.	\$0.00				
	G1.B1.S1	Teacher will use common assessments to plan instruction during PLC's	\$0.00				
•	4 G2.B1.S1	Smaller PLC groups will meet 2-3 times a month on Wednesdays to analyze data and plan effective instruction.	\$0.00				
		Total: \$	\$0.00
