The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

School Mission and Vision

Provide the school's mission statement

We are committed to building a community of creative and analytical thinkers through rigorous and relevant academic choices and diverse educational opportunities designed to prepare our students to meet the demands of our ever-changing world.

Provide the school's vision statement

We will empower our students to become confident, self-directed, life-long learners, and proactive members of society.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

The leadership team at Hialeah-Miami Lakes has brought a vision of high academic standards and academic excellence to the school and community. As a school we are committed to building a community of creative and analytical thinkers through relevant academic choices and diverse educational opportunities designed to prepare our students to meet the demands of our ever-changing world. In the past three years, the school has experienced a significant increase in the number of students participating in advanced academics. We have made it a personal mission to increase the number of AP and dual enrollment courses offered at Hialeah - Miami Lakes. In the last three years Hialeah - Miami Lakes increased the number of Dual Enrollment classes through Florida International University from three to thirteen. Our goal is to expose our students to as many college level opportunities as possible, helping to prepare our students for post-secondary success. Dynamic instruction throughout the curriculum focuses on both leadership and problem-solving abilities. With access to the latest technology, individualized educational plans students build confidence and simultaneously foster a desire to be life-long learners. Students learning in a myriad of ways with exposure to a variety of instructional approaches allot opportunities for students to construct meaningful context to support their learning. A student's learning potential is enhanced by positive relationships and mutual respect among and between students and staff. Opportunities for college tours and field trips continue to perpetuate student curiosity and their thirst for knowledge. We have also implemented our TAPS, Trojan Advanced Placement Scholars, which is specifically geared towards providing our students with a rigorous curriculum. Additionally, Hialeah - Miami Lakes is home to three magnet programs with an additional program, AP Capstone, added for the 2016-2017 academic year. The rigor and expectations of the magnet programs augment the student's experience and ultimately prepares them to be competitive in a 21st century workforce. iPrep at Hialeah - Miami Lakes is an innovative program designed to integrate technology into every area of the learning environment, including curriculum delivery and collaboration. The implementation of the iPrep magnet included a complete renovation of our third floor, which transformed the area into a state-of-the-art technological, educational facility equipped with smart boards and Mac-book Airs for every student. The program was awarded a magnet school of distinction award by Magnet schools of America. Augmenting the school environment our Digital Media and Entrepreneurship magnet also saw massive renovations in our former culinary arts room to include up-to-date technology, furniture and collaborative rooms for student work and exploration. We have implemented Spring Board curriculum through College Board and have continued to grow our Legal Studies Magnet program. We have also increased participation in our career academies which include, Business, Medical and

Health and Communications. Through our career academies our students have an opportunity to participate in industry certification assessments which allows them professional certification in their respective fields.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Hialeah-Miami Lakes creates and maintains a safe and respected environment by implementing The Code of Student Conduct and Promoting and Maintaining a Safe Learning Environment School Board Rule 6Gx13-5D-108. Hialeah- Miami Lakes builds upon each student's potential for learning and fosters positive interpersonal relationships through personal, academic, civic, and occupational adequacies in order to become effective and productive citizens. Hialeah-Miami Lakes personnel is trained and equipped with the skill sets and knowledge needed to respond to critical incidents or other related emergencies that may arise in the school or community by implementing the Critical Incident Response Plan developed for the school.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Hialeah- Miami Lakes aligns its school-wide behavioral system with the Mutli-tiered System of Support and procedures using corrective strategies outlined in the Code of Student Conduct shared with staff during the Opening of Schools. Hialeah-Miami Lakes established a progressive discipline protocol to deal with disciplinary incidents that arise in order to set forth clear behavioral expectations among teachers, students, and parents. Hialeah- Miami Lakes Administrative Progressive Discipline Plan is available on the school's website and provided to teachers to ensure fairness and equity among disciplinary incidents.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The emotional safety of students at Hialeah- Miami Lakes will be addressed by array of personnel and programs. All students are able to seek the services of the TRUST Specialist upon request as well as schedule and an appointment with their Student Service Guidance Counselor during school hours. Additionally Hialeah -Miami Lakes will be implementing the TROJAN Stars program in collaboration with FIU Psychology Department. This program will be universally provided to all students who are enrolled in reading classes with a program which focuses on self-esteem and confidence issues. Providing additionally support through the Health/Driver Education classes are Switchboard of Miami/Project Wise and Abriendo Puertas. A working relationship is also maintained with community agencies that serve the emotional needs of our students through the TRUST Program in Student Services. Student with IEP's in the ESE program are supported by the EBD Clinician and Art Therapist. The students in the Leadership Class at Hialeah - Miami Lakes are responsible for peer-to-peer awareness regarding issues such as drugs, HIV/AIDS and tolerance.

In addition to those selected other teachers will be involved when needed to provide information or revise efforts.

Tier 3 SST

Selected members of the Leadership Team: Barbara Vinas, Tier Team 2, and parent/guardian make up the Tier 3 MTSS Problem Solving Team

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

MTSS Leadership Team is strategically integrated in order to support the administration through a process of problem solving as issues and concerns arise through an ongoing, systematic examination of available data with the goal of impacting student achievement, school safety, school culture, literacy, attendance, student social/emotional well-being, and prevention of student failure through early intervention. It is anticipated that this will be a 3-year process of building the foundation and incorporating MTSS into the culture of each school.

1. MTSS Leadership Team leadership is vital, therefore, in building our team we have considered the following:

- Administrator(s) who will ensure commitment and allocate resources;
- Teacher(s), Department Chairs and Coaches who share the common goal of improving instruction for all students; and
- Team members who will work to build staff support, internal capacity, and sustainability over time.

2. The school's Leadership Team will include additional personnel as resources to the team, based on specific problems or concerns as warranted, such as:

- School reading, math, science, and behavior specialists
- Special education personnel
- School guidance counselor
- School psychologist
- School social worker
- Member of advisory group
- Community stakeholders

3. MTSS is a general education initiative in which the levels of support (resources) are allocated in

direct proportion to student needs. MTSS uses increasingly more intense instruction and interventions.

- The first level of support is the core instructional and behavioral methodologies, practices, and supports designed for all students in the general curriculum.
- The second level of support consists of supplemental instruction and interventions that are provided in addition to and in alignment with effective core instruction and behavioral supports to groups' targeted students who need additional instructional and/or behavioral support.
- The third level of support consists of intensive instructional and/or behavioral interventions provide in addition to and in alignment with effective core instruction and the supplemental instruction and interventions with the goal of increasing an individual student's rate of progress academically and/or behaviorally.

There will be an ongoing evaluation method established for services at each tier to monitor the effectiveness of meeting school goals and student growth as measured by benchmark and progress monitoring data.

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

As a team, the School Advisory Council (SAC), met and reviewed the 2015-2016 School Improvement Plan (SIP). The committee analyzed the data to determine the elimination or reduction of barriers, along with the development of goals for the 2015-2016 year.

Development of this school improvement plan

The School Advisory Council:

- Schedule and conduct meetings on a regular basis;

- Review all applicable student performance data;
- Determine the students' needs and prioritize them;
- Recommend strategies to improve areas of need;
- Decide how to measure results;
- Assist in the preparation and evaluation of the School Improvement Plan

Preparation of the school's annual budget and plan

In ensuring that all teachers and students are trained and ready to strategically reduce or eliminate the barriers on the School Improvement Plan (SIP), it was agreed that the budget should include content specific supplemental materials to support the needs of each academic area and student motivational incentives for academic achievement.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Professional Development \$1,500.00. Student Incentives \$2,999.00,

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

In collaboration with the principal, an action plan has been developed to recruit and retain parents to the School Advisory Committee (SAC) during PTSA meeting and school activities.

Person(s) responsible for monitoring implementation of the strategy

Vinas, Barbara, bvinas@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is collected through Mid-Year assessments and curriculum based assessments to monitor and ensure students are making progress on targeted and tested item specifications on each assessment.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Hialeah Miami Lakes Senior High School supports the incoming cohorts by hosting an annual Feeder Pattern Showcase and articulation meetings. This allows for all instructional leaders to align the student's needs to the to Pupil Progression Plan. Post Secondary Education is promoted among all grade levels though grade-level meetings presented by the CAP Advisor. Additionally, College Tours and College Fairs are supported to bring awareness on requirements needed to attend such institutions.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Hialeah-Miami Lakes Senior High School by way of Smaller Learning Communities (SLC) program awards discretionary grants to local educational agencies (LEAs) to support the implementation of SLCs and activities to improve student academic achievement in large public high schools with enrollments of 1,000 or more students. SLCs include structures such as freshman academies, multi-grade academies organized around career interests or other themes, "houses" in which small groups of students remain together throughout high school, and autonomous schools-within-a-school, as well as personalization strategies, such as student advisories, family advocate systems, and mentoring programs.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Hialeah-Miami Lakes Senior High School set the foundation of all efforts to improve high school students' transition to postsecondary education and/or careers with an applied and integrated curriculum that connects academic and vocational learning. The Smaller Learning Communities at Hialeah-Miami Lakes Senior High are the following: Visual and Performing Arts Academy (Art, Band, Choir, and Piano); Health Academy (Anatomy, First Responder, and Health Science); Business Academy (Business Management & Law, Entrepreneurship, Computer Skills, and Web Design); Communications Academy (Newspaper, TV Production, and Yearbook). Students select their academy through the assistance of the student services department and begin to take coursework in the area of interest. Moreover, this curriculum concept, supported by appropriate instruction and assessment, is designed to raise students' academic and vocational skills. It enables students to succeed either in securing higher paying and satisfying employment after high school or in having a general career focus when continuing their education in college or technical school. Students acquire a broader, more in-depth understanding of academic material and apply what they learn to real-life situations, better preparing them to succeed in whatever endeavor they choose after high school.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

The ACT Online Prep Program, funded by Title I Program, will be made available to all students at Hialeah-Miami Lakes Senior High School. This will allow students the opportunity to receive individualized feedback and instruction in preparation for the ACT and postsecondary academia. Every student will receive an individual password to access the ACT Online Prep Program from home and/or school. We will continue to track all of our 11th graders who scored a Level 3 or higher on the FCAT Reading or Algebra/Geometry EOC Exam and encourage them to take the SAT, ACT, and/or PERT, in order to determine their "readiness" for postsecondary academia.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

In best preparing students for the public post-secondary level, Dual Enrollment and AP courses are offered in most disciplines. Students are challenged and expected to maintain a rigorous level of academic achievement parallel to that of a post secondary education. In addition, our college and career readiness classes prepare students for the PERT and allow them to fulfill the examination requirement, while in high school.

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

.

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** Parental Involvement-"See Title I PIP"
- G2.** To increase student achievement by improving core instruction in all content areas.
- G3.** Our goal for the 2015-2016 school year is to decrease the dropout rate by 1 percentage points and to increase the graduation rate by 3 percentage points.
- G4.** Our goal for the 2015-2016 school year is to increase student enrollment and achievement for STEM/CTE academies. Students participating in STEM courses and passing CTE/STEM industry exams will increase by 5 percentage points .

Strategic Goals Detail

Targeted Barriers to Achieving the Goal 3

- Limited evidence of strategic planning for Higher Order Thinking Questions (HOTS) that lends to student academic discourse in English Language Arts classes.
- Integrating higher order thinking strategies into mathematical lessons to illicit student accountable talk for deeper students understanding of the task demands.
- Limited evidence of high-order questioning strategies to enhance student critical thinking and accountable talk in Science classes.
- Build teacher capacity throughout the planning process by implementing Higher Order Questions and Active reading strategies that promote student academic discourse in Social Science classes.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G2. To increase student achievement by improving core instruction in all content areas.

G2.B1 Limited evidence of strategic planning for Higher Order Thinking Questions (HOTS) that lends to student academic discourse in English Language Arts classes.

G2.B1.S1 Plan for and deliver instruction that is based on standards and/or specific course benchmarks. Students will experience and master course content and skills, as a result of rigorous, purposeful, and engaging instructional activities. Stakeholders will use student data to ascertain strengths and weaknesses to identify clear and accessible future instructional paths.

PD Opportunity 1

Use formal and informal assessment data to assist teachers to develop grade level instructional plans during common planning that align to the District ELA/ELL Pacing Guides

Facilitator

Curriculum Support Specialist/ Instructional Coach

Participants

ELA/ELL/Reading Teachers

Schedule

Biweekly, from 8/24/2015 to 6/10/2016

G2.B2.S1 Engage students in effective problem - solving practice by incorporating mathematical tasks and real world applications that are appropriately challenging, aligned with the learning target and content area standards to promote student talk that embodies substantive and intellectual thinking.

PD Opportunity 1

Provide Professional Development on how to integrate higher order thinking strategies into Mathematics lessons to elicit accountable talk for deeper student understanding of the subject.

Facilitator

Instructional Coach

Participants

Mathematics Teachers

Schedule

On 10/16/2015

G2.B3 Limited evidence of high-order questioning strategies to enhance student critical thinking and accountable talk in Science classes.

G2.B3.S1 Engage students in effective problem-solving practice by incorporating scientific thinking through the use of higher order questioning strategies and accountable talk.

PD Opportunity 1

Introduce to Leadership Team, Faculty, and Science Department

Facilitator

Mr. Eric Acosta

Participants

Leadership Team, Faculty and Science Department

Schedule

On 10/16/2015

PD Opportunity 2

Introduce in a Professional Learning Community, standard base Higher Order Thinking Questions (HOTS) and Student Accountable Talk Stems.

Facilitator

Mayrovitz, Robert

Participants

Science Teachers

Schedule

On 10/2/2015

PD Opportunity 3

Provide opportunities for Science Department Chair to attend monthly ICADS.

Facilitator

ICADS

Participants

Science Teachers

Schedule

Monthly, from 8/24/2015 to 11/16/2015

G2.B4 Build teacher capacity throughout the planning process by implementing Higher Order Questions and Active reading strategies that promote student academic discourse in Social Science classes.

G2.B4.S1 Continue to build teacher capacity throughout the planning process with the use of active reading strategies such as (Annotation and Text-Dependent Questions = CLOSE READING), active learning strategies (Word Sorts, Interactive Notebook, Interactive Timelines), Socratic Seminar and effective use of technology (Edgenuity in U.S. History, tablets in World History) that align student-centered activities to both NGSSS and FL Standards for Social Science.

PD Opportunity 1

Introduce in a Professional Learning Community, Higher Order Questions and active learning strategies such as: Annotation and Text Dependent Questions through Close Reads, Word-sorts, Interactive Timelines, Socratic Seminar and effective use of technology aligned to student - centered activities to both NGSSS and Florida Standards for Social Science.
