Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Dade County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The vision of the school is to develop a safe, nurturing educational setting that instills rigor and relevance to learning emphasizing our impact on environmental issues; promoting academic excellence and lifetime learning.

Provide the school's vision statement

The mission of the school is to establish a structured environment where students achieve to their personal and academic potential while learning to protect and respect the environment.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

-Multicultural Committee works together with teachers to expose students to the various cultures in our community. Guest speakers present for students. We allow students to wear cultural attire and classes learn about the countries in which the cultures derived. Furthermore, our students participate in academic cultural contests, such as trivia, poster and essay contests that build awareness of the the diverse cultures at our school.

-Mentoring programs are offered to enhance relationships between teachers and students. Monthly crafts activities are organized so that mentors and mentees have time set aside to communicate and build a relationship.

Describe how the school creates an environment where students feel safe and respected before, during and after school

-Counselors Corner Morning Announcements gives students an introduction to character education, while challenging them to exhibit those behaviors.

-Group Counseling sessions are held for students exhibiting at-risk behaviors academically and socially.

-The Bully Prevention Curriculum is launched with an informative presentation to staff. Teachers present weekly anti-bullying lessons to help students acquire the skills necessary to deal with related situations. School wide and community pledges are made against bullying. Monthly activities are held school-wide, including a culminating activity to show student pride against bullying.

-Counselors mailbox is a box where students can leave anonymous notes for counselors with tips and/or concerns on student related issues.

-Values Matter Initiative is launched with an informative presentation to staff. Teachers present weekly values lessons to help students acquire the skills necessary to deal with related situations and reward students who exemplify such values.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Teachers establish ground rules, rewards and consequences. Amongst the consequences are verbal and written warnings, as well as parent contact. Aside from an in-class reward system, the school

also rewards students using the strategies below:

- Caught Being Good incentive program rewards students who were caught doing something good. They receive a raffle ticket and every Friday, raffle winners are presented and rewarded on the morning announcements.
- Character Education Student of the Month Award Ceremonies are held monthly. Parents are invited to watch their child receive an award for demonstrating the monthly character trait. Recipients of the award are photographed and showcased on the school website, and given treats of cookies and juice to share with their parents.
- Student Motivational Incentive Program tracks and monitors student's efforts in academic assessments. Students meeting academic goals and demonstrating gains are rewarded with a surprise treat after each major assessment. This helps motivate students to remain on track in meeting their goals.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

- Be A Mentor (BAM) is a student/teacher mentoring program enhances relationships between teachers and students. Monthly crafts activities are organized so that mentors and mentees have time set aside to communicate and build a relationship. The BAM program helps students gain self-esteem and confidence, improve their character and citizenship, and enhances decision making and problem solving skills.
- Character Education Student of the Month Award Ceremonies are held monthly. Parents are invited to watch their child receive an award for demonstrating the monthly character trait. Recipients of the award are photographed and showcased on the school website, and given treats of cookies and juice to share with their parents.
- Individual & classroom counseling sessions are held on a consistent basis to solve student related matters and to promote the Values Matter Initiative.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

- Our system is to identify, provide interventions and monitor students throughout the school year who fall into the criteria below.
- Students who miss more than 10% of instructional time
- Students who have referrals that lead to suspension
- Students score at FCAT (FSA) Level 1 in either ELA or Math
- Students who are not proficient in reading by Grade 3
- Students who are retained
- Students who fail 2 or more of any course
- Students who fail either ELA or Math

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Attendance below 90 percent	45	42	33	35	27	31	21	26	21	281	
One or more suspensions	8	11	14	34	42	18	43	41	37	248	
Course failure in ELA or Math	26	40	54	37	33	36	22	11	2	261	
Level 1 on statewide assessment	0	0	0	61	52	57	58	44	28	300	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level										Total
	K	1	2	3	4	5	6	7	8		
Students exhibiting two or more indicators	12	40	55	9	34	56	4	54	52	316	

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- Students who miss more than 10% of instructional time-Student absences are addressed immediately by the homeroom teacher. Community Liaison Specialist follows up if absences persist. Parent conferences are held to establish support and guidelines for preventing truancy.
- Students who have referrals that lead to suspension-Alternative to suspension programs have been established in order to dissolve outdoor suspensions; student mentoring, student and family counseling, indoor suspension.
- Students score at FCAT (FSA) Level 1 in either ELA or Math-Students have established time periods in their schedule for intensive intervention in the subject area needed.
- Students who are not proficient in reading by Grade 3-Students are placed in a third grade class whose schedule allots for 90-minutes of an Intensive Acceleration curriculum.
- Students who are retained-Students are given additional minutes daily of intensive intervention based on Tier 2 strategies.
- Students who fail 2 or more of any course-Students are identified and invited to attend before and after school supplemental tutoring services for all tested subject areas. ESOL students are provided with home language assistance in content area courses.
- Students who fail either ELA or Math-Students have established time periods in their schedule for intensive intervention in the subject area needed. Students are identified and invited to attend before and after school supplemental tutoring services for all tested subject areas. ESOL students are provided with home language assistance in Mathematics.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/195922>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Focus groups, which bring together a diverse group of ten to fifteen people to discuss a specific topic, helps our community understand the issues we are facing. School staff can learn how to improve relations between the community and school. Focus groups also pinpoint key issues that will establish agendas for larger public forums.

Invited community members attend school activities like Career Day, Reading Chain and the Title I Parent Advisory Meetings; Title I District Advisory Meetings, EESAC Meetings, and PTA meetings, as well. These activities allow community members to interact and become more involved in the school and students' education.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

Padilla, Elaine	Teacher, K-12
Zamudio, Ramiro	Teacher, K-12
Harris, Nikesha	Instructional Coach

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The Leadership Team is comprised of school-wide Department Chairpersons for Testing, SPED, ESOL and Gifted; Secondary Department Chairpersons for Science, Social Studies, Mathematics and Language Arts; and Elementary Grade Level Chairpersons for grades Kindergarten through fifth. The school-based leadership team follows the Florida Continuous Improvement Model (FCIM). The team analyses data and creates possible solutions to problems. Progress is monitored and again re-analyzed. The cycle continues with each new implementation of possible intervention strategies. They are to serve as liaisons for administrators have an array of responsibilities depending on the goals of the school.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The Multi-Tiered Support System (MTSS) Leadership Team uses the Tier 1 Problem Solving process to set Tier 1 goals, and monitors academic and behavioral data to evaluate progress towards those goals at least three times per year by:

1. Holding regular team meetings where problem solving is the sole focus.
2. Using the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success.
3. Determining how we will know if students have made expected levels of progress towards proficiency. (What progress will show a positive response?)
4. Responding when grades, subject areas, classes, or individual students have not shown a positive response. (MTSS problem solving process and monitoring progress of instruction)
5. Responding when students are demonstrating a positive response or have met proficiency by raising goals or providing enrichment respectively.
6. Gather and analyze data at all Tiers to determine professional development for faculty as indicated by group or individual student diagnostic and progress monitoring assessment.
7. Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each OPM.

Tier 2

The second level of support consists of supplemental instruction and interventions provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur regularly (monthly is suggested) to:

1. Review OPM data for intervention groups to evaluate group and individual student response.
2. Support interventions where there is not an overall positive group response
3. Select students (see SST guidelines) for SST Tier 3 intervention

The school improvement plan (SIP) summarizes the school's academic and behavioral goals for the year and describes the school's plan to meet those goals. The specific supports and actions needed implement the SIP strategies are closely examined, planned, and monitored on the MTSS Tier 1 worksheets completed three times per year. The MTSS Problem-Solving process is used to first carry out, monitor, and adjust if necessary, the supports that are defined in the SIP. Annual goals are translated into progress monitoring (3 times per year) and ongoing progress monitoring measures (approximately once per month) that can reliably track progress on a schedule based on student need across Tiers.

Tier 2 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

Finally, MTSS End of Year Tier 1 problem solving evaluates the SIP efforts and dictates strategies for the next year's SIP. At this time, previous years trend data across grade levels is used to examine impact grades for support focus or prevention/early intervention efforts.

While the SIP plan does not focus on the primary (untested) grades, the MTSS leadership team extends the intent of the SIP to kindergarten, first, and second grades as they contribute extensively to later grades performance and student engagement.

Title I, Part A

Gateway Environmental K-8 Learning Center provides services to ensure students requiring additional remediation are assisted through extended learning opportunities, such as after-school programs, Saturday Academy or summer school. Instructional Coaches develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Other components that are integrated into the school-wide program include an extensive Parental Program.

Title I, Part D

The District receives funds to support the Educational Alternative Outreach program. Services are coordinated with District Drop-out Prevention programs.

Title II

The District uses supplemental funds for improving basic education as follows:

- training to certify qualified mentors for the New Teacher (MINT) Program
- training for add-on endorsement programs, such as Reading, Gifted, ESOL training and substitute release time for Professional Development Liaisons (PDL) at each school focusing on Professional Learning Community (PLC) development and facilitation, as well as Lesson Study Group implementation and protocols

Title III

Services are provided through the district for education materials and ELL district support services to improve the education of English Language Learners. After school tutoring is offered to students with ESOL Levels 1-4 in grades 3-5 in the areas of Reading and Mathematics. Tutors are both ESOL endorsed and speak the Spanish language.

Title X- Homeless

The Homeless Assistance Program seeks to ensure a successful educational experience for homeless children by collaborating with parents, schools, and the community.

Violence Prevention Programs

Staff is trained in District bullying policy procedures. Students are trained to identify and react to bullying situations. Anti-bullying awareness activities are implemented school-wide and in the classroom by guidance counselors along with conflict resolution strategies.

Nutrition Programs

The school adheres to and implements the nutrition requirements stated in the District Wellness Policy.

2) Nutrition education, as per state statute, is taught through physical education.

3) The School Food Service Program, school breakfast, school lunch, and after care snacks, follows the Healthy Food and Beverage Guidelines as adopted in the District's Wellness Policy.

Career and Technical Education

Secondary students are seen on an individual basis by the Academic Adviser at least one time per year to discuss current coursework and future academics. Career Day will be hosted for all grade levels.

Job Training

Students in the secondary level have the option to take a course through Florida Virtual Schools (FLVS) in the school's Virtual Learning Lab (VLL). Classes help students make connections to their

future and their current course work by acquiring the skills necessary to function in a competitive technologically advanced society.

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Gateway Environmental K-8 Learning Center's Educational Excellence School Advisory Council (EESAC) works to ensure improved student achievement. The EESAC reviews the School Improvement Plan (SIP) and assists in guiding the development and ongoing revisions, as well as the implementation of strategies throughout the school year.

Development of this school improvement plan

Gateway Environmental K-8 Learning Center's Educational Excellence School Advisory Council (EESAC) works to ensure improved student achievement. One of the ways the EESAC will do this is by developing, monitoring and evaluating the School Improvement Plan as required. The group may

also address issues that include curriculum, student discipline, staffing, safety, technology, student support services, textbook adoptions, professional development, and budget, as they apply to the School Improvement Plan and the District's strategic planning goals. Recommendations adopted by the EESAC shall be presented to the principal for presentation to the school staff.

Preparation of the school's annual budget and plan

Principal shares school's annual budget with the EESAC and takes into consideration feedback given.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Crissien, Silvana	Teacher, K-12
Gonzalez, Cinthia	Teacher, K-12
Lawrence, Latashia	Teacher, K-12
Crawford, Nadelyn	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The LLT will compile and distribute data to teachers on a timely basis to make it useable in the classroom. The LLT will also look for school wide and individual classroom patterns in data. The LLT will analyze the data to drive all decision-making while infusing school-wide literacy. The LLT is guided by and supports the K-12 CRRP.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Gateway Environmental K-8 Learning Center has facilitated positive working relationships between teachers to include collaborative planning and instruction. All grade level and departments have common planning time from one to five times weekly. The classroom assignments have been rearranged in order to facilitate communication and camaraderie among teachers who teach the same subjects. Vertical planning sessions are provided for each subject area to include all grade levels.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

- Professional Development
- Grade Level Common Planning Time
- Assign a mentor teacher

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Mentoring and induction for New teachers (MINT) is a site-based program for teachers new to the profession. First year teachers will be paired with MINT certified teachers. Mentoring activities include teaching observations with reflections, data chats, classroom management, instructional strategies, differentiated instruction and content area literacy.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

As a school we follow the pacing guide. The pacing guides are aligned to the Florida standards. The pacing guides use the core textbooks, district created resources, and online resources. We also use FLDOE item specifications.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

The school uses the continuous improvement model (CIM) to analyze data, provide an action plan, monitor progress and make a adjustments as needed. The baseline assessments provides a base level of student knowledge. From there, an action plan is developed to address student weaknesses by teaching using primary and secondary standards, as well as differentiating instruction in small group to address individual student needs. Classes have an additional 30-minute block allotted in

their schedule for intervention and/or enrichment in either reading or mathematics. The curriculum focus for intervention or enrichment changes after the data of each district assessment and monthly assessment is analyzed.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 3,600

All teachers will implement research-based reading strategies using the data collected from the District Assessments in order to provide students with remediation and enrichment activities. Teachers will be given common planning time to collaborate and plan using the current data. Professional Development will also be provided in the school site according to the students' and teachers' needs.

Strategy Rationale

There was limited evidence of effective planning using the Florida Standards.

Strategy Purpose(s)

- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Anderson, Tiffany, tdanderson@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Following the District assessments, data will be analyzed to develop an FCIM calendar identifying weak benchmarks, resources to supplement the teaching of those benchmarks and the strategies used in the classroom to facilitate the remediation of those benchmarks.

Strategy: Extended School Day

Minutes added to school year: 200

Tutoring provided before and after school in all content areas

Strategy Rationale

More than 50 percent of students are non-proficient.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

District Interim Assessments

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Gateway is actively involved in assisting preschool children with the transition of early childhood programs to elementary school programs by offering all students' academic experiences, even in our Voluntary Prekindergarten (VPK) classes. The Florida VPK Education Standards include the eight domains: Physical Health, Approaches to Learning, Social and Emotional Development, Language and Communication, Emergent Literacy, Mathematical and Scientific Thinking, Social Studies and The Arts, and Motor Development. The curricula used in our VPK general education classrooms are the High/Scope curriculum framework and Houghton-Mifflin-Harcourt (HMH). Role Model students have been added to our Pre-K Special Education classroom to increase inclusion of children with disabilities. High/Scope and BELL/Wright Skills are used by the Special Education (SPED) Prekindergarten Program with role model VPK students. Role Model Students benefit from this type of program because it creates a more positive attitude towards people with disabilities, while increasing social skills and enhances developmental progress for all students.

Transition from VPK to Kindergarten is facilitated by the collaboration of our VPK and Kindergarten teachers. VPK and Kindergarten activities are developed for parents and students throughout the year. In May students from private Early Education Schools, are invited to participate in an annual field trip to our school. Pre-K students are given the opportunity to spend a day with kindergarten classes, and participated in the daily activities of a typical kindergarten classroom. In addition, parents of registered kindergartners are invited to an orientation prior to the first day of school. Incoming Kindergarten students are given kindergarten screenings. The assessment results will drive all instruction within the classroom.

Kindergarten students and parents were invited to a "Meet and Greet" on the Friday before school starts. This meeting gave the parents and students an opportunity to meet their teacher and become familiar with the school setting. During Open House, students and parents visited classroom and were able to view the curriculum, class work, and have a question and answer session with the Kindergarten teachers.

Students in grade 5 participate in an articulation session to review their options and select their coursework for transition into the middle school years. Students in grade 8 participate in an articulation session with the local senior high to review their options and select their coursework for transition into senior high school. All students in grades 6, 7 and 8 participate in an annual student orientation regarding expectations, policies and procedures in middle school. A Magnet Fair is held on campus for 8th grade students to become familiar with the local magnet programs available for transition into senior high school.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

This section is required for schools with grades 9, 10, 11 or 12.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

This section is required for schools with grades 9, 10, 11 or 12.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

This section is required for schools with grades 9, 10, 11 or 12.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Students have the opportunity to take high school credit courses in Science and Mathematics to accelerate in their studies; leading to student readiness for the post secondary level.

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

G1. To increase student achievement by improving core instruction in all content areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

Resources Available to Support the Goal 2

- Instructional Coaches, Curriculum Support Specialists
- Promethean Boards and computers for technology programs, such as iReady, Edgenuity, Reflex Math and iCivics
- Florida Standards Item Specifications, CPALMS
- District Pacing Guides and online core materials
- Supplemental resources, such as Wordly Wise and Crosswalk for Common Core State Standards

Targeted Barriers to Achieving the Goal 3

- Limited evidence of effective planning

Plan to Monitor Progress Toward G1. 8

Data from the Florida Standards Assessment (FSA) and District Interim Assessment data will be analyzed. Teacher data chats will be conducted to reflect on and revisit instructional practices.

Person Responsible

Tiffany Anderson

Schedule

Monthly, from 8/24/2015 to 6/9/2016

Evidence of Completion

FSA data, District Interim Assessment data, data chat schedule

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G1.B1.S1 Effective Planning and Instructional Delivery in Reading and Language Arts: Plan for and deliver instruction that is based on standards and/or specific course benchmarks. Students will experience and master course content and skills, as a result of rigorous, purposeful and engaging instructional activities. Stakeholders will use student data to ascertain strengths and weaknesses to identify clear and accessible future instructional paths. **4**

 S195959

Strategy Rationale

There is limited evidence of effective planning.

Action Step 1 **5**

Introduce and implement structures of effective planning with a focus on the implementation of the gradual release model and CRISS strategies throughout the instructional routine.

Person Responsible

Kathiria Diaz

Schedule

Weekly, from 8/24/2015 to 6/9/2016

Evidence of Completion

Agenda, sign-in sheet, lesson plans

Action Step 2 5

Conduct the Coaching Cycle in modeling the implementation of gradual release and CRISS strategies throughout the instructional routine; debrief and plan with instructional staff.

Person Responsible

Kathiria Diaz

Schedule

Weekly, from 8/24/2015 to 6/9/2016

Evidence of Completion

G1.B1.S2 Academic Writing: Implement academic writing as a part of an instructional framework to support students in the production of coherent writing about text through the use of the writing process, by explicitly teaching various modalities and genres of writing. Students will be able to analyze, interpret, compare and evaluate text using clear and relevant evidence and incorporate problem solving into writing. 4

 S195960

Strategy Rationale

Limited evidence of structured writing activities.

Action Step 1 5

Conduct a vertical training session with instructional staff on the Florida Standards Assessment (FSA) writing expectations through the development of a Writing Focus Calendar.

Person Responsible

Kathiria Diaz

Schedule

On 10/21/2015

Evidence of Completion

Agenda, sign-in sheet, presentation materials

Action Step 2 5

Conduct the coaching cycle in modeling the implementation of academic writing throughout the instructional routine; debrief and plan with instructional staff.

Person Responsible

Kathiria Diaz

Schedule

Weekly, from 8/24/2015 to 6/9/2016

Evidence of Completion
