Everitt Middle School

2015-16 School Improvement Plan

Everitt Middle School

608 SCHOOL AVE, Panama City, FL 32401

[no web address on file]

School Demographics

School Type	2014-15 Title I School	2015-16 Economically Disadvantaged (FRL) Rate (As Reported on Survey 2)
Middle	Yes	82%

Alternative/ESE Center	Charter School	2015-16 Minority Rate (Reported as Non-white on Survey 2)
No	No	53%

School Grades History

Year	2014-15	2013-14	2012-13	2011-12
Grade	C*	F	D	C

**Preliminary Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Bay County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	22
Goals Summary	22
Goals Detail	22
Action Plan for Improvement	24
Appendix 1: Implementation Timeline	32
Appendix 2: Professional Development and Technical Assistance Outlines	34
Professional Development Opportunities	35
Technical Assistance Items	37
Appendix 3: Budget to Support Goals	0

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2015-16 DA Category and Statuses

DA Category	Region	RED
Priority	1	Melissa Ramsey
Former F	Turnaround Status

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The Mission of Everitt Middle School is to provide multiple opportunities for all students to reach their full academic potential, regardless of previous performance, family background, socioeconomic status, race or gender.

Our purpose is to develop challenging programs that connect students to the community and beyond through compassionate understanding of others and their differences.

We are committed to finding a way to meet the needs of each student by providing a caring, risk-free learning environment in which our students act with honesty and integrity while developing a natural curiosity for the world around them.

Provide the school's vision statement

Our vision at Everitt is to provide students with a variety of differentiated learning opportunities.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

In all classes spend the "First 30 Days" of school establishing routines, procedures, and expectations using learning styles inventory, data chats and other activities to allow the teacher to learn more about students and students to learn about the teacher and each other. Information and bonds established during this time is used to drive instruction and for progress checks throughout the year. In addition to classroom efforts to establish relationships, the PBS team administers a survey to students and teachers to learn about what incentives will motivate students to make better choices. Results from the teachers' survey are used to determine incentives to encourage teachers to implement program components with fidelity. The team then uses survey results to drive reward activities as well as to determine what social resources are needed to bridge essential supports.

Describe how the school creates an environment where students feel safe and respected before, during and after school

The Everitt PBS Team will continue to implement its entire PBS program. PBS expectations include all school settings (e.g. before school, classroom, hallways, restrooms, lunchroom, bus ramp) Current plans address lessons to re-teach behavioral expectations including ant-bullying efforts. Teachers will be trained on implementing interventions consistently. Discipline data will be monitored monthly to identify issues in need of timely, targeted, intervention. All staff members will adhere to school-wide expectations.

A structured-intake plan is used in the morning before school. Grade levels report to designated areas until the bell rings. In addition, paras will be hired for morning bus duty to monitor hot spot areas. During student transitions, all staff members will be in designated areas to ensure successful student transition and safety. At the end of the school day, students are escorted by their teachers to school exits where students are monitored by staff members until their departure.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Everitt instituted a Freeze Time that stipulates that teachers will not issue student passes during the first and last fifteen minutes of each class period. In addition, teachers will utilize intervention strategies in the classrooms to teach behavioral expectations to students. Teachers will communicate progress to parents in a timely and effective manner.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

- Everitt identifies students in need of social-emotional supports via several avenues:
- Teacher referral to the guidance department for students experiencing an immediate crisis.
 - Teacher referral to the MTSS team for students experiencing prolonged behavioral issues that are impacting academic success.
 - The MTSS team may assign students to a teacher mentor or outside mentor depending on the level of needed intervention.
 - The MTSS team may assign Tier III students to a counselor for weekly counseling sessions.
 - Military dependent students may also receive counseling from our Military Family Life Counselor.
 - Our social worker is also available to assist in providing resources for our students.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Each month the following data is reviewed to identify students who are in need of timely interventions. The PBS team monitors our behavioral early warning indicators. Each month the team reviews the school discipline data on the number of referrals and suspensions by grade level. The MTSS team monitors our academic early warning indicators to include progress monitoring data, attendance, and grades.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	44	29	31	104
One or more suspensions	45	21	14	80
Course failure in ELA or Math	11	6	10	27
Level 1 on statewide assessment	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	6	7	8	
Students exhibiting two or more indicators	18	9	5	32

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The PBS team monitors our behavioral early warning indicators. Each month the team reviews the school discipline data on the number of referrals and suspensions by grade level. The data is compiled into charts and broken down by grade level with a comparison to the previous year's data for the same time period. Then team representatives present the data to grade levels to identify trends and areas that need immediate attention. Any students exhibiting escalating trends are referred to the MTSS team for further review.

The MTSS team monitors our academic early warning indicators. At the beginning of the year, data from previous assessments in reading and/or math are used to schedule students into tier II interventions. Students are provided tier II interventions in the classroom with curriculum approved by our school district for interventions. Students are progressed monitored to meet 3 mastery levels of 80% or higher on these interventions. Students that need additional support, tier III, are provided support not only with their classroom teacher and additional approved district curriculum, but also by our Reading or Math Intervention Teacher. The Intervention Teachers assist the classroom teacher with additional support and strategies and monitoring to help students become successful.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/50433>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Everitt has established partnerships with the Tyndall Air Force Base organization, Black Heritage Committee, 21st Century, as well as with the Springfield United Methodist church located just across the streets from the school. Partnerships provided mentors, volunteers, and monetary resources for various school activities. In addition, we work closely with the feeder elementary and high school that are located on the same street as Everitt.

Our parent liaison works with our local community to secure resources to support our school. Our liaison uses contacts connected with our stakeholders and also reaches out to others in the community for additional resources.

Everitt participates in a CTE program joint partnership with Rutherford High School. Through a grant, a teacher from Rutherford travels to Everitt daily to teach a CTE course. The goal is to build a cohort of students that will continue in this program at Rutherford.

In cooperation with a grant from the state, LEAD coalition partners with our school through 21st Century to offer an after school STEM program for our students.

In a partnership with Tyndall, mentors and volunteers are provided for our students. The mentor program provides our students with an opportunity to establish and build relationships with individuals outside our school with hopes to provide motivation for goal setting. Volunteers provide a resource for various initiatives around our school campus.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Mullins, Phillip	Principal
Bleich, Nancy	Teacher, K-12
Boyette, Crystal	Guidance Counselor
Brayboy, Teresa	Teacher, K-12
Watson-Raines, Hope	Teacher, K-12
Phillips, Dra	Assistant Principal
Moore, Jonathon	Other
Mugridge, Alisa	Instructional Coach
Sirmans, Tracey	Teacher, K-12
Thomas, Jennifer	Teacher, K-12
Grandy, Jason	Teacher, K-12
Hannon, Tamera	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The School Leadership Team is comprised of teacher leaders who serve as facilitators for our PLCs (departments, grade levels, PBS, and MTSS). Their role is to facilitate analysis of common assessment, discipline, and other data to identify areas of concern and facilitate problem solving discussions. Note that the school leadership team and the literacy leadership team are the same team at Everitt.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Our School Leadership Team works with administration to identify all possible instructional resources that may be available for meeting student needs. Teacher instructional resource requests were based on school improvement strategies to further student achievement. Our leadership team meets monthly to discuss student needs and the best allocation of Title I funding. This plan is shared with our SAC Committee for input and feedback. Our funding plan is based on our School Improvement Strategies. Sections of Title I funding can be found in following paragraphs.

An MTSS team also meets monthly to provide input to the leadership team from progress monitoring of our students. The team developed a school-wide Academic Flow Chart for any student with a D or F as well as a school-wide weekly intervention scheduled time. Students will receive remediation/enrichment 30 minutes each week in areas based on common assessments and student needs which will be documented in lesson plans. The MTSS team also makes recommendations to the Leadership Team on the best use of resources based on student need. The team monitors student progress in

relation to goals they make recommendations for individual students, teachers and resource evaluation.

Title I, Part A

Title I, Part A funds are coordinated with federal, state, and local funds and services to provide high quality supplemental instruction and support services for educationally disadvantaged students at schools with 66% or more students qualifying for the Free/Reduced Lunch Program. The purpose of Title I funding is to implement programs and services that ensure that all children have a fair, equal and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. Title I, Part A funds and various other funds are coordinated and integrated to provide services for private schools, local neglected and delinquent institutions, and Homeless Programs.

Title I, Part C- Migrant

A student qualifies as a Migrant Student if the student or their family has moved at any time in the last three years to seek work in agriculture, packing, fishing, dairy, livestock, or forestry and is between the age of two and twenty-two years old. Bay District Schools is part of a consortium through PAEC that provides assistance for migrant students and their families. Migrant programs provide funds to assist migrant children and their families. Funds are used for the following purposes:

- Advocacy and outreach activities for migratory children and their families, including informing such children and families of, or helping such children and families gain access to, other education, health, nutrition and social services.
- Support for schools serving migrant students
- Family literacy programs, including such programs that use models developed under Even Start
- The integration of information technology into educational and related programs and
- Programs to facilitate the transition of secondary school students to post secondary education or employment

Title I, Part D

The Prevention and Intervention Programs for Children and Youth who are Neglected, Delinquent or At-Risk provide financial assistance to educational programs for youth that are enrolled in state-operated institutions or community day programs. The program also provides financial assistance to support school districts' programs, which focus primarily on the transition and academic needs of students returning from correctional facilities, and involve collaboration with locally operated correctional facilities.

Title II

Funds from Title II, Title I Part A, Title III, and various state and local allocations are used for the following activities:

- Providing professional development activities
- Carrying out programs and activities that are designed to improve the quality of the teacher force
- Carrying out professional development activities designed to improve the quality of principals and superintendents, including the development and support of academies to help talented aspiring or current principals and superintendents become outstanding managers and educational leaders.
- Hiring highly qualified teachers, including teachers who become highly qualified through State and local alternative routes to certification, and special education teachers, in order to reduce class size, particularly in the early grades.
- Carrying out programs and activities related to exemplary teachers using demonstration classrooms.

Title III

The Title III/ESOL program provides assistance to students, parents and teachers for students whose first language is not English. Title III provides additional funding to support teacher training, English language learning software, translation/interpretation services for parents, district Parent Involvement Nights/Parent Leadership Council, supplemental classroom resources, summer tutorial materials/ assistance, acculturation field trips, and registration/travel for workshops and professional development.

Title X

The Federal McKinney-Vento Homeless Assistance Act states that children and youth who lack a

fixed, regular, and adequate nighttime residence are considered homeless. If, due to a loss of housing, a child must live in a shelter, motel, vehicle, or campground, on the street, in abandoned buildings, or doubled-up with relatives or friends, then he/she is eligible to receive services provided under the McKinney-Vento Act.

The McKinney-Vento Education for Homeless Children and Youth Program is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Under this program, state educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youth.

Homeless children and youth must have access to the educational and other services that they need to enable them to meet the same challenging State student academic achievement standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Title X, Title I Part A and various community and faith based organizations provide funding and services to identify homeless students and meet their individual needs.

Supplemental Academic Instruction (SAI)

Dropout prevention and academic intervention programs are funded through the Florida Education Finance Program (FEFP) and Supplemental Academic Instruction categorical funds. Our district has flexibility in how SAI funds may be expended as long as dollars are used to help students gain at least a year of knowledge for each year in school and to help students not be left behind.

Supplemental instruction strategies may include, but are not limited to

- modified curriculum
- reading instruction
- after-school instruction
- tutoring
- mentoring
- class size reduction
- extended school year
- intensive skills development in summer school and other methods to improve student achievement

Violence Prevention Programs

The District provides "Bully-Proofing Your School" curriculum to all schools. Administrators are provided initial training. Selected Middle Schools participate in the Prevention Partnership Grant, "Life Skills." Each school has submitted a School-wide Violence and Bullying Prevention Plan. There is a Safe Schools website with links to additional training modules. There is also a District webpage that addresses safe schools, anonymous reporting of bullying and other resources. Additional programs such as, but not limited to, Freedom 180 are provided by Community agencies and must be scheduled through the District Public Relations Director.

Nutrition Programs

The University of Florida's Extension office in Panama City provides nutrition programs for schools throughout the district.

Housing Programs

The Bay County Housing Rehabilitation Program is designed to restore single family, homeowner occupied, year-round residential property to meet state and local building code standards. Homes must be located in Bay County, but outside the city limits. A family's total household income determines which program can assist. All applications received are considered on a first come, first served basis. Work to be done is also based on funding limitations and the amount of funds available. The Bay Area Housing, Inc., under the Bay County Housing Rehabilitation section, administers the program for Bay County. The mission of the Housing Rehabilitation Program is to conserve and improve the housing stocks in Bay County for moderate- to low-income home owners. With funds provided by the Michigan State Housing Development Authority (MSHDA), an applicant, depending on their income level, can obtain a 3-percent monthly repayment loan or a 0-percent deferred loan that is repaid at the time of ownership or occupancy change.

The Housing Rehabilitation Program uses H.U.D., Section 8 Guidelines for total code enforcement on

existing homes. Housing repair loans are available upon approval from the Bay County Housing Rehabilitation Program. Loan interest rates are from 0% to 3%. The maximum loan amount is \$25,000, which is used for the elimination of Section 8, local, and state building code violations, and other necessary repairs or improvements.

Head Start

Head Start provides children with activities that help them grow mentally, socially, emotionally, and physically. Head Start recognizes that parents are the first and most important teachers of their children. Parent involvement is welcomed in Head Start activities, and we will work with parents as partners to help children progress.

Children who are 3 to 5 years old are eligible for Head Start services. Pregnant women and children from birth to 3 years of age are eligible for Early Head Start services. Children and families who are homeless, in foster care, or receive TANF or SSI are also eligible for services. Eligibility is determined by Head Start program staff and some families may be eligible for services if they are determined to be at or below the federal poverty level. Some grantees enroll a percentage of children from families with incomes above the poverty guidelines as well.

Adult Education

Haney Technical Center’s Adult Basic Education (ABE) includes courses designed to improve the employability of the State’s workforce through instruction in language, mathematics, reading, and workforce readiness skills at grade level equivalency 0.0-8.9. ABE involves non-credit courses designed to develop basic skills necessary for successful employment and citizenship. This is an open entry/open exit program of study. The ABE program prepares students to enroll in General Educational Development (GED) preparation. Literacy Completion Points (LCPs) are awarded when a student demonstrates mastery as measured by approved standardized tests and/or documentation of mastery of competencies.

Career and Technical Education

Haney Technical Center provides career and technical education in the following employment areas: accounting operations; administrative office specialist; air conditioning, refrigeration and heating; applied welding technology; automotive collision repair and refinishing; automotive service technology; computer systems and information technology; digital design; electrician; electricity; marine service technology; and medical administrative specialist.

Job Training

Haney Technical Center offers the following licensure programs: Aviation Academy; Cosmetology; Massage Therapy; and Practical Nursing (LPN).

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group
Anita Meeks	Parent
James McCalister	Business/Community
Tamera Hannon	Teacher
Ann Stage	Education Support Employee
Hope Watson-Raines	Teacher
Phillip Mullins	Principal
Charles Boozer	Parent
Stacie Houchins	Parent
Teresa Brayboy	Teacher

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

SAC members are provided an opportunity to review last year's school improvement plan along with data from the previous year. Members are then able to provide an evaluation of the plan after an analysis of school data.

Development of this school improvement plan

At the first SAC meeting of the year, school data and the draft SIP goals and strategies are reviewed. The Council provides feedback and then the SIP is revised. Once completed the SAC Chairperson reviews the final draft and signs off.

Preparation of the school's annual budget and plan

When the current year budget allocation is received, the SAC is informed on the amount. The faculty and staff are then informed on procedures for requesting funding for resources and activities that support school improvement strategies. When a request has been properly submitted and advertised, the voting membership votes to approve or disapprove.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Funds earmarked for the SIP have not been allocated for the last two years. Other budgets have supported the School Improvement Plan. These other funds have supported the purchase of reading and math materials, including computers. Funds have been used to support our Rising Eagles program for our incoming 6th grade students. Funds have also been allocated to support professional development outlined in the SIP.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Name	Title
Mullins, Phillip	Principal
Bleich, Nancy	Teacher, K-12
Boyette, Crystal	Instructional Coach
Mugridge, Alisa	Teacher, K-12
Brayboy, Teressa	Teacher, K-12
Grandy, Jason	Teacher, K-12
Hannon, Tamera	Teacher, K-12
Phillips, Dra	Assistant Principal
Moore, Jonathon	Assistant Principal
Sirmans, Tracey	Teacher, K-12
Thomas, Jennifer	Teacher, K-12
Watson-Raines, Hope	Teacher, K-12
Rodriguez, Judy	Instructional Media

Duties

Describe how the LLT promotes literacy within the school

The LLT and Leadership Team are the same group at Everitt. After looking at data, the team decided to create a school wide writing initiative based on LAFS. Three district-wide writing assessments will be administered. We will train each of our teachers to use the scoring rubric at the beginning of the year. Each teacher will score the writing of the class they proctor for the assessment. Scores will be recorded for each student on shared electronic documents. Language Arts can track the performance of each of their scheduled students on this sheet to provide assistance in writing. Also, by training all teachers in the scoring rubric, each teacher is able to provide writing instruction in their own class/ subject. Our school is also implementing Close Reading and text-dependent writing in content area classes.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Everitt Middle School has implemented the Professional Learning Community concept as defined by Richard Dufour. All teachers serve on a department team and grade level team. To facilitate a focus on learning, each department has developed an instructional focus calendar and embedded common formative assessments. Grade level teams meet weekly to review common assessment results to identify instructional strengths and weaknesses. They then plan interventions and enrichment activities for our school-wide intervention program.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

To recruit highly qualified teachers, the principal notifies the human resources director of positions that have been difficult to fill and requests posts be made on Social Media venues. Once teachers are hired, the school has implemented the following initiatives to retain teachers:

1. Provide a New Teacher Orientation (Principal).
2. Provide each new teacher with Mentor Teacher for 'go-to' assistance (Principal).

3. Provide professional development and resource assistance as needed.
4. New teachers are enrolled in coaching opportunities.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

To assist beginning and new-to-Everitt teachers, we have instituted a Mentor Teacher Program. New teachers are assigned a Mentor Teacher who either teaches the same subject or teaches on the same team. The mentor's responsibility is to be an informal 'go-to' person for any questions the new teacher may have.

In addition, teachers who have been identified as having specific instructional needs may be assigned to a District Classroom Coach. The coach provides support and resources.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Teachers collaborated to develop department instructional focus calendars and common formative assessments to align with PLC expectations and Florida Standards. Our PLC's will meet weekly to continue monitoring student progress made with Florida Standards.

6th Grade - Go Math, Pearson, Read and Math 180, STEM scopes

7th Grade - Go Math, Pearson, Read and Math 180, STEM scopes

8th Grade - Go Math, Pearson, STEM scopes

Each department uses our District's Pacing guide for reference and guidance related to Florida Standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Teachers meet weekly to discuss common formative assessment data to identify which strategies were most effective to meet the Florida Standards. Teachers then, identify which remediation and enrichment based on student needs. Thirty minutes weekly inside core classes are used to provide interventions and enrichment. Students are provided additional opportunities of assistance in our before school program called "homework help".

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 600

21st Century provides opportunities for academic enrichment focusing in the area of STEAM including providing tutorial services to help students.

Strategy Rationale

After school program was implemented to provide a safe academic environment for our students and increase our student's exposure to STEAM activities. .

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Mullins, Phillip, mullipd@bay.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

We will utilize NWEA MAP data from AP1 to AP3 to determine growth by analyzing the RIT score.

Strategy: Extended School Day

Minutes added to school year: 846

Moving from a 7 period day to a 6 period day

Strategy Rationale

By reducing the number of minutes in electives students will have increased time in core classes

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Mullins, Phillip, mullipd@bay.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

NWEA (MAP), 9 weeks D,F reports, Early Warning Reports and FSA data

Strategy: Before School Program

Minutes added to school year: 6,300

Homework Help provides students with core instructional tutoring opportunities, with certified math and ELA teachers.

Strategy Rationale

This is giving the students an additional support outside of home and the classroom environment, by using a and a smaller group setting. This includes student centered activities and access to technology.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Mullins, Phillip, mullipd@bay.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Monitor student grades, assessments, and attendance. The program facilitator pulls from FOCUS the EWS report for each student for a targeted selected group. Then this information will be analyzed and further used to determine growth in student achievement and determine effectiveness of the program.

Strategy: Summer Program

Minutes added to school year: 240

Rising Eagle Camp was offered to all incoming 6th graders and new to Everitt students. This is an opportunity for students to become familiar with the middle school environment before school begins. Students are involved in collaborative activities and are introduced to the expectations at Everitt Middle School. The students were engaged in role playing activities, physical activities, and a school-wide scavenger hunt.

Strategy Rationale

By offering incoming 6th graders and new students an opportunity to come on campus before other students arrive, we can address the typical fears of middle school and establish relationships to alleviate many of the transitional issues often experienced by new students.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Mullins, Phillip, mullipd@bay.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Student names are recorded and throughout the school year the names are reviewed for grade point average and discipline referrals.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Rising Eagle Camp was offered to all incoming 6th graders and students new to Everitt Middle School. This is an opportunity for students to become familiar with the middle school environment before school begins. Students are involved in collaborative activities and are introduced to the expectations at Everitt Middle School. The students were engaged in role playing activities, physical activities, and a school-wide scavenger hunt. We also provide incoming 5th grade students with the opportunity to come to Everitt to learn about our programs. Students are provided information to use with their parents for determining schedule and placement for next year.

Transition trips are planned for incoming 6th graders and outgoing 8th graders.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Mid-year, Everitt hosts a High School Programs Day inviting representatives from local high school programs. Students then attend self-selected sessions to learn more about academic options at prospective high schools.

At the end of the year, counselors meet with students in social studies classes to review course offerings. Students have the opportunity to select an elective track for the next school year based on their personal interest. 8th graders will complete a career explorations unit identifying their career interests in preparation for selecting a high school program.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Everitt participates in a CTE program joint partnership with Rutherford High School. Through a grant, a teacher from Rutherford travels to Everitt daily to teach a CTE course. The goal is to build a cohort of students that will continue in this program at Rutherford.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Our Science department participates in the STEM Scopes program. The program provides students the opportunity to learn about technical education and the opportunities for careers in this area.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

N/A

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

.

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** In order to increase student proficiency, Everitt Middle School will build capacity through rigorous and equitable instruction with PLC's that focus on student achievement data to make instructional decisions.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. In order to increase student proficiency, Everitt Middle School will build capacity through rigorous and equitable instruction with PLC's that focus on student achievement data to make instructional decisions.

1a

G071582

Targets Supported 1b

Indicator	Annual Target
FCAT 2.0 Science Proficiency	15.0
FSA Mathematics - Achievement	15.0
FSA English Language Arts - Achievement	25.0

Resources Available to Support the Goal 2

- District Science Instructional Specialist
- Literacy Coach
- MTSS Coach
- Title I Budget
- Literacy Leadership Team
- Math Coach
- CTE Instructor

Targeted Barriers to Achieving the Goal 3

- Teacher comfort with and knowledge of programs and strategies
- Fidelity of Instruction by all Instructors
- Inability to proactively plan effective lessons due to time constraints

Plan to Monitor Progress Toward G1. 8

If the proficiency levels are improving on the common formative assessments, then progress towards the goal is being met. However, if proficiency levels are not showing improvement, lesson plan reviews and CWT Feedback data for the department(s) will be reviewed to identify possible root causes. If concern is isolated to a classroom, resources and assistance will be provided to that teacher. If data indicates that concern is department-wide, additional PD will be provided during the monthly Teacher Collaboration Meetings with coaching follow-up in teacher classrooms.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key
