SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The mission of St. Andrew School, in participation with our families and the community, is committed to providing a safe learning environment that promotes each child's social/emotional and academic development through positive behavioral supports and research-based practices. All students are provided opportunities to develop and achieve according to their own strengths in preparation for integration into the least restrictive educational and social setting.

Provide the school's vision statement

St. Andrew will provide a standard of excellence and positive supports in a safe environment where all students can achieve their full potential in academic, behavioral, and character development.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Most students at St. Andrew School have an Individualized Education Plan which requires teachers to develop a knowledge of students' backgrounds by preparing Present Level of Performance statements in four domains. The IEP process involves a collaboration between teachers and parents. Teachers have a deeper understanding of student's academic, social and emotional levels due to small staff to student ratios. This builds relationships between staff and students.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Students are greeted each morning either at the bus loop or parent drop off zone. These areas are supervised and the campus is locked down with the exception of the front door which leads to the office. St. Andrew ensures continuous supervision for safety for every student. Students are escorted to the lunchroom, special areas, restrooms, and office throughout the day. Each classroom at St. Andrew School is staffed with a teacher and a paraprofessional. The number of students per class is kept low to ensure that students receive ample individual attention. School-wide expectations are to show respect, be safe, and be a problem solver. Beginning 2015-2016 school year, St. Andrew has implemented a car rider dismissal system where parents register for a car rider tag. A supervised waiting area has been created for car riders.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

The PAWS (Positive Actions Work at St. Andrew) is a school wide positive motivational system. Privileges are earned by demonstrating positive behaviors which are respectful, safe, and reflect appropriate problem solving skills. Targeted behaviors are tracked on point sheets which are individualized according to the goals specified on each child's educational plan. The positive reinforcement system provides a consistent continuum of rewards and consequences. St. Andrew School has been recognized as a model school by the Florida Positive Support Project for the past seven years.

All staff members are trained on the implementation of our school wide positive reinforcement system. They also are trained and updated yearly in verbal and physical crisis management techniques.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

St. Andrew has developed the Crisis Response Team consisted of counselors and support staff who ensure the social-emotional needs of all students are being met. Teachers can call supports throughout the day when students are struggling in the classroom or need a short break. Students who are displaying extreme physical and verbal loss of control are removed from the classroom environment for a short time to cool down. While removed from the classroom, members of the Crisis Response Team work with students to problem solve and offer emotional support. Many students participate in group counseling sessions as indicated on their Individualized Education Plans. Students are taught social skills in the classroom and throughout the school day. St. Andrew School has a guidance department that includes a school guidance counselor, an intervention teacher and a counselor. These staff members support the social-emotional needs of the students.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
 - One or more suspensions, whether in school or out of school
 - Course Failure in ELA or Math
 - Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics
- *Updated 9/10/15

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level								Total
	K	1	2	3	4	5	6		
Attendance below 90 percent	1	2	5	6	7	7	1	29	
One or more suspensions	1	0	0	0	1	2	0	4	
Course failure in ELA or Math	0	0	1	3	1	1	0	6	
Level 1 on statewide assessment	0	0	0	0	0	0	0		

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level			Total
	3	4	5	
Students exhibiting two or more indicators	2	1	1	4

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Implementation of self monitoring strategies. Regular data chat sessions for staff and students. Regular review of discipline data at PAWS and CRT meetings. Consultation with district data coach and literacy coach.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/51234>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Members of the local community participate in the School Advisory Council. St. Andrew School participates in a variety of community activities in the historic St. Andrew District. A school representative attends monthly St. Andrew community meetings. The campus houses a community garden which is maintained by community members, staff, and students. We are partnered with Panama City Kiwanis who sponsor the BUGS (Bringing Up Grades) program where students receive rewards each quarter for academic achievement. Business partners including Perry and Young Law Firm and St. Andrew Masonic Lodge provide resources and funding for academic and behavioral incentives.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Cummings, Kristin	Teacher, ESE
Hair, Cassandra	Teacher, ESE
Johansen, Merlene	
Mckenzie, Janet	Teacher, ESE
Moyes, Tonya	Teacher, ESE
Willis-Mathis, Karen	Teacher, ESE

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

St. Andrew's Leadership team consists of administration, grade team chairs, school advisory chairperson, and textbook chair. The team meets bi-monthly to discuss progress towards school improvement, academic achievement, upcoming events, school wide behavior, and grade group concerns. The Leadership Team problem solves and make decisions to improve the school.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

St. Andrew School is organized like most elementary schools with the exception of the focus on student's social, emotional, and behavioral needs. St. Andrew follows BDS curricular frameworks in all content areas as well is charged with the implementation of the new Florida Standards. We abide by all BDS policy and procedures for assessment, school improvement and implementation of District and State initiatives for instruction, teacher evaluation and assessment. St. Andrew has been designated as a Title I school. St. Andrew School receives unit allocations from the District as well as support thought IDEA funds. The school leadership consists of a principal and Admin. Asst. Leadership is distributed through 4 grade chairs and a leadership team that includes a SIP chair, and textbook chair. This oversight group meets bi- monthly to oversee all operations and functions of the school. The grade chairs are the primary team that leads all curricular activities. Grades teams meet weekly to review data and plan instruction and assessment. The PAWS team oversees all components of the positive behavior support program, including daily behavior monitoring, rewards, incentives, earned Friday events, and crisis intervention. PAWS Team meets monthly with all instructional staff and the CRT meets bi-monthly.

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group

Merlene Johansen	Principal
Tonya Speights	Education Support Employee
Sara Chace	Teacher
Lenora Holman	Business/Community
Fred Werner	Business/Community
Gloria Cain	Education Support Employee
Jessica Hibberd	Parent

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

St. Andrew School received an improved rating from the state. Efforts to make school improvement have been successful. The percentage of students who made gains in Reading went from 26% to 47%. The percentage of students who made gains in Mathematics went from 28% to 56%.

(2014-2015)
 (2015-2016 data is pending)

Development of this school improvement plan

The School Improvement Plan is reviewed at each SAC meeting. Progress toward goals and problems reaching those goals are reviewed. Title I funding and the integration of this funding towards meeting School Improvement Plan goals are discussed and voted upon. Input to the SIP is requested by all staff members at monthly meetings.

Preparation of the school's annual budget and plan

Principal will review annual budget with SAC, seek input and make adjustments as recommended.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

School Improvement funds will be used in direct support of basic academic and behavioral instruction and Professional Development that enhances the skills of the instructional staff in those areas.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

St. Andrew continues to seek parent involvement in all aspects of our school programs. We invite parents through newsletters, phone calls, IRIS alerts, and face to face meetings.

Literacy Leadership Team (LLT)

Membership:

Name	Title
Branstetter, Janie	Principal
Chace, Sara	Teacher, ESE
Cummings, Kristin	Teacher, ESE
Hair, Cassandra	Teacher, ESE
Johansen, Merlene	Administrative Support
Mckenzie, Janet	Teacher, ESE
Moyes, Tonya	Teacher, ESE

Duties

Describe how the LLT promotes literacy within the school

The Leadership Team that consist of the 4 grade chairs, SIP chair, textbook chair, and administration function as the Literacy Leadership Team. The grade chairs are the primary literacy leaders. With guidance from administration these teacher leaders manage the literacy needs of their grade teams through the PLC process. Primary focus is data based decision making, standards based instruction and development of common assessments.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

St. Andrew has established Professional Learning Community Norms with each grade team. Grade teams meet weekly during a common planning hour to plan instruction, analyze data, and discuss concerns. Monthly staff meetings are held for all teachers and support staff. The Leadership Team will meet twice a month. PAWS meetings will be held once a month with all staff to discuss the school-wide behavior program.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

St. Andrew keeps an up to date web site with school specific information. In addition to posting available jobs on the district website, teachers are encouraged to refer potential teachers to administration to see if their interest and skills align with St. Andrews educational objectives.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Grade group chairs will mentor new teachers. Grade group chairs have experience in the grade level and school-wide behavior system. Mentoring activities are planned through the district. Grade chairs will meet with new teachers as needed.

Ambitious Instruction and Learning**Instructional Programs and Strategies****Instructional Programs*****Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards***

The PLCs at St. Andrew have as their primary focus curricular alignment with the new Florida standards. The use of Bay District pacing guides and implementation of research-based instructional practices ensure this alignment.

Instructional Strategies***Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments***

Data-based decision making is our focus. Each teacher maintains a data notebook of students' results on formative and summative assessments, state and district assessments and work samples. Students are placed into core curricular programs based on the data. St. Andrew School meets students at their level in order to build success and motivation. Intervention processes are in place with ongoing progress monitoring. Teachers are encouraged to push those students who are on the verge of reaching the next proficiency level.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Year

Minutes added to school year:

Extended School Year (ESY) is available to all students at St. Andrew based on the determination made by his/her IEP team. ESY may take several forms. Examples would be hospital/homebound program, an in-school program or sessions with a related services provider such as a speech-language therapist.

The district typically offers a 10 half day session summer program spread over a 6 week period, however all decisions about ESY need, duration and service delivery- are individualized, made by the students' IEP team.

Instruction is driven by individual student IEP goals and objectives and aligned to Florida Standards.

Strategy Rationale

Students who attend an ESY program better maintain academic and behavioral performance. They suffer less regression in their skills.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Branstetter, Janie, bransjg@bay.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Behavior monitoring will continue over the summer with all students attending Extended School Year. Progress monitoring from year to year using NWEA MAPS.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

St. Andrew School 5th graders transition to either New Horizons Learning Center or to their home middle school, if they demonstrate readiness. Articulation meetings are held in the spring to include parents, students and the receiving school. Pre-kindergarten was moved off of St. Andrew campus this school year due to needs for space. Those Pre-K students at Oakland Terrace Elementary that demonstrate the need for services at St. Andrew School will also have spring articulation meetings.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

NA

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

NA

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

NA

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
