

Duval County Public Schools

Sadie T. Tillis Elementary School

2015-16 School Improvement Plan

Sadie T. Tillis Elementary School

6084 MORSE AVE, Jacksonville, FL 32244

<http://www.duvalschools.org/sadietillis>

School Demographics

| | | |
|--------------------|-------------------------------|---|
| School Type | 2014-15 Title I School | 2015-16 Economically Disadvantaged (FRL) Rate (As Reported on Survey 2) |
| Elementary | Yes | 75% |

| | | |
|-------------------------------|-----------------------|---|
| Alternative/ESE Center | Charter School | 2015-16 Minority Rate (Reported as Non-white on Survey 2) |
| No | No | 86% |

School Grades History

| | | | | |
|--------------|----------------|----------------|----------------|----------------|
| Year | 2014-15 | 2013-14 | 2012-13 | 2011-12 |
| Grade | F* | F | F | D |

*Preliminary Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Duval County School Board on 12/7/2015.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Table of Contents

| | |
|---|-----------|
| Purpose and Outline of the SIP | 4 |
| Differentiated Accountability | 5 |
| Current School Status | 8 |
| 8-Step Planning and Problem Solving Implementation | 18 |
| Goals Summary | 18 |
| Goals Detail | 18 |
| Action Plan for Improvement | 22 |
| Appendix 1: Implementation Timeline | 36 |
| Appendix 2: Professional Development and Technical Assistance Outlines | 38 |
| Professional Development Opportunities | 39 |
| Technical Assistance Items | 44 |
| Appendix 3: Budget to Support Goals | 0 |

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2015-16 DA Category and Statuses

| DA Category | Region | RED |
|-------------|-------------------|-----------------------------|
| Priority | 2 | Wayne Green |
| Former F | Turnaround Status | |
| No | | |

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Sadie T. Tillis Elementary School is a community of lifelong learners who are committed to academic excellence and social and personal development. Our learning environment is rigorous, risk-free, equitable, and engaging for all.

Provide the school's vision statement

We envision Sadie T. Tillis Elementary to be a standards-based learning community where we work to help all learners experience the real life application of basic skills and concepts. Students will also be exposed to a wide variety of resources to help develop the whole child.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Sadie T. Tillis makes building cultures among staff and students a priority. We begin with orientation and next is open house. We have a large ESOL population and we make sure to send home information in English and Spanish. We have several translators working in the building. The classroom teachers use reading and math interest inventories as an initial step in getting to know the students. Through the use of goal setting teachers can learn more about individual students. Teachers and staff review data from TNTP surveys and Gallup surveys to determine impressions of how students feel at school and how parents are welcome.

Describe how the school creates an environment where students feel safe and respected before, during and after school

In order to develop a safe and respected school environment we always keep the students in the forefront. In Sadie T. Tillis establishes school rules, rituals, and routines that are put into place immediately. We hold assemblies with all of the students to clearly explain expectations. Our school counselor delivers classroom lessons on character education and bullying. In addition to the school-wide discipline plan, we have a safety plan for all hours of the school, with and without the expectation of students being in classrooms. School personnel will be on duty as of 8:00 a.m. every morning. Students are expected to go to the designated area for supervision until it is time for school to begin. Team Up (after school program) has been designed to focus on the needs of the academic at-risk students. Personnel have been trained on academic and enrichment activities.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

In order to build a positive atmosphere around the school with behavior we utilize positive referrals. A behavior chart will be posted in each classroom. Each learner will have a pocket or clip on the chart. Each color on the chart indicates to the student how he/she is doing and whether or not an award or consequence will be necessary as a result of choices the student has made. This system will be implemented in all classrooms, including resource classes and lunch. A note will be placed on the classroom clipboard to let the classroom teacher know if there are students who should receive

rewards or consequences for their choices during special classes. The expectations for the use of each of these is clearly explained to the teachers and the students. Foundations training is provided to teachers and students on expectations for children. We also have code of conduct lessons with the students.

Pink Outstanding

Purple Great Day

Blue Good Job

Green Ready to Learn

Yellow Think About It

Orange Teacher's Choice

Red Parent Contact*

Incentives

- Periodically, we will celebrate students who are at the certain levels on the Behavior Chart. For example, we may announce that "Any student at the "blue" level or higher will receive a prize." When the surprise announcement is made designated students will receive a treat.
- Learners who earn an 'A' in citizenship on their Report Card will receive a ribbon at the end of each quarter. Learners that receive an "A" each quarter will receive recognition at the end of the year awards ceremony.
- STUDENT OF THE MONTH.... Each month, a student of the month from each class will be recognized. These students exhibit the qualities of successful learners in keeping with the Habits of Mind and/or Guidelines for Success. These special students will be recognized on the morning announcements and their pictures will be placed on the bulletin board in the main hallway.

Guidelines for Success

To help students develop the attitudes, traits, and behaviors necessary for success in school and in life, the following Guidelines for Success will be implemented.

As successful students at Sadie T. Tillis:

1. We are prepared to succeed with all we need. (prepared)
2. We use kind words, voices and actions. (respectful)
3. We do the right thing even when no one is looking. (integrity)
4. We are in the right place, at the right time, doing the right thing. (dependable)
5. We always do our best. (Excellence)

School-Wide Attention Signal

When students hear, "Give me five!" and see a hand raised, they will do the following:

1. Eyes on the speaker.
2. Quiet
3. Be still.
4. Hands free. (Put things down.)
5. Listen closely.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Sadie Tillis Elementary School has a full-time guidance counselor, Jennifer Celani. She has systems in which both parents and teachers can request assistance through counseling and mentoring. She also has a plan for addressing attendance in a positive manner. She will meet with students on our WOW Wednesdays for Classroom Guidance, which provides character education and social skills for all students. She will use the Second Step curriculum as well as Career Counseling curriculum.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

The above listed early warning indicators are used to identify at-risk students.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

| Indicator | Grade Level | | | | | | Total |
|---------------------------------|-------------|---|---|----|----|----|-------|
| | K | 1 | 2 | 3 | 4 | 5 | |
| Attendance below 90 percent | 12 | 8 | 5 | 8 | 9 | 2 | 44 |
| One or more suspensions | 2 | 0 | 0 | 1 | 0 | 5 | 8 |
| Course failure in ELA or Math | 2 | 9 | 3 | 5 | 3 | 1 | 23 |
| Level 1 on statewide assessment | 0 | 0 | 0 | 11 | 22 | 17 | 50 |

The number of students identified by the system as exhibiting two or more early warning indicators:

| Indicator | Grade Level | | | | | Total |
|--|-------------|---|---|---|---|-------|
| | K | 1 | 3 | 4 | 5 | |
| Students exhibiting two or more indicators | 1 | 3 | 5 | 4 | 5 | 18 |

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The Collaborative Problem solving Team (CPST) meets to discuss data and plan intervention for target students for academic and behavior support through the RTI process. The Attendance Intervention Team meets monthly with parents of students with excessive absences and tardies. The leadership team reviews data frequently to target students who need the support of the reading and math interventionists. Reading and math interventionist spend 80% or more of their day in classrooms supporting at-risks students. Administrative student data chats are conducted to make students aware of their progress and to help them set goals for improvement. Data and goals are monitored to ensure positive progress.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/182177>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

| Name | Title |
|------------------|---------------------|
| Lee, Marianne | Principal |
| Fowler, Jessica | Instructional Coach |
| Woods, Jessica | Instructional Coach |
| Bell, Melissa | Assistant Principal |
| Celani, Jennifer | Guidance Counselor |

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The Rtl Leadership Team has four primary functions:

1. Regularly attend all district Rtl training;
2. Provide presentations to their school faculty and staff on Rtl practices;
3. Review school wide student performance data, identifying large scale needs and problems at particular grade levels;
4. Develop depth of knowledge about Response to Intervention
5. Monitor the implementation of the three-tiered Response to Intervention model at Sadie T. Tillis Elementary School.
6. Develop knowledge about best practices in assisting teachers with the implementation of Response to Intervention

The entire school-based Rtl Leadership Team should meet at least weekly to engage in school wide problem-solving. The team will engage in the following activities:

- Facilitate the process of building consensus, increasing infrastructure, and making decisions about implementation;
- Identify professional development needs and Rtl resources;
- Review universal screening data and link to instructional decisions;
- Review progress-monitoring data at the grade level and classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks;
- Monitor Rtl activities conducted by the collaborative teacher teams to assure sound problem-solving and fidelity of intervention implementation.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

- Principal: Marianne Lee: Provide a school-wide vision for the use of data-based decision making; ensures that the school is using professional literature to help support our professional development with Rtl; conducts assessment of Rtl skills of school staff; ensures implementation of intervention support and documentation requirements; and communicates with parents regarding school-based Rtl plans and activities.

* Assistant Principal: Melissa Bell. Responsible for testing, campus security, cafeteria, scheduling,

and events. Oversees textbooks, Title I, SAC, Math and Science. Provide a school-wide vision for the use of data-based decision making; ensures that the school is using professional literature to help support our professional development with RtI; conducts assessment of RtI skills of school staff; ensures implementation of intervention support and documentation requirements; and communicates with parents regarding school-based RtI plans and activities. Mrs. Bell's main responsibility is to support the work of the principal and to follow through on duties assigned to her as she learns the many facets of leadership.

- Guidance Counselor: Jennifer Celani Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students; link community agencies to schools and families to support the child's academic, emotional, behavioral, and social success; provides consultation services to general and special education teachers, parents and administrators; provides group and individual student interventions; and conducts direct observation of student behavior
- Leadership Team Members (Instructional Coaches): Provides information about core instruction; participates in student data collection; deliver Tier 1 instruction/interventions; collaborates with other staff to implement Tier 2 and Tier 3 interventions; and integrates Tier 1 materials/instruction with Tier 2/3 activities.
- Primary & Intermediate RtI Team Leaders (to be added at a later time): One person per primary & intermediate grades to connect with teachers on every grade level in the process of RtI interventions and to provide support with interventions, documentation and graphing.

Title 1: All incoming Kindergarten students and parents are invited to attend a kindergarten orientation. During the orientation, students get to meet their teachers and visit their classrooms. This opportunity gives kindergarten students a feeling of comfort when they arrive for the first day of school.

During the first two weeks of school, students are given baseline assessments to assist in differentiated instruction, as well as intervention strategies and programs. All students are assessed using FLKRS/ECHOS, FAIR and Houghton Mifflin Emergent Literacy Test in the areas of Basic Skills/ School readiness, Oral Language/Syntax, Print/Letter Knowledge, and Phonological Awareness/ Processing. District provided assessments along with teacher-made tests are also used to track development over time and classroom grouping.

Screening data will be used to plan daily instruction for all students, including those who may need intervention beyond core instruction. Instruction will include modeling, guided practice and independent practice of all areas identified by screening data.

Screening tools will be re-administered mid-year and at the end of the year in order to determine student learning gains and instructional needs.

Title I, Part C- Migrant: N/A

Title I, Part D: N/A

Title II: DCPS receives supplemental funds for improving basic education programs through the purchase of equipment to supplement education programs. New technology in classrooms will increase the instructional strategies provided to students.

Title III: Services are provided through the district for educational materials to improve the education of English Language Learners. Teachers receive ESOL Endorsement through District Level Professional Development.

Title VI, Part B: N/A

Title X, Homeless: The District provides social workers and counselors that works with the parents/ guardians of homeless children to ensure that the students have acceptable housing , food, clothing and school supplies.

SAI: Sadie T. Tillis Elementary School will use district funds to address the academic needs of Level 1 and Level 2 readers via before, during and after-school tutoring/small group instruction. Saturday School may be offered as funding allows.

Violence Prevention Programs

The District provides funding for various research based programs such as CHAMPS, Second Steps, Bullying and Foundations that school culture and reduces violence.

Nutrition Programs: n/a
 Housing Programs: n/a
 Head Start: n/a
 Adult Education: n/a
 Career and Technical Education: n/a
 Job Training :n/a

School Advisory Council (SAC)

Membership:

| Name | Stakeholder Group |
|-----------------|----------------------------|
| Tabetha Cox | Teacher |
| Tina Bacon | Education Support Employee |
| Andrea Morgan | Business/Community |
| Tyrone Ferguson | Parent |
| Marianne Lee | Principal |
| Melissa Bell | Education Support Employee |

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The School Advisory Council (SAC) met to determine if previous year's goals were met or should be continued for the 2015-2016 school year. It was determined that small group works with really well for our students and saw great lift in instruction via Iready data. Suggestion was made to continue working on small group instruction with teachers to ensure it's data driven, in addition to centers. SAC was really excited by the additional technology that has been placed in classrooms this school year.

Development of this school improvement plan

A draft version of the School Improvement Plan was shared with the SAC membership. Strategies were discussed and input received for the plan and specifically parent involvement activities surrounding the work of the plan.

Preparation of the school's annual budget and plan

Fund amount to be determined; Student planners and Book of the Month titles were purchased with the previous year's budget allocation

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Student Agenda Planners

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

| Name | Title |
|------------------|---------------------|
| Lee, Marianne | Principal |
| Bell, Melissa | Assistant Principal |
| Fowler, Jessica | Instructional Coach |
| Adams, Ileana | Other |
| Addison, Sonya | Teacher, K-12 |
| Cox, Tabetha | Teacher, K-12 |
| Diletto, Lindsay | Teacher, K-12 |
| Dunn, Krista | Teacher, K-12 |
| Shaffer, Corrine | Teacher, K-12 |

Duties

Describe how the LLT promotes literacy within the school

Sadie T. Tillis will focus on DUVAL Reads implementation across grade levels. Math is also a major focus on instructional re-design. Grade level model classrooms will be fully developed in order to do "instructional rounds" where other teachers may visit and receive support.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers and administration work together collaboratively through our Shared Decision Making Team, committees, quarterly teacher feedback chats with the principal, PLC meetings and WOW Wednesdays. Teachers' accomplishments are highlighted weekly in our PawPrints (faculty newsletter). Teachers regularly participate in social events outside of the school like "Birthday Breakfasts" and "Planning Day Breakfasts". Teachers also regularly participate in instructional rounds to learn from each other.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Mentoring teachers, new and veteran, to Sadie T. Tillis Elementary with either a buddy or mentor
2. Tour of the School/Transition Meeting
3. W.O.W. Wednesdays
4. Early Dismissal & Faculty Meeting Trainings

Our plan for the recruitment of highly qualified teachers includes developing more in-service teachers so that they can become directing teachers for pre-service teachers. Once we increase the number of interns in our building, we will aggressively develop them and make every effort to retain them as a part of our teaching staff.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Both Primary Teachers with similarities in personality, has experienced great success with implementation of the Workshop models of instruction. Instructional coaches have been paired to provide support specific to the challenges third grade teachers face.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

The New Florida Standards (ELAFS and MAFS) are aligned through the use of the district curriculum guide as well as through grade level curriculum mapping. The NGSSS for Science will be used for our science instruction. Again, this is done through curriculum mapping.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Administrators, coaches, interventionists, and teachers regularly consult data and anecdotal notes to determine the latest academic needs. Using Performance Matters Sadie Tillis Elementary School uses multiple forms of data. This includes: I-Ready (reading and math), DAR (reading), primary informal assessments (like Concepts of Print, Letter-Sound assessments, math assessments), and intermediate district baselines . In PLCs, the instructional coaches will look at data from these multiple data sources to determine whole and small group next steps with classroom teachers. With this information, teachers work with coaches, interventionists and ESE specialists to create small groups, specific needs centers, push-in classroom support, pull-out groups and direct instruction.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 10,800

Teachers were given research-based programs based on their grade levels and student needs:
*Kindergarten-2nd Grade: Fountas & Pinnell Word Study, Text Talk and High Frequency Word explicit teaching and practice

*3rd-5th Grade: 3rd & 4th grades will use Achieve 3000, Guided Reading and Text Talk (3rd only). 5th grade is implementing the non-fiction articles and centers to go with the data that students need for science. Achieve 3000 is where we will pull the articles and completing at least one article per week in addition to regular classroom implementation. It is differentiated based on needs of students. Each classroom will focus on a particular comprehension strategy based on the data.

Strategy Rationale

To build strong foundational skills in primary grades and increase comprehension in grades 3-5.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Lee, Marianne, leem3@duvalschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Student data from IReady, Achieve 3000 and CGA Science Basesline assessments will provide a pre-assessment for our school. Mid-Year and End of the Year district assessments will serve to modify our instruction based on this information. Effectiveness of the instruction will be monitored through these assessments.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

All incoming Kindergarten students and parents are invited to attend a kindergarten orientation. During the orientation, students get to meet their teachers and visit their classrooms. This opportunity gives kindergarten students a feeling of comfort when they arrive for the first day of school. During the first two weeks of school, students are given baseline assessments to assist in differentiated instruction, as well as intervention strategies and programs. All students are assessed using FLKRS/ECHOS, FAIR and Houghton Mifflin Emergent Literacy Test in the areas of Basic Skills/ School readiness, Oral Language/Syntax, Print/Letter Knowledge, and Phonological Awareness/ Processing. District provided assessments along with teacher-made tests are also used to track development over time and classroom grouping.

Screening data will be used to plan daily instruction for all students, including those who may need intervention beyond core instruction. Instruction will include modeling, guided practice and independent practice of all areas identified by screening data.

Screening tools will be re-administered mid-year and at the end of the year in order to determine student learning gains and instructional needs.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

N/A

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

.

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** If, after reviewing student data, teachers differentiate instruction by effectively planning and implementing high quality small group instruction in reading, math, science and writing, then proficiency levels and learning gains will increase.
- G2.** If we increase consistent and effective implementation of PBIS (Positive Behavior & Intervention System), then our discipline referrals will decrease, thus increasing student time on task.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. If, after reviewing student data, teachers differentiate instruction by effectively planning and implementing high quality small group instruction in reading, math, science and writing, then proficiency levels and learning gains will increase. **1a**

G071933

Targets Supported **1b**

| Indicator | Annual Target |
|------------------------------|---------------|
| AMO Math - All Students | 59.0 |
| FCAT 2.0 Science Proficiency | 45.0 |
| AMO Reading - All Students | 62.0 |
| FCAT 2.0 Writing Proficiency | 59.0 |

Resources Available to Support the Goal **2**

- Resources are mathematics coaches and administration which will provide ongoing support as well as professional development . The district adopted curriculum (Duval Math) and Every Day Counts Calendar which will be implemented in each class with fidelity daily. I-Ready toolbox as a resource to differentiate and remediate instruction. Guided Math lessons to differentiate instruction at the teacher table daily. Higher order questioning. Using written processes involving Math language and reasoning; to include rubrics from the item specifications of the MAFS. Implementing informal and formal assessments (Mid and Post Module Assessments) in order to ascertain students' strengths and weaknesses.
- District curriculum guides, NGSSS Science Item Specifications, NGSSS Science Standards for Elementary
- Resources are reading coaches and administration which will provide ongoing support as well as professional development. The district adopted curriculum and skills block instruction which will be implemented in each class with fidelity. I-Ready, Achieve 3000 and SRA Reading Mastery (for the most intensive ESE students as a resource to differentiate and remediate instruction. Guided Reading lessons to differentiate instruction, higher order questioning, using written processes involving Accountable Talk. Implementing informal and formal assessments in order to ascertain students' strengths and weaknesses.
- The Next Step in Guided Reading (Professional Text)
- Falling in Love with Close Reading (Professional Text)
- Duval Reads K-5 Teacher Manuals
- Literacy Leadership Team, Writing Committee, Daily Grade Level Common Planning, Weekly Professional Learning (WOW), FSA Item Specifications for Reading Rubrics, Teaching Learning Rubrics, Writing Craft Strategies, Mentor Texts, Craft Lessons: Teaching Writing K-8 by Fletcher. Continuum of Literacy Learning and Guided Readers and Writers by Fountas and Pinnell. The Art of Teaching Writing by Lucy Calkins.

Targeted Barriers to Achieving the Goal **3**

- Anticipated barriers are teachers limited understanding of the MAFS content as well as providing rigorous, differentiated instruction within the new Duval Math Curriculum and Center Rotations.
- Limited use of specific assessments based on the science strands with an appropriate level of rigor in all grades K-5.
- Anticipated barriers are teachers limited understanding of the content as well as providing rigorous, differentiated instruction.
- An anticipated barrier is the new adoption of new reading curriculum for K-5.

- Teachers lack understanding of the reading-writing connection (including how to choose and utilize mentor texts when teaching a particular strategy and discussing narrative and expository elements as they relate to writing) as well as how to use processes in the classroom such as shared, interactive, and modeled writing

Plan to Monitor Progress Toward G1. 8

Progress will be monitored through teacher feedback, student monitoring progress forms, portfolio, data monitoring form, classroom visits, focus walks, observations, snapshot visits, teacher lesson plans, student work protocol, and data analysis on district and classrooms assessments.

Person Responsible

Jessica Fowler

Schedule

On 6/10/2016

Evidence of Completion

Students making 57% proficiency on the 2015 Reading Florida Standards Assessment will serve as evidence of completion of this goal.

G2. If we increase consistent and effective implementation of PBIS (Positive Behavior & Intervention System), then our discipline referrals will decrease, thus increasing student time on task. 1a

G071934

Targets Supported 1b

| Indicator | Annual Target |
|----------------------|---------------|
| Discipline incidents | 185.0 |

Resources Available to Support the Goal 2

- Second Step Curriculum
- Professional Literature (Teaching With Poverty in Mind by Eric Jensen and Habits of Mind by Art Costa)
- MTSS/B (Tier 1) Foundations and CHAMPs Model for Classroom Management
- Guidance Counselor (Guidance in the Classroom)
- School Wide Discipline Plan
- Positive Incentive Programs including Pawsitive Panthers, Habit Cards, Student of the Month, Pink Card Days, Collecting Paws, Positive Recognition Referrals

Targeted Barriers to Achieving the Goal 3

- Teachers lack strategies for classroom management that result in positive behavior.
- Teachers lack knowledge of how poverty affects student behavior and learning.
- Some faculty and staff lack strategies for engaging all students in meaningful learning, which in turn will reduce misbehavior.
- There are no structures in place to provide additional support to High Promise students.

Plan to Monitor Progress Toward G2. 8

Monitor Discipline Data

Person Responsible

Melissa Bell

Schedule

Every 6 Weeks, from 8/24/2015 to 6/9/2016

Evidence of Completion

Disaggregated Discipline Data

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. If, after reviewing student data, teachers differentiate instruction by effectively planning and implementing high quality small group instruction in reading, math, science and writing, then proficiency levels and learning gains will increase. **1**

 G071933

G1.B1 Anticipated barriers are teachers limited understanding of the MAFS content as well as providing rigorous, differentiated instruction within the new Duval Math Curriculum and Center Rotations. **2**

 B187575

G1.B1.S1 Unpack the standards and Duval Math lesson plans through work in PLCs in order to build capacity in teachers as well as extensive knowledge of the content. [copy] **4**

 S199073

Strategy Rationale

Teachers need time time to discuss these detailed lesson plan designs and how to deliver them effectively within their classrooms. As a team we will address foreseeable issues within the new curriculum and differentiate the lessons based on the needs of our students.

Action Step 1 **5**

Mathematics coach will meet with teachers once per week (in grades Kindergarten-5th). Teachers also have a second optional PLC day built in to help meet their needs (in grades 2-5) for Common Planning to unpack current standards within the Duval Math curriculum and embed the use of item specifications in order to plan effective instruction. Administration and the mathematics coach will meet monthly with teachers to unpack upcoming standards and address foreseeable concerns within the new curriculum.

Person Responsible

Jessica Woods

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

Coaches and teachers will complete a weekly collaborative planning document through PLC's.

Action Step 2 5

Develop differentiated lessons during Common Planning to support the needs of all students. They will plan for differentiated center rotations and discuss the RTI process for students who are not meeting Tier 1 expectations.

Person Responsible

Jessica Woods

Schedule

Weekly, from 9/2/2014 to 5/28/2015

Evidence of Completion

Teachers will develop and document differentiation within their lesson plans.

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

PLC agendas, Collaborative Planning Document, CAST Informal/Formal Observations, Classroom Walkthroughs, Instructional Rounds with coach and/or administrators

Person Responsible

Jessica Woods

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

Coach and teachers will complete weekly collaborative planning documents. PLC agendas from meetings; copies of CAST observations; copies of classroom walkthrough forms; copy of Instructional Round feedback documents.

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

Progress will be monitored through teacher feed back, student monitoring progress forms, portfolio work, classroom visits, focus walks, observations, teacher small-group lesson plans, student work protocol (in PLC), and data analysis on exit tickets, mid module, and post module assessments.

Person Responsible

Jessica Woods

Schedule

Daily, from 9/1/2015 to 5/31/2016

Evidence of Completion

Students performing at a proficiency level in Mathematics on the FSA in all subgroups will serve as evidence of completion of this goal.

G1.B5 Limited use of specific assessments based on the science strands with an appropriate level of rigor in all grades K-5. 2

 B187579

G1.B5.S1 Science teachers will utilize item specifications to ramp students up to the 5th grade level expectations. [copy] 4

 S199075

Strategy Rationale

Action Step 1 5

Science teachers will examine previous years (K-4) content based on 5th grade item specifications. previous grade level item specifications to determine content to review with 5th grade students.

Person Responsible

Melissa Bell

Schedule

Weekly, from 9/1/2015 to 5/1/2016

Evidence of Completion

Lesson plans, interactive journals

Plan to Monitor Fidelity of Implementation of G1.B5.S1 6

Professional development will be provided by district science specialist as needed according to data from curriculum guide assessments in grades k-5.

Person Responsible

Melissa Bell

Schedule

Monthly, from 9/1/2015 to 5/1/2016

Evidence of Completion

Lesson plans, interactive journals, performance on curriculum guide assessments, performance on FCAT 2.0.

Plan to Monitor Effectiveness of Implementation of G1.B5.S1 7

Classroom observations of science lessons, labs, and interactive journals.

Person Responsible

Melissa Bell

Schedule

Monthly, from 9/1/2015 to 5/1/2016

Evidence of Completion

Student achievement will increase based on the standards based assessments due to instruction and participation in labs and experiments.

G1.B6 Anticipated barriers are teachers limited understanding of the content as well as providing rigorous, differentiated instruction. **2**

 B187580

G1.B6.S1 Teachers will use data (i-Ready, Achieve 3000, Guided Reading, anecdotal notes) to form differentiated groups during small group instruction time. [copy] **4**

 S199076

Strategy Rationale

When teachers use this data, groups can be planned based on exactly what skills or strategies that students need to learn.

Action Step 1 **5**

Develop differentiated lessons during Common Planning to support the needs of all students.

Person Responsible

Jessica Fowler

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

Teachers will develop and document differentiation within their lesson plans.

Plan to Monitor Fidelity of Implementation of G1.B6.S1 **6**

Reading coach will meet with teachers for Common Planning to plan for small group instruction. Data sources will be used to plan these small groups.

Person Responsible

Jessica Fowler

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

Teachers will have differentiated small group lesson plans.

Plan to Monitor Effectiveness of Implementation of G1.B6.S1 7

Progress will be monitored through teacher feed back, student monitoring progress forms, portfolio, data monitoring form, classroom visits, focus walks, observations, snapshot visits, teacher lesson plans, student work protocols and data analysis on district and classroom assessments.

Person Responsible

Marianne Lee

Schedule

Daily, from 9/1/2015 to 5/31/2016

Evidence of Completion

62% of students in grades 3-5 scoring at a level 3 or higher on the 2016 Florida Standards Assessment for Reading will serve as evidence of completion.

G1.B7 An anticipated barrier is the new adoption of new reading curriculum for K-5. 2

 B187581

G1.B7.S1 Teachers will meet weekly with the reading coach to review and discuss the lessons that are in the curriculum. We will discuss the delivery method and the content of the lessons. 4

 S199077

Strategy Rationale

Meeting weekly with the teachers will allow the teachers to discuss how they are delivering the content of Duval Reads. Through this collaboration, they will get ideas for their teaching.

Action Step 1 5

Teachers will bring the Duval Reads curriculum with them to each PLC meeting and we will review the lessons for the upcoming week.

Person Responsible

Jessica Fowler

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

The evidence will be the common planning agendas that are completed at the meetings.

Plan to Monitor Fidelity of Implementation of G1.B7.S1 6

Progress will be monitored through teacher feed back, student monitoring progress forms, portfolio, data monitoring form, classroom visits, focus walks, observations, snapshot visits, teacher lesson plans, student work protocols and data analysis on district and classroom assessments.

Person Responsible

Marianne Lee

Schedule

Daily, from 9/1/2015 to 5/31/2016

Evidence of Completion

62% of students in grades 3-5 will score at a level 3 or higher on the 2016 Florida Standards Assessment for Reading.

Plan to Monitor Effectiveness of Implementation of G1.B7.S1 7

Progress will be monitored through teacher feed back, student monitoring progress forms, portfolio, data monitoring form, classroom visits, focus walks, observations, snapshot visits, teacher lesson plans, student work protocols and data analysis on district and classroom assessments.

Person Responsible

Marianne Lee

Schedule

Daily, from 9/1/2015 to 5/31/2016

Evidence of Completion

Implementation will be considered effective when 62% of our 3-5 students score a level 3 or higher on the 2016 Florida Standards Assessment for Reading.

G1.B8 Teachers lack understanding of the reading-writing connection (including how to choose and utilize mentor texts when teaching a particular strategy and discussing narrative and expository elements as they relate to writing) as well as how to use processes in the classroom such as shared, interactive, and modeled writing **2**

 B187582

G1.B8.S1 Professional learning and reading coach support with lessons that link reading and writing, as well as the effective use of mentor texts to teach writer's craft. [copy] **4**

 S199078

Strategy Rationale

Teachers and students need to learn how to use mentor texts to refine their own writer's craft.

Action Step 1 **5**

Use mentor texts as models for explicit writing instruction. Integrate writing instruction in lesson planning during PLC meetings with the reading coach.

Person Responsible

Jessica Fowler

Schedule

Weekly, from 9/1/2015 to 5/31/2016

Evidence of Completion

PLC agendas, lesson plans, curriculum mpas

Plan to Monitor Fidelity of Implementation of G1.B8.S1 **6**

Classroom walkthroughs, student work protocols, CAST formal/informal observation tools, instructional rounds

Person Responsible

Jessica Fowler

Schedule

Daily, from 9/1/2015 to 5/31/2016

Evidence of Completion

Class Walkthrough forms, Copies of CAST observations, Copies of QFIC instructional rounds notes

Plan to Monitor Effectiveness of Implementation of G1.B8.S1 7

Data chats with teachers to monitor whole group, small group, and individual progress monitoring.

Person Responsible

Marianne Lee

Schedule

Quarterly, from 9/1/2015 to 5/31/2016

Evidence of Completion

Data chat sheets for individual students, Guided Reading feedback, and Class data monitoring sheets

G2. If we increase consistent and effective implementation of PBIS (Positive Behavior & Intervention System), then our discipline referrals will decrease, thus increasing student time on task. 1

 G071934

G2.B1 Teachers lack strategies for classroom management that result in positive behavior. 2

 B187583

G2.B1.S1 Teachers will implement the School Wide Discipline Plan with fidelity and consistency including Foundations and CHAMPs. 4

 S199079

Strategy Rationale

Student misbehavior results in disruptions to learning, decreased time on task, and loss of instructional time.

Action Step 1 5

Train teachers on all aspects of the discipline plan including Guidelines for Success, CHAMPs, Foundations, classroom discipline chart and the Student Code of Conduct.

Person Responsible

Schedule

Monthly, from 8/24/2015 to 6/10/2016

Evidence of Completion

Teacher reflections and feedback forms

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

Classroom Walk-throughs and observations

Person Responsible

Melissa Bell

Schedule

Weekly, from 8/18/2014 to 6/5/2015

Evidence of Completion

Classroom Walk-through documents

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Classroom Walkthroughs Using Indicators for Domain 2 of CAST Rubric.

Person Responsible

Melissa Bell

Schedule

Monthly, from 8/24/2015 to 6/9/2016

Evidence of Completion

Walk-through forms

G2.B2 Teachers lack knowledge of how poverty affects student behavior and learning. 2

 B187584

G2.B2.S1 Learn more about the physical, emotional, and behavioral effects of poverty and implement learning in the classroom. 4

 S199080

Strategy Rationale

Understanding the challenges students face in their personal lives will better equip teachers to help them be successful in their school lives.

Action Step 1 5

Teachers who are new to Sadie Tillis will read selected chapters from the book Teaching With Poverty In Mind by Eric Jensen.

Person Responsible

Melissa Bell

Schedule

Every 2 Months, from 8/24/2015 to 6/9/2016

Evidence of Completion

Teacher Reflections

Plan to Monitor Fidelity of Implementation of G2.B2.S1 6

Reflective Conversations in Book Study Group

Person Responsible

Melissa Bell

Schedule

Every 2 Months, from 9/7/2015 to 5/26/2016

Evidence of Completion

Feedback and Discussion Forms

Plan to Monitor Effectiveness of Implementation of G2.B2.S1 7

Classroom Observations using Domain 2 of CAST Rubric

Person Responsible

Melissa Bell

Schedule

On 5/27/2016

Evidence of Completion

Rubrics

G2.B3 Some faculty and staff lack strategies for engaging all students in meaningful learning, which in turn will reduce misbehavior. 2

 B187585

G2.B3.S1 Implement a variety of engagement strategies, innovative instructional techniques and differentiated instruction daily. 4

 S199081

Strategy Rationale

Action Step 1 5

All teachers will receive training in Kagan Strategies (collaborative structures).

Person Responsible

Schedule

Evidence of Completion

Teacher Reflections from Training

Plan to Monitor Fidelity of Implementation of G2.B3.S1 6

Classroom Walk-throughs and observations

Person Responsible

Schedule

Evidence of Completion

Focus Walk/Walk-through forms

Plan to Monitor Effectiveness of Implementation of G2.B3.S1 7

Discipline Data will be monitored to determine the correlation between engagement and discipline.

Person Responsible

Schedule

Evidence of Completion

Discipline data and walk-through forms

G2.B5 There are no structures in place to provide additional support to High Promise students. 2

 B187587

G2.B5.S1 Match High Promise students with mentors on school staff. 4

 S199084

Strategy Rationale

Some students need ongoing support and encouragement from a caring adult within the school or community.

Action Step 1 5

High promise students will be matched with a suitable adult mentor who will meet with them throughout the school year.

Person Responsible

Melissa Bell

Schedule

Weekly, from 8/24/2015 to 6/10/2016

Evidence of Completion

Sign in logs for mentors.

Plan to Monitor Fidelity of Implementation of G2.B5.S1 6

Monthly check-in sessions with mentors and mentees.

Person Responsible

Melissa Bell

Schedule

Monthly, from 10/1/2015 to 5/27/2016

Evidence of Completion

Notes from check in meetings.

Plan to Monitor Effectiveness of Implementation of G2.B5.S1 7

Monitor discipline data for High Promise students.

Person Responsible

Melissa Bell

Schedule

Monthly, from 10/1/2015 to 6/10/2016

Evidence of Completion

Discipline data reports.

Appendix 1: Implementation Timeline

Action steps and monitoring activities identified in the SIP as necessary to achieve the school's goals.

| Source | Task, Action Step or Monitoring Activity | Who | Start Date (where applicable) | Deliverable or Evidence of Completion | Due Date/End Date |
|-------------|--|-----------------|-------------------------------|--|-------------------|
| G1.B1.S1.A1 | Mathematics coach will meet with teachers once per week (in grades Kindergarten-5th). Teachers also have a second optional PLC day built in to help meet their needs (in grades 2-5) for Common Planning to unpack current standards within the Duval Math curriculum and embed the use of item specifications in order to plan effective instruction. Administration and the mathematics coach will meet monthly with teachers to unpack upcoming standards and address foreseeable concerns within the new curriculum. | Woods, Jessica | 9/1/2015 | Coaches and teachers will complete a weekly collaborative planning document through PLC's. | 5/31/2016 weekly |

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. If, after reviewing student data, teachers differentiate instruction by effectively planning and implementing high quality small group instruction in reading, math, science and writing, then proficiency levels and learning gains will increase.

G1.B1 Anticipated barriers are teachers limited understanding of the MAFS content as well as providing rigorous, differentiated instruction within the new Duval Math Curriculum and Center Rotations.

G1.B1.S1 Unpack the standards and Duval Math lesson plans through work in PLCs in order to build capacity in teachers as well as extensive knowledge of the content. [copy]

PD Opportunity 1

Mathematics coach will meet with teachers once per week (in grades Kindergarten-5th). Teachers also have a second optional PLC day built in to help meet their needs (in grades 2-5) for Common Planning to unpack current standards within the Duval Math curriculum and embed the use of item specifications in order to plan effective instruction. Administration and the mathematics coach will meet monthly with teachers to unpack upcoming standards and address foreseeable concerns within the new curriculum.

Facilitator

Jessica Woods

Participants

Classroom Teachers

Schedule

Weekly, from 9/1/2015 to 5/31/2016

PD Opportunity 2

Develop differentiated lessons during Common Planning to support the needs of all students. They will plan for differentiated center rotations and discuss the RTI process for students who are not meeting Tier 1 expectations.

Facilitator

Jessica Woods

Participants

Classroom Teachers

Schedule

Weekly, from 9/2/2014 to 5/28/2015

G1.B5 Limited use of specific assessments based on the science strands with an appropriate level of rigor in all grades K-5.

G1.B5.S1 Science teachers will utilize item specifications to ramp students up to the 5th grade level expectations. [copy]

PD Opportunity 1

Science teachers will examine previous years (K-4) content based on 5th grade item specifications. previous grade level item specifications to determine content to review with 5th grade students.

Facilitator

District Level Specialists

Participants

Tracey Algard

Schedule

Weekly, from 9/1/2015 to 5/1/2016

G1.B6 Anticipated barriers are teachers limited understanding of the content as well as providing rigorous, differentiated instruction.

G1.B6.S1 Teachers will use data (i-Ready, Achieve 3000, Guided Reading, anecdotal notes) to form differentiated groups during small group instruction time. [copy]

PD Opportunity 1

Develop differentiated lessons during Common Planning to support the needs of all students.

Facilitator

Jessica Fowler/Marianne Lee

Participants

Classroom Teachers

Schedule

Weekly, from 9/1/2015 to 5/31/2016

G1.B7 An anticipated barrier is the new adoption of new reading curriculum for K-5.

G1.B7.S1 Teachers will meet weekly with the reading coach to review and discuss the lessons that are in the curriculum. We will discuss the delivery method and the content of the lessons.

PD Opportunity 1

Teachers will bring the Duval Reads curriculum with them to each PLC meeting and we will review the lessons for the upcoming week.

Facilitator

Jessica Fowler, Reading Coach; Marianne Lee, Principal

Participants

K-5 Teachers

Schedule

Weekly, from 9/1/2015 to 5/31/2016

G1.B8 Teachers lack understanding of the reading-writing connection (including how to choose and utilize mentor texts when teaching a particular strategy and discussing narrative and expository elements as they relate to writing) as well as how to use processes in the classroom such as shared, interactive, and modeled writing

G1.B8.S1 Professional learning and reading coach support with lessons that link reading and writing, as well as the effective use of mentor texts to teach writer's craft. [copy]

PD Opportunity 1

Use mentor texts as models for explicit writing instruction. Integrate writing instruction in lesson planning during PLC meetings with the reading coach.

Facilitator

Jessica Fowler, Marianne Lee

Participants

classroom teachers

Schedule

Weekly, from 9/1/2015 to 5/31/2016

G2. If we increase consistent and effective implementation of PBIS (Positive Behavior & Intervention System), then our discipline referrals will decrease, thus increasing student time on task.

G2.B1 Teachers lack strategies for classroom management that result in positive behavior.

G2.B1.S1 Teachers will implement the School Wide Discipline Plan with fidelity and consistency including Foundations and CHAMPs.

PD Opportunity 1

Train teachers on all aspects of the discipline plan including Guidelines for Success, CHAMPs, Foundations, classroom discipline chart and the Student Code of Conduct.

Facilitator

Melissa Bell

Participants

All teachers and instructional coaches

Schedule

Monthly, from 8/24/2015 to 6/10/2016

G2.B2 Teachers lack knowledge of how poverty affects student behavior and learning.

G2.B2.S1 Learn more about the physical, emotional, and behavioral effects of poverty and implement learning in the classroom.

PD Opportunity 1

Teachers who are new to Sadie Tillis will read selected chapters from the book Teaching With Poverty In Mind by Eric Jensen.

Facilitator

Melissa Bell

Participants

All teachers and coaches

Schedule

Every 2 Months, from 8/24/2015 to 6/9/2016

G2.B3 Some faculty and staff lack strategies for engaging all students in meaningful learning, which in turn will reduce misbehavior.

G2.B3.S1 Implement a variety of engagement strategies, innovative instructional techniques and differentiated instruction daily.

PD Opportunity 1

All teachers will receive training in Kagan Strategies (collaborative structures).

Facilitator

Kagen Facilitator

Participants

All Faculty Members

Schedule

Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.

Budget

Budget Data

| | | | | | | |
|---|-------------|--|--|----------------|-----|------------|
| 1 | G1.B1.S1.A1 | Mathematics coach will meet with teachers once per week (in grades Kindergarten-5th). Teachers also have a second optional PLC day built in to help meet their needs (in grades 2-5) for Common Planning to unpack current standards within the Duval Math curriculum and embed the use of item specifications in order to plan effective instruction. Administration and the mathematics coach will meet monthly with teachers to unpack upcoming standards and address foreseeable concerns within the new curriculum. | | | | \$2,000.00 |
