SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

To establish a highly academic environment that will foster the academic success of all students while participating in a Department of Juvenile Justice Program or Neglected and at risk program. This will ensure that every student is provided educational excellence in every school, in every classroom, for every student, everyday.

Provide the school's vision statement

Students will be provided a safe and nurturing community so that every student is inspired and prepared for success in college or career, and life.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Gateway Services, Duval Academy, Jacksonville Youth Academy, Duval Regional Juvenile Detention Center, Pre-Trial Detention Center, Hubbard House, and the Youth Crisis Center all fall under Delinquent and/or Neglected and at-risk classifications as the Department of Juvenile Justice Programs. When students enter a Department of Juvenile Justice or Neglected and at risk program, they are surveyed and records are requested from the student's previous school. Then the student is scheduled according to Duval County Public Schools and state guidelines. All assessment data is made available to all teachers including Exceptional Education status and English Language Learner status.

Describe how the school creates an environment where students feel safe and respected before, during and after school

When students are enrolled in a Department of Juvenile Justice or Neglected and at risk program, they are enrolled according to the guidelines provided by the state Department of Juvenile Justice or Neglected and at risk program protocols.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

The Department of Juvenile Justice and Neglected and at risk programs have established behavior plans that are in alignment with classroom expectations. Teachers are given a workshop by the program to explain the behavioral expectations of the program and the alignment with the classroom.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The Department of Juvenile Justice and Neglected and at risk programs along with Duval County Public Schools have guidance counselors, case managers and transitional specialist that work with students during and after placement at the programs.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

The students in this survey will be an average due to high rate of turnover in the Juvenile Justice facilities.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level				Total
	6	8	9	10	
Attendance below 90 percent	0	0	0	0	
One or more suspensions	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	
Level 1 on statewide assessment	1	2	7	3	13

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

80% of our students are registered in Enrichment Reading and Enrichment Math. Select students are pulled out for reading support by Catapult Educational Services. School counselor reviews academic history with every student. Transition specialist assist all students with academic placement after their release from the facility/program.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Parenting workshops and Juvenile Probation meetings are provided on a monthly basis for the students.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

School based administrators and transitional specialist along with Juvenile Probations Officers will have monthly meetings with parents and students to provide academic and behavioral support for the students. parents and staff.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Robinson, Edward	Principal
Bell, Faye	Guidance Counselor
Clark-Jackson, Nathasha	Attendance/Social Work
Doran, Thomas	Administrative Support
Seymore, Richard	Attendance/Social Work

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal: Instructional and operational leadership

Assistant Principal: Instructional and operational leadership

Guidance Counselor: Academic and student resource and academic support

Transitional Specialist: Academic, parent, and student resource

Curriculum manager: Student schedules and academic support

All members of the leadership team discuss what implementations are in the best interest of each student and emphasis the reduction of the recidivism rate of the students.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Youth Development Programs has weekly leadership team meetings to discuss improvement at all 7 of the Youth Development and Department of Juvenile Justice Facilities. The meeting has an agenda that includes the following: Academic and instructional updates, facility updates, testing updates, curriculum and instruction updates as it pertains to district and state mandates. The Agenda also includes student release dates and record request and review of academic history for each student. Funding sources that will be used align with the reduction of recidivism of students returning to the facility. This in alignment with transitional services and case management opportunities for our students.

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group
Edward Robinson	Principal
Roderick Robertson	Business/Community
Dr. Kris Larsen	Business/Community
Richard Seymore	Education Support Employee
Barney Spann	Parent
Sharon Robinson-Banks	Business/Community
Shelia Williams	Teacher

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Not Applicable

Development of this school improvement plan

Not applicable

Preparation of the school's annual budget and plan

Not applicable

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Not applicable

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

No

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Not applicable

Literacy Leadership Team (LLT)

Membership:

Name	Title
Collins, Fallon	Teacher, K-12
Reider, Cynthia	
Williams, Shelia	
Robinson, Edward	Principal

Duties

Describe how the LLT promotes literacy within the school

Literacy efforts are promoted through book clubs at the residential facilities. The book club is sponsored by the English Language Arts teachers. Poetry nights and various reading enrichment activities are embedded in all of the Department of Juvenile Justice Programs.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers are provided daily planning at their facilities. At sites with multiple teachers in a given subject those teachers are provided common planning times. Teachers come together on a biweekly basis to discuss lesson plans, testing results, best practices, and other collaborative plans. The administration meets on a regular basis with teachers in the Professional Learning Communities to discuss lesson plans and student data.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Interviews to recruit new teachers are led by the leadership team. Multiple staff sit in and ask questions of potential teachers to determine not only their ability to teach but also their fit within our unique setting. Once hired, new teachers are assigned a mentor based on their content and the facility which they teach. Mentors and administrators meet with new teachers on a regular basis to discuss lesson plans, assessment data, teacher and student needs. Plans are put into place by the mentor and administration to continually support and assist new teachers. Highly qualified teachers are given opportunities to engage in continual professional development through the district and the school's early release dates. Teachers are provided support by the support staff in scheduling, testing, behavioral support.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Mentee teachers are assigned mentors based on the content and grade level they teach. The schools' mentors are highly qualified teachers who have consistently demonstrated expertise in their given subject within the confines of our programs. New teachers gain knowledge from our mentors through the MINT program designed and implemented by the district. Regular meetings are scheduled between a mentee and mentor to discuss lesson plans and assessment data in order to development the teachers teaching practices. Administrators consistently meet with new teachers to ensure mentee teachers are provided additional support.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All materials are provided by Duval County Public Schools and are state adopted.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Teachers differentiate instruction at the facility according to subject area and grade level. Teachers have a diverse population of students in every class with multiple preparations. This allows teachers to differentiate instruction and teach to the needs of the individual student.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 12,000

The summer program is a Juvenile Justice System requirement and is used for credit recovery and enrichment.

Strategy Rationale

This is to allow students the opportunity to recovery failed courses and allow students a chance for academic enrichment as needed.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Robinson, Edward, robinsone2@duvalschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The data used to ensure the effectiveness of this program is as follows:

Middle Schools: how many students earned 2 middle school credits.

High Schools: how many students earned 4 high school credits.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

N/A: Students are not grouped by cohorts and don't stay an entire year.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Community partnerships are getting established through the School Advisory Council and Faith Based Partnerships. Tulsa Welding School has accepted our students prior to graduating high school or receiving their GED.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Strategic Goals Summary

- G1.** Youth Development Programs teachers will effectively differentiate instructional content in each class. This will effectively improve the quality of instruction in each classroom and improve instructional outcomes.
- G2.** Teachers will incorporate the four pillars of instruction (Full engagement, rigorous content, student ownership, and demonstration of student learning) with a strategic emphasis on student engagement to increase the effectiveness of differentiated student instruction and gradual release methods across all Youth Development Program sites.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal
