School Grades History							
Year	2014-15	2013-14	2012-13	2011-12			
Grade	C*	D	D	С			

^{*}Preliminary Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Levy County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at https://www.floridaCIMS.org.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	19
Goals Summary	19
Goals Detail	19
Action Plan for Improvement	21
Appendix 1: Implementation Timeline	24
Appendix 2: Professional Development and Technical Assistance Outlines	25
Professional Development Opportunities	26
Technical Assistance Items	27
Appendix 3: Budget to Support Goals	0

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only currently A, B or C with at least one F in the prior three years
- Focus currently D
 - Planning two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority currently F
 - Planning declined to a grade of F in the most recent grades release and have not received a
 planning year or implemented a turnaround option during the previous school year
 - Implementing two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2015-16 DA Category and Statuses

DA Category	Region	RED			
Focus	2	Wayne Green

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The staff, parents and community work together to ensure the success of all students while cultivating their dreams for tomorrow.

Provide the school's vision statement

We will be known forever by the tracks we leave.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

CES acknowledges that we have a diverse school population. In order to foster a sense of community, we attempt to focus on the culture of our students through a variety of avenues. By utilizing parent information nights, community involvement nights, ESOL nights and increased teacher/student interaction, we are trying to bridge the gap between home and school. Throughout the year we host various luncheons that welcome families into our school. By gaining a better understanding of our students and their backgrounds, we can better meet their needs both individually and collectively.

Describe how the school creates an environment where students feel safe and respected before, during and after school

An administrator and other staff members are visible at the bus loop and drop off area in the front of the school at the beginning and end of each day. This allows for the students to be greeted first thing in the morning upon arrival and as they exit our school. We also conduct a variety of drill including bus evacuation, fire drills and lock downs. Control and supervision of the students is the responsibility of every member of the faculty and staff. The classroom teacher is responsible for maintaining order in their classroom, with assistance from administration as needed. Chiefland Elementary School is a closed campus, with visitors signing in through the front office with picture ID. Volunteer's must fill out necessary paperwork that must be signed by a Notary. Character education is addressed through the PBS program and teachers highlight a character trait each month.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

A in-service on classroom behavior management and crisis prevention was provided to the faculty during the week of pre-planning by FDLRS. This provided teachers with strategies to increase instructional time while decreasing student behavior issues. A behavior tracking sheet was developed for teachers to use to track student behaviors and document parent communications regarding such behaviors. School-wide expectations were developed by our staff at the end of the last school year and are posted in each room around the school. We developed a behavior matrix poster that outlines expectations for student behavior with differentiation for various areas such as special area, cafeteria and restrooms. These expectations are in compliance with the school handbook, as well as the district student code of conduct. School handbooks and district student code of conduct were both

sent home with each student the first week of school. Our school-wide PBS theme for this school year is "Be a Chief" which encourages all students to be leaders both inside and outside of the classroom.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

CES has a full time guidance counselor to assist with the social -emotional needs of the students through individual and group counseling with the Second Step program. Upon receiving a student referral the guidance counselor meets with the student and/or parent to assess the current needs of the student. Through the district, CES has a social worker and a behavior specialist available for additional support. Outside referrals may be addressed for extended services such as Meridian Health, Haven Hospice and MDTP of UF. If needed, the guidance counselor, PST and/or IEP team will meet to develop a behavior plan to implement in the school and home environment. All CES students attend weekly guidance classes during special area time for the development of social/emotional and academic strategies to improve coping skills in both the school and home environment.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Written notifications are sent home twice to parents regarding student's absences after they have missed 5 and 9 days. A problem solving team conference is conducted after 9 absences. Written notifications are provided to students receiving in school or out of school suspensions and

parent conferences are required before the student returns to school. Written notifications are sent home at the end of the 2nd and 3rd nine week grading periods to

parents/guardians of students that are in danger of being retained. We utilize two data bases, Skyward and Performance Matters, to monitor all of the early warning indicators.

In addition, teams meet every 6 weeks to review EWS data and form action plans that include incentives to reach individual goals for students with two or more indicators.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
indicator	K	1	2	3	4	5	TOLAT
Attendance below 90 percent	26	28	24	13	16	20	127
One or more suspensions	6	7	7	8	6	7	41
Course failure in ELA or Math	0	15	13	16	12	22	78
Level 1 on statewide assessment	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level						
Indicator	K	1	2	3	4	5	Total
Students exhibiting two or more indicators	37	38	60	52	61	79	327

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

We have Parent/Teacher Conferences with all parents that will meet at the end of each nine week grading period.

Students in grades 3, 4 & 5 who have been identified as being in the lower quartile (Level 1 & 2 FCAT Achievement) and students who have a course failure receive additional support within the MTSS Response to Intervention plan. These students receive additional time with a certified teacher to review and preview grade level standards. The MTSS Response to Intervention is a fluid process that is monitored every 20 school days. The goal is to address academic issues of concern with immediate feedback in order to prevent future failure. Therefore, students may move in and out of the Tier II or Tier III services with improvement.

CES has models of Co-Teach ESE inclusion classes in grade levels 2nd through 5th. Certified ESE teachers work with general education students as well as students that have IEP goals. In this model students are not separated from the general education population as pull out support, but rather receive scaffolded instruction within the classroom. Speech and Language Specialists follow this same model and push in to support student learning rather than a pull out format.

CES faculty received training on using a Positive Behavior Support system (PBS). Teachers were given strategies to reinforce positive behavior and academic performance. Each teacher has a behavior plan in place for all students. There is a school wide PBS plan using Indian Bucks as a reward. Students can earn Indian Bucks throughout the week for both behavior and academic performance. Students trade them in for items at the school store.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

See Parent Involvement Plan at https://app1.fldoe.org/bsa/parentInvolvementPlan/Default.aspx.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Initial support for CES is provided through the PTO and SAC with monthly meetings to inform the two organizations with academic and social data. Additional support is extended with administration and guidance counselors speaking with key community organizations such as churches, businesses, Rotary Club, Chiefland Chamber of Commerce, CFCC, Levy County School Foundation and local Veterans group to inform and update them with academic and social services provided by CES. The organizations are encouraged to volunteer and provide additional school support through programs such as tutoring, mentoring, fund raising, participation in school events, donations to the clothes closet and the Food4Kids backpack program. Current events are also extended out into the community through news releases with the local newspapers and through the school's monthly newsletter. This year we created a Facebook page for CES to share information about our school and encourage parent and community involvement.

We will also participate in the Great American Teach In which partners with local businesses to educate students on future careers and paths to get there.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Thomas, Angel	Principal
Haldeman, Aaron	Assistant Principal
Crosby, Tammy	Instructional Coach
Barron, Michelle	Guidance Counselor
Keller, Linda	Teacher, K-12
Mitchell, Jane	Teacher, K-12
Watkins, Aimee	Teacher, K-12
Allen, Clayton	Teacher, K-12
Hancock, Emily	Assistant Principal
Aracena, Celeste	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The CES Leadership Team will meet monthly with the purpose of forming a cohesive team of administration, instructional support leaders and grade level teachers working together to implement a clear and strategic vision for CES. This forum will also review the effectiveness of Core Instruction (SIP goals and MTSS plan) and review the implementation and coordination of the MTSS and SIP goals. Topics of discussions may include curriculum, assessments, data analysis, resources, staffing, school culture and necessary changes.

Roles: Each grade specific instructional member will represent their grade level team at each Leadership Team meeting. Their role is to provide input and share information with their perspective team members concerning the focus of each meeting as it relates to curriculum, professional development, school improvement or instruction.

The role of the administration (Principal and Assistant Principals') is one of active participants/leaders, to encourage communication between faculty and staff. Mrs. Thomas confers with other team members for pressing issues of concern and makes all final decisions for topics to be discussed. The administration develops the agenda for each Leadership Team meeting.

The Instructional Coach participates as an active member with a focus on curriculum, professional development and implementation of LAFS using researched based strategies in order to meet the SIP goals.

The Rtl specialist participates as an active member with a focus on implementation and progress monitoring of the MTSS plan thus ensuring the fluidity of the support systems.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s)

responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

CES created a Problem Solving Team to take the key leadership role in the MTSS process. The team members are Tammy Crosby (Rtl specialist), Amy Webber (Reading Coach), Michelle Barron (Guidance Counselor), and the CES instructional staff involved with individual students. Monthly Problem Solving Team (PST) meetings are held to review and discuss individual student progress. The MTSS is a fluid system of intervening and monitoring for students based on individual student needs which have been identified by the classroom teacher. Specific feedback in regard to individual student performance within the support system is provided to teachers and parents.

Staffing and funding: MTSS staff is made up of instructional staff, Para-professionals, special area teachers, and OPS (Other Personnel Services) positions.

Teacher Support System- The PST team serves as teacher support ,as well as, ongoing professional development and one-on-one coaching.

CES incorporate tutoring for students in our lowest quartile.

District Differentiated School Support - The district utilizes an MTSS model to determine levels of school support. CES is identified as a Tier 3 school. Two district staff personnel are assigned to work along side administration and teachers.

Title I, Part A: Services are provided to ensure students requiring additional remediation are assisted through after-school programs. The school ensures the use of Title I, Part A funds are used in school wide programs for the benefit of all students and subgroups. The school uses the Comprehensive Needs Assessment process in the spring to determine the needs and budget for the upcoming year. Once FSA scores are released, the administration and staff review the decisions made in the spring to determine what changes, if any, need to be made to assist student's academic achievement. The district coordinates Title II and Title III funds to ensure staff development needs are provided.

Title I, Part C Migrant: The Migrant Liaison provides services and support to student and parents. The Liaison coordinates with Title I and other programs to ensure student needs are met.

Title II: Professional development for principals and core teachers.

Title III: Services are provided through the district for education materials and (ELL) district support services to improve the education of immigrant and English Language Learners. Students utilize Reading Assistant to improve their English fluency.

Title X Homeless: The district social worker provides resources (clothing, school supplies, social services referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

Nutrition Programs: The district provides a Wellness Plan that guides the school in developing their Wellness Plan. The District provides universal breakfast and lunch.

Head Start: The school supports a Head Start program by providing space and services.

School Advisory Council (SAC)

Membersnip):
------------	----

Name	Stakeholder Group
Michelle Barron	Teacher
Kari Bastow	Parent
Rebecca Brooks	Parent
Miriam Davis	Education Support Employee
Pamella Hatch	Teacher
Nina Hudson	Parent
Rebecca Lloyd	Teacher
Linda McElroy	Parent
Sandi McGee	Parent
Darlene Pearce	Business/Community
David Renaud	Business/Community
Sandra Roberts	Teacher
Lynne Stockman	Parent
Bob Williams	Business/Community
Kelli Wilson	Parent

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The School Improvement Plan was distributed to the SAC committee. SAC members were given the opportunity to review the document and provide input. Questions were asked and answers were explained to the SAC members. However, no changes were needed based on the discussions that took place.

Development of this school improvement plan

The Data from the 2014-2015 school year was reviewed along with the School Improvement Plan from last year. A school faculty meeting was held at the end of the school year to discuss school culture and school improvement ideas for the next school year. A determination based on staff surveys was made as to whether the activities and strategies that were utilized were effective or not. Part of the leadership team went to the School Improvement Conference presented by FLDOE where we were able to further break down last year's data including the early warning indicators. A goal and strategies was identified by leadership team based on school wide data and staff and parent surveys. Next, steps include getting further input from the SAC, peer review by the DSS (District School Support Team), and School Board Approval.

Preparation of the school's annual budget and plan

The budget is prepared by the principal.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

N/A

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

No

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

The school is actively seeking new members for SAC. Specific community members and parents have been contacted directly and meeting dates and times have been changed to meet various needs. SAC meetings are advertised in the monthly newsletter as well as on social media and the marquee. SAC meetings are held in coordination with other school events to provide babysitting services for parents.

Literacy Leadership Team (LLT)

Membership:

Name	Title				
Thomas, Angel	Principal				
Haldeman, Aaron	Assistant Principal				
Crosby, Tammy	Instructional Coach				
Arrington, Tammy	Teacher, K-12				
Barron, Michelle	Guidance Counselor				
Hughes, Cindy	Teacher, K-12				
Keller, Linda	Teacher, K-12				
Mitchell, Jane	Teacher, K-12				
Watkins, Aimee	Teacher, K-12				
Weatherford, Lena	Teacher, K-12				
Lloyd, Becky	Teacher, K-12				
Webber, Amy	Instructional Coach				
Hardee, Dorie	Teacher, K-12				
Aracena, Celeste	Teacher, K-12				
Hancock, Emily	Assistant Principal				

Duties

Describe how the LLT promotes literacy within the school

The major initiatives of the LLT will be to ensure school wide implementation with fidelity of adopted programs/curriculum including Core Connections, Reading Street, I-Ready and Go Math, discuss and promote the use of high yield effective teaching strategies that include writing across the curriculum, higher order thinking/questioning, distributive summarizing, graphic organizers, and advanced organizers and to promote Literacy Week in January.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Administration will have an open door policy to allow for open communication regarding work related issues from faculty and staff members to freely express themselves in a professional manner. Working together as a team, providing mutual respect to coworkers and compromising for the greater good for

student success will be modeled by Lead Team members. Weekly grade level team meetings will be attended by teachers and administration to collaborate on weekly plans. Master schedule has been organized so that all instructional staff have a common planning time. Early release days will be utilized for both professional development and cross-grade level planning. The staff lounge in the office features a large wall calendar with all school events and meeting noted. There is also a large bulletin board with opportunities for staff to recognize one another anonymously for positive actions. Time is allotted at every faculty meeting for "star" moments where staff can present one another with stars inscribed with what they appreciate about that person. Exercise groups have been formed after school by teachers, administrators and other staff members allowing opportunities for each to encourage the other and build personal relationships while promoting good health.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Our school will rely on information provided to the district office from FLDOE regarding vacancy information within and outside the state of Florida. We will also use informational and recruiting tools such as participating in job and career fairs, utilizing the internet, and networking with other local districts to recruit highly qualified, certified, effective teachers. Teachers will be provided professional development opportunities, and a teacher mentoring program will be used to help retain these teachers. The principal will be responsible for recruiting and retaining teachers.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Our teachers will be assigned mentors during their first two years of teaching. These mentors will be teachers who have shown effective instructional strategies and student progress; and they must have Clinical Educator Training. Each year we send two teachers to the Clinical Educator Training. A teacher induction training was provided by the district for first year, second year, and Alternative Certification teachers. The emphasis was to give them insight into building classroom procedures that minimize behavior and discipline issues and make the most effective use of instructional time by designing a classroom environment that is conducive to learning.

The mentors also received training in communicating with their beginning teachers in order to help them become reflective practitioners. Mentors use a checklist of items that is reviewed each month with their beginning teacher. This ensures that teachers are provided with timely support throughout the school year. Topics are divided into the four domains based upon Charlotte Danielson's work, which is our evaluation system.

Those teachers whose final evaluation indicate the need for additional support in specific areas will be assigned a mentor.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Levy county schools adopted Scott Foresman Reading Street Curriculum for reading. Reading Street is one of the Florida approved state adopted reading curricula. It includes a multi-tiered approach and is correlated and aligned to the Language Arts Florida Standards. Reading Street has a balanced approach of fiction and non fiction, includes complex texts, topics that build content knowledge, incorporates writing activities, uses researched based high yield reading strategies (Close Reading), and includes a complete assessment package in order to screen, progress monitor (formative) and

assess summative measures.

The district also adopted a state approved math curriculum. Teachers were provided professional development on the new Unify test item banks and how to utilize those banks to create standards based assessments. Instructional staff follow curriculum maps that are aligned to Florida's standards and many of our staff have participated in their creation and/or revision. Our district is in the process of creating learning scales for various subjects based off of the Florida standards. Many of our instructional staff participated in creating scales with the state Differentiated Accountability team. A training was held at CES to show this process for those teachers who did not attend the training with the DA team. Professional developments and trainings focus on the Florida standards as our curriculum.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

The teachers use the data provided through Performance Matters to determine differentiated instruction in the classrooms. Grade level data chats will be conducted every six weeks to discuss improvements or concerns based on progress monitoring tools such as formative assessments, student work, fluency and the OPM provided in I-Ready. Instructional aides will be scheduled in classrooms throughout the day to assist students who have been identified below proficiency levels. Professional Development has been provided to teachers to give them strategies on differentiated instruction for whole group and in centers. Teachers have the opportunity to observe other teachers for models on how to differentiate instruction and use centers. Low proficient students will be referred to the MTSS process to work on strategies to improve student success.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 2,400

CES provides an after-school tutoring program to students who are scoring below proficiency in reading and mathematics. This program allows certified instructional personnel the opportunity to assist students who are struggling in specific areas of need. This will allow the school to help close the academic gaps.

Strategy Rationale

The use of an extended school day program provides additional time for student practice and small group instruction with a teacher for differentiated instruction. This allows the teacher to focus on specific student needs and allows them to preview and review specific standards. The teacher incorporates higher order thinking strategies throughout all instructional activities. These often include performance tasks that require students to synthesize, analyze, and apply concepts that they have learned.

Strategy Purpose(s)

- · Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy Webber, Amy, amy.webber@levy.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The use of built-in progress monitoring will be used for programs such as Moby Max, Reading Assistant, and I-Ready. We will also monitor progress through school assessments.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Early childhood teachers will be more involved with professional development opportunities. The administration will develop a plan to allow time for the early childhood teachers to meet with the kindergarten teachers to discuss vertical alignment and expectations. Our school administrators communicate with the local day care centers sharing our school's expectations with their staffs. Learning strategies and activities will be sent to any parent in the community who has a four year old child providing information for the parent to use with their child prior to enrollment in our school for the following school year. Students in our VPK program will receive an explicit curriculum supplied by the district coordinator, Laura Brown. FLKRS is administered to all kindergarten students to evaluate the VPK students and determine their readiness for beginning kindergarten. This is also used as a progress monitoring tool by the program to determine the success of the "early readiness curriculum" being delivered. VPK students participate in our kindergarten "Round Up" for early screening to determine placement needs for the upcoming school year for kindergarten.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

CES follows instructional curriculum in all content areas that are based on College and Career Readiness strategies for elementary schools. Therefore building the foundation for students to achieve success. For the 2015-2016 school year, CES will participate in the Great American Teach In which exposes students to various careers and emphasizes the need for college to reach some of their desired occupations. Efforts will be made to include campus visits with field trips, for example visiting Florida State University for lunch while in Tallahassee for a field trip to the Capital.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

NA

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

NA

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes

NA

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

Strategic Goals Summary

G1. To increase the level of rigor during instruction and classroom assignments in all core subject areas.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. To increase the level of rigor during instruction and classroom assignments in all core subject areas.

a

Q G072239

Targets Supported 1b

Indicator	Annual Target
AMO Math - All Students	
AMO Reading - All Students	
FCAT 2.0 Science Proficiency	60.0
FSA Mathematics - Achievement	55.0

Resources Available to Support the Goal 2

- Professional Development provided by the state, district and school that is intended to increase teacher understanding and knowledge of content and strategies.
- District Instructional Leaders (DSS team) will be conducting classroom walk-throughs and working along side the Leadership Team to provide input about the quality of instruction and guidance on how to make improvements.
- The state regional team will provide focused support in the areas of reading and math. This will include classroom walk-throughs and follow-up with administration and lead teams.
- Administration will facilitate a book study for instructional staff to be held every other week after instructional time. The book study will focus on "Higher Order Thinking: Increasing the Rigor of Learning-Focused Lessons" and "Effective Assignments and Assessments" by Max Thompson. We will also focus on "Engaging Students with Poverty in Mind" by Eric Jensen.

Targeted Barriers to Achieving the Goal 3

 Maintaining long term follow through of new strategies and knowledge in the classroom after Professional Development.

Plan to Monitor Progress Toward G1. 8

Weekly Data chats with grade level teams to review current grade data, fluency data, tutoring data, and progress monitoring data.

Person Responsible

Amy Webber

Schedule

Monthly, from 9/2/2015 to 5/25/2016

Evidence of Completion

Agendas, sign ins, meeting calendar

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

S B188350

G1.B2.S1 Teacher's lesson plans will have evidence of high yield strategies and/or activities. 4

% S199781

Strategy Rationale

If teachers plan for and show high yield strategies weekly they will be used continually in instruction throughout the school year.

Action Step 1 5

Lesson Plans will show high yield strategies being planned for instruction.

Person Responsible

Angel Thomas

Schedule

Weekly, from 8/24/2015 to 6/3/2016

Evidence of Completion

Lesson plans placed into drop box and feedback given about the plans through email.

Action Step 2 5

Implement a book study for all faculty using Max Thompson's Highly Effective Strategies.

Person Responsible

Amy Webber

Schedule

Monthly, from 11/2/2015 to 5/20/2016

Evidence of Completion

Sign in sheets, agendas

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Drop Box and Email

Person Responsible

Angel Thomas

Schedule

Weekly, from 8/24/2015 to 6/3/2016

Evidence of Completion

Lesson Plans will be placed into Drop Box and reviewed by administration weekly. Feedback on those plans will be given through email weekly as well.

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

Administration will be walking through classroom looking for high yield strategies being used during instruction.

Person Responsible

Angel Thomas

Schedule

Weekly, from 8/25/2014 to 5/29/2015

Evidence of Completion

lesson plans, Google sheets, CWTs, informal observation sheets, and formal observation evidence.

G1.B2.S2 Administration will conduct walkthroughs in all classrooms weekly and look for use of high yield strategies in alignment with Florida Standards during instruction and evidence of strategies learned during Professional Development. A common configuration poster will be used for all classrooms showing skill, essential question, and focus standard.

Strategy Rationale

Weekly walkthroughs with an essential focus aligns the school's vision to the classroom implementation. The utilization of the essential question and setting a purpose for each lesson will result in increased student performance.

Action Step 1 5

Administration will conduct walkthroughs to be continually visible in the classrooms during instruction time to monitor the use of and effectiveness of rigorous strategies.

Person Responsible

Angel Thomas

Schedule

Weekly, from 8/24/2015 to 6/3/2016

Evidence of Completion

A Google spreadsheet with all the teacher's names has been shared with all 3 administrators. As administrators visit classrooms dates, times, and initials are logged to ensure that all classrooms are visited and monitored. Classroom walk-thru data, informal observations sheets, and formal observation evidence is collected to monitor feedback given to teachers. All 3 administrators are responsible: Angel Thomas, Aaron Haldeman, and Emily Hancock. DSS team will also conduct walk-throughs and provide feedback to administration.

Plan to Monitor Fidelity of Implementation of G1.B2.S2 6

The administrators will monitor each other and work together to ensure its fidelity.

Person Responsible

Angel Thomas

Schedule

Weekly, from 8/24/2015 to 6/3/2016

Evidence of Completion

The google spread sheet, CWTs, informal observation sheets, and formal observation evidence.

Plan to Monitor Effectiveness of Implementation of G1.B2.S2 7

Classroom and grade level data including progress monitoring assessments, student work and grades.

Person Responsible

Angel Thomas

Schedule

Monthly, from 8/24/2015 to 6/3/2016

Evidence of Completion

Throughout the school year we will see an increase on student performance on the assessments listed above.

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. To increase the level of rigor during instruction and classroom assignments in all core subject areas.

G1.B2 Maintaining long term follow through of new strategies and knowledge in the classroom after Professional Development.

G1.B2.S1 Teacher's lesson plans will have evidence of high yield strategies and/or activities.

PD Opportunity 1

Lesson Plans will show high yield strategies being planned for instruction.

Facilitator

Michael Homan & Dr. Patrick Wneck

Participants

All teachers and aides

Schedule

Weekly, from 8/24/2015 to 6/3/2016

PD Opportunity 2

Implement a book study for all faculty using Max Thompson's Highly Effective Strategies.

Facilitator

Angel Thomas, Amy Webber, Tammy Crosby

Participants

Teachers Pre-K - 5

Schedule

Monthly, from 11/2/2015 to 5/20/2016

Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.
