Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Sarasota County School Board on 12/8/2015.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

School Mission and Vision

Provide the school's mission statement

The mission of Alta Vista Elementary School is to help all students become productive, responsible citizens who will adapt and grow intellectually, socially, emotionally, and physically in a changing world. This will be accomplished by providing learning opportunities in an environment that reflects community, culture, values, and needs.

Provide the school's vision statement

Alta Vista students will experience school as an enjoyable place in which to learn, to solve problems (both cooperatively and independently) and to communicate effectively through a diversity of activities which begin to develop lifetime skills and prepare them for the responsibilities of citizenship.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

We begin our school year with a "Meet & Greet" in which all families come to school to meet their students' teachers. Early in the fall, we have an "Open House" and "Title I Meeting" in which families meet with their child's teacher to learn about the curriculum, grade level expectations, grading procedures, daily schedule, and nuances of Alta Vista. During the Title I meeting, parents learn about what it means to be a Title I school, Title I resources, training for parents and staff, parent involvement, and the Title I Compact. In addition to all teachers conducting a minimum of one face to face parent teacher conference prior to the end of October, they meet with parents on an as needed basis to discuss their students' progress. We have an "ESOL Night" where our ESOL families learn about school and community resources, parent involvement, and ways to help their children be successful in school. We survey our Eagle Academy parents attending "Parent University" during our summer program to determine interest in a variety of classes, including ESOL, Technology, Parenting, Budgeting, Job Marketing and Healthy Habits. We use this information develop our "Parent University" during the school year. We also have a variety of social activities that allow families to attend movie nights, book fairs, cookouts and curriculum nights.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Alta Vista Elementary is a Positive Behavior Support Model School as well as a Community of Caring School. The school follows district guidelines for allowing visitors on campus. Students are aware that all visitors on campus should have a RAPTOR badge. Since we are a single entry access school, students know that gates should never be opened to allow access to the school. As a Community of Caring School, the five core values of respect, responsibility, caring, family, and trust are integrated into instruction and learning throughout the day. We strive to maintain positive learning environments throughout the school where positive behavior supports are audible and visible by staff and students. These practices are reinforced through the use of prevention, teaching and reinforcement strategies to achieve a high level of respect and safety. School-wide high expectations promote Eagle Pride. Students are recognized for being kind, caring, and respectful regularly in their classroom and on the Eagle Eye morning news show. We maintain two positive behavior bulletin boards in the cafeteria, emphasizing safe and respectful behavior. Restorative Strategies are used in classrooms so each

student can voice their thoughts and knowledge. They are often used as a positive way to build empathy and problem solve.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Alta Vista Elementary is a Positive Behavior Support Model School as well as a Community of Caring school. We have earned the "USF Rtl:PBS Gold Model School Award" for our school-wide Positive Behavior Support programs. We strive to maintain positive learning environments where teaching rules, procedures, and routines are consistently reinforced. School-wide and grade-level expectations are posted in each classroom and consistently taught and implemented. Behavior goals with frequent positive reinforcement and consequences are developed for individual students who struggle to meet school wide expectations. The Code of Student Conduct is signed by both student and parent. Included in our Positive Behavior Support program are school-wide documents used by all staff to reinforce positive behavior or address inappropriate behavior. Teachers and staff are trained annually on PBS strategies and support programs. The PBS team meets regularly to review behavior data which is then shared with the staff. Behavior goals, procedures, and recognition programs are created based in the data. PBS recognition activities include "Caught You Being Good" coins that can be used to purchase rewards in the "Caught You Being Good" store, "Caught You Being Good" notes that are mailed home, "Kindness Counts" cards that are read on the Eagle Eye News Show, and a quarterly Renaissance Awards program that recognizes students for academic performance, citizenship, and attendance. Families and friends attend these ceremonies where cheerleaders lead students in cheers and music is played to promote this important celebration. Grade levels also conduct "Super Citizen" celebrations recognizing students who are making good choices, based on academics and behavior. The principal has "Student of the Month" lunches with students who are selected by their teacher based on behavior, academic performance, and improvement.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The School Guidance Counselors, Social Workers, Behavior Specialist, Teachers, and Administration collaborate to meet the social-emotional needs of students. Classroom guidance, counseling in small group settings and one-on-one sessions are provided to students. We have 1.6 guidance counselors and 1.5 social workers who are able to meet individually with students and their families to address the social emotional needs of students. Our Multi-Tiered School Support team meets weekly to discuss student progress. Appropriate interventions are implemented and progress monitored to assess academic, behavior, social and emotional needs of students. Data is shared with parents to get feedback and plan action steps. The Eagles' Nest Volunteer Center provides tutoring and mentoring support for 200-250 at-risk students by over 150 active volunteers throughout the school year. Referrals are made to community agencies, such as the Florida Center, Big Sisters, Big Brothers, etc.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Absences of 5 or more in a 30 day period

One or more suspensions

K Students - Retained students in K

Grade 1 - Retained in grade 1 or progress is below grade level expectations (Performance Standard

Grade Key<3) in 10 or more areas of Language Arts and/or 6 more areas of mathematics from Kindergarten report card

Grade 2 - Retained in grade 2 or progress is below grade level expectations (Performance Standard Grade Key<3) in 6 or more areas of Language Arts and/or 7 more areas of mathematics from grade 1 report card

Grade 3 - Retained in grade 3 or below level designation on the final grade 2 report card in ELA and /or math and/or SAT 10 below the 45th percentile (from Grade 2)

Grade 4 - 5

Students in Grades 4-5 who are performing below level in reading and math must be marked with the level of 1 or 2 on 2015 FSA

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	19	18	10	16	9	9	81
One or more suspensions	6	9	6	4	7	1	33
Course failure in ELA or Math	0	0	8	6	1	7	22
Level 1 on statewide assessment	0	0	0	11	6	7	24
Flagged for Progress Monitoring in Reading and Math	12	27	30	62	0	0	131
Retained	6	4	2	3	0	0	15
Level 2 on statewide assessment	0	0	0	34	20	30	84
	0	0	0	0	0	0	
	0	0	0	0	0	0	
	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Students exhibiting two or more indicators	12	18	15	34	9	11	99

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Teachers use progress monitoring assessments to provide differentiated intensive instruction that is prescriptive based upon individual learning needs of students. We maintain an uninterrupted 120 minute reading block where teachers meet daily with small groups in providing immediate, intensive interventions. These groups are fluid, based upon data and progress of students. Teachers use progress monitoring data to guide their instruction. Intervention teachers provide small group and individualized intensive instruction for students performing in the lowest 25% on progress monitoring assessments. ESE and ESOL staff provide instruction based on IEP and LEP goals. These daily 30 minute specialized intervention sessions are monitored to ensure rigor in targeting identified learning needs in reading, math, and writing. Intervention groups are fluid with movement as students make progress on specific skills and additional students are identified needing support. Focus has been on initiating programs concentrated on intensive instruction that is prescriptive and differentiated for each of our at-risk students. The Eagle Academy is a comprehensive seven week summer program for

entering kindergarten, first, second, and third grade students. Focus is academic readiness skills and decreasing summer learning loss. Our Eagles' Nest Volunteer Center is a specialized program for 200-250 at-risk students. Community and parent volunteers provide individualized, intensive instruction in reading and math for students performing in the lowest 25% on progress monitoring assessments. There are approximately 150 volunteers who are parents, corporate employees, business owners, church and YMCA members, community nonprofit organizations, and retired teachers, principals, and superintendents who reside year round or part time in Sarasota. The Eagles' Nest Volunteer Center is located in a specially designed room in the Media Center, where there are individual "executive" tables set up with school supplies and a colorful privacy divider board enhanced with reading, math, and writing instructional resources. While the Eagles' Nest is managed by a Volunteer Coordinator, classroom teachers provide the instructional focus and curriculum materials used by volunteers during their 50 minutes of weekly individualized instruction with students. Teachers use progress monitoring data to guide the work of the volunteers and monitor student progress each week. At the end of each session, the volunteer completes a feedback form for the teacher updating the student's progress. At varying times, the teacher meets with their students' volunteers to collaborate and share information and strategies to support student learning. In an effort to provide our volunteers with the most current instructional tools and best practices, our teachers lead training workshops in reading and math strategies and present curriculum materials. The Eagles' Nest has become a multi-generational partnership where relationships between families and the larger community benefit our at-risk students' learning needs. When responsibility for children's learning is shared by the school, home, and community, children have more opportunities for life long success. All staff members have been trained in the MTSS process. Teams meet weekly to discuss student performance data (academic, behavioral, and attendance). Progress monitoring spreadsheets are used to track performance and identify trends. Interventions are created by team members to best meet the needs of students. Results are reviewed regularly and interventions are tweaked as needed. The SWST/CARE team is used to help problem solve as needed.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/208727>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Through our alliance with the Community Foundation of Sarasota County, private donors in the community, and Ascend at the Aspen Institute, Two Generations...One Future focuses on educational programs that address the needs of both the parent and child. Specially designed programs help family members acquire the skills necessary to increase employment opportunities. Our partnership with the Community Foundation of Sarasota County has also provided our school with a Social Worker who is a

liaison between home and school. The Social Worker provides social and emotional support and offers assistance with family needs. In order to support student success, home visits and parent conferences are scheduled to address academic achievement and school attendance. One of our goals is to ensure that our families have access to nutritional foods on a regular basis. A food pantry, located inside the school cafeteria, is available to our families every other week. We are grateful to the Rotary Club of Sarasota, All Faiths Food Bank and our community agencies for their support in helping ensure our students' well-being. The Rotary Club and All Faith's Food Bank provides weekly food bags for our needy families as well as a "Food Bank", weekly during the summer and bi-monthly during the school year. We have formed a partnership with several community organizations (Goodwill Manasota, YMCA, Children First, Florida Blue, SCTI, Education Foundation, Jewish Family Services, U CredAbility, who work with our parents on a regular basis to offer our "Parent University" providing workshops that focus on strengthening parenting skills, enhancing knowledge in academic, social, and emotional development in children, promoting successful student achievement through parent involvement, and offering adult vocational courses. Our partnership with the Suncoast Technical College provides classes on our campus for our parents in GED and ESOL. Further, the Education Foundation provides classes for our parents in specifically designed Microsoft certification classes, as well as giving them a lap top upon successful completion of the course. Throughout the school year, we work with several organizations in wrap-around services to support our student and family needs, including the Florida Center, Family Preservation and Jewish Family Services.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

Rannigan, Barbara	Other
Silva, Lisa	Teacher, K-12
Bramley, Bev	Other
Wilson, Beth	Teacher, K-12
Busenburg, Laura	Teacher, K-12
Mays, Megan	Teacher, K-12
Marchand, Stefanie	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The school-based School Leadership Team will employ a continuous improvement process to create the SIP as outlined in this document. Input will be gathered from the grade level teams, SAC and district teams composed of specialists in the areas of instructional need. At Alta Vista Elementary School the Leadership Team is composed of:

Leadership of Principal, Dr. Barbara Shirley and Assistant Principal, Joe Bzenas, at Alta Vista have

focused on guiding the school's effort in supporting instructional practices and learning aligned to high expectations for student achievement. Instructional programs, data analysis and data chats, professional development, collaborative planning, and shared distributive leadership are five critical components in leading and monitoring instructional practices. This comprehensive instructional focus has required organizational systematic changes needed to accomplish our achievement goals. During the past four years, school leadership has embraced Shared Distributive Leadership practices. By expanding and engaging new stakeholders in leading the instructional and programmatic changes, teachers are empowered to become more actively engaged in assuming personal ownership in the instructional practices needed to increase student achievement. In this organizational structure, teacher leader roles have inspired a culture of collaboration by creating teacher "experts" who provide professional development training throughout the school.

Select General Education Teachers: Barbara Rannigan, Megan Mays, Kim Morris, Lisa Silva, Beth Wilson, Kelly McWilliams, Laura Busenburg, Mallory Pirozzi, Bev Bramley, and Stefanie Marchand serve as grade level team leaders and collaborate with teams to build problem solving at all levels. Tene Francis and Joy Bailey, Guidance Counselors, Tish Temple, Wendy Longcrier and Bev Bramley collaborate with staff on a weekly basis. Teachers meet in Professional Learning Communities (PLC) at least once per week during common planning times. Collaborative discussions are led by a team leader, while various team members lead training activities as their team's identified expert. These varied leadership roles enhance the dynamics of a team ensuring teacher engagement and collaborative decision making throughout the school. By sharing leadership roles, teams have the capacity to sustain their focus on improving instruction and increasing student achievement. All teachers are knowledgeable and engaged in discussions that are an in-depth examination of formative and summative student data, item analysis of progress monitoring assessments, and differentiated instruction. Teachers identify and address specific learning needs of individual students by analyzing data and discussing instructional strategies that sustain and increase learning gains. They strategically differentiate instruction using high yield impact strategies that intensify learning and increase student achievement. Florida Standards guide discussions related to text complexity, text evidence, critical thinking skills, Accountable Talk, Vocabulary, DOK levels, aligning existing curriculum and comprehensive mastery of standards. Team experts provide ongoing Professional Development training in reading, math, writing curriculum, and science strategies, technology, Response to Intervention, Positive Behavior Support, and "Thinking Maps" during PLC meetings.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Title I is a federally funded program designed to address the academic needs of low performing students in schools with a high percentage of economically disadvantaged students and to assist them in meeting the state's high standards, particularly in the areas of reading, writing, science and mathematics. The district coordinates with Title II in ensuring staff development needs are provided. The district supports a Migrant Identifier/Recruiter to provide referral services for support to migrant students and families. The ID& R person coordinates with the Title I and other programs to ensure student and family needs are met. The district receives funds to provide students in alternative schools with services needed to make a successful transition from at-risk programs to further schooling or employment. Funds from Title II A are used for teacher and principal quality training. Professional development activities are provided to improve the knowledge of teachers, principals and paraprofessionals, as appropriate. Instruction is provided to teach children with different learning styles and/or children with disabilities and special learning needs. Professional development activities are provided to improve behavior in the classroom. Training is provided to make all teachers highly qualified. Supplemental services and materials are provided to improve the academic achievement and language acquisition of immigrant and English Language Learner students throughout the

district. District receives funds for programs that prevent the use of alcohol, tobacco and other drugs and violence. Programs such as Second Step and Community of Caring support prevention of substance abuse and violence in and around the school as well as promote character education. Law enforcement and Juvenile Justice are also program components. These programs foster a safe, drug-free learning environment that supports student achievement. SAI funds will be coordinated with Title I funds to provide summer school for Level 1 readers, support reading teachers at schools and offer credit retrieval and dropout prevention programs for high school students. The district provides violence and drug prevention programs that incorporate bullying prevention, suicide prevention, internet safety and personal safety. Both intentional and unintentional injury prevention programs are provided. Nutrition Programs, Housing Programs, Head Start, Adult Education, Career and Technical Education, and Job Training do not apply.

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

SAC reviews the SIP plan from the previous year during regularly scheduled SAC meetings, reviews data and progress towards goals and makes recommendations for new goals for the upcoming school year based on the prior year's progress.

Development of this school improvement plan

Referring to the academic & nonacademic progress from the previous year, the School Advisory Council is to assist in the preparation and evaluation of the School Improvement Plan.

Preparation of the school's annual budget and plan

The School Advisory Council provides input regarding programs that are budgeted based on the previous year's progress towards academic and non-academic goals.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Purchase teacher and student incentives (amount to be determined when funds are received).

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Name	Title
Shirley, Barbara	Principal
Pirozzi, Mallory	Teacher, K-12
Morris, Kim	Teacher, K-12
McWilliams, Kelly	Teacher, K-12
Rannigan, Barbara	Other
Silva, Lisa	Teacher, K-12
Bramley, Bev	Assistant Principal
Mays, Megan	Teacher, K-12
Wilson, Beth	Teacher, K-12
Busenburg, Laura	Teacher, K-12
Marchand, Stefanie	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The LLT meets weekly to discuss school wide reading plans and goals. Grade level teams review progress monitoring and response to intervention (RTI) data on a regular basis to determine trends and address deficit areas and strengths. The LLT provides guidance on curriculum decisions, as well as developing and implementing one-on-one and small group interventions. The LLT reviews and disaggregates I-Ready data, Running Records and Oral Reading Fluency data. We continue to review the LAFS, IFG, and how best to incorporate strategies in the classroom to achieve the standards. In grade level teams, teachers review the instructional focus guide on a regular basis and utilize the resources listed. The LLT teams collaborate on instructional strategies, lesson plans, structure of the reading block, and materials to best meet the needs of students in grades K-5. Reading incentives include quarterly Renaissance Awards, Accelerated Reader Awards and "AR Dog Tags" and 3-D Printer enticements. Additionally, fall and spring book fairs combined with family cook-outs promote literacy. We participate in the Sunshine State Young Readers Award Program for grades 3-5 and Florida Readers Association for grades K-2 annually. The books are previewed with the students and then made available for them to check out during a set period of time.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers meet in Professional Learning Communities (PLC) at least once per week during common planning times. Collaborative discussions are led by a team leader, while various team members lead training activities as their team's identified expert. These varied leadership roles enhance the dynamics of a team ensuring teacher engagement and collaborative decision making throughout the school. By sharing leadership roles, teams have the capacity to sustain their focus on improving instruction and increasing student achievement. The sharing and collaboration that occurs during these meetings has resulted in a positive, caring family atmosphere that permeates the culture of our school. The PBS team and Administration provide special breakfasts, lunches and snacks intermittently during the school year as positive incentives for the staff. They have a "Staff Spotlight" bulletin board for staff to make positive comments and recognize each other. During classroom walk-throughs and observations, the administration leaves positive notes and comments reflecting on instructional practices and student engagement.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Each new teacher is assigned a trained Sarasota County Induction Program (SCIP) Mentor who is an experienced teacher to help guide and support their first year at Alta Vista. Weekly meetings are held to keep new teachers informed and to help them transition to the school. New teachers also participate in weekly professional learning community meetings with their grade level peers. There is a veteran teacher who serves as the Lead Mentor, facilitating meetings and providing on-going support for the new hires. School administration is responsible for hiring highly qualified staff members. Hiring is based on prior performance, knowledge of instructional and behavioral practices, current instructional trends, and the use of best practices.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

The mentor and mentee meet weekly, both, in their professional learning community and with each other to discuss school culture, procedures, routines, student progress monitoring, curriculum and instructional practices. Our mentees are paired with a trained SCIP mentor based on level alike programs in order to provide a high level of support for our new staff members.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

The school uses district adopted curriculum materials for core instruction. Grade level teams also use the district created Instructional Focus Guides to select appropriate resources aligned to the Florida Standards. Teachers are able to plan their core instruction by reviewing the Instructional Focus Guide and curricular materials. Teachers choose additional resources based on information in the IFG which are aligned to the new standards. Lesson plans reflect standards and best practices.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

All teachers are knowledgeable and engaged in discussions that are an in-depth examination of formative and summative student data, item analysis of progress monitoring assessments, and differentiated instruction. Teachers identify and address specific learning needs of individual students by analyzing data and discussing instructional strategies that sustain and increase learning gains. They strategically differentiate instruction using high yield impact strategies that intensify learning and increase student achievement.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Summer Program

Minutes added to school year: 18,900

The Eagle Academy is a summer academic and enrichment program for students at Alta Vista Elementary. Students attend the Eagle Academy Monday – Thursday 8:30 - 1:30 for seven weeks. The Eagle STEAM Program offers extended day enrichment activities Monday - Thursday 1:30 - 5:30 and Fridays 8:30 - 5:30. In addition, the Parent University provides classes that promote successful student achievement through parent involvement and focus on strengthening life and parenting skills in addition to fostering career and vocational training. The Eagle Academy programs are committed to excellence by providing high quality learning experiences. These programs meet the diverse needs of children and adults in addition to promoting a positive attitude toward lifelong learning. Students will continue their educational journey during the Eagle Academy, which has proven results in increasing academic achievement and preventing loss of learning during the summer. They will enter their next grade level ready to learn and succeed.

Strategy Rationale

Our summer Eagle Academy provides an early start kindergarten and grade level academic and arts integrated program to better prepare students entering school and to decrease summer learning loss.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Over the past four years, the children who have attended the Eagle Academy as entering kindergarten and grades 1, 2, and 3 students have demonstrated a significant growth in reading compared to students who did not attend. All students are given a pre- and post- test and the data is used to drive instruction and evaluate the effectiveness of the program and student achievement. This data is analyzed in a multitude of ways (i.e. peer to peer, by ethnicity, over time comparing prior year's Eagle Academy students with the current year). Parent conferences are held with all Eagle Academy parents to review academic progress, share strategies that can be implemented at home, and discuss student placement.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Each spring we conduct a Kindergarten Round-up inviting prospective kindergarten students and their families to an orientation. We send information to local daycare and preschool facilities to invite families to attend this event. During this orientation, we provide an overview of what a day in kindergarten will look like at Alta Vista Elementary School. Materials are provided to help parents and

incoming kindergarten students practice school readiness skills in all academic areas, fine/gross motor skills and adaptive skills. All incoming kindergarten students are assessed with the Florida Kindergarten Readiness Screener (FLKRS) during the first few weeks of school. Based on progress monitoring, students participate in a challenging differentiated learning environment. We also offer a seven week summer learning academy for all of our entering kindergarten students to assist in the transition between preschool and kindergarten. When we receive new students from other schools, we gain information from parents, review the cumulative file and contact their previous school for additional information to determine the best placement for each student. At the end of each year, teachers meet by grade level to discuss student placement for the following year, taking into consideration academic performance, behavior concerns and other social or related issues. This ensures the best possible placement for success the following year. For students transitioning to middle school, opportunities are provided for students and their families to visit their district middle school. Results from the standardized tests are used for placement in middle school.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

NA

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

NA

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

NA

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** **READING PROFICIENCY GOALS** - By the year 2016, there will be a minimum of a two percentage point increase for all student groups where 70% or more are currently demonstrating proficiency in English Language Arts. There will be a minimum of a two percentage point increase for all students groups where 70% ofr more are currently demonstrating proficiency in English Language Arts.
- G2.** **MATH PROFICIENCY GOALS** • By the year 2016, there will be a minimum of a four percentage point increase for all students when less than 70% are currently demonstrating proficiency in Mathematics. • There will be a minimum of a two percentage point increase for all students where 70% or more are currently demonstrating proficiency in Mathematics.
- G3.** **SCIENCE GOAL FCAT 2.0** • By the year 2016, there will be a minimum of a four percentage point increase for all students when less than 70% are currently demonstrating proficiency in Science. • There will be a minimum of a two percentage point increase for all students where 70% or more are currently demonstrating proficiency in Science.
- G4.** **ATTENDANCE GOALS:** Address students who have chronic absences from school. By the year 2016, there will be a reduction of absences and suspensions from the previous year. • If the current percentage of absences is 10% or less, the school will maintain or decrease the percentage. • If the current percentage is between 11-49%, the school will reduce the percentage by 5%. If the current percentage is 50% or higher than the previous year, the school will reduce the percentage by 10%.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

- Supplemental Curriculum Materials and Resources
- Guidance Counselors, Behavior Specialist, Social Workers, Second Step Recognition Program, Positive Behavior Support Plan
- School and Community Resources, Parent Conferences

Targeted Barriers to Achieving the Goal 3

- Wide variety of ability levels in any given classroom.
- Summer Learning Loss
- Students have difficulty making good educational choices resulting in time out of the learning environment
- Students are often absent, tardy, or are dismissed early from school.

Plan to Monitor Progress Toward G1. 8

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G3. SCIENCE GOAL FCAT 2.0 • By the year 2016, there will be a minimum of a four percentage point increase for all students when less than 70% are currently demonstrating proficiency in Science. • There will be a minimum of a two percentage point increase for all students where 70% or more are currently demonstrating proficiency in Science.

G3.B1 The ELA and math block make up a large part of each classroom teacher's schedule; therefore it is difficult to have a designated Science block in all grade levels.

G3.B1.S1 Science must be integrated daily into other parts of the curriculum to ensure all of the standards are being covered. The science lab teacher needs to coordinate and communicate lessons to all classroom teachers.
