School Demographics

School Type		2014-15 Title I School	Disadvan	6 Economically staged (FRL) Rate orted on Survey 2)		
Elementary		Yes	86%			
Alternative/ESE Center No		Charter School No	2015-16 Minority Rate (Reported as Non-white on Survey 2) 85%			
School Grades History						
Year Grade	2014-15 F*	2013-14 F	2012-13 F	2011-12 F		

^{*}Preliminary Informational Baseline School Grade

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Alachua County School Board on 12/15/2015.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at https://www.floridaCIMS.org.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	16
Goals Summary	16
Goals Detail	16
Action Plan for Improvement	18
Appendix 1: Implementation Timeline	20
Appendix 2: Professional Development and Technical Assistance Outlines	21
Professional Development Opportunities	22
Technical Assistance Items	23
Appendix 3: Budget to Support Goals	0

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only currently A, B or C with at least one F in the prior three years
- Focus currently D
 - Planning two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority currently F
 - Planning declined to a grade of F in the most recent grades release and have not received a
 planning year or implemented a turnaround option during the previous school year
 - Implementing two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2015-16 DA Category and Statuses

DA Category	Region	RED		
Priority	2	Wayne Green		
Former F		Turnaround Status		
No				

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Lake Forest's commitment to students and their families is to provide the highest quality education possible in a warm and inviting atmosphere.

Provide the school's vision statement

Priorities for its students and their families include the following:

- 1. To provide a safe and orderly learning environment
- 2. To ensure maximum learning for ALL students
- 3. To facilitate the development of habits and attitudes, which promote responsibility, caring, and lifelong learning and achievement.
- 4. Develop leadership potential in students and teachers

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

The annual school climate survey gains information from parents and staff on the climate of the school and allows for input from all stakeholders. When students register at Lake Forest, the office staff and administration welcome families, the family biographical information is reviewed and considered with student placement. The full time Social worker works with families to ensure assistance is given for any family needs. Teachers though out the year formally and informally gain information from students backgrounds in order to better meet their needs. Lake Forest has a leadership program where all students are given leadership roles within the school. Our planners this year are designed around the Leader in Me theme.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Safety is a priority at Lake Forest. We have many procedures in place to ensure a safe campus for all. Drop off and dismissal areas are designated. Visitor check in Raptor system is used to monitor all visitors. Name tags are worn by all visitors. School is securely gated with only one entrance that comes directly into the front office. Respect is taught through our PBIS Model. Discussed as an expectation for all and modeled by teaching staff and administration. Positive rewards through our "Dolphin Dollars" are given to reinforce positive behaviors throughout the school campus.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Lake Forest has implemented School-wide Positive Behavior Support (SWPBS) model. This is a proactive approach based on a three-tiered model of prevention and intervention aimed at creating safe and effective schools. Emphasis is placed on teaching and reinforcing important social skills and data-based problem-solving to address existing behavior concerns. Our PBS Committee made up of administration and teachers, have developed a plan that includes school wide rules, a school store and token system "dolphin dollars", and events throughout the year to celebrate positive behavior.

Direct instruction in problem behaviors will be done and high levels of positive reinforcement will be used school wide. Discipline data is studied from past history as well as each nine weeks. Our goal is to reduce the number of referrals by 10%

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Lake Forest has a full time counselor that provides both whole group as well as small group counseling. We also have a full time Social Worker that focuses on assisting families who are in need. We have partnered with several groups from the University of Florida to provide mentors to students struggling with behavior and emotional needs. Our district has selected our school to participate in "System of Care" program that connects families in need with community resources.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Attendance - The Attendance intervention team, lead by the full time Social Worker, schedules monthly Attendance Educational Planning Team Meetings to invite parents in to form a plan to address attendance issues, check out early and tardy problems.

Discipline - The Administrative Team meets monthly to review discipline data and schedules EPTs in order to look at students exhibiting the most significant behaviors. The MTSS team for each grade level meet monthly to plan behavior interventions and monitor progress. Each student with out of school suspensions have been assigned in school mentors as an intervention.

Course Failure/Level 1 - The Assistant Principal for Curriculum meets with instructional staff to review high incidence of failure grades. Students data is reviewed and interventions planned to assist failing students. We encourage students below grade level to sign up for our free 21st Century after school program that includes homework help, tutoring and intervention provided by our teachers.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level					Total	
indicator	K	1	2	3	4	5	TOtal
Attendance below 90 percent	12	10	6	9	6	5	48
One or more suspensions	1	4	8	14	5	13	45
Course failure in ELA or Math	3	26	7	45	19	18	118
Level 1 on statewide assessment	0	0	0	0	0	0	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total

Students exhibiting two or more indicators

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

We provide the following services:

EDEP Tutoring, Title 1 Push In services, Mentors from the University of Florida, UFLI intervention

students from UF that support Reading, Attendance Intervention meetings, Services of the school social worker, Services of an additional Psychologist focusing on behavior, Instructional Coaches two days a week, Leadership theme motivational program, PBIS School wide behavior model, Grandmother Volunteer Program, Ongoing parent training, MTSS teams.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at https://www.floridacims.org/documents/159519.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Business partners are actively used to help support the schools goals. They are met with each fall, and their assistance is appreciated as it helps us meet our school goals. Many businesses are supporting our PBS Implementation this year through monetary donations and good and services. Several local churches also help with school supplies, backpack program, holiday gifts and end of year field trips.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Redd, Lacy	Principal
Young, Karen	Teacher, K-12
Jones, Laura	Teacher, K-12
Pagliara-Suggs, Danielle	Teacher, K-12
Johnson, Hollie	Teacher, K-12
Chappell, Pam	Teacher, K-12
Reddick, Clay	Teacher, K-12
Monk, Jill	Guidance Counselor
Zeller, Ashlea	Assistant Principal
Diuguid, Casey	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

*Asst Principal: Provides curricular support and training for teachers; serves as MTSS Team Leader, in charge of master schedule, testing coordinator

*FCIMS: Provides behavioral support and training for teachers; helps to develop and implement behavioral interventions; provides ongoing support and helps with data collection, Title 1 lead teacher.

*Principal: Instructional leader of the school ,communicates a common vision for the instructional improvement, oversees all staff development, observes teaching practices, develops all improvement plans, manages all community resources, works with the district on support initiatives and resources needed..

*Instructional Coaches: Observe classroom practices, plan staff development with Principal, ensures all curriculum materials are provided and staff trained on use.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Needs Assessment completed. Target areas identified. The 8 step problem solving enabled the leadership team to identify the needs of the students, develop a plan of action including resources and barriers to high performance.

Title 1 Part A - Teacher tutors for push-in small group intervention.

Title II Part - Reading, Math, mentor and technology Coaches.

Title X - Homeless - Book bags, school supplies, clothing, and social services referrals.

Violence Prevention Programs - Second Step Violence Prevention, Too Good for Drugs & Violence, Nutrition Programs - Fresh Fruits and Vegetables, Weekend Back pack program and summer meal program.

Housing Programs - referred through Homeless services.

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group
Clay Reddick	Teacher
Brooke Adkins	Teacher
Tameka Davis	Parent
Erika Harden	Parent
Sabrina Cook	Education Support Employee
Margaret Dennison	Business/Community
Suzanne Colvin	Business/Community
Bernard Oliver	Business/Community

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

SIP was reviewed periodically by the SAC, and input was given by members throughout the year.

Development of this school improvement plan

Public input was given at the September SAC Meeting on the 2015-16 school improvement plan. The 2014-15 Parent and staff climate survey results were reviewed and shared with SAC.

Preparation of the school's annual budget and plan

The School Advisory Council reviewed the schools budget, made recommendations, and ensured alignment with school improvement plan.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

School improvement funds were spent on instructional materials, and support of our PBS model.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Name	Title
Jones, Laura	Teacher, K-12
Young, Karen	Teacher, K-12
Mullins, Caran	Teacher, K-12
Kilpatrick, Kelsey	Teacher, K-12
Roane, Leigh Ann	Teacher, K-12
Bonner, Alyson	Teacher, K-12
Turner, Eleanor	Teacher, K-12
Stephenson, Jennifer	Instructional Media
Pope, Emily	Teacher, PreK

Duties

Describe how the LLT promotes literacy within the school

The Literacy Leadership team ensures that all resources in school are focused on improving Reading performance. Their responsibilities include: review of reading instructional material, providing professional development, progress monitoring of literacy instruction, progress monitoring of student achievement in reading and writing, ensuring fidelity of implementation of the Florida ELA standards, ensuring data collection and data analysis in team meetings, monitoring instructional pacing, participating in collaborative planning, and providing support for formal and informal assessments.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Collaborative planning time embedded in the master schedule along with training using a collaborative protocol. Expectations regarding positive working relationship given in the staff handbook. The Leadership team helps to promote collaborative planning with the teams.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Principal worked with local university to review graduate intern evaluations, in order to recruit high performing candidates. The district holds recruitment fairs. Teacher support groups are formed at the school along with mentor coaching. 1st year Teacher Club established to offer additional support and individualized staff development based on need. Additional work opportunities to increase teachers salary include extended day and 21st Century work opportunities.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

District established teacher mentoring program. Each beginning teacher will be paired with a district mentor coach, which they will participate in the Alachua County Public School Beginning Teacher Program. They will participate in a variety of activities and staff development. Activities such as: Orientation, School based information sessions of policies and procedures, support team component, professional development, cohort training, workshops and site visitations. School based mentoring is done on each team, including working with the Assistant Principal new employee program that provides local support and pairing of effective teachers with new employees.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

District adopted core instructional programs were purchased new in 2013-14 school year that more aligns with Florida standards. A new scope and sequence developed by teacher leaders in the district is used by all teachers to ensure progression through standards based learning. Planning protocol in place that includes standards unpacking.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data collection system established for each team based on core areas. Progress monitoring is also done in each grade level to determine performance, reviewed and interventions planned. Small group instruction occurs in classrooms with data collected to determine progress. Push In model used with Title 1 in 2nd and 3rd grades and K-5 with Special Education Co-Teaching services in order to meet individual student needs and provide instructional supports.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 10,800

One additional hour for Reading instruction embedded within the school day. All students will participate in the Fast Forward Program that focuses on language acquisition and cognitive development.

Strategy Rationale

Due to DA status, the instructional day was extended by one hour to provide additional instructional time in the area of reading.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy Zeller, Ashlea, grahamae@gm.sbac.edu

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data will be collected and analyze from the following assessments: Fast Forword reports, District Benchmark Assessment, ongoing progress monitoring probes

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Based on the needs of the school community, school leadership was able to add two Head Start Pre K classes for the 2014-15 school year and these will continue for the 2015-16 school year. The focus of these classes is readiness for kindergarten, behavior intervention, and wellness. We have a district wide Kindergarten Round Up. During the Kindergarten Round Up the school will provide materials for those students that are preparing to enter Kindergarten. These materials will support and prepare students during the summer months to assure readiness upon entering kindergarten.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Partnership with the University of Florida provides resources for the school community, as well as mentors for students. Business partnerships have been established that includes support of our PBS model as well as our leadership theme. Faith Based partners provide mentors, incentives and promotion of the schools goals in the community.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

School guidance counselor includes magnet middle school options to parents and students during the school year. Our leadership theme supports the discussion and highlight of careers and opportunities in students future.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the <u>High School Feedback Report</u>, as required by section 1008.37(4), Florida Statutes

Needs Assessment

Problem Identification

Data to Support Problem Identification

Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Lake Forest ELA data continues to show very low performing. We are focusing our school improvement efforts on ELA because we believe that strong readers will increase the performance in other areas. Students low performance in reading is hampering their efforts in math, science and writing.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

Our students language development and reading skills are low due to poverty, limited conversations at home, poor nutrition, low exposure to books and print.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

Strategic Goals Summary

G1. If a brain based approach to learning is put into place, then academic achievement will improve.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. If a brain based approach to learning is put into place, then academic achievement will improve. 1a

Targets Supported 1b

Indicator	Annual Target
ELA/Reading Gains	50.0
ELA/Reading Lowest 25% Gains	50.0
Math Gains	50.0
Math Lowest 25% Gains	50.0

Resources Available to Support the Goal 2

Leadership team attended and trained on Brain Based learning strategies through conferences
and workshops Fast Forword program fully in place and data indicates successful gains District
leadership very supportive of brain based learning Thinking Maps pilot for the 2015-16 school
year Fresh Fruits and Healthy snacks program in the school Weekend backpack program
Change in model of Title 1 allows all students access to Art, Music and PE as well as recess
daily

Targeted Barriers to Achieving the Goal 3

· Teacher knowledge of Brain Based learning

Plan to Monitor Progress Toward G1. 8

Analysis of school based assessment data, district data, and FSA ELA data.

Person Responsible

Lacy Redd

Schedule

Monthly, from 9/15/2015 to 6/15/2016

Evidence of Completion

Progress monitoring will be evidenced by an analysis of monthly data during collaborative planning sessions. An analysis of summative data will be reported at the end of the school year and will determine progress towards meeting the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
