The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan was approved by the Marion County School Board on 12/8/2015.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
  - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
  - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
  - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

### Supportive Environment

#### School Mission and Vision

##### **Provide the school's mission statement**

Positive caring educators will provide a rigorous curriculum incorporating high expectations with emphasis on character education. Legacy Elementary students will be responsible and respectful members of the community who take pride in all they do.

##### **Provide the school's vision statement**

Learning with Pride...Leaving a Legacy.

#### School Environment

##### **Describe the process by which the school learns about students' cultures and builds relationships between teachers and students**

The staff make-up reflects the different cultures at Legacy Elementary. We meet with parents and go through the students' cumulative records to make sure we are addressing their needs. Teachers send home a parent/child survey at the beginning of the year to accumulate parent input about each child. Evening activities for parents and volunteer opportunities also help us to get to know more about our families. Parents are encouraged to eat lunch with their children in the Cub Cafe and volunteer in classrooms.

##### **Describe how the school creates an environment where students feel safe and respected before, during and after school**

Legacy Elementary uses the Positive Behavior System. Our motto is ROAR with 4. Respect, On task, Aim high, Responsibility. We address the ROAR with 4 and play our ROAR song every morning. We are also studying the meanings of these and other character words. Example - Respect, every month, the morning show addresses the meaning of this word and we show a 1-2 minute video with Respect as the topic.

Each month we will have a new character word and focus.

These and other character words are also pre-printed in student planners and the guidance department has a bulletin board bringing attention to our character words.

One of our goals has been and will continue to be: Building Rapport with students, parent, and community. This goal is advertised weekly in our staff calendars, etc.

Parents are welcome to walk their child to class and eat breakfast and or lunch with their child.

##### **Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced**

Legacy Elementary uses the Positive Behavior System. Our motto is ROAR with 4. Respect, On task, Aim high, Responsibility. We address the ROAR with 4 and play our ROAR song every morning. We are also studying the meanings of these and other character words. Example - Respect, every Wednesday morning this month, the morning show addresses the meaning of this word and we show a 1-2 minute video with Respect as the topic.

The teachers were trained to incorporate research-based Kagan strategies in each subject area to

increase student engagement during instructional time. Teachers have a flow-chart to refer to when deciding whether a behavior incident is classroom or dean/administrative managed.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services**

The Leadership team, Behavior Specialist, School Psychologist, and Social Worker meet twice a month to discuss students and any special needs. Students may be recommended for counseling, interventions, enrichment, behavior groups/monitoring, etc.

Legacy Teachers are proactive and make immediate contact with the guidance counselor should a concern arise with a student. A variety of community services are available to parents. Small group counseling sessions will be provided through the guidance department and community resources to support student emotional needs.

**Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**Describe the school's early warning system and provide a list of the early warning indicators used in the system**

Legacy uses data located in Performance Matters to determine "early warning" for students. Data represented is:

Attendance (less than 90%)

Behavior (5 or more discipline referrals)

academics (fail 2 or more subjects or Level 1 on FCAT)

**Provide the following data related to the school's early warning system**

*The number of students by grade level that exhibit each early warning indicator:*

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	23	24	17	19	11	11	105
One or more suspensions	4	7	8	11	12	10	52
Course failure in ELA or Math	0	0	0	15	10	5	30
Level 1 on statewide assessment	0	0	0	40	21	34	95

*The number of students identified by the system as exhibiting two or more early warning indicators:*

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Students exhibiting two or more indicators	7	16	25	25	26	34	133

**Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

The second and fourth Monday of every month we hold a "Student of Concern" meeting with Synergy Team members (principal, AP, dean, reading coach, social worker, guidance counselor, school psychologist, behavior specialist, and two teacher representatives). The team discusses students who are exhibiting 2 or more early warning indicators and determines a plan of action based on each students' needs. Identified students are monitored throughout the school year and interventions are

adjusted as needed.  
Social Worker contact for attendance issues  
Interventions - struggling students have Tier 2 or Tier 3 interventions plus iii daily.  
Parent Contact through parent conferences and phone calls home.  
Dean works with students with behavior issues and refers to behavior specialist if needed.  
All these students are tracked through our synergy team meetings.

**Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another**

Marion County Public Schools offer an Exceptional Education Pre-K program at Legacy for children 3-5 years of age. All students are fully integrated into our school thus helping them transition into Kindergarten. Kindergarten Safari is offered to incoming kindergarten students.

Middle school orientations are offered to 5th graders at Legacy to support the transition to middle school.

Articulation meetings are held for Pre-K ESE entering Kindergarten and 5th grade ESE and regular ed students entering middle school to provide a smooth transition and appropriate services.

FLKRS and ECHOS is administered to Kindergarten within the first 30 days to evaluate the effectiveness of these and other Pre-K programs.

Kindergarten registration kicked off in April and continued throughout the summer. Marion County Public Schools coordinated with Childhood Development Services Inc. and the Early Learning Coalition to get Pre-K students registered for Kindergarten in April. A school based week long Kindergarten Safari is planned for the Spring and is advertised through community based flyers, letters sent home with current students, and a Connect 5 phone message. Stagger Start is a district initiative to assist kindergarten students in transitioning into local elementary schools. The primary focus of stagger start is to give the staff the opportunity to administer assessments, including FLKRS, and begin to develop one-on-one relationships with students.

Legacy will offer a special orientation to all Kindergarten parents to give them information regarding school policies and procedures to help orient them to the school prior to school starting in August 2015.
