The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Dade County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
  - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
  - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
  - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

### Supportive Environment

#### School Mission and Vision

##### **Provide the school's mission statement**

The Secondary Student Success Centers (S3C) foster relationships with community partners in order to provide wrap-around services to successfully meet the diverse needs of Educational Alternative Outreach Program (EAOP) students.

##### **Provide the school's vision statement**

We strive to find this common ground and assist with eradicating the school house to jail house pipeline, which is so prevalent in our communities through innovation, opportunity and access.

#### School Environment

##### **Describe the process by which the school learns about students' cultures and builds relationships between teachers and students**

In the Educational Alternative Outreach Program, student teacher relationships are built by dialogues depending upon the individual site. For example, at the S3C centers the process starts during the interview process with parent and student and with S3C staff. Background inquiries, learning habits, and potential obstacles are discussed openly in an effort to accommodate the student's needs and expectation. In the classroom, teachers start the day with a morning meeting to go over information, recent successes, and motivate students to meet their potential. Teachers also meet often with students to discuss academic and personal issues. A TRUST counselor visits the sites weekly and a school psychologist is on call for teachers should they feel a student needs to speak to someone. Students in the various programs benefit from the various support networks provided by education personnel and program personnel. This helps build a family like environment in the classroom that foster trust and familiarity.

##### **Describe how the school creates an environment where students feel safe and respected before, during and after school**

Students in the S3C program know they are a self contained program regardless of the site at which they reside. Students generally do not interact with other non-S3C students. Our students wear unique S3C ID badges to differentiate them from the general population at their site. This is both a motivational and security enhancing practice. Also, student achievements are announced in class for such events as passing a course, completing a high number of courses per day (or week), and high achievement in the ReadingPlus program (daily). Students are also escorted to and from the class for breakfast, lunch, and when going to the school bus at the end of the day. Our students are never without adult supervision.

##### **Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced**

Before students even enter the program, guidelines and procedures are explained to them and their parents regarding classroom expectations and behavior along with potential consequences. The type of behavior management model differs some by site, but all programs adhere to the district Student Code of Conduct. The Code of Student Conduct is incorporated into the individual behavior

management system in place at each site. EAOP has a team of full time-counselor who meet the needs of every student, often providing face to face contact on a weekly basis. Students are mentored daily by teachers on a one to one basis for academic needs and in small groups by teacher and subject area. School psychologists are also on call should a teacher observe the need and a school social worker works directly with teachers to provide home visitations and give aid to the family of students in need of food, utilities, and county services.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services**

The school is made up of a collaboration of various individual sites that report testing data individually. Conversely, all attendance and disciplinary data is reported under the umbrella school. Data contained in the tables below reflect the collaborated test information from the various sites and the collaborated attendance, grading, and disciplinary data as collected through the district's MIS.

**Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**Describe the school's early warning system and provide a list of the early warning indicators used in the system**

Due to the manner in which Early Warning data is reported, the only warning system data available are the level 1 students in reading and math. The attendance, GPA, discipline, and retention data are reported by the umbrella school, Educational Alternative Outreach Program (13-8017).

**Provide the following data related to the school's early warning system**

*The number of students by grade level that exhibit each early warning indicator:*

Indicator	Grade Level							Total
	6	7	8	9	10	11	12	
Attendance below 90 percent	10	25	45	39	35	12	12	178
One or more suspensions	45	0	0	0	0	0	0	45
Course failure in ELA or Math	14	21	20	22	34	5	1	117
Level 1 on statewide assessment	0	1	19	9	5	0	0	34

*The number of students identified by the system as exhibiting two or more early warning indicators:*

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

**Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

Students absent three consecutive days will be called at home. In the event the parents do not answer, a social worker will make a home visit.  
 Students scoring level 1 in reading/ELA will be enrolled in Intensive Reading +  
 Students suspended will be enrolled in an alternative to suspension program

**Family and Community Involvement**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

**Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

**Will the school use its PIP to satisfy this question?**

No

**PIP Link**
