**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### **School Board Approval**

This plan is pending approval by the Broward County School Board.

### **SIP Authority and Template**

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <a href="https://www.floridaCIMS.org">https://www.floridaCIMS.org</a>.

Appendix 3: Budget to Support Goals	0

### **Purpose and Outline of the SIP**

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

#### **Part I: Current School Status**

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school's Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., "SMART goals") for the coming school year in context of the school's greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### **Appendices**

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

### **Differentiated Accountability**

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### **DA Regions**

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### **DA Categories**

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only currently A, B or C with at least one F in the prior three years
- Focus currently D
  - Planning two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority currently F
  - Planning declined to a grade of F in the most recent grades release and have not received a
    planning year or implemented a turnaround option during the previous school year
  - Implementing two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### **DA Turnaround and Monitoring Statuses**

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

### Supportive Environment

#### **School Mission and Vision**

#### Provide the school's mission statement

The mission of Westwood Heights Elementary School is to provide a "Community of Learners" environment where each learner will be encouraged to reach his/her potential academically, socially, and emotionally by reducing distractions and increasing parental engagement.

### Provide the school's vision statement

The vision of Westwood Heights Elementary School is to promote a "Community of Learners" with an enriched environment where all learners will be prepared for a college and career ready path that consists of educational opportunities from school readiness to adult education. This environment will encompass technologically enriched tools that are essential for 21st century teaching and learning.

### **School Environment**

## Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

In order to develop skills for cross cultural backgrounds, all staff will become knowledgeable of students' cultural backgrounds and experiences. By gaining general knowledge about students' cultures, this insight will give teachers a sense of perception about behavior, communication, and learning styles. Through our Student Success Opportunity School (SSOS) initiative, Nova Southeastern University (NSU) provided the staff with background knowledge of the students' cultures by explaining culturally appropriate management strategies that continues to foster a commitment to build caring classroom communities. Learners are more likely to succeed if they feel connected to the school in a positive manner which will create a quality classroom environment. Throughout the school year, students will engage in monthly learning activities that will highlight the students' origins by creating projects that promote themes of diversity, tolerance, and a sense of community.

## Describe how the school creates an environment where students feel safe and respected before, during and after school

Westwood Heights is a school that promotes a safe and respectful environment before, during, and after school where the learners have an open door policy to share their concerns. The school is committed to promoting safety and respect, which is essential for teaching and learning. The school is also committed to reinforcing positive tenets of character education through guidance. In this practice, the learners are able to incorporate and model monthly expectations throughout the school year. It is critical to establish clear expectations where the students feel safe and respected by: being explicit about expectations, engaging students in discussions regarding class norms, modeling the behavior Westwood Heights Elementary expects, and providing ample opportunities for students to practice.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Westwood Heights Elementary's school-wide behavioral plan involves six comprehensive steps that will help minimize distractions to keep students engaged during instructional time. Step one involves

collecting behavior data and analyzing the top 10 incidents that occurred in the previous school year (2014-2015). Step two targets the behavioral benchmark (keeping all hands, body parts, and objects to themselves) by decreasing the school-wide target behavior by 50% where the students are in compliance. Step three documents resources that are needed to reach the target behavior benchmarks. CHAMPS (Conversation, Help, Movement, Participation and Success), Character Education, Comprehensive Mentoring Programs and school-wide positive behavioral management programs (Eagle-Mart, Eagle Bucks, WHE Rock Tickets) are resources that will be implemented with fidelity to reach Westwood Height's target behavior benchmarks. Step four involves implementation of the CHAMPS Behavior Management System. Teachers and staff will be trained in CHAMPS before the beginning of the school year with recurring additional training/sharing of best practices throughout the school year to reinforce consistent use of the CHAMPS behavior program school wide. Teachers and support staff will ensure that Educational Support Professionals (ESPs) are trained. Additionally, all staff will complete any and all anti-bullying training provided by the district. All staff will implement CHAMPS daily with all students to ensure school-wide adherence and consistency. Step five targets professional development and community involvement strategies that will assist with minimizing distractions that may occur in the classrooms. Step six monitors the school-wide positive behavior plan and implementation strategies in order to make data driven decisions. Administration and support staff will monitor behavior data weekly and discuss progress at weekly support team meetings. Additionally, topics will be a standing agenda item during monthly team leader release meetings.

## Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Westwood Heights ensures the social-emotional needs of all learners are met by implementing comprehensive mentoring programs. The mentoring organizations are geared to promote positive social interactions between the learners and adults that are aligned together in order to promote authenticity, empathy, collaboration, and companionship to develop the whole child (student-centered). Westwood Heights will collaborate with Memorial Health Care Counseling Services in order to provide wrap-around services (e.g. parenting courses, classroom counseling sessions) for learners and their families. Westwood Heights will promote a healthy understanding of the developmental issues that mentees may experience to help build collaborative relationships that will lead to life-long partnerships.

### **Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level	Total		
Attendance below 90 percent				
One or more suspensions				
Course failure in ELA or Math				
Level 1 on statewide assessment				

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator Grade Level Total

Students exhibiting two or more indicators

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

### **Family and Community Involvement**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

### Will the school use its PIP to satisfy this question?

Yes

#### PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <a href="https://www.floridacims.org/documents/181068">https://www.floridacims.org/documents/181068</a>.

### Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Community and surrounding businesses are invited to an annual partnership breakfast for recruiting new and retaining current partners. Activities are planned through out the year to highlight the strengths of each partner in a manner that best supports our community of learners.

### **Effective Leadership**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

### **School Leadership Team**

Duren, Obie	Teacher, K-12
Keane, Lisa	Other

### **Duties**

## Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Donald Cottrell, Principal - Monitors curriculum instruction, analyzes assessment data, instructional practices, and provides support to teachers and staff. Lavina Robinson, Assistant Principal – Monitors curriculum instruction, disciplinary concerns, and provides support to teachers and staff. Jennel Mayers, Nicholas Mennecke and Kitt Kelleher, Instructional Coaches - Support curriculum instruction, mentor educators, assist in school-wide initiatives, provide professional development and analyze school-wide student and teacher data. Amy Magney, Guidance Counselor - is the coordinator of the school-based Multi-Tiered Systems of Support (MTSS) Leadership Team. The Guidance Counselor, Instructional Coaches, Exceptional Student Education (ESE) Specialist, Behavior Specialist, School Psychologist and Social Worker are assigned as case managers for academic and behavioral concerns/referrals and interventions based on their specific content areas. The case manager for community and attendance referrals are the social worker and Broward Truancy Intervention Program (BTIP) liaison. Severe cases are referred to community agencies or resources. The teachers collect the data and it is submitted to the MTSS Coordinator. The MTSS Coordinator submits the data to the case manager and they consult with the teachers, conduct interviews, and complete intervention tracking forms. The data is graphed and then collected and shared with the case manager. The process is brought back to the MTSS team to review and monitor interventions and assessments. If the interventions at Tier 2 are not successful, the teacher completes a Tier 3 Collaborative Problem Solving Process Form and a meeting is scheduled for the entire team. The MTSS meetings are held bi-weekly (Tuesday and Thursdays) to discuss intervention plans for students with academic and behavioral concerns.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS leadership team is composed of a multi-disciplinary group of educators. The members are as follows: Donald Cottrell, Principal, Lavina Robinson, Assistant Principal, Jennel Mayers, Instructional Coach, Nicholas Mennecke, Instructional Coach, Kitt Kelleher Instructional Coach, Amy Magney, Guidance Counselor, Lori Insel, ESE Specialist and ESOL Coordinator, Shakuanda Holt, School Psychologist, Freda Anderson, School Social Worker, Lindsey Way, Behavioral Specialist. ### **School Advisory Council (SAC)**

#### Membership:

Name	Stakeholder Group
Donald Cottrell	Principal
Patricia Rogers	Teacher
Brittany Fane	Teacher
Nicholas Mennecke	Teacher
France Alcena	Teacher
Rohan Hanslip	Teacher

#### **Duties**

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Last year the school improvement plan was developed and submitted with feedback and input from the School Advisory Council (SAC) committee throughout the year.

Development of this school improvement plan

The School Advisory Council's function is to assist in the process of developing the School Improvement Plan. Monthly meetings are held to address the curriculum plan and long and short term goals. The council works collaboratively with the school, parents, and community to monitor the progress and implementation of the school improvement plan.

Preparation of the school's annual budget and plan

Allocations secured through accountability dollars will be discussed and agreed upon through the SAC process during the 2015 - 2016 school year. discussion last year centered around increasing technology and media resources.

## Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Increase classroom literacy through purchase of content based resources. (i.e: non-fiction text, content based literature, Science Technology Reading Engineering Arts and Mathematics (STREAM) resources).

Approximately-\$3,000.00

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

### **Literacy Leadership Team (LLT)**

### Membership:

Name	Title
Mayers, Jennel	Instructional Coach
Kelleher, Kitt	Instructional Coach
Mennecke, Nicholas	Instructional Coach
Robinson, Lavina	Assistant Principal
Cottrell, Donald	Principal

Duren, Obie	Teacher, K-12
Keane, Lisa	Other
Magney, Amy	Guidance Counselor
Insel, Lori	Other
Way, Lindsey	Other

### **Duties**

### Describe how the LLT promotes literacy within the school

To engage in and provide literacy professional development, Professional Learning Communities and Study Groups that support the school's literacy goals. Data will be analyzed to evaluate the effectiveness of instruction and to modify instruction and resources to meet the needs of the students. The comprehensive core reading and intensive programs will be implemented with fidelity as ongoing progress monitoring will occur. Literacy activities and dialog among peers will be promoted schoolwide. Additional support will include the modeling of research-based literacy strategies and the team will mentor other teachers.

### **Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

## Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

A collaborative school culture can affect the quality of teaching in urban settings by enriching the work of quality teachers. Schools that work collaboratively share common characteristics that involve: complex problem-solving and extensive sharing to deepen knowledge, strong professional networks to share information,

risk-taking and experimentation that will provide teachers with support and feedback, common technical language that will be shared by educators in the school that can transfer into the classroom. Westwood Heights will be engaged in grade level team planning, vertical planning, and professional development through Nova Southeastern University (NSU) which will assist teachers to incorporate rigorous standard-based quality instruction.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Mentoring new teachers in the classroom by providing support and monthly workshops to enhance student achievement (Person responsible:NESS Liaison, Teacher Incentive Fund (TIF) Clinical Ed Coaches, BLA (Building Level Administrator)

Teachers and Coaches will meet and share learning practices that are utilized in the classroom to enhance student achievement (Person responsible:Instructional Coaches)

Participate in professional learning communities (PLC) and collaborate in grade level learning team meetings and vertical planning to develop strategies to increase student achievement. (Person responsible:Principal/Assistant Principal, Support Staff, and Team Leaders)

## Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

### **Ambitious Instruction and Learning**

### **Instructional Programs and Strategies**

### **Instructional Programs**

## Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

The school ensures that its core instructional programs and materials are aligned to the Florida Standards by having a clear plan on how to provide teachers with aligned instructional materials and curricula by developing model lesson plans and pacing guides (district's unit of studies). The plan also includes high-quality professional developments by State/District and Support Staff that focus on the standards and how to monitor the implementation process and student progress.

### Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

The school uses data to provide and differentiate instruction to meet the diverse needs of all learners by providing an appropriate level of challenge (below grade level skills, on grade level, and beyond grade level). This is accomplished by providing varying learning opportunities and differentiating

learning for all students, which will assist learners in acquiring information and making connections of various concepts and skills. Instruction is adjusted or supplemented to assist students who are having difficulty on state assessments, by providing access to a variety of materials which target different learning preferences and reading abilities, developing activities that target various learning styles, establishing centers for inquiry-based and independent learning activities, creating activities that vary in levels of complexity and degree of abstract thinking, and using flexible grouping in the classroom to organize students based on content, ability, and assessment results.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 10,800

Westwood Heights has an extended day. School starts at 8:00am and ends at 3:00pm. This one hour (60mins) of extended learning time is used to increase academic achievement in reading across grade levels Kindergarten through fifth.

### Strategy Rationale

The purpose of the extended school day is to increase academic achievement in reading across grade levels Kindergarten through fifth.

### Strategy Purpose(s)

Teacher collaboration, planning and professional development

**Person(s)** responsible for monitoring implementation of the strategy Cottrell, Donald, donald.cottrell@browardschools.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is collected and analyzed through bi-weekly assessment tests, formative assessments, and Broward Standards Assessment (BSA).

### **Student Transition and Readiness**

### **PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

The Early Childhood Education Program (ECE) continues to implement literacy, math, and science curricula to ensure school readiness. The curriculum is titled Opening the World of Learning (OWL). The OWL's curriculum and instructional strategies are also consistent with state preschool standards and the draft version of the National Association for the Education of Young Children (NAEYC) standards. OWL's goals are to ensure that teachers help all children achieve standards in language, literacy, math, science, creative arts, motor skills, social competence, and emotional regulation. Head Start communicates to our parents and community stakeholders by sending out monthly newsletters about the different workshops that we offer. The workshops consist of various information that is beneficial for parents to learn, such as various transitions, academic suggestions and community information. An end-of-the-year curriculum continuum report, detailing students' ongoing assessment

results and progress, is placed in the students' cumulative folder. This information will be used to familiarize future kindergarten teachers.

### **College and Career Readiness**

### **Needs Assessment**

### Problem Identification

### **Data to Support Problem Identification**

#### Portfolio Selection

Portfolio selection is not required by the Florida Department of Education but is offered as a tool for needs assessment.

### **Data Uploads**

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

#### **Problem Identification Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

### **Problem Analysis Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

### **School Improvement Goals**

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.
