**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Volusia County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

We believe that all students should be provided with opportunities for educational success. Therefore, our mission is to assist in developing independent skills in students that promote graduation assurance through a structured alternative program during an unintentional break in the traditional school environment.

##### b. Provide the school's vision statement.

Our greatest contribution is to be sure that every stakeholder ensures every student learns, grows and feels respected; They don't care until they know we care.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Each entering student's records are reviewed to determine academic needs as well as academic supports. Intake assessments include DJJ Common Assessment, FAIR Assessment, Learning Style Inventory and My Career Shines. Schedules are designed to provide the softest landing when the student returns to zone school. Every effort is made to reach out to families to encourage support and positive participation in their learning. Students are introduced to faculty and staff that will be providing their services during their stay. Students are indoctrinated in positive ways to seek help at each site so that they will learn to advocate for their needs. Expectations are reviewed on a regular basis and regular positive feedback is provided to meet goals for academics and behavior.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

The school counselor at Daytona Residential Juvenile Facility sets aside time to meet with new students when they enter to address needs and plan for success including building a graduation plan. Ms. Hyde (or designee) attends each student intake meeting. Teachers and students work together to set daily and/or weekly goals monitoring progress at regular intervals. School administrators recognize and celebrate student growth. Students are provided with access to adults that will listen when they just need to be heard. Students are welcomed daily and wished well each afternoon. Teachers, counselors and administration participate in program events that celebrate individual students or provide parent visitation opportunities.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

G4S Youth Services uses a level system focusing on all positives. Behavior in the classroom is integrated into this plan. Students are reinforced for positive participation and appropriate behaviors. Students violating behavioral standards receive behavior reports that result in level restrictions within the program environment. Teachers, support staff and program staff work together to ensure a consistent calm environment with a culture for learning.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

Wrap around services  
Crossing boundaries  
Trauma informed  
Deescalation Strategies

### 3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

As you will see by the chart below, many of our students are not indicated in the data below. Most come from out of county or history data is not in our system. However, all students are treated as being extremely at risk due to the nature of the charges that have them at this facility. We currently have 1 8th grade, 13 ninth grade, 1 10th grade, 6 11th grade and 4 12th grade students. Yet only 1 student shows on the Early Warning tool.

In the indicators below, we have added overage for grade level to the chart as 19/25 fall in this category.

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	0	0	0		
One or more suspensions	0	0	0	0	0	0	0	0	0	0	0	0	0		
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0		
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	1	0	0	1	
overage for grade level	0	0	0	0	0	0	0	0	0	0	11	1	5	2	19
placement at G4S	0	0	0	0	0	0	0	0	0	1	13	1	6	4	25

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	11	1	5	2	19	

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

Upon entry a complete records review is done to develop a graduation plan. Students that are overage and low in credits are given the tools to meet graduation requirements and offered the GED alternative once they demonstrate skills necessary. Each core classroom teacher is highly qualified and ESE endorsed. 3 teachers are scheduled to provide support facilitation services during each period of the school day. 2 Paraprofessionals are available to continue that support.

Last school year, we had 8 High School graduates:

1 24 credit ESE Waiver  
4 24 credit  
2 18 credit  
1 GED

## B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

### a. Will the school use its PIP to satisfy this question?

No

#### 1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

#### 2. Description

As this is a residential program and parents do not live in the community, every effort is made to involve parents in the educational process. Teachers call and introduce themselves and involve parents along with the G4S Staff in regular treatment team meetings and IEP or PST meetings. Teachers, counselor and administrator attend the quarterly family visitations held on the 3rd Sunday of February, June, August and November in order to answer questions parents may have. A pamphlet introducing teachers and staff is sent out to welcome new families. Also the VCS Parent Compact is included in that mailing.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.**

Students are not allowed to leave the facility while assigned and only community volunteers with approved clearance may enter the complex. Our teachers network with their colleagues and community members outside of the facility to secure additional resources to bring to the site. Lead teacher and administrator serve on the DJJ advisory board.

Teacher representatives serve on SAC and TAC.

Our Ag teacher is a member of the Florida Farm Bureau.

Our Language Arts teacher partners with the local Library system

Students are able to access FLVS and Daytona State to further their education.

Teachers utilize the resources of SED-Net and Project 10.

## C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Picott, Jerry	Principal
Elmore, Michael	Assistant Principal
St. Clair Hines, Tracy	Assistant Principal
Schervish, Michael	Assistant Principal
Harrell, Maurice	Dean
Pelletier, Rebecca	School Counselor
Robinson, Shirley	School Counselor
OConnell, Callista	Other
Plummer, Michael	Instructional Technology
Cotto, Maggie	Teacher, K-12
Turman, Jo Ann	

## b. Duties

### ***1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.***

The Problem Solving/MTSS Leadership Team met with the School Advisory Council (SAC) and principal to help develop the SIP. The team provided data on: Tier 1, Tier 2, and Tier 3 targets; academic and social/emotional areas that needed to be addressed; helped set clear expectations for instruction (Rigor, Relevance, Relationships); facilitated the development of a systematic approach to teacher (Gradual Release, Essential Questions, Activating Strategies, Teaching Strategies, Extending, Refining and Summarizing); and aligned processes and procedures.

### ***2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.***

The school's MTSS Leadership Team functions as a natural extension of the school's Problem Solving Team (PST). The school's PST includes Response To Intervention (RtI) as an explicit step of problem solving and addresses individual as well as class, grade-level, and school-wide issues. The PST is embedded in the infrastructure of the school. Core members of the PST are the principal, assistant principals, school psychologist, speech/language clinician, school counselor, school social worker, and ad hoc teachers. In addition, since parent collaboration is essential for the success of PS/RtI implementation, parent input will be actively sought to enhance student outcomes. The school's leadership team will focus PS/RtI meetings around two PLC Essential Questions: 1) "How do will we respond when they don't learn?" and 2) "How do will we respond when they already know it?" The team meets regularly to engage in the following activities: Review universal screening data and link to instructional decisions; monitor and document the rate of academic and behavioral growth of all students; make adjustments in instructional techniques for all students in the classroom through whole and small-group differentiated instruction, establish school-wide screening schedule, such as review of reading (FAIR Assessment, SRI, Odyssey pre-post assessments) and math data, minimally three times per year to identify each student's level of proficiency; document interventions and measured growth in the Academic Improvement Plan (AIP) and/or the Behavioral Intervention Plan (BIP) and identify students who continue to lag behind the group on critical measures of performance

for additional supports. The MTSS/RtI team works in conjunction with the Professional Learning Communities (PLC), the Problem Solving Team (PST) and the ESE Behavioral Support Team (BST), review progress monitoring data at the grade level and the classroom level to identify students who are either meeting/exceeding expectations or those who are at risk for not meeting benchmarks. For those students who are at-risk, tiered level supports are in place to address the deficits and to ensure grade-level proficiency as appropriate. For those students who are exceeding expectation, enrichment activities are in place to ensure acceleration of learning. Based on the above information, the leadership team, teachers and SAC will identify priority needs for SIP. These needs will drive professional development and allocation of resources. The team will solve, share effective practices, evaluate implementation, make decisions and practice new process and skills. The team will also facilitate the process of building consensus, increasing infrastructure, and making decisions related to implementation.

Under Title I Part A, our schools work with outside agencies that provide specific services to targeted children and their families. These organizations team with our school to provide specific services to students, parents, and staff, including all special needs groups. It is the expectation of those involved in these partnerships that the activities and services will benefit the students by providing the children served with the support, tools, and materials they need to be ready to learn as they move down the appropriate path to graduation. Under Title I Part D, Neglected and Delinquent Youth are provided with supports to access instruction in their residential settings.

Programs supported by Title I in Alternative Education include: Supplemental Instruction Teachers to provide interventions and support learner needs as they access the curriculum; Teachers of Exceptional Student Education who facilitate learner accommodations and/or based upon need modifications. Reading Intervention Teachers to provide interventions for students in need; Transition Specialist to facilitate transition counseling services for exiting students back into the district schools with a transition plan to ensure academic and social success; Technology specialist to coordinate use of software and hardware to enhance instruction, System Operators for the purpose of monitoring compliance with district curriculum guidelines Paraprofessionals for support in the classroom, Supplemental materials and supplies needed to close the achievement gap Supplemental funds for on-going staff development as determined by the results of student data.

## **2. School Advisory Council (SAC)**

### **a. Membership**

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Javonte Crenshaw	Business/Community
Treva-Lee Lewis	Business/Community
Carol Downing	Business/Community
Paul Finn	Business/Community
David Fitzgerald	Business/Community
Maurice Harrell	Teacher
Paul Hatto	Business/Community
Trace Hines	Principal
Rebecca Pelletier	Teacher
Jerry Picott	Principal
Michael Plummer	Teacher
Heather Prince	Business/Community
Mike Schervish	Principal
Valerie Schroeder	Business/Community
Shirley Robinson	Teacher
Priscilla Towle	Business/Community
Carolyn Horne	Business/Community
Jim Pelletier	Business/Community

## b. Duties

### **1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

#### **a. Evaluation of last year's school improvement plan**

Last year SAC reviewed data regarding our specific students quarterly. We exceeded our goal in each quarter.

#### **b. Development of this school improvement plan**

One SAC supports the six Alternative Education programs serviced by Volusia County Schools. These include G4S Youth Services, Highbanks Learning Center, Riverview Learning Center, Stewart Marchman RAP, Volusia Juvenile Detention Center and Volusia Department of Corrections. Last year SAC reviewed data regarding our specific students, heard input from teachers and students, and came to consensus for the focus of this plan. Following a step zero leadership session shared with teachers. All sites combined in a work group for 8 step planning and problem solving to accomplish the goals. Our SAC met September 16, 2015 and approved us moving forward unanimously for public input and electronic voting for our plan.

#### **c. Preparation of the school's annual budget and plan**

The schools annual budgets and plan are shared for input and discussion at the first SAC meeting of the year. Updates on the schools budgets, spending and progress indicators are presented at each meeting.

### **2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

Last year, our SAC approved incentives to encourage course completions and regular attendance in the classrooms.

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

**3. Literacy Leadership Team (LLT)**

**a. Membership**

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Hyde, Susan &quot;Debbie&quot;	Teacher, K-12
Allen, Christine (CJ)	Teacher, K-12
Midgette, Tim	Teacher, K-12
St. Clair Hines, Tracy	Teacher, K-12
Robinson, Shirley	School Counselor
Richards, Robyn	Teacher, K-12

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

Major initiatives for the Literacy Leadership Team will be the analysis of qualitative/quantitative student data (i.e. reviewed regularly to understand/track all students' learning and progress through writing samples; observations; ongoing informal and formal assessments and intensive writing integration). The LLT will assist in the understanding and implementation of the Language Arts Florida

Standards and their measurement. The LLT will also encourage professional study for teachers through professional books and internet research. The LLT encourages and supports our annual participation in the Literacy Fair and seeks out additional venues to display our students' work

**D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

**1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

G4S Youth services operates a school-wide Professional Learning Community that meets weekly. The activities of this team are to review and expand parent involvement initiatives, progress monitoring, student literacy, and course completion success strategies. Additionally, the teachers participate on a rotational basis with the treatment team involving parents, students, JPO and other community members.

**2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

Administration will provide leadership opportunities, on-site staff development, PLC activities, provide information regarding staff development activities available on-line and in the community, participate in district recruitment fair, teacher recognition, arrange classroom visitations. PLC Group Leaders will provide and support PLC activities and networking, while Curriculum AP/Department Chairs will provide information regarding content area specific information. Finally, LLT will provide individual and group staff development regarding literacy strategies.

**3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

No new teachers have joined the staff. Pairings would be planned should our status change.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

**1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

Teachers utilize the district's curriculum maps based upon LAFS, MAFS, & NGSSS to guide and support the use of the Odyssey Platform to deliver instruction to students. Reading and Intensive Reading are provided.

Teachers scaffold supports based upon student needs, while providing additional small group or individual instruction and utilizing alternate materials.

#### **b. Instructional Strategies**

**1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.**

The nature of our programs present us with a population in need. Every student entry begins with a records review. Teachers and counselors work together to create an educational support system that allows for student progression. Teachers and students plan and monitor educational goals together. PLCs involve each site's department chair, general education, and ESE teachers, which puts the resources together. They meet regularly and monitor student progress across the curriculum increasing supports where needed. Formal problem-solving strategies are put in place as needed. Students with disabilities have plans that are reviewed and necessary itinerant district resources brought in to support and enhance those at each site. Leadership team with representatives from all sites meets regularly to identify needs and provide supports.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** Extended School Year

**Minutes added to school year:** 18,000

Students attend school year round following the same standards as the regular school year

**Strategy Rationale**

FL Legislation requires that students attending school in residential facilities be provided with access to education year-round

**Strategy Purpose(s)**

""

**Person(s) responsible for monitoring implementation of the strategy**

St. Clair Hines, Tracy, thines@volusia.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Weekly progress monitoring is analyzed to determine which students require additional support

**2. Student Transition and Readiness**

**a. PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

Students are transitioned back to their community through an extensive transition process that begins when the student arrives on site. 90 days prior to exit the transition team meets to determine which agencies will be involved to ensure the student has needs met including transportation, housing, education, workforce education, counseling, probation and medical needs. 21 days out this committee meets again to discuss final plans raise concerns and review plan of action. Finally, a Community Re-entry Meeting occurs in the student's home district with the student, case management, education and medical joining via phone to connect all of the resources to the student with names, locations and dates of contact provided.

**b. College and Career Readiness**

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

School counselor meets with students to review graduation requirements and develop a course of study designed to meet the individual needs of the student future goals. Educational counseling sessions are based upon the goals of the student developing a plan A, B, and C.

G4S Residents have access to CAPE Academy courses providing students the opportunity to earn Microsoft Office Specialist Certification.

Graduating seniors and students seeking alternate exit options are encouraged to explore programs providing a course of study in their desired field/area. Pros and cons of the various program focus on the realities of cost, distance and requirements. Students are enabled to make a consumer decision and complete the application processes necessary for articulation.

**2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

Our school site offers students elective courses in computer technology. Many of our core courses focus on job skills. A daily focus of the school is for teachers and students to ask each other, "why are we learning this?" to ensure that instruction is always relevant. Teachers also provided reading materials and "bell ringers" that are based on current events.

Industry certification programs include Microsoft Office 2013, Word, PowerPoint, Outlook, Excel, & Access

The school also offers an Agriculture program. Students will have the opportunity to participate in courses that can lead to CAPE certification..

**3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

At G4S we provide coursework to support students as they seek Microsoft Office Certification. Almost all of our coursework is provided on-line with teachers in the classroom to support the instruction. Our Agriculture program is direct instruction and lab (garden) based. All students participate in the indoor and when approved by program the outdoor activities.

**4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

A variety of strategies have been implemented to prepare high school students for post secondary education and employment. Specific programs and or initiatives that are used at the zone school and district level: Dual Enrollment Early College Career Academies High School Showcase Career and Technical Education Classes Advanced Placement Opportunities IB College Expo Making High School Count Programs Making College Count Programs College Tours College Rep Visits As our students are not able to attend we provided them with a listing of colleges and agencies planning to be present.and asked them to check which ones they wanted information from and went on their behalf.

Florida's Navigator program is used to aid students in discovering learning style, leadership style, and career exploration.

## II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

### A. Problem Identification

#### 1. Data to Support Problem Identification

##### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

## B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

## C. Strategic Goals

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

### Problem Solving Key

**G** = Goal

**B** =

**S** = Strategy

 = Problem Solving Step     S123456 = Quick Key

## Strategic Goals Summary

**G1.**      G1. 75% of students enrolled, in our credit programs for more than 20 days in a specific quarter, will be on target to complete the quarter with proficiency.

## Strategic Goals Detail

*For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.*

## Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
