

Volusia County Schools

Ormond Beach Middle School

2016-17 Schoolwide Improvement Plan

Ormond Beach Middle School

151 DOMICILIO AVE, Ormond Beach, FL 32174

<http://myvolusiaschools.org/school/ormondbeachmiddle/pages/default.aspx>

School Demographics

School Type and Grades Served (per MSID File)	2015-16 Title I School	2015-16 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)
Middle School 6-8	No	58%
Primary Service Type (per MSID File)	Charter School	2018-19 Minority Rate (Reported as Non-white on Survey 2)
K-12 General Education	No	27%

School Grades History

Year	2017-18	2014-15	2013-14	2012-13
Grade	B	A*	B	A

**Informational Baseline School Grade*

Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Volusia County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	6
Supportive Environment	6
Family and Community Engagement	9
Effective Leadership	10
Public and Collaborative Teaching	15
Ambitious Instruction and Learning	15
8-Step Planning and Problem Solving Implementation	20
Goals Summary	20
Goals Detail	20
Action Plan for Improvement	23
Appendix 1: Implementation Timeline	31
Appendix 2: Professional Development and Technical Assistance Outlines	33
Professional Development Opportunities	33
Technical Assistance Items	35
Appendix 3: Budget to Support Goals	35

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

2016-17 DA Category and Statuses for Ormond Beach Middle School

DA Region and RED	DA Category and Turnaround Status
Southeast - LaShawn Russ-Porterfield	Not In DA - N/A

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement.

The students of Ormond Beach Middle School will achieve with pride within a clean, orderly environment under the guidance of a knowledgeable and caring school community.

b. Provide the school's vision statement.

"The Legacy of Excellence Continues..."

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Ormond Beach Middle School utilizes a team approach for learning about our students' cultures while building strong relationships among staff, teachers, and students. Everyone plays an important role in welcoming new students to the Panther family. The process for building a strong relationship between the students and their teachers is initiated prior to the first day of school in August when incoming sixth graders and current or new seventh/eighth grade students visit their classrooms. During this time, students are greeted by their teachers and offered supply lists of their needed materials. Also, the teachers and students have the opportunity to meet prior to the first day of school.

In addition, our incoming sixth graders participate in the Stepping Up to Middle School program which is led by the school counselors and selected eighth grade students. At Open House the students and parents have the opportunity to participate in an evening where they can visit each classroom and meet their children's teachers. During our PRIDE (Panthers Respect Integrity Discipline Excellence) program on Wednesday mornings, students and their teachers participate in ongoing activities to address relevant and current issues facing the students both on and off our campus.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

Students feeling safe and respected before, during, and after school is created through a multidimensional system that involves all stakeholders on our campus, as well as our community. Our school's physical layout is arranged by the three grade levels. The sixth graders are in one building for the majority of the day; our seventh and eighth graders share another building.

An open, anonymous reporting system is in place for bully proofing Ormond Beach Middle School. The administration and teachers encourage reporting and respond to situations in a timely fashion. In addition, our school's morning television show, OMTV News, exposes the students to the consistent messages of proper behavior and learning expectations through our principal, administrators, and school counselors who appear on a regular basis to talk to the entire school body. During the first weeks of school, administrators conducted assemblies to address both behavior and learning expectations. Supervision is provided across the campus to ensure students' safety; teachers and administrators are in the hallways during class change times to provide the students with a safe adult presence.

In the mornings, the media center is available for students to study and read quietly. Free math tutoring is available in the media center, as well as computer access for the students to complete

class assignments and projects. Students are offered an academically focused work space prior to school each and every day. National Junior Honor Society student members volunteer in our media center's Learning Space before school to assist students with their technology and academic needs.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

All persons in authority are trained in an agreed upon school wide discipline plan, and they continuously work together to refine the discipline plan (Behavior Leadership Team). The school rules are consistently enforced across the campus. By utilizing a school wide plan with consistency, our students are aware of behavior expectations and the consequences associated with not following the school rules.

All teachers are expected to maintain a safe and orderly environment to maximize learning and minimize disruptions. Each teacher has a written management/behavior plan which is communicated to students, parents and administrators. Academic expectations are also posted in the classrooms. Students who overtly prevent the learning of others may be referred to an administrator with a discipline referral. Parent contact plays an important role in reinforcing positive behavior choices.

BYOT classrooms are clearly identified on our campus; teachers who are conducting BYOT lessons have been trained. Within the classrooms, rules and both behavior and learning expectations are posted for students. BYOT teachers are a part of a professional learning community that meets regularly to ensure consistent use of electronic devices as well as learn new Apps and technology to further the students' ability to demonstrate their knowledge.

Teachers utilize the Gradual Release of Responsibility Model to increase student engagement. The learning expectations for students are communicated clearly at the beginning of class, and the rules and procedures are reviewed often with the students. To help maintain a positive learning environment, teachers/staff reinforce positive student behavior and give specific praise.

Across the campus and in all disciplines, a growth mindset is established and perpetuated throughout the school year.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

The school counselors ensure the social-emotional needs of our students through individual, small group, and whole class instruction. A mentoring program is in place to match an adult on campus with a struggling student who would benefit greatly from a strong role model on a weekly basis. Our PRIDE curriculum is shared across all grade levels through the interaction between teachers and students on relevant subjects and current events.

The school offers the following non-violence and anti-drug programs:

- Student Mentoring Program
- Peer Mediation Program
- Bullying Program
- Drug Prevention Program
- Teens Against Violence by Domestic Abuse Counsel through Personal Fitness classes
- Eating Disorders Program by Community Outreach for Prevention of Eating Disorders (COPE) through Personal Fitness classes

In addition, lunch groups with the school counselors are offered on a regular basis to ensure that

students have the opportunity to share and discuss relevant topics. In this setting, the students are able to have their emotional needs addressed through an informal lunch group. Students are also nominated by teachers and staff for Pizza with the Principal each week.

The school counselors discuss at faculty meetings ways that teachers can ensure an emotionally safe environment for our students.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

The school regularly (i.e., quarterly) accesses the early warning system, which is a specialized report available to middle schools. The indicators are as follows:

- Attendance below 90%, regardless of whether absence is excused or a result of out-of-school suspension
- One or more suspensions, whether in school or out of school
- Course failure in English Language Arts or mathematics
- Level 1 score on the statewide, standardized assessments in English Language Arts or Mathematics

Pursuant to Florida Statute, any student who meets at least 2 of the aforementioned indicators is identified on the Early Warning System and the parents are invited to a Problem Solving Team (PST) meeting at the school.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Attendance below 90 percent	0	0	0	0	0	0	20	24	26	0	0	0	0	70	
One or more suspensions	0	0	0	0	0	0	15	26	11	0	0	0	0	52	
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0		
Level 1 on statewide assessment	0	0	0	0	0	0	70	72	82	0	0	0	0	224	
Level 1 on statewide Math assessment	0	0	0	0	0	0	51	86	60	0	0	0	0	197	

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level														Total
	K	1	2	3	4	5	6	7	8	9	10	11	12		
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	0	0	0	0	

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

The Early Warning System report is used to determine school-wide trends which impact the academic performance of students. As a result, indicators that are elevated (e.g., attendance below 90%, patterns of office discipline referrals and suspensions) become the focus of school-wide intervention

efforts. These areas are addressed through school leadership meetings and during Professional Learning Communities in which group data is considered and evidenced-based interventions are developed to address the areas of concern.

Academic performance of students identified in our early warning system receive timely interventions. Students whose performance on the FSA Reading 2016 were in the lowest quartile have been placed in single and double block reading courses.

PST (Problem Solving Team) and Rtl (Response to Intervention) are also incorporated as intervention strategies. Tutoring across the disciplines is offered in the morning in the media center and in other locations across the campus for easy access by our student population. In the classroom, the strategies of differentiating instruction and employing the Gradual Release of Responsibility Model are utilized to increase the students' academic performance on the Florida Standards and Florida State Assessments.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

No

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

2. Description

In 2016 we will increase our parent involvement by 1%.

The majority of the SAC members are not employed by the school district. The SAC is comprised of the principal and an appropriately balanced number of teachers, education support employees, parents, and other business and community citizens served by the school.

Our school website and Blackboard Connect 5 messaging system are utilized to provide communication to both our families and community. Open House is an evening event which provides the opportunity to increase parent involvement in our SAC and PTSA. The Panther Planner tool is used to communicate with parents regarding their children's assignments and projects. All students are given a Panther Planner to use daily. Parents are always encouraged to email their children's teachers as a means to communicate issues so as to receive a response in a timely fashion from the school. The use of Remind and Twitter to share news is utilized; the official newsfeed for Ormond Beach Middle is VCS OBMS Media @OBMSMedia.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Ormond Beach Middle School's business partners and PTSA generously support both the school and our students' achievement. The school is continually reaching out to the community at large to build more relationships with area businesses and educational establishments.

Daytona State College, University of Central Florida, and Stetson University partner with our middle school for various academic needs as well. This year our school will continue to partner with Daytona State College on effective technology practices. Our school purchased iPad minis through the Challenge

Grant last year and is continuing to provide technology training to our teachers during early release Wednesday professional development opportunities. In addition, a partnership with the college will be in place for providing future teacher candidates with the opportunity to learn how to effectively utilize technology to facilitate student learning. Through our work with the area educational institutions, we are working to close the digital divide within our students and teachers.

Our Readers as Leaders quarterly celebrations reach out to community leadership as the guest speakers are invited to impart leadership knowledge to our high performing students in reading across all ability levels. Teachers utilize FUTURES to support the funding for a variety of academic endeavors aligned to the Florida Standards.

The school's National Junior Honor Society members each donate a minimum of 20 hours to our community. Last year the NJHS members donated over 5,000 hours to the community. The volunteering by our students establishes another connection to individuals and companies who endeavor to support academic achievement. Local organizations such as the Daytona Beach Police Department are invited to speak to the students to develop and instill community support.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Johns, Dale	Assistant Principal
Murray, Sandra	Teacher, K-12
Krajewski, Matthew	Principal
Ciulla, Melissa	Teacher, K-12
Hanrahan, Kelly	Instructional Coach
Porter, Wesley	Assistant Principal
Linn, Debbie	Teacher, K-12
Mitchell, Karen	Assistant Principal
Norvell, Karen	Teacher, K-12
Yisrael, Valdrena	Teacher, K-12

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

Principal Matthew Krajewski provides a common vision for the use of data-based decision making by encouraging the use of eduphoria! to differentiate curriculum in the classroom. He ensures that educators are implementing the Florida Standards accessible through the K - 12 curriculum link of the webpage and VCS Problem Solving RtL model (i.e., Problem Identification, Analysis of Problem, Intervention Implementation and Response to Intervention) for those students who do not respond effectively to core instruction. For those students who do not respond positively to interventions beyond core instruction, he ensures that the school's Problem Solving Team (PST) is accessed as needed. He ensures adequate professional development is scheduled for the faculty and staff. School psychologists continue to provide/facilitate training on skill building and understanding of the

components of MTSS/RTL. As principal, he supports the school's team in the completion of resource mapping (academics and behavioral) with focus on standard protocol interventions in order to enhance implementation of PS/RTL. Mr. Krajewski communicates with parents through school newsletters, Blackboard Connect 5, relevant meetings, and the sharing of the parent link of the VCS Problem Solving/Rtl website (under Psychological Services) in order to address the purpose of PS/Rtl in meeting student needs and to address frequently asked parental questions. In addition, parents are provided information about PS/Rtl at PST meetings.

General Education Teachers provide information about core instruction, participate in student data collection, deliver double block instruction/intervention, collaborate with other staff to implement single block interventions, and integrate double block materials/instruction with single block and core subject area activities.

Exceptional Student Education (ESE) Teachers participate in student data collection, integrate core instructional activities/material into core instruction, and collaborate with general education teachers through such activities as co-teaching. They encompass Problem Solving/Rtl practices when addressing the needs of ESE students with a focus on potential reintegration into General Education based on data.

PLC Chairs and Academic Coaches (ELA -Saundra Murray, Math - Melissa Ciulla, Reading - Kelly Hanrahan, Science - Debbie Linn, Social Studies - Karen Norvell, Physical Education - Ryan Mahaney, Guidance - Tara Fatta, Electives- Val Yisrael) develop, lead, and evaluate school core content standards / programs; they identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches; they identify systematic patterns of students' needs while working with district personnel to identify appropriate, evidence-based intervention strategies; they assist with whole school screening programs that provide early intervening services for children to be considered "at risk"; they assist in the design and implementation for progress monitoring, data collection, and data analysis; they participate in the design and delivery of professional development; they provide support for assessment and implementation monitoring.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

The school improvement plan is data driven and focuses on areas of school- based need for both specific content areas, as well as specific student populations. Similarly, MTSS is a data-driven framework that seeks to find solutions/resources matched in intensity to student need in academic and behavioral areas. The MTSS framework follows the district's four-step problem solving process, with Rtl as an integral component of the process. As a result, the school improvement plan is based on a strategic analysis of data, and identified resources (as identified by the MTSS school based leadership team) are matched to the needs of the students/schools. Building the SIP within the context of MTSS results in the school determining the areas of most significant need and, as importantly, enables the school to develop a plan that can be addressed based on existing resources.

Personnel: The school has a leadership team consisting of the principal, assistant principals, academic coach, and professional learning community chairs. This leadership team reviews student progress data, develops intervention and remediation strategies, monitors instructional support, provides professional development, and celebrates student success. The leadership team works with teachers to ensure student learning.

Instructional resources include staff development provided by our district and our school's leadership team. Professional Learning Communities (PLCs) meet on a regular basis to collaborate on curriculum planning and share instructional strategies.

Curricular: Teachers will receive support from professional development opportunities and the school leadership team to maximize the students' achievement.

Title X- Homeless

The school works closely with our Title X Coordinator to ensure that homeless students have the materials and resources they need to be successful.

Supplemental Academic Instruction (SAI)

The district provides remedial and supplemental instructional resources to students who fail to meet performance levels.

Violence Prevention Programs

Ormond Middle offers the following non-violence and anti-drug programs:

- Student Mentoring Program
- Crisis Training Program
- Suicide Prevention Program
- Bullying Program/ PRIDE

Nutrition Programs

Ormond Beach Middle offers a variety of nutrition programs including:

- Free and Reduced Meal Plan
- Nutrition, Wellness, and Culinary classes

Job Training

Ormond Middle offers students' career awareness opportunities through Jr. Achievement programs, job shadowing opportunities, guest speakers from business and industry, and field trips to business and industry locations.

Ormond Middle offers students career awareness opportunities through Career and Technical Education in the Business, Culinary, Technology, and Health Career Clusters. Students are also offered the opportunity to develop leadership skills through Career and Technical Student Organizations such as FFEA.

The School Advisory Council (SAC) meets monthly; the distribution of SAC funds is discussed and voted upon during the monthly meetings.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
	Parent
Amy DeCicco	Business/Community
Emma Roberts	Teacher
Jennifer Marianaccio	Parent
Janet Savary	Education Support Employee
Matt Krajewski	Principal
Saundra Murray	Teacher
Terri Bianchi	Parent
Jennifer Valenti	Parent
Wes Porter	Education Support Employee
Marc Wooten	Parent
Cathy Chiumento	Parent
April Cole	Parent
Elena Hanna	Parent
Kelly Hanrahan	Teacher
Jessica Kopas	Parent
Jackie Lawson	Parent
PJ Maccio	Teacher
Jennifer Richardson	Parent
Jennifer Shultz	Parent
Kelsey Thomas	Teacher
MJ Anton	Parent
Trish Dellinger	Parent
Alicia Engel	Parent
Belinda Legut	Business/Community
Jill Rothman	Parent
Pedro Dash	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

The evaluation of last year's plan was completed June 2017.

b. Development of this school improvement plan

SAC will review the SIP during the meeting on Tuesday, October 4, 2016, and will vote on any needed changes and final approval. The School Leadership Teams for Continuous Improvement Professional Development provided an opportunity for our school's leadership team to collaborate on the current plan in June with our district sponsor, Kate Barnett. The Step Zero Process was used in the development of the plan with our stakeholders.

c. Preparation of the school's annual budget and plan

As the money is released from the state, the school's annual budget and plan are an ongoing process. Proposals are submitted to SAC, the items are placed on the agenda, a discussion occurs at the meeting among the members, and the requests are voted upon and shared in the minutes.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.

The current budget is approximately \$1000.00. Last year's budget funded the following items: reading materials, newspapers, and classroom materials.

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Murray, Sandra	Instructional Media
Krajewski, Matthew	Principal
Hanrahan, Kelly	Instructional Coach
Ciulla, Melissa	Teacher, K-12
Porter, Wesley	Assistant Principal

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable.

The Literacy Team's role in increasing student achievement is twofold. The first role is to aid in identifying strengths and needs of the media program. In addition for the second role, the committee is responsible for establishing goals for program involvement. The media center trained all of the students in utilizing the district's VPortal, and our SAC committee received training as well. The significance of the training for the committee was to illustrate the district's use of an online vehicle to Office 365, Scholastic, Pinnacle, and additional tiles to enhance and boost student productivity. Training will occur for the 2016-2017 year as well for all stakeholders.

The media center is the hub of the school under the leadership and guidance of the principal and media specialist. Daily news is shared via a live production (OMTV) performed by current eighth grade students. The media center specialist coordinates literacy activities and technology driven learning experiences for the students across the curriculum. Students who perform at the highest level in their reading classes are celebrated at a Readers as Leaders celebration quarterly. Leaders from the community act as the guest speakers and our PTSA generously provides the refreshments.

All students on our campus have access to the online version of World Book to use outside the classroom, too. This promotes effective and reliable research activities for the students to engage in regularly. Each and every morning students have access to the media center to study, read, and complete school work. All services of the media center are made available to the students prior to the

start of school. Students can receive free math tutoring as needed in the media center. Finally, the media center celebrates the State of Florida Sunshine Titles with a separate section to promote the reading of the latest novels that are relevant to today's readers. Our students in eighth grade have access to their own section of the media center that is tailored to rigorous, yet engaging text for teenagers.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

Professional Learning Communities (PLCs) are facilitated across the disciplines by members of the leadership team. Through bimonthly meetings, members of the PLCs discuss, share, and collaborate on best practices. Instruction is discussed with positive interactions among the members, the planning for the success of the students continues to be an ongoing process. The PLCs utilize current assessment data to monitor the status of lower quartile students; consequently, part of the PLC process is to celebrate what is working in the classrooms, as well as request support from the administration. The administration promotes a positive work environment by addressing the need of the faculty and staff through their participation in the PLCs as well. "How can we help you?" is the question that principal Matt Krajewski uses for all professional development activities.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

Ormond Beach Middle participates in the annual Volusia Schools Job Fair and Instructional Transfer Fair in an effort to recruit highly qualified teachers. New teachers participate in the E3 program and are assigned a PAR evaluator who assists them throughout the year, ensuring they are on target with classroom management and lesson plan development. Administration offers leadership training opportunities to staff looking to progress in their education career and support educational opportunities for said personnel.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

New teachers participate in the E3 program and are assigned a PAR evaluator who assists them throughout the year, ensuring they are on target with classroom management and lesson plan development. Administration offers leadership training opportunities to staff looking to progress in their education career and support educational opportunities for said personnel. A reading/academic coach is also accessible for teachers for additional mentoring opportunities.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

The Florida Standards are woven throughout the core instructional programs as illustrated in the high performing PLC groups. The leadership team members regularly attend district curriculum meetings to ensure that Ormond Beach Middle is aligning its materials and programs to the Florida Standards. In addition to aligning our curriculum to the Florida Standards, teachers use Florida Item Specifications for the courses that have and End of Course Exam (EOC). Individual members of the

PLCs share and participate in discourse concerning the curriculum being presented to the students, as well as the data illustrating the effectiveness of the lessons. Student performance and the monitoring of the lower quartile occurs on a regular basis. All PLCs are held to a high standard by Principal Matt Krajewski; detailed minutes are provided in a timely fashion to the administration.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Data is used to place students who have been identified in the lower quartile in reading for both single block reading and double block reading courses. In addition, PLCs use data from eduphoria! and Pinnacle (VIMS) to differentiate the curriculum to meet the diverse needs of the students. ELA, science, and social studies teachers are aware of the students' 2016 FSA Reading performance to utilize best teaching practices such as the Gradual Release of Responsibility Model to differentiate the instruction to improve academic performance. Also, students are progress monitored through their performance on district assessments including the Volusia Literacy Tasks to ensure that the Florida Standards are being taught and the curriculum guides are being utilized effectively. Teachers also employ the Gradual Release of Responsibility Model in their daily lessons.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 28,900

Before school media access/tutoring: Students are afforded 30 minutes to attend a before school tutoring program in the school's media center for all subjects. (computer based)

Math tutoring: All math students are allowed to participate in a before school tutoring program that is available for 80 minutes each school day.

Odyssey Lab access/tutoring – all subjects, daily after school

Strategy Rationale

Students are provided with opportunities for free tutoring and access to computers and a variety of texts to ensure successful academic performance.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Krajewski, Matthew, mkrajews@volusia.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is collected through Grade Book (VIMS) monitoring (grade distribution, assessments), Data Analysis Protocol, state mandated test results, Walk-Throughs, Data Warehouse, Crosspointe, district data chats; Leadership Team meetings, Teacher Input Conferences, PLCs, Volusia Literacy Tasks (VLT), Behavior Leadership Team (BLT), VSET Pre-Post Conferences, and euphoria!.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Transition years from elementary to middle school and middle to high school are embraced by Ormond Beach Middle School so as to ensure the students' success from one academic environment to another. Incoming sixth graders meet their middle school counselors in the spring prior to their arrival in the fall through school visits, an incoming parent evening at our school, and the Stepping Up to Middle School program.

Articulations also occur with parents regarding individual student's education plans. Before the sixth graders arrive for the first day of school, they are afforded multiple opportunities to meet school staff and visit the campus. Eighth grade students began a four year plan called Choices while they were in 7th grade. During this time, the seventh graders begin investigating career options and the coursework necessary in high school to prepare them. Representatives from area high schools visit to share the various academies that students can participate in, as well as attend an evening where the area high schools and many colleges from across the state showcase their college and career ready programs.

Incoming sixth graders also attend Welcome Everybody (WEB) two weeks prior to the first day of school. The event is coordinated through the school counselors and selected 8th graders who act as WEB leaders.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.

Ormond Beach Middle School offers students elective courses in art, business, culinary, technology, health science, computer science, and career study. Many of these courses focus on job skills and offer the students internships. Every year, after state testing, students and parents participate in a course selection fair that exposes them to next year's curriculum to inform their course selection. After the course selection fair, students meet one-on-one with a counselor to decide what classes will be taken. Parents are invited to these meetings and final course selection is sent home for parents' signatures.

In addition, the 8th grade school counselor engages the 8th grade students in a program called "Career Cruiser" within their American History classes. The students take a personality test via an Internet site that matches their data to possible careers.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

Ormond Beach Middle School offers students elective courses in art, business, health science, computer science, culinary, technology, and career study. Many of these courses focus on job skills and offer students internships. A daily focus of the school is for teachers and students to ask "Why are we learning this?" to ensure that instruction is always relevant.

Microsoft Office Specialist in Word, Excel, and PowerPoint are available for students in grades 6 - 8 for industry certifications.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

Integrating career and technical education is a part of all three grade levels as shown in STEM Day which is an annual event with participation by all of the science, technology, and math teachers on campus. Also, through the support of Embry Riddle Aeronautical University, our female students have the opportunity to be a part of Women in Aviation Day at the college's campus. The FFEA chapter encourages students to pursue a career as an educator and is proactive in having the students work with and assist teachers throughout the campus and participate in district level competitions. Finally, students have the opportunity to participate in SGA. This gives them leadership opportunities and increases their involvement on our campus. The students are elected in a democratic format, which helps to prepare them for being contributors to our society after they graduate high school.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.

Student readiness for public post secondary level is improved through the implementation of the Florida Standards. A rigorous curriculum is presented based on the district level guidelines for each subject area. The Annual High School Showcase presented by Volusia County Schools exposes the students in middle school to the various academies available to them, as well as representatives from the local and state colleges.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** If Ormond Beach Middle School consistently implements the instructional shifts, then academic achievement will increase for all students.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

G1. If Ormond Beach Middle School consistently implements the instructional shifts, then academic achievement will increase for all students. 1a

G083459

Targets Supported 1b

Indicator	Annual Target
FSA Mathematics Achievement	62.0
FSA ELA Achievement	61.0
FCAT 2.0 Science Proficiency	70.0
Geometry EOC Level 1	95.0
Algebra I EOC Pass Rate	95.0
Civics EOC Pass	70.0

Targeted Barriers to Achieving the Goal 3

- Novice and veteran teachers alike need ongoing professional development to increase their knowledge of the Florida Standards Shifts and improve the implementation of these shifts into their curriculum.

Resources Available to Help Reduce or Eliminate the Barriers 2

- Teachers will utilize district curriculum maps to prepare students for the rigor of the new Florida Standards Assessments.
- Teachers will utilize the Florida State Standards.
- Teachers will refer to reliable student data shared on eduphoria! and VIMS.
- Established professional learning communities will share best practices and disseminate information.
- School based Data Chats will occur during early release professional development meetings.

Plan to Monitor Progress Toward G1. 8

SIP Progress Monitoring Meeting

Person Responsible

Matthew Krajewski

Schedule

On 10/31/2016

Evidence of Completion

SIP Progress Monitoring Meeting Minutes and Sign-In Sheet

Plan to Monitor Progress Toward G1. 8

SIP Midyear Review

Person Responsible

Matthew Krajewski

Schedule

On 2/14/2017

Evidence of Completion

Midyear Review in CIMS

Plan to Monitor Progress Toward G1. 8

State Assessment Results: SMTs, FSAs, and EOCs

Person Responsible

Matthew Krajewski

Schedule

On 7/11/2017

Evidence of Completion

Step Zero for 2017-2018 SIP

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

G1. If Ormond Beach Middle School consistently implements the instructional shifts, then academic achievement will increase for all students. **1**

 G083459

G1.B1 Novice and veteran teachers alike need ongoing professional development to increase their knowledge of the Florida Standards Shifts and improve the implementation of these shifts into their curriculum. **2**

 B221330

G1.B1.S1 Increase knowledge and skills of the Instructional Shifts in ELA (literacy) and Math and improve the implementation. **4**

 S233610

Strategy Rationale

Professional development eliminates the lack of a teacher's knowledge for delivering a rigorous curriculum based on the Florida Standards.

Action Step 1 **5**

Ormond Beach Middle School's Leadership Team will create a professional development schedule and itinerary based on the results from the Achieve the Core Survey.

Person Responsible

Matthew Krajewski

Schedule

On 5/31/2017

Evidence of Completion

Completed Achieve the Core Survey and developed Professional Learning Plan

Action Step 2 **5**

Under the leadership of Principal Matt Krajewski, the format and content of the professional development will involve input and participation from the School Leadership Team.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 5/31/2017

Evidence of Completion

SLT Agendas and PLC Minutes

Action Step 3 5

Teachers will have the opportunity to participate in professional development based on the results of the Achieve the Core Survey.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 5/31/2017

Evidence of Completion

Professional Learning Sign In Sheet

Action Step 4 5

The teachers will implement the knowledge and skills gained from Professional Development into classroom instruction.

Person Responsible

Matthew Krajewski

Schedule

Quarterly, from 9/20/2016 to 5/31/2017

Evidence of Completion

Lesson plans, Student Work Samples, DPP Learning Cycle

Action Step 5 5

Through professional learning communities meeting bimonthly to discuss and share best practices, the implementation of the Professional Development will be monitored while providing feedback to its members.

Person Responsible

Matthew Krajewski

Schedule

Biweekly, from 9/20/2016 to 5/31/2017

Evidence of Completion

Data Collection Results, Agendas, and PLC Minutes

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Information and feedback regarding the Professional Development sessions will be shared with the principal through agendas, minutes, and administrative observations.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 5/31/2017

Evidence of Completion

Achieve the Core Survey Results, Classroom Observations to Ensure Implementation of the Instructional Shifts, and Data Walks

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

The School Leadership Team will discuss the effectiveness of creating and implementing the Professional Learning Plan and analyze collected data at the monthly SLT meetings.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 5/31/2017

Evidence of Completion

Monthly Data Walks, Observational Notes, Lesson Plans, Data, DPP Learning Cycles, PLC Minutes, and SLT Minutes

G1.B1.S2 Continue the use of highly effective professional learning communities to improve both knowledge and implementation of the Instructional Shifts. 4

S233611

Strategy Rationale

Highly effective professional learning communities establish an environment of rich collaboration and discourse for creating best practices in delivering the Instructional Shifts to the students.

Action Step 1 5

The Leadership Team will provide professional development opportunities on Data Walks and effective PLC practice.

Person Responsible

Matthew Krajewski

Schedule

On 5/31/2017

Evidence of Completion

Agendas, PLC Minutes, Observations, and Feedback from Data Walks

Action Step 2 5

The Leadership Team will provide professional learning opportunities on PLCs in action.

Person Responsible

Matthew Krajewski

Schedule

Quarterly, from 9/20/2016 to 5/31/2017

Evidence of Completion

Agendas, PLC Minutes, Observations

Action Step 3 5

The administrative team will actively participate within the PLC teams in action and provide immediate feedback.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 9/20/2016 to 5/31/2017

Evidence of Completion

PLC Minutes, Agendas, and Sign In Sheets

Action Step 4 5

Using the unconference format, PLC teams will share best practices for collaboration.

Person Responsible

Matthew Krajewski

Schedule

Quarterly, from 9/20/2016 to 5/31/2017

Evidence of Completion

Sign In Sheets and Agendas

Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

Professional Learning Communities will submit minutes to Principal Matt Krajewski as verification for the completion of the Achieve the Core Survey.

Person Responsible

Matthew Krajewski

Schedule

On 9/23/2016

Evidence of Completion

PLC Minutes and Sign In Sheets

Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

Principal Matt Krajewski will meet with the Leadership Team to determine the status of the professional learning plans.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 11/1/2016

Evidence of Completion

Outlook Calendar Meeting Invite and Agenda

Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

The academic coach will provide follow up support to ensure the implementation of the Instructional Shifts.

Person Responsible

Kelly Hanrahan

Schedule

Biweekly, from 9/19/2016 to 5/31/2017

Evidence of Completion

Data Walks

Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

The School Leadership Team will conduct Data Walks.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 9/19/2016 to 5/31/2017

Evidence of Completion

Data Walk Collection Tools and Data Grids

Plan to Monitor Effectiveness of Implementation of G1.B1.S2 7

The School Leadership Team will discuss the effectiveness of creating and implementing the Professional Learning Plan and analyze collected data at monthly SLT meetings.

Person Responsible

Matthew Krajewski

Schedule

Monthly, from 8/9/2016 to 5/31/2017

Evidence of Completion

Monthly Data Walks, Observation Notes, Lesson Plans, Agendas
