### School Board Approval

This plan is pending approval by the Sumter County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

SSMS will teach with commitment and conviction to provide all students with opportunities to achieve college and career success in a global community through rigorous instruction, forward thinking, and research based strategies that will equip each student with the skills necessary for college, careers, and life.

##### b. Provide the school's vision statement.

Inspiring all students to persevere and achieve lifelong success.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

When students enroll at SSMS, the guidance department reviews the information on the BSR, home language survey, and night time residency form. These forms provide information about the family and student which helps build and strengthen a cooperative home/school relationship. Information regarding hardships or special situations are shared with the teachers so that the school can better provide for students through the creation of a nurturing and caring environment.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

SSMS utilizes a schoolwide Help Box. Students may anonymously fill out forms identifying a student in need of help because someone is bothering them along with the location of where the behavior is taking place. The school's guidance counselors monitor the box throughout the day and put staff members in place to watch and intercept the bothersome behaviors in an effort to address and end it. Students in the 7th grade also participate in the Santoro Project Character Education once a week during 6th period. This program allows for explicit instructional opportunities that foster the creation of character building and citizenship enrichment.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

SSMS utilizes a schoolwide PBIS system. Our PBIS site team, which consists of administrative, instructional and non-instructional staff, meets regularly throughout the school year to analyze discipline data, address changing school needs, and to ensure transparency and fidelity of the PBIS system campus wide. Students receive Red and Black Bucks for displaying positive behavior throughout the day. Students may spend their bucks to purchase items at the Raider Store. The Raider Store is open every other Friday during all student lunches.

##### d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.

SSMS has two guidance counselors for the students to go to as needed. Depending on the individual student's needs, the district employs school psychologists and behavior liaisons that the school may

request services from. In addition, Lifestream provides services to students on campus with parental approval. In addition, every student on campus has been paired up with a mentor (instructional & non-instructional staff) and meets monthly with a small group of peers where team building is encouraged.

### 3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

#### a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.

SSMS has an attendance target group for those students with attendance issues whether the absence is excused or unexcused. Students that receive a Level 1 in Reading and/or Math on the state standardized test are given PMPs to monitor the student's progress throughout the year. Students receive a referral into the RTI program after they receive their second Level 3 disciplinary infraction.

#### b. Provide the following data related to the school's early warning system

##### 1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	98	92	82	0	0	0	0	272
One or more suspensions	0	0	0	0	0	0	101	118	94	0	0	0	0	313
Course failure in ELA or Math	0	0	0	0	0	0	19	60	26	0	0	0	0	105
Level 1 on statewide assessment	0	0	0	0	0	0	114	101	82	0	0	0	0	297
	0	0	0	0	0	0	0	0	0	0	0	0	0	

##### The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	42	41	38	0	0	0	0	121

#### c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.

SSMS has an attendance target group for those students with attendance issues whether the absence is excused or unexcused. The attendance target group is closely monitored and Attendance Child Study Team Meetings are held with the student, parent, administrator, and representative from Youth and Family Alternatives. Strategies are put into place to ensure the student is attending school on a regular basis. Students that receive a Level 1 in Reading and/or Math on the state standardized test are given PMPs to monitor their progress throughout the year. Students are pulled out of their elective class once a week to receive additional help in the classes they are struggling in. Students also receive targeted instruction based on their individual needs during the school's 6th period academic intervention period. Students receive a referral into the RTI program after they receive their second Level 3 disciplinary infraction.

## B. Family and Community Engagement

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

**a. Will the school use its PIP to satisfy this question?**

No

**1. PIP Link**

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

**2. Description**

SSMS communicates with parents through the use of student planners, emails, phone calls, parent conferences, school website and school notification letters. Parents are encouraged to volunteer at the school as mentors, chaperones, and assist students in the classroom. SSMS plans to continue to increase communication with parents and promote attendance at school functions throughout the year.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.**

SSMS partners with local businesses to ensure students have the supplies they need for school. The school receives donations such as bookbags, general school supplies, as well as clothing for those students that are in need. These partnerships secure the items students need so that they can focus on their studies and not worry about the things they need for school.

The Leadership Team will focus meetings around one question: How do we develop and maintain a problem-solving system to bring out the best in our schools, our teachers, and in our students? The team meets weekly to engage in the following activities: review universal screening data and link to instructional decisions; review progress monitoring data at the grade level and classroom level to

identify students who are meeting/exceeding, at moderate risk or at high risk for not meeting benchmarks. Based on the above information, the team will identify professional practices, evaluate implementation, make decisions, and practice new processes and skills.

Title II- The School is allotted Title II funds for professional development opportunities. Professional development for teachers and administrators are based on the school improvement goals and student data.

The district then buys supplies through Title X dollars or clothing and other needed items through Homeless ARRA funds. Homeless students are not segregated and barriers to their education are eliminated.

Nutrition Programs: Schools participate in the Department of Agriculture's National Lunch Program and are provided the opportunity to receive food service for breakfast and lunch. Students who participate in afterschool academic enrichment program are also eligible to receive a snack provided through the National Lunch Program.

Violence Prevention Programs: SSMS has a Positive Behavior Intervention Support (PBIS) plan. The school also has a HELP BOX where student can anonymously identify students in need of help.

#### **a. Evaluation of last year's school improvement plan**

Last year's school improvement plan was evaluated when the school received it's data. The data was compared to the school's goals and presented to the School Advisory Council.

#### **b. Development of this school improvement plan**

The development of the school improvement plan includes all stakeholders. School data is reviewed by departments on a regular basis at PLCs. Data is also reviewed by the School Advisory Council at their quarterly meetings. The data, along with their feedback from stakeholders, is used to create the goals for the school improvement plan. The plan is then presented, reviewed and approved by all members of the School Advisory Council at their meeting in the fall.

#### **c. Preparation of the school's annual budget and plan**

School based focus is discussed with the School Advisory Committee and issues, concerns and revisions are discussed. Most budgeting occurs at the district level. If School Improvement funds become available, it is anticipated that these funds will be used towards Positive Behavior awards for students, classroom technology, and other student learning and school safety needs.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

Last year's budget was \$3,273.01 and was allocated as school improvement funds. These funds were used towards the following:

1. ELA-Flip Cameras at \$50 each / Allocated \$350
2. Math-
  - a. Geo Models at \$31.29 each / Allocated \$575
  - b. Dry Erase Boards at \$49.95 each / Allocated \$250

Landers, Pamela	Teacher, K-12
Morrison, Stacy	Teacher, K-12
Camp, Joel	Assistant Principal
Johnston, Jessica	Assistant Principal
Paulynice, Shelly	Teacher, K-12

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

The major initiatives of the LLT this year will specifically involve meeting the literacy needs of all our students, especially our subgroup populations, as determined by assessment of disaggregated data.

At this point, it will be the role of the LLT to seek out research based strategies or best practices, like W-I-C-O-R, that would be most effective in addressing literacy needs; furthermore, the LLT will note which disciplines are most conducive to implementation of a particular strategy. Just as importantly as deciding on specific research based strategies will be the role of the LLT to encourage their pervasive use in classrooms throughout the campus. LLT will help promote the instructional needs that engage students in complex cognitive tasks that challenge students to apply their foundational skills. This process needs to include high-level thinking opportunities for students to grapple with and construct meaning from complex texts. Finally, the LLT will actively support instructional differentiation in all disciplines. Such support may involve the selection of teachers to attend professional workshops on differentiation, selection of literature written on the topic of instructional differentiation, selection of electronically based training in differentiating student instruction, and the application of flexible grouping in the ELA classroom.

## **D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

### **1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

SSMS teachers are provided professional development time where they work together as a department to deconstruct state standards to ensure that their instructional units are properly aligned in preparation of state testing. Departments also meet every other week for department led Professional Learning Communities.

### **2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

The district utilizes Troops to Teachers and Teacher to Teachers as recruitment opportunities. Prospective employees apply for positions by completing an online application on the district's website. Principal's review and verify certification and qualifications prior to hiring.

The Director of Human Resources and the Principal are the individuals responsible for recruitment.

### **3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

The mentor/mentee pairings are based on teacher experience and the subjects being taught. All mentors are certified Clinical Educators. New teachers complete the district's New Teacher Program under the direction of their mentor. The program includes: monthly checklists of responsibilities, observations made by the mentor, as well as guided meetings throughout the year.

## **E. Ambitious Instruction and Learning**

### **1. Instructional Programs and Strategies**

#### **a. Instructional Programs**

##### **1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

SSMS teacher's instructional units are aligned to the district's curriculum maps which coincide with the Florida Standards. Instructional units and lessons are monitored by administrators on a regular basis to ensure the standards are being taught.

#### **b. Instructional Strategies**

**1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.**

The school uses data to provide and differentiate instruction to meet the needs of the students by using the data:

- \* to guide and /or adjust the teachers instruction and planning based on the student's mastery of the standard/skill (3 times a year)
- \* to monitor what the students knows about the content to assist the teachers with instruction and planning, and lastly (Baseline and EOY)
- \* to form groups to differentiate instruction within the centers for flexible grouping. (Every 4 and ½ weeks).

The data is used to form groups in flexible grouping and to decide what standard/skill needs to be used in the center to meet the needs of individual students. Instruction is also modified/differentiated to meet the different student's levels, especially in the teacher-led center.

Also, the data allows us to address our students with decoding issues that will receive a 45-minute Intensive Reading class using the SRA program, while receiving a block ELA class as well.

**2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** After School Program

**Minutes added to school year:** 3,690

If funds are available, lower performing students may be enrolled in an after school instructional program to assist students in previewing and mastering select targeted skills/standards.

**Strategy Rationale**

Students will have additional exposure to preview/review select skills/standards being taught in their classrooms.

**Strategy Purpose(s)**

- Core Academic Instruction

**Person(s) responsible for monitoring implementation of the strategy**

Shirley, Allen, allen.shirley@sumter.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Teachers will implement pre and post tests using Discovery Education Assessments (DEA) for math and ELA.

**2. Student Transition and Readiness**

**a. PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

SSMS offers a 5th grade visitation to all feeder schools which assists in the transition process from elementary to middle school. During this visit, students become familiar with the campus, the various programs offered, and get to visit classrooms. SSMS also offers a 6th grade orientation prior to the school year starting where the students come and meet their teachers. The 8th graders are offered a 9th grade orientation at SSHS as well. To assist with transition from one grade to another within SSMS, grade expectations are reviewed and students are made aware of options that may be available to avoid retention. Testing is provided to help with placement for the upcoming year and state assessment scores are looked at for placement into advanced courses.

## **b. College and Career Readiness**

### **1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

All students in 7th or 8th grade must take an elective course that includes a career planning component. Students must pass the course, create a career plan, and have this plan signed by their parents, themselves, and their instructor for promotion. This fosters conversations between parents, instructors, and students about future course selections and career options. If the promotion requirement is met in 7th grade, students must revisit their career plan in 8th grade. Students are also required to conduct interest surveys to help them decide which career/course path to choose. AVID students also receive this component with the AVID elective. The AVID program accelerates student learning by teaching students college readiness skills. Students learn information about future courses and colleges that are suited to their interests.

### **2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

SSMS utilizes AVID strategies in all courses. Eligible students are placed into an AVID elective to learn college readiness skills. The school has a college readiness week. Each grade has accelerated courses in language arts, science, math, and reading. Seventh and Eighth grade students can take Algebra I to obtain high school credit. Eighth grade students can also take a geometry course and a physical science course for high school credit. In addition, SSMS offers Agriculture Foundations and CCC to eighth graders where they can earn HS credit. These courses offer students the opportunity for advancement prior to entering high school.

### **3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

SSMS offers Algebra 1, Geometry and Physical Science Honors that select students may take to earn high school credits. In addition, SSMS offers Agriculture Foundations and CCC to eighth graders where they can earn HS credit. These courses offer students the opportunity for advancement prior to entering high school. AVID strategies, including the use of Cornell Notes, are utilized in all classes to foster a college and career readiness environment.

### **4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

SSMS is a school wide AVID school. AVID strategies including WICOR and Cornell Notes are used in all classes. SSMS plans to increase the number of students enrolled in the AVID elective while continuing to prepare students to be college and career ready not only at the middle school but at the high school as well.

## **II. Needs Assessment**
