**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan was approved by the Volusia County School Board on 11/9/2016.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement.

At Atlantic High School, personal responsibility is an essential component of our curriculum. In order to emphasize and teach personal responsibility, we believe that teachers, students, and parents must clearly understand the role each must play in helping every one of our students to achieve academic success.

##### b. Provide the school's vision statement.

At Atlantic High School, every person is treated with dignity and respect. We welcome and encourage students, families, staff and community to learn together. Our students develop their unique talents to graduate with the greatest treasure—enthusiasm for life-long learning as responsible, creative citizens.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students.

Yearly school induction, mentoring, and student leadership programs (N.H.S.) are all critical components in establishing and maintaining positive relationships between teachers and students on campus.

F.I.N.S. – “Freshman Induction for New Students” is a program designed to acquaint new students with our campus, the faculty, and each other. Teachers work through coordinated ice-breaking activities designed to learn about their students and establish a rapport in their classrooms. All students on campus participate in a modified version of this induction to reiterate campus policies, procedures and begin to establish relationships in their new classrooms and with their teachers.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school.

School leadership along with campus advisors and select teachers provide effective monitoring of campus before, during, and after the school day. Through their awareness and visibility, the students have access to adults at all times to express any concerns.

School counselors conduct student groups on topics determined by data analysis including incidences requiring immediate intervention.

School counselors involve district student services personnel to assist with student groups and to sponsor family events.

##### c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced.

Instructional time is a priority and protected by the principal, which is evidenced by the school infrastructure regarding student and parent accountability for absences and tardies, no non-essential announcements, and student misconduct being handled immediately and with minimal interruption to instruction.

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services.**

The school offers the following non-violence and anti-drug programs:

- Student Mentoring Program
- Peer Advocacy Program (Main Campus general education students supporting Multi-VE students)
- Suicide Prevention Program
- Bullying Program

Mentoring sessions help to stimulate and nurture students. Mentoring is available each day through Power Hour, a modified intervention schedule. It provides each student an opportunity to build relationships with teachers while receiving academic assistance in any subject. Students are also placed in mentoring groups with academic coaches and school administrators. They serve as advisors who meet with students regularly and focus on guiding them through their education process. Both types of mentoring services establish rapport and support addressing academic and personal growth while meeting graduation requirements.

Project H.E.A.T. (Helping Everyone Achieve Together) is a mentoring program designed to provide additional support and motivation for under-achieving / at-risk students.

### **3. Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system.**

The school regularly accesses the Early Warning System report (i.e., at least quarterly) to identify students needing additional support based on indicators used to predict graduation.

The indicators are as follows:

- Unweighted GPA (at risk if below 2.0)
  - Over age for grade
  - Year-to-date discipline referrals (at risk if 2 or more)
  - Attendance below 90%, regardless of whether absence is excused or due to out- of school suspensions
  - Year to date suspensions (at risk if 1 or more)
  - Number of prior retentions (at risk if 1 or more)
  - Level 1 score on statewide, standardized assessments in English Language Arts or Mathematics
- Students with 3 or more of the aforementioned indicators are identified on the Early Warning System.

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	17	13	7	37
One or more suspensions	0	0	0	0	0	0	0	0	0	0	29	13	3	45
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	
BL: Unweighted GPA (below 2.0)	0	0	0	0	0	0	0	0	0	0	0	0	0	
Qtr1: Unweighted GPA (below 2.0)	0	0	0	0	0	0	0	0	0	0	0	0	0	
Qtr2: Unweighted GPA (below 2.0)	0	0	0	0	0	0	0	0	0	0	0	0	0	
Qtr3: Unweighted GPA (below 2.0)	0	0	0	0	0	0	0	0	0	0	0	0	0	
Qtr4: Unweighted GPA (below 2.0)	0	0	0	0	0	0	0	0	0	0	0	0	0	
Prior year retentions one or more	0	0	0	0	0	0	0	0	0	21	31	23	12	87

***The number of students identified by the system as exhibiting two or more early warning indicators:***

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	50	30	14	94

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system.**

The Early Warning System report is used to track indicators related to on-time graduation. This report is used to identify students in need and to identify school-wide trends which impact the academic performance of students. Indicators that are elevated (e.g., attendance below 90%, patterns of office discipline referrals and suspensions) become the focus of school-wide intervention efforts. These areas are addressed through school leadership meetings and during Professional Learning Communities in which group data are considered and evidenced-based interventions are developed to address the areas of concern.

For indicators sensitive to behavioral issues(e.g., office discipline referrals and suspensions), interventions are provided directly and indirectly by the Student Services team and are aligned with the tenets of Positive Behavioral Supports. Regular review of the Early Warning System report enables the school team to determine if interventions are successful in addressing areas of concern (i.e., if numbers are not increasing).

For students exhibiting difficulties beyond larger systemic issues being addressed by the school through the EWS, the student is referred to the school's Problem Solving Team (PST) and the parent is invited so that individual interventions can be developed and monitored.

Grade Level Meetings occur monthly to review students who are currently listed on our school's EWS report. During these meetings, teachers, counselors, academic coaches, and administration share strategies to promote student success and interventions are proposed. Students of concern who are not included in our EWS download are also discussed and adding to our monitoring roster. Minutes from meetings are recorded and discussed in a follow-up EWS Leadership Team meeting occurring monthly immediately following Grade Level meetings. During the EWS Leadership Team meeting, additional plans of support are developed including: assignment to school based mentor and scheduling of parents/ students to attend meetings on campus. Students are assigned a mentor and

meet during Power Hour for small group or individual discussion related to goals and personal achievement. Mentors also monitor student progress, meet with students one-on-one, and are available to support classroom teachers as needed. During Family-Teacher Conferences, students attend with a parent/ guardian to review progress with school based support (Assistant Principal/ Guidance Counselor and/ or Academic Coach). Families leave with a folder that includes items such as academic progress, attendance reports, and how to access the district's online gradebook. Students are asked to suggest realistic measures of support they may need; and to commit to positive change.

## B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(B)(iii)(I)(aa).

### 1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress.

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. Â§ 6314(b)(1)(F).

#### a. Will the school use its PIP to satisfy this question?

No

#### 1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is available at the school site.

#### 2. Description

Atlantic High School has developed a communication and engagement system to build positive relationships with families, communicate the school's mission and vision, and keep parents informed about their child's progress. Regular communications are delivered through multiple modes, and invite family participation and feedback. One key component in this system is a weekly phone message detailing events and opportunities during the upcoming week, which is sent to every Atlantic High School household: parents, faculty, and staff members. This phone message system also provides flexibility to send special reminders to specific sectors of our school population about academic requirements and opportunities for remediation for critical areas like Mathematics, Reading or tutoring after hours. Parents have begun to depend on this weekly communication, and frequently mention their appreciation during interactions with faculty and staff.

Atlantic's web page, [www.atlanticsharks.com](http://www.atlanticsharks.com) is another effective way to share current information about the school, along with our school-wide activities calendar which is accessible right on the home page. Many teachers utilize class web pages, Edmodo, wikis, or other forms of electronic communication w/ parents (Remind 101 text service, etc.). Teachers also regularly utilize Pinnacle (a web-based grade and attendance management system) to keep both students and parents informed about progress in their classes.

Atlantic High School has a very active PTSA, and has partnered with this outstanding group to host an annual 'Family Night'. This highly popular and well-attended event brings out over 300 students, parents, and other family members to eat, learn, have fun, and interact with many of Atlantic's business and community partners. In fact, this event is so successful that it garnered Atlantic a statewide Family Involvement Award from the Florida PTA in 2014. Atlantic's PTSA is also instrumental in increasing parent participation, bringing parents, students, and teachers together to collaborate on specific projects, and fundraising to generate needed resources to support the accomplishment of school goals.

Atlantic High School regularly hosts events, meetings, and other activities in the evenings to accommodate parents' busy work schedules. Some examples include:

- Family Nights
- PTSA & SAC meetings
- Open House

- Financial Aid Nights
- Freshman Registration Night
- Freshman Orientation Night
- Summer Orientation

To help improve the performance of struggling students, individual parent conferences are held with the student, parent, counselor, and a member of administration as part of the Student Success (EWS program). During these conferences, the team brainstorms ways to help the parent in supporting their child's success. The Student Success meetings are individually scheduled to accommodate the parent's availability, which has greatly increased parental attendance and participation in this process.

## 2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement.

Atlantic High School builds and sustains partnerships with the local community through a coordinated effort led by the Principal, Business Partner Coordinator, Athletic Director, PTSA President, a designated Assistant Principal, and involving all members of Atlantic's faculty and staff. Local businesses and community organizations are invited to enter into business partnerships with the school, in which both parties agree to engage in mutually beneficial activities which enhance the operations of each partner. The school works closely with the PTSA to reach out to the community and obtain needed resources for teachers and students. Club and Group Sponsors, Academy Directors, and Athletic Coaches also play a critical role in building partnerships with community organizations and businesses. Examples include inviting community members to serve on advisory boards, come into the classrooms as guest speakers, to serve as judges for in-school competitions, and to participate in numerous school activities including Financial Aid Night, Family Night, Open House, Summer Orientation, and the College and Career Expo.

## C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

### 1. School Leadership Team

#### a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Tager, James	Principal
	Assistant Principal
Zinck, Brian	Assistant Principal
Alves, Dawn	Instructional Coach
Dabbe, Melanie	Instructional Coach
Garrett, Veronica	Instructional Coach
Presley, Dhand	Assistant Principal
Cunningham, Jon	Assistant Principal
Jimenez, Sandra	Instructional Coach

#### b. Duties

**1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.**

The school-based leadership team identifies school based needs and resources (both materials and personnel) to determine how best to support students and teachers. Teacher feedback, classroom observations, and student performance data are considered in order to determine priorities and functions of other existing teams (e.g., Problem Solving Team, EWS, Professional Learning Communities, and Literacy Leadership Team). As the school's primary instructional leader, the Principal communicates a vision for student achievement and guides the team's work. Each member of the School-Based Leadership Team is representative of other teams (EWS, PLCs, LLT) and serves as a liaison between the SBLT and their respective team. For example, the Instructional Coaches work through PLCs to provide teacher instructional support, professional development, and guide response to data, including the coordination of tiered academic interventions.

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.**

Personnel: The school has a leadership team consisting of the principal, assistant principals and academic coaches. This leadership team reviews student progress data, develops intervention and remediation strategies, monitors instructional support, provides professional development, and celebrates student success. These leaders work with teachers to ensure student learning.

Instructional resources include staff development developed and provided by our district and our school's leadership team. Departments meet with teachers weekly in PLC meetings to collaborate on curriculum planning and share instructional strategies. Our district and our school are both committed to meeting the needs of our students and maximizing our students' achievement.

Curricular: Our math and language arts teachers will be implementing the new Florida Standards this year. They will be supported both by our district and our coaches. All teachers have the support of our instructional leadership team.

Methodology for coordinating and supplementing funds: Federal and state funds (Title I, Title II, SAI, and FEFP) are allocated to schools by the district according to student need as demonstrated by poverty level and student achievement performance. District and school leadership teams works together to coordinate and integrate federal, state, and local funds, services and programs for the benefit of students. School Improvement funds are awarded to the school based on a per pupil funding formula and distributed via the School Advisory Council through a voting process.

School leadership meets weekly, and SAC meets monthly.

Problem solving activities

The School Improvement Plan is data-driven and focuses on areas of school- based need for both specific content areas as well as specific student populations. The plan is a data-driven framework that seeks to find solutions/resources matched in intensity to student need in academic and behavioral areas. The School Improvement Plan is based on a strategic analysis of data, and identified resources (as identified by the leadership team) are matched to the needs of the students.

School Improvement Grant (SIG) funds will be used for providing teachers extended before/after school time to meet in PLCs for planning and data analysis, as well as professional development opportunities; procuring technology for classroom use, and implementing Lesson Study (providing substitute teachers for PLC members who come out of the classroom to participate).

## **2. School Advisory Council (SAC)**

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Jonathan Cunningham	Principal
Don Burnette	Business/Community
James Clements	Teacher
David Farr	Parent
Elaine Flasterstein	Parent
Linda Gelow	Business/Community
Carol Koskoe	Parent
Thoren Perego	Student
Erin Strauss	Parent
James Tager	Principal
Tim Kane	Teacher
Cynthia Carrig	Teacher
Laurie Kiser	Parent
Tina Olko	Parent
Carol Sellery	Education Support Employee
Melanie Ford	Teacher

### b. Duties

**1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

**a. Evaluation of last year's school improvement plan**

The Atlantic High School SAC works in conjunction with the School Based Leadership Team (SBLT) to review the previous year's plan and a variety of data points to evaluate the effectiveness of that plan. Principal Tager presents a data overview to the SAC including FCAT results, progress monitoring data, climate surveys, and Early Warning System (EWS) data. The SAC provides input and assists the SBLT in identifying areas of priority on which to focus the new plan's goals and strategies (Step Zero).

**b. Development of this school improvement plan**

Atlantic High School's SAC provides input on the development of the SIP as part of the 8-Step problem solving process, identifying resources and barriers, and developing strategies. Utilizing this input, the SBLT developed a draft SIP and presented it to the SAC for further input and suggestions for revision. Once the SIP is revised, the SAC continues to provide ongoing monitoring of the plan through monthly reviews of data and provides direction for adjustments to the plan as warranted.

**c. Preparation of the school's annual budget and plan**

The school's annual budget and plan are shared for input and discussion at the first meeting of the SAC each year. Updates on the school's budget, spending, and progress indicators are shared at monthly SAC meetings.

**2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project.**

School improvement funds were allocated based on requests submitted by faculty and staff for projects related to support of school improvement goals. Each request is evaluated by the SAC and voted upon for approval.

\$299.70 Magazines for literacy initiatives

\$303.17 Books for literacy initiatives

\$150.88 Core vocabulary posters for ACCESS student classrooms

\$165.00 Registration for Florida Association of Media Educators

**3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC.**

Yes

*a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements.*

**3. Literacy Leadership Team (LLT)**

**a. Membership**

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Alves, Dawn	Administrative Support
Dabbe, Melanie	Instructional Coach
Jimenez, Sandra	Instructional Coach
Presley, Dhand	Assistant Principal
Tager, James	Principal
Zinck, Brian	
Ali-Bhola, Farisha	Teacher, K-12
Arias, Marcella	Teacher, K-12
Brown, Jeff	Teacher, K-12
Fordham, Harriet	Teacher, K-12
Garvin, Kathy	Teacher, K-12
Gordon, Rhonda	Teacher, K-12
Johnson, Jimi	Teacher, K-12
Kane, Timothy	Teacher, K-12
Lazu, Jorge	Teacher, K-12
Maitland, Sara	Teacher, K-12
Martin, Tiffany	Teacher, K-12
Renfro, Russell	Teacher, K-12
Rivera, Julio	Teacher, K-12
Smith, Kris	Instructional Media

**b. Duties**

**1. Describe how the LLT or similar group promotes literacy within the school, if applicable.**

The school based Literacy Leadership Team (LLT) identifies school based resources (both materials and personnel) to determine the continuum of literacy supports available to students at our school. The LLT meets quarterly on Mondays during lunch for 50 minutes. The LLT Co-chairs provide an agenda and facilitate the meeting. LLT member responsibilities include: attend all meetings to review data, share literacy strategies presented with their PLC, assist with development of classroom implementation strategies, and supervise and support the school-wide reading and writing initiative and implementation of Florida Standards.

The School-wide Literacy initiative's main focus is to support reading and writing in every classroom. This year's focus will be support for teachers as we begin our initiative of reading and writing every day in every classroom. Each academic coach is responsible for providing PD in their respective core areas: social studies, math, English, and science. All other Literacy Council members will be responsible for introducing strategies to their departments through work in PLC's.

The LLT has always been dedicated to providing a variety of literacy-building events throughout the school year. These would be offered both during school and after school to encourage parent involvement. This year we have activities during Banned Book Week, September 27th. The LLT supports our faculty/student book club which meets bi-weekly. This year we will be supporting four literacy contests--one each 9 weeks--to support our county Literacy Fair in May. The LLT also sponsors our Racing to Read Program and our Winners Circle Victory Lane Program through Daytona International Speedway. During our annual Family night event in April we hold a book fair. In addition, the LLT sponsors a school wide literacy fair in January; the activities at the fair help support the school-wide writing initiative.

#### **D. Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

##### **1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.**

Common planning, Professional Learning Communities (PLCs), Lesson Study, lesson planning days and academic coaching are critical practices to help build positive, collaborative relationships on our campus among teachers.

Common planning allows teachers to participate in weekly PLCs to regularly review formative assessment data, plan for and adjust their instruction accordingly. When necessary, PLCs make recommendation for students to be reviewed and assisted by the school's Problem-Solving Team (PST). Through the PLC structure, teachers are encouraged and supported to work together on common goals with clear objectives. PLCs also allow teachers to regularly engage in a reflective dialogue to deepen shared language and understanding of instructional practices. Action plans created in PLC meetings are submitted weekly to administration for monitoring purposes. The common planning and regular PLC infrastructure also ensure that teachers have the structure and time to provide feedback on their Lesson Study experiences.

Lesson Study has been implemented in the math, science and social studies departments with two cycles completed in year one. This year, Lesson Study will expand to reading and language arts, with continued cycles in math, science and social studies. Participants surveyed have ranked these series of collaborative professional learning sessions as highly engaging and having a significant impact on their professional practice resulting in increased student academic achievement.

Additionally, grade level meetings are held monthly to allow interdisciplinary collaboration in addressing specific academic and behavioral concerns across the content areas. In so doing, teachers are better able to meet the needs of all students in a process that promotes a sense of shared responsibility.

The use of academic coaches to assist with teacher collaboration and professional development plays a significant part in designing instruction to meet student needs and encouraging the collaborative process. Instructional Reviews, combined with administrative walk throughs and coaching calibrations provide leadership with data to identify areas in which additional follow-up coaching is needed. The leadership team (which includes coaches) meets weekly to talk about what trends are being seen in the classrooms. This process also provides opportunities to identify exemplary teachers for the purposes of videotaping or allowing class visits from peers. The coaches work side by side with teachers to enhance instruction.

Additional actions supporting teacher collaboration and professional growth include:

Monthly professional development "menu" offerings based on teacher surveys to allow teacher choice on professional growth.

Instructional rounds/model classroom initiate to allow teachers to identify areas of need, observe model lessons in their peers classrooms, and collaborate with peers on planning and implementation of new strategies to improve their practice.

## **2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.**

1. New Teacher Programs: District E3, Individualized PD, mentors, peer classroom visits (Administration)
2. Leadership Opportunities (Administration)
3. Professional Development (School-based Leadership Teams)
4. PLC Activities (PLCs)
5. Participation in District Job Fair and Recruitment Activities (Administration)
6. Teacher recognition programs (Administration)
7. Through SIG: Signing Bonuses (new teachers) and Performance Pay (All Faculty & Administration)

## **3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.**

All new/beginning teachers are provided with support through the school resource office and assistant principal who meets with them monthly. School-based veteran teachers and Academic Coaches within each PLC provide mentoring and support as needed for any new/beginning teachers in that PLC.

# **E. Ambitious Instruction and Learning**

## **1. Instructional Programs and Strategies**

### **a. Instructional Programs**

#### **1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.**

All Volusia County public high school programs meet or exceed state requirements. At the secondary level, the district leads teacher teams to create curriculum maps and resources for all grade levels and content areas aligned to the Florida Standards. Additionally, teacher teams create formative and summative assessments to monitor student achievement in high-incidence courses. Schools leaders and teachers are given significant professional development on the implementation of the curriculum maps, resources, and assessments.

Professional Learning Communities (PLCs), Lesson Study, and coaching help ensure that instruction is aligned to Florida Standards, well-paced, engaging, and rigorous.

## **b. Instructional Strategies**

***1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.***

Common planning allows teachers to participate in weekly PLCs to regularly review formative and summative assessment data and continuously adjust their instruction accordingly. Assessment data is used to identify groups of students to receive targeted instruction during an intervention period. Teachers, alongside academic coaches, create targeted instructional lessons during PLCs. Students requiring intensive remediation receive additional support from academic coaches, mentors, and student tutors. When necessary, PLCs make recommendations for students to be reviewed and assisted by the school's Early Warning System (EWS) team or Problem-Solving Team (PST). Additionally, grade level meetings are held monthly to review student data and address specific academic and behavioral concerns across the content areas. In so doing, teachers are better able to meet the needs of all students in a process that promotes a sense of shared responsibility.

The use of instructional reviews and academic coaches to assist with teacher professional development plays a significant part in designing instruction to meet student needs. Instructional Reviews, combined with administrative walk-throughs, provide leadership with data to identify areas in which additional follow-up coaching is needed. The leadership team (which includes coaches) meets weekly to talk about what trends are being seen in the classrooms. This process also provides opportunities to identify exemplary teachers for the purposes of videotaping or allowing class visits. Instructional coaches work side by side with teachers to enhance instruction. Coaches diligently complete the coaching cycle to provide maximum support, including the use of specific feedback instruments. The modeling of lessons is common practice on campus.

***2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:***

**Strategy: After School Program**

**Minutes added to school year: 4,200**

Targeted students receive math tutoring twice each week, for 60 minutes each time. Tutoring continues throughout the school year; however, the students who are targeted to receive this assistance vary according to progress monitoring data.

**Strategy Rationale**

Tutoring can help struggling students to make achievement gains when they are able to receive remediation on core concepts.

**Strategy Purpose(s)**

- Core Academic Instruction

**Person(s) responsible for monitoring implementation of the strategy**

Dabbe, Melanie, mcdabbe@volusia.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Progress monitoring data (including district and classroom assessments) is used to determine the success of individual students, as well as the effectiveness of the strategy as a whole.

**Strategy: Weekend Program**

**Minutes added to school year: 1,440**

Targeted students receive additional time to receive instruction and tutoring at the end of each quarter. Students who are targeted to receive this assistance vary according to progress monitoring data and have the opportunity to improve quarter grades.

**Strategy Rationale**

Tutoring can help struggling students to make achievement gains when they are able to receive remediation on core concepts.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment

**Person(s) responsible for monitoring implementation of the strategy**

Cunningham, Jon, jcunnin1@volusia.k12.fl.us

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

Progress monitoring data (including district and classroom assessments) is used to determine the success of individual students, as well as the effectiveness of the strategy as a whole.

**Strategy: Extended School Day**

**Minutes added to school year: 450**

Targeted students receive biology tutoring twice following each district assessment. Tutoring continues throughout the school year; however, the students who are targeted to receive this assistance vary according to progress monitoring data.

**Strategy Rationale**

Tutoring can help struggling students to make achievement gains when they are able to receive remediation on core concepts.

Furthermore, ACT and SAT exam scores will be analyzed for program effectiveness.

**Strategy: After School Program**

**Minutes added to school year: 0**

Professional Learning Communities (PLCs) meet for the purpose of data analysis and response, intervention planning, as well as professional development for 1 hour each week.

**Strategy Rationale**

PLCs encourage teacher teams to engage in data analysis and problem-solving for the purpose of meeting students' academic needs as a team.

**Strategy Purpose(s)**

- Teacher collaboration, planning and professional development

**Person(s) responsible for monitoring implementation of the strategy**

## 2. Student Transition and Readiness

### a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.**

The transition between middle and high school is improved with the addition of summer Jumpstart programs to pre-teach requisite skills to struggling students who will take Biology and Algebra. F.I.N.S. – “Freshman Induction for New Students” is a program designed by upperclassmen and student leaders, and is used to acquaint new students with our campus, the faculty, and each other. Students work through activities designed to build community, tour the campus, and receive “words of wisdom” from student leaders. Freshmen also learn about opportunities on campus, school policies, and other key items during the first week of school through a PowerPoint shown during fourth period. All students on campus participate in a modified version of this induction to reiterate campus policies, procedures and begin to establish relationships in their new classrooms and with their teachers. Incoming freshmen that are identified as needing additional support through our school’s EWS report are met with at the beginning of the year to offer an adult to connect with for support needed. These same students are assigned an adult on campus to meet with to help establish a relationship focusing on academic support and school engagement. Commit to Graduate (C2G) is a school-led program that encourages students in the beginning of their freshmen year commit to graduating on time. In addition, a College & Career Expo is held for juniors and seniors to help them focus on connections between their high school experience and postsecondary goals. Freshmen learn about high school graduation requirements and strategies to stay on track during a lesson occurring in their AVID or Research classes immediately following the first mid-term grade reporting. Students are encouraged to visit their teachers during Power Hour to receive academic support including remediation and enrichment. Students taking the ACT and/or SAT are provided onsite assistance during Power Hour or after

school to complete the necessary profile and account information, with financial support as needed. Students are also provided test prep opportunities during the fall and spring. Each opportunity includes an hour long session, meeting after school for 8 weeks.

## **b. College and Career Readiness**

### **1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations.**

The school offers students elective courses in art, business, technology, and career study. Many of these courses focus on job skills and offer student internships. One such internship includes a partnership with the Daytona Beach Museum of Arts and Sciences in conjunction with the Smithsonian Institute. Students work with museum curators, attend online webinars, and develop 3D printing of the artifacts to bring back to the school.

Students enrolled in a Career Academy complete cross-curricular lessons that provide a more relevant approach to learning.

Representatives from local colleges and the Armed Services visit the campus several times per year and provide students information during lunch time.

### **2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.**

A variety of career and technical education programs, including Career Academies, are available to assist students in acquiring skills related to a number of career fields. The Industry Certification and the associated programs available at Atlantic High School are listed below:

Industry Certification Program Name

Adobe Certified Associate (Dreamweaver) Web Development

Adobe Certified Associate (Flash) Gaming & Simulation

Adobe Certified Associate (Illustrator) Digital Design

Adobe Certified Associate (In-Design) Digital Design

Adobe Certified Associate (Photoshop) Digital Design

Adobe Certified Associate (Premier) OR Final Cut Pro Digital Video Production

FNGLA Certified Horticulture Professional Horticulture

NOCTI Criminal Justice Criminal Justice

ParaPro Assessment Teacher Assisting

Microsoft Office Specialist (MOS) Bundle Computing for College & Careers

### **3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.**

Career Academies provide the model for integrating career and technical education with the content of core academic courses, providing students valuable opportunities to experience real-world applications of subject matter. Academies incorporate integrated curriculum which includes an exploration of a subject, theme, interest, or career area. Integrated curriculum combines relevant CTE courses with rigorous academic core material in order to break down barriers between subjects and make learning more meaningful.

### **4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes.**

Clicked on link and looks like no new info---

Data from the High School Feedback Report is available from 2004 through 2012 at <http://data.fldoe.org/readiness/>

In response to this data, a variety of strategies have been implemented to prepare high school students for the post secondary level. Specific programs and or initiatives that are used at the school and district level:

- Advanced Placement
- AVID
- Career Academies and Career and Technical Education Classes
- Dual Enrollment
- College Expo and Transition Fair
- College Tours and College Rep Visits
- High School Showcase
- PERT Administration and appropriate placement in College Readiness Courses
- 8th Period CSI/Mentoring groups focused on College/Career Pathways

## II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(A).

### A. Problem Identification

#### 1. Data to Support Problem Identification

##### b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### 2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

### B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why" or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

### C. Strategic Goals

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

### Targeted Barriers to Achieving the Goal 3

- Need for greater resource alignment--including personnel, funds, and stakeholder support:  
\*District: Volume of schools in need \*School: Volume of students in need; \*District: Ability to establish a presence on all school campuses \*School: Ability to establish a presence in all classrooms; \*District: Taking time and funds away from all schools to support most struggling schools leads to declines in higher performing schools \*School: Taking time and funds away from some students and/or teachers to support most struggling students and/or teachers leads to declines in higher performing students; \*District: Policies and practices that hinder flexibility in scheduling, staffing, and budgeting \*School: Policies and practices that hinder flexibility in scheduling, staffing, and budgeting; \*District: Lack of available technology resources to fulfill needs of schools \*School: Lack of available technology resources to fulfill needs of students and teachers; \*District: Lack of systematic support for stakeholder engagement in school growth \*School: Lack of systematic support for stakeholder engagement in student learning
- Inconsistent instructional quality: \*Teacher capacity to design and deliver high-quality, engaging standards-based instruction; \*Teacher capacity to design and deliver high-quality, engaging differentiated instruction; \*Teacher capacity to design assessments and use assessment data to drive instruction; \*Teacher capacity to respond to students' varying school readiness levels (elementary); \*Teacher capacity to respond to students with low proficiency levels in literacy and mathematics; \*Teacher capacity to use technology resources to meet student needs; \*The capacity of instructional leaders to accurately assess and assist with instructional quality;
- Professional Learning: \*Lack of replicable and sustainable school-based PD models that incorporate consistent expectations for follow-up, implementation, and evaluation; \*Limited opportunities for professional learning; \*Inability to monitor fidelity of school-based professional learning opportunities; \*Need for greater attention to professional learning opportunities for coaches and intervention teachers; \*Inconsistent implementation of Professional Learning Communities; \*Inconsistent or limited implementation of Lesson Study

### Resources Available to Help Reduce or Eliminate the Barriers 2

- Personnel: Community Assessment Team; District Leadership Team; Instructional Services Specialists; Instructional Services Secondary TOAs, Coaches, and Elementary ISTOAs; Area Superintendents; Office of Professional Development & Support Coordinator and Specialists; ESOL Coordinator; Differentiated Accountability Region 2 Team; School Administration; Title I Intervention Teachers; Behavioral Support Staff;

- Funds: SAI Funds; Reading FEFP Funds; District Budgets; Title I Funds; Title II Funds; Title III Funds; Race to the Top (5th year amendment); SIG 1003(g) (if awarded)

### Plan to Monitor Progress Toward G1. 8

Tier 1 and 2 CAT will review all assistance provided to schools, professional learning, assessment results; plan response; and summarize findings for the Tier 3 CAT.

Analysis of district and state assessment results will determine progress made toward goals.

Analysis of teacher performance data will be compared to student achievement data (when applicable).

**G1.B2.S1** District Multi-Tiered System of Support: Use data to determine personnel assignments and differentiated levels of support (coaching assignments or number of visits, specialist visits, and liaison visits) 4

S233843

### Strategy Rationale

The needs of schools are varied and must be addressed at varying levels. The district's response to each school is customized according to the needs of the school based on hard and soft data gathered through data analysis, instructional reviews, and additional site visits.

### Action Step 1 5

Examine data to determine level of need at each school in each subject area using a 4-point rubric; determine initial resource allocation (personnel, time, and money) needed for all schools within the district and assign district liaisons to each school. The district recommendations will be shared with the Community Assessment Team, with the opportunity to provide input.

**G1.B2.S3** Create a system to facilitate student, family, and community engagement in student learning

4

 S233845

**Strategy Rationale**

When students, families and communities are all supported to engage in the process of student learning, all resources can be harnessed to maximize student potential

**Action Step 1** 5

Facilitate student, family, and community programs that promote engagement in student learning (Orange City)

**Person Responsible**

Carrie Crkvenac

**Schedule**

Quarterly, from 3/1/2015 to 5/1/2016

**Evidence of Completion**

Registrations, Academic Parent-Teacher Teams Plan, School events calendar

**Action Step 2** 5

Effective, frequent communication with stakeholders (Both schools)

**Person Responsible**

James Tager

**Schedule**

Weekly, from 6/2/2014 to 6/30/2017

**Evidence of Completion**

Records from communication systems

### Action Step 3 5

Facilitate student leadership groups for the purpose of motivating students' academic and behavioral success (Both schools)

**Person Responsible**

Gary Marks

**Schedule**

Monthly, from 6/2/2014 to 6/30/2017

***Evidence of Completion***

Student groups' calendar of meetings and activities

## Action Step 6 5

### Instructional Reviews

#### **Person Responsible**

James Tager

#### **Schedule**

Semiannually, from 8/18/2014 to 6/30/2017

#### ***Evidence of Completion***

Instructional Review Agendas and minutes

## Action Step 7 5

### Lesson Study

#### **Person Responsible**

Karen Beattie

#### **Schedule**

Quarterly, from 8/18/2014 to 6/1/2017

#### ***Evidence of Completion***

MyPGS (attendance records)

## Action Step 8 5

### PD Project-Based Learning

#### **Person Responsible**

Kelly Amy

#### **Schedule**

Monthly, from 8/18/2014 to 6/30/2017

#### ***Evidence of Completion***

MyPGS (attendance records)

**Action Step 9** 5

District PLC Network for Non-core

**Person Responsible**

Kelly Amy

**Schedule**

Quarterly, from 8/17/2015 to 6/30/2017

**Evidence of Completion**

PLC Calendar

**Plan to Monitor Fidelity of Implementation of G1.B3.S1** 6

School-based instructional leadership teams review all evidence submitted for each action step in this strategy:

**Evidence of Completion**

Instructional Leadership Teams monthly Reports

### Plan to Monitor Fidelity of Implementation of G1.B3.S1 6

Tier 1 CAT will review all evidence submitted for each action step, including school-based instructional leadership teams monthly reports

#### **Person Responsible**

#### **Schedule**

Monthly, from 7/1/2014 to 6/30/2017

#### **Evidence of Completion**

Minutes of Tier 1 CAT (school-based and district activity reports); Deliverable evidence

### Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

School-based instructional leadership teams review data and assessment results

#### **Person Responsible**

James Tager

#### **Schedule**

Monthly, from 4/9/2014 to 6/30/2017

#### **Evidence of Completion**

Instructional Leadership Teams monthly report to SAC on SIP progress (SAC Minutes); Leadership Team monthly report to liaison: Data Protocol Reports

### Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

Tier 1 and 2 CAT will review all assistance provided to schools, professional learning, assessment results; plan response; and summarize finding for the Tier 3 CAT

#### **Person Responsible**

#### **Schedule**

Quarterly, from 7/1/2014 to 6/30/2017

#### **Evidence of Completion**

Tier 1 and 2 CAT minutes (school-based and district activity reports, including liaison findings from school visits); MyPGS credit transcripts (credits awarded upon demonstration of new knowledge only) assessment data results; Tier 3 CAT minutes of analysis and review

**G1.B3.S2** Increase the use of student data to design and deliver differentiated standards-based instruction **4**

 S233848

### **Strategy Rationale**

Not all teachers and leaders have great familiarity with methods of and resources for differentiating instruction. There needs to be greater understanding about the kinds of differentiation that should occur during Tier 1, core instruction.

### **Action Step 1** **5**

Assist teachers to use data to develop and monitor their Deliberate Practice Plans

#### **Person Responsible**

Karen Beattie

#### **Schedule**

Quarterly, from 8/4/2014 to 6/30/2017

#### **Evidence of Completion**

Deliberate Practice Plans

### **Action Step 2** **5**

Early Release PD: Using data to differentiate instruction (to include ESE inclusion and co-teach practices)

#### **Person Responsible**

Karen Beattie

#### **Schedule**

Monthly, from 8/18/2014 to 6/30/2015

#### **Evidence of Completion**

MyPGS (Attendance records and PD products); Coaching Logs

### Action Step 3 5

Professional Learning Communities use data to determine differentiated instruction

**Person Responsible**

Karen Beattie

**Schedule**

Biweekly, from 7/1/2014 to 6/30/2017

***Evidence of Completion***

MyPGS Records (Attendance records and PLC Logs)

### Action Step 4 5

Develop Technology Plan for using Blended learning to differentiate instruction

**Person Responsible**

Gary Marks

**Schedule**

On 7/30/2014

***Evidence of Completion***

Technology Plan

### Action Step 5 5

Purchase technology and provide oversight and PD for using Blended Learning to differentiate instruction

**Person Responsible**

Gary Marks

**Schedule**

Monthly, from 1/5/2015 to 6/30/2017

***Evidence of Completion***

MyPGS (Attendance records and PD products); Coaching Logs

**Action Step 6** 5

Identify and certify Blended Learning classrooms, including model classrooms

**Person Responsible**

Melissa Carr

**Schedule**

Biweekly, from 1/5/2015 to 6/30/2015

***Evidence of Completion***

Blended Learning Classroom Verification Document; CrossPointe Data Element

**Action Step 7** 5

PD for teachers on Blended Learning using model classrooms

**Person Responsible**

Karen Beattie

**Schedule**

Monthly, from 8/17/2015 to 6/30/2016

***Evidence of Completion***

Coaching Logs

**Plan to Monitor Fidelity of Implementation of G1.B3.S2** 6

School-based instructional leadership teams review all evidence submitted for each action step in this strategy:

Tier 1 and 2 CAT minutes, which include reports from liaisons and school-based instructional leadership teams

**G1.B3.S3** Increase learning time, especially through the effective implementation of data-driven intervention practices **4**

 S233849

### Strategy Rationale

Not all teachers and leaders have great familiarity with methods of and resources for differentiating instruction. There needs to be greater understanding about the kinds of differentiation that should occur during Tier 2 and Tier 3 intervention. This includes developing knowledge about effective intervention practices such as walk-to-intervention for elementary schools and the effective use of intervention periods for secondary schools.

### Action Step 1 **5**

Design and provide summer programs that boost student achievement

#### Person Responsible

Leticia Roman

#### Schedule

Annually, from 6/1/2015 to 6/30/2017

#### Evidence of Completion

MyPGS; Student attendance records

### Action Step 2 **5**

Design master schedule with more instructional time, including Common Planning and PLC time for teachers

#### Person Responsible

Stephanie Workman

#### Schedule

On 8/15/2014

#### Evidence of Completion

Master Schedule

### Action Step 3 5

PD for teachers on how to maximize additional instructional time--to include recommendations for most effective intervention and enrichment practices in varied settings: regular class time and designated intervention periods.

**Person Responsible**

James Tager

**Schedule**

Monthly, from 7/3/2014 to 6/30/2015

***Evidence of Completion***

MyPGS; Student attendance records

### Action Step 4 5

Create Virtual Learning Design Plan and redesign Media Center as Virtual Learning Hub

**Person Responsible**

Melissa Carr

**Schedule**

Semiannually, from 6/2/2014 to 6/2/2014

***Evidence of Completion***

Virtual Learning Design Plan and Invoices

### Action Step 5 5

Provide virtual learning opportunities for students (virtual tutors, to include but not limited to tutoring support for AP classes) and virtual learning opportunities for teachers (24/7 access to online PD)

**Person Responsible**

Melissa Carr

**Schedule**

Quarterly, from 8/1/2014 to 6/30/2017

***Evidence of Completion***

Records and reports from virtual learning sites

**Plan to Monitor Fidelity of Implementation of G1.B3.S3** 6

School-based instructional leadership teams review all evidence submitted for each action step in this strategy:
