The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Palm Beach County School Board on 11/16/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Arnold, Karen	Instructional Coach
Gonzalez, Damaris	Other
Roper, Courtney	Other
North, Gina	Assistant Principal
Suarez, Risa	Administrative Support
Lehman, Scott	Instructional Coach
Medina, Erica	Teacher, K-12
Himsworth, Caryn	Teacher, ESE

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making.

The Leadership Team will focus meetings around one question: How do we develop and maintain a problem-solving system to bring out the best in our schools, our teachers, and in our students? The school-based Leadership Team will meet regularly to review universal screening data, diagnostic data, and progress monitoring data. Based on this information, the team will identify the professional development activities needed to create effective learning environments. After determining that effective Tier 1- Core Instruction is in place, the teachers will identify students who are not meeting identified academic targets. The identified students will be referred to the school-based Leadership Team.

The SBT will use the Problem Solving Model to conduct all meetings. Based on data and discussion, the team will identify students who are in need of additional academic and/or behavioral support (supplemental or intensive). An intervention plan will be developed which identifies a student's specific areas of deficiencies and appropriate research-based interventions to address these deficiencies. The team will ensure the necessary resources are available and the intervention is implemented with fidelity. Each case will be assigned a case liaison to support the interventionist (e.g., teacher, RtI/Inclusion Facilitator, guidance counselor).

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact.

* Problem Solving Model

The four steps of the Problem Solving Model are:

- Problem Identification entails identifying the problem and the desired behavior for the student.
- Problem Analysis involves analyzing why the problem is occurring by collecting data to determine

possible causes of the identified problem.

- Intervention Design & Implementation involves selecting or developing evidence-based interventions based upon data

previously collected. These interventions are then implemented.

- Evaluating is also termed Response-to-Intervention. In this step, the effectiveness of a student's or group of students' response to the implemented intervention is evaluated and measured.

The problem solving process is self-correcting, and, if necessary, recycles in order to achieve the best outcomes for all students. This process is strongly supported by both IDEA and NCLB.

Specifically, both legislative actions support all students achieving benchmarks regardless of their status in general or special education.

Weekly grade level planning meetings, including ESE and ELL teachers as well as biweekly learning team meetings.

Crosspointe incorporates and uses all Title I funds to assist with providing staff development in reading, writing, math, and science. Title I funds are also used to purchase LTF, Instructional Coaches, and resource teachers. Title I funds will additionally be utilized for before and after school tutorial. Title I funds support parent workshop training to enhance the academic development of their students and increase parent's empowerment to help their students improve on academic skills.

Title I, Part C- Migrant services are provided to students identified as migratory. Celia Elrod is the district contact staff for migrant program.

Title II - Crosspointe Elementary will participate in the different PD initiatives at the district level. Title II funds support the following: curriculum support, Marzano training, MTSS professional development, Literacy cohort training, LLI Interventionist.

Title III - Services are provided through the district for education materials and ELL district support services improve the education of immigrants and English Language Learners.

Title X- Homeless - Crosspointe Elementary will coordinate with the district assigned staff to provide services. McKinney Vento case manager (Beth Lefler) provided by the district provides resources such as school supplies, food, clothing, for students identified as homeless under the McKinney Vento Act. Guidance Counselors provide resources (clothing, school supplies, social services referrals) for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education.

b. Development of this school improvement plan

The SAC meets on a monthly basis to discuss the trends and daily operating procedures involved with running school based management.

1. Evaluation of last year's school improvement plan
2. Development of the current school improvement plan
3. Preparation of the school's annual budget and plan

Administration attends job fairs and utilizes District Personnel to interview highly qualified candidates to ensure the right match for the school center. New teachers to Crosspointe are certified and HQ and who are all encourage to participate in the Educator Support Program (ESP) and are partnered with a Clinical Educator teacher as a mentor. Crosspointe also has incorporated a Beginning Teacher Assistance Program (BTAP) that supports teachers monthly on the daily functions of a teacher and their primary concerns.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

Crosspointe takes pride in pairing mentees up with quality mentors who are teachers in the same grade level and or Core subject area.

curriculum.

4. Teacher modeling and classroom visitations are also conducted to demonstrate effective teaching techniques and lessons.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Our teachers have ongoing opportunities to unpack the Florida Standards and to plan and discuss core academic curriculum that aligns to standards. This supports a deeper level of comprehension. These conversations during Professional Learning Communities, grade level planning meetings, professional development days, administrative classroom observations, and instructional rounds promote dialogue and opportunities for growth in instructional practice, curriculum, and the standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

The teachers contribute to literacy improvement of every student by attending professional learning communities and data chats to discuss and make decisions about literacy instruction. Analyzing data compared to the LAFS; using a balanced literacy approach that includes whole group, small group (differentiating instruction) and one-on-one instruction based on student needs; maintaining a 90 minute literacy block, and an uninterrupted 30-60 minute writing block, providing iii based on students individual needs and administering assessments which examine student growth.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 7,200

Students identified as struggling to meet standards in Reading, Math, and Science are provided opportunities to receive remedial instruction in core academic subjects by certified teachers. Crosspointe also offers a self-contained enrichment class on each grade level. Teachers collaborate and plan enriched grade level activities within their lessons.

Strategy Rationale

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

A team from Crosspointe will meet with the parents who have students enrolled in our on-site pre-kindergarten programs. The team will share information about registration, curriculum and additional services offered. The school's Community Language Facilitators conducts community visits to local day care and recreation centers distributing flyers and speaking with parents about Crosspointe's kindergarten program. In turn, parents will be invited to visit Crosspointe to meet the staff, tour the facility, and observe the curriculum in action.

In the spring, Kindergarten Round-Up is held where the introduction to staff, tours of school, and goodie bags with educational preparatory materials are handed out to entire audience of Pre-schoolers who attend.

Articulation meetings for ESE and ELL students are offered to parents to assist in a non-threatening transition into kindergarten. Staggered Start is implemented for all K students for the first three days of school to provide the students with a more supportive, less overwhelming environment.
