School Board Approval

This plan was approved by the Palm Beach County School Board on 11/16/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

Students are encourage to read by participating in the monthly Principal's Reading Challenge of reading thirty minutes at home each night. At the end of each month completed Reading Logs are turned in to homeroom teachers. Incentives are given to the participating students. All K-5 Classrooms have an extensive classroom library organized by genre,lexile level and running reading record level. Roosevelt Elementary is an Extended Day School and provides an additional thirty minutes of school each day with the primary focus of Reading. It also promotes reading through book check out during each students' scheduled Media Center Time. Authors are also invited to read to the students. Frequent Book giveaways and classroom visits by the local public library also promotes literacy.

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction.

One venue for encouraging positive working relationships with teachers include participation in Learning Team Meetings, Common Planning, Collaborative Coaching, and Grade Level Meetings. Research-based protocols are utilized to focus the meetings on students' academic needs, research-based materials for extended day, front-load teachers on best practices, and analyze data. Student improvement is monitored and instruction is modified based on decisions made through collaboration.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school.

In order to recruit, develop and retain highly qualified, certified-in-field, effective teachers; Roosevelt Elementary will:

- Utilize the Department of Recruitment and Retention to provide advice on all hiring and placement procedures
- Recruitment of highly qualified instructional personnel by means of strategic internet recruitment, office interviews, and recruitment events
- Monitor and assist all applicants in the hiring process in an effort to reduce length of hiring process and increase instructional time
- Maintain regular contact with designated recruiter to improve talent acquisition effectiveness

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities.

All first year teachers are participating in the Educator Support Program (ESP). ESP is the School District of Palm Beach County's formal program of support for newly hired educators. Systems of support include a mentor support team, staff development opportunities, observations, conferences, and written and oral feedback.

ESP, the program of support and induction for first year teachers, is designed to elicit evidence that a beginning teacher has demonstrated teaching competencies that promote student learning. ESP helps ensure that all beginning teachers have opportunities to strengthen their knowledge of instructional strategies, enhance their understanding of students as learners, and begin a process of lifelong learning and professional growth.

School personnel are engaged in systematic mentoring, coaching, and induction programs that are consistent with the school's values and beliefs about teaching, learning, and the conditions that support learning. These programs set high expectations for all school personnel and include valid and reliable measures of performance.

The rationale for pairing mentor teachers consist of matching a veteran teacher with a first year teacher. The mentor will work closely with the new teacher to offer support and practical advice to beginning teachers based on observation and discussion of the beginning teacher's professional experiences. See pairings below:

Pairings:

New Teacher (ESP) Clinical Educator (Mentor)

Danielle Jarrett (Level 1) = Alma Atkins-Robinson

Phyllis Krupp (Level 1) = Linsey Leggett

Natrice McNair (Level 2) = Nikita Young

Magalie Fields, Loretta Chevelon, Danae Ferguson-Weaver, James Kniffin (Level 3) = support as needed

Planned activities and meetings will take place through out the school year to monitor the progress, offer assistance and guide the first year teacher through the program in order to transition smoothly through the teaching profession.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards.

Roosevelt Elementary uses Ready Materials, iReady Adaptive Technology and the Units of Study for daily Reading instruction (utilizing Scholastic Reading Materials) , Units of Study for Writing (utilizing Lucy Caulkins materials) and Ready Materials, iReady Adaptive Technology and GO MATH for daily Math instruction. All materials and curriculum assist students in mastery of Language Arts Florida Standards (LAFs) and Mathematics Florida Standards (MAFs). For Science, Roosevelt Elementary centers it's' instruction around the Big Ideas for Elementary Science. Fifth grade students are instructed using the New Generation State Standards (NGSS) for daily Science instruction.

Roosevelt Elementary School creates ongoing opportunities for teachers to unpack the Florida Standards and to plan and discuss reading and writing curriculum that aligns to the standards. This supports a deeper level of comprehension. These conversations and learning opportunities promote dialogue that can dispel misunderstandings and promote opportunities for growth in instructional practice, curriculum, and the standards.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments.

Teachers, Instructional Coaches and Administrators meet frequently to plan appropriate instructional lessons to meet the needs of diverse learners by implementing the following :

- Hold weekly meetings to make decisions about literacy instruction in the school. Student data is analyzed and compared to expectations found in the Language Arts Florida Standards (LAFS)
- Utilizing a balanced literacy approach that includes whole group and small group instruction based on student needs
- Create a schedule with an uninterrupted 90 minute reading block
- Create a schedule with an additional 60 minute reading block
- Create a schedule with an uninterrupted 45-60 minute writing block (4th grade)
- Provide iii instruction based on student needs
- Provide instruction aligned with the Language Arts Florida Standards for their grade level
- Provide resources to support instruction (extensive classroom libraries, texts to support units of study, leveled books for small group instruction)
- Administer assessments
- Monitor progress at the class and grade level during Learning Team Meetings and content-based common planning
- Conduct data chats with students and teachers
- Students self-selecting texts based on RRR levels
- Provide LLI (Leveled Literacy Intervention) instruction
- Offer push-in/pull out services for ESE/ELL
- Utilize Reading and Writing Units of Study (grades K-2)
- Choose methods of instruction for mini lessons based on the needs of students
- Self-selection of texts based on students' RRR levels
- Provide process and strategy charts for reminders of teaching and mini lesson

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 2,880

Extended day reading is provided to all students from Highly Qualified Teachers who have received quality reading training in RRR 1, RRR 2 and Leveled Literacy Intervention (LLI). Students in Grades K -2 receive a whole group phonics lesson scaffolded with guided and independent practice. Students in grades 3-5 receive a focused whole group lesson using on grade level passages scaffolded with guided practice and independent practice. Teachers also work with a group of students using LLI.

Strategy Rationale

The extended day will close the achievement gap with struggling readers with LLI use and will provide an opportunity for students to practice using the Language Arts Florida Standards. The Extended Day trainings will also build teacher capacity in teaching reading.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Alleyne, Sharonda, sharonda.alleyne@palmbeachschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. Â§ 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.

Roosevelt Elementary School cooperates with preschool programs by disseminating information to the students. We offer a VPK (Florida Voluntary Prekindergarten program) to prepare students for kindergarten. A Kindergarten Round-up is held in the spring for all parents and students who will be attending Roosevelt Elementary School. The Kindergarten Round-up help parents with the registration process. In addition, curriculum materials for Kindergarten are reviewed, readiness skills packets are sent home with parents and a tour of the school is given. Classroom visits and school tours are available year round. All incoming Kindergarten students are assessed upon entering Kindergarten using several measurements of readiness, including FLKRS and Fountas and Pinnell Benchmark Assessment System. These assessments are used in order to ascertain individual and group needs and to assist in the development of appropriate, differentiated instruction/intervention programs.

The Guidance Counselor schedules assemblies for outgoing fifth grade students with feeder middle schools. During these assemblies, fifth grade students learn about the programs, courses and

electives being offered at the feeder middle schools. Parents participate by assisting their child in selecting courses for middle.
